The Harford County Public School System does not discriminate on the basis of race, color, sex, age, national origin, religion, sexual orientation, or disability in matters affecting employment or in providing access to programs. Inquiries related to the policies of the Board of Education should be directed to the Director of Public Information, 410-588-5203.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**Harford County Public Schools
Maryland**

For the Fiscal Year Beginning

July 1, 2012

Christopher P. Morrell

President

Jeffrey R. Egan

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to **Harford County Public Schools, Maryland** for its annual budget for the fiscal year beginning **July 1, 2012**. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for the period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Harford County Public Schools

Transmittal Letter and Budget in Brief for Fiscal Year 2014

June 10, 2013

Dear School Community,

The Fiscal Year 2014 Board of Education Budget for Harford County Public Schools addresses the essential components of federal legislation known as No Child Left Behind (NCLB), state legislation known as the Bridge to Excellence Act (BTE), and continues to address the Strategic Plan and Master Plan. In May 2012, The United States Department of Education approved Maryland's application for flexibility from some of the long-standing requirements of NCLB. The flexibility waiver is intended to support the education reform underway through the Race to the Top grant and the new Common Core State Standards (CCSS).

The Common Core State Standards (CCSS) Initiative is a state-led effort coordinated by the National Governor's Association and the Council of Chief State School Officers that establishes a single set of clear and rigorous educational standards for grades K-12 in reading/English/ Language Arts and mathematics that states voluntarily adopt. The standards are designed to ensure that students graduating from high school are prepared to enter credit bearing entry courses in two- or four-year college programs or enter the workforce. The new State Curriculum will be implemented in all Maryland schools, including Harford County Public Schools, beginning in the 2013-2014 school year.

Throughout the school year, each one of the more than 5,258 employees of the Harford County Public Schools (HCPS) takes on the challenge of working towards our common goal of connecting with our students and preparing them for success. HCPS is the second largest employer in Harford County. We work to accomplish our goals as effectively and efficiently as possible. We are all committed to inspiring each of our 37,868 students to become life-long learners and responsible citizens.

Educators in Harford County have the unique responsibility of impacting the future of thousands of students every year. After all, school-age children spend almost as much time in school or in school-related activities as they do at home. Our faculty and staff are involved in every aspect of the child's academic life, from writing curriculum, serving as advisors for extracurricular activities, mentoring at-risk youth, to providing additional tutoring, and many, many more. Everyone in HCPS shares the same ideals regarding working together to provide the best education possible to all of our students in Harford County.

In addition, HCPS employees and students worked diligently to meet rigorous federal and state education requirements, resulting in many successes over the past year. The information in this annual budget document will show you some examples of our successes, as well as our challenges. We are committed to ensuring every child is given the best educational opportunities possible in Harford County. It is important to provide each individual student with the knowledge and means to succeed in a diverse society and I encourage you to join us as we impact the lives of our students in Harford County Public Schools.

The difficult economic times of the past several years have had a significant impact on state and local funding for school systems. From fiscal year 2010 through 2014, Harford County Public Schools operating costs increased by \$55.8 million and revenue decreased by \$9.1 million, resulting in a budget shortfall of \$64.9 million. The budget shortfall was resolved through the reduction of 240 positions representing \$12.1 million, salary savings from employee turnover of \$10.9 million, other cost reductions of \$37.4 million and the use of \$4.5 million in fund balance. It is important to note that HCPS employees did not receive a wage increase during four of the five years in this period.

The fiscal year 2014 budget includes the following increased costs: \$1.3 million in teacher pension costs, other cost of doing business expenses of \$2.1 million and health/dental insurance increase of \$3.8 million. Combined with a decrease in revenue of \$5.4 million, HCPS faced a budgetary shortfall of \$12.6 million. The budgetary shortfall was absorbed via employee turnover savings of \$2.8 million, elimination of 113 positions saving \$6.4 million, \$1.0 million of operating cost reductions and the elimination of non-recurring costs of \$2.4 million. Interscholastic athletics, student activities and transportation fees were also approved as a new revenue source projected to generate \$.7 million and provide the funding equivalent to retain 12.5 positions in the budget.

The fiscal 2014 approved Unrestricted Operating, Restricted and Capital budgets are \$424.7 million, \$27.7 million and \$32.5 million, respectively.

Harford County Public Schools

Transmittal Letter and Budget in Brief for Fiscal Year 2014

Continuing to meet our goals and objectives, as defined by the Board of Education of Harford County, will require commitment, planning and effective leadership. Harford County Public Schools is prepared to meet the challenges that currently exist and provide the high quality education that our students, parents and community have come to expect.

Harford County Public Schools will be a community of learners in which our public schools, families, public officials, businesses, community organizations, and other citizens work collaboratively to prepare all of our students to succeed academically and socially in a diverse, democratic, change-oriented, and global society.

Mission

The Mission of Harford County Public Schools is to promote excellence in instructional leadership and teaching and to provide facilities and instructional materials that support teaching and learning for the 21st century. The Harford County Board of Education will support this mission by fostering a climate for deliberate change and monitoring progress through measurable indicators.

Board of Education Strategic Plan Goals

- 1. To prepare every student for success in postsecondary education and a career.**
- 2. To encourage and monitor engagement between the school system and the community to support student achievement.**
- 3. To hire and support skilled staff who are committed to increasing student achievement.**
- 4. To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.**

Since the passage of *NCLB* in January 2002, and the Maryland enactment of the *BTE*, the annual update to our Master Plan has been revised for the tenth year and has received approval of the Maryland State Department of Education (MSDE). The Plan identifies the design and implementation of programs, services, and instructional strategies that will accelerate learning for all students.

Nancy Reynolds,
President of the Board of Education

Barbara P. Canavan.,
Interim Superintendent of Schools

Harford County Public Schools

Transmittal Letter and Budget in Brief for Fiscal Year 2014

Highlights of the Fiscal Year 2014 Unrestricted Budget

Wage – No Increase

The Board of Education's Proposed Budget for fiscal year 2014, released in January 2013, included a salary/wage package increase of \$7.7 million for Harford County Public School employees. The proposed wage package reflected the Board of Education's goal of maintaining a competitive salary structure within the market, especially with our neighboring counties. However, new funding was not adequate to cover the proposed wage increase. The proposed wage package was subsequently removed from the final budget approved by the Board of Education for fiscal year 2014. Even with the removal of the wage package, 112.6 positions were eliminated in order to redirect available funding to balance the fiscal year 2014 Unrestricted Budget. For the 2011 – 2012 school year, the beginning salary for Harford County teachers ranked 21st of Maryland's 24 Local Education Authorities (LEAs)¹.

State Teacher Pension Shift - \$1.3 million

For fiscal year 2014, HCPS will be required to absorb an additional \$1.5 million of teacher pension costs previously funded by the State of Maryland. In accordance with Maryland law passed in 2012, Harford County Government fully funded this pension increase. HCPS's costs of non-teaching pension costs decreased by \$.2 million in FY 2014.

Fringe Benefits – \$3.8 million

Health care and dental costs for fiscal year 2014 increased by \$3.8 million due to a 3.5% rate increase and projected changes in utilization and enrollment.

Cost of Doing Business - \$2.1 million

Increases classified as cost of doing business are limited to costs necessary to maintain existing level of services and other contractual, mandated or previously authorized programs or projects. Cost of doing business increases included in the proposed budget for fiscal year 2014 have been summarized below:

- Instructional Programs & Special Education - \$.6 million;
- Insurance - \$.4 million;
- Transportation - \$.7 million; and,
- Operations and Administration - \$.4 million.

Cost Savings Measures – Savings of \$7.4 million

- Reduction of 113 positions saving \$6.3 million
- Transportation savings \$.9 million
- Other reductions \$.7 million

Other Funds

Food Services Fund – \$15,615,568; a self-supporting fund.

Pension Fund – \$27,319,963; the amount to be paid by the State of Maryland on behalf of HCPS employees who are members of the Teachers Retirement and Pension System.

Debt Service Fund - \$30,628,653; the amount paid for the financing of capital projects by Harford County Government for the Board of Education.

Capital Project Fund - \$32,471,846; represents the capital budget for construction and major repairs and assets for the school system. Projects are funded by state and county sources of revenues.

¹ MSDE 2012 Fact Book

Overview of the School System

Public schools were authorized by the State Constitution of 1864 and 1867 and placed upon the Legislature the obligation of establishing "a thorough and efficient system of free public school"¹. The Harford County Public Schools System was founded in 1865. At that time, there were 3,230 children enrolled in 69 one room schools with one teacher per school. The first Superintendent of Schools was appointed in 1902. There have only been nine Superintendents of Schools since 1902.

The Harford County Board of Education was established under the Education Article of the Annotated Code of Maryland to have perpetual existence and be a body politic and corporate of the State of Maryland. It is empowered and required to maintain a reasonably uniform system of public schools designed to provide quality education and equal educational opportunities for all youth. Per Senate Bill 629, effective July 1, 2009, the Board of Education was changed from a fully appointed Board to an elected-appointed Board consisting of six elected members and three members appointed by the Governor of the State of Maryland for four-year terms to be phased in over a period of time. There is also a student representative to the Board who serves a one-year term while a high school senior. This student is elected by the Harford County Regional Association of Student Councils. The Board of Education appoints the Superintendent of Schools for a four year term. The Superintendent acts as the Executive Officer of the Board as well as Secretary and Treasurer. The Superintendent is responsible for the Administration of the Harford County Public School System which consists of fifty-four schools, thirty-three elementary, nine middle, nine comprehensive high, one technical high, a special education school serving students with disabilities, and an Alternative Education Program. There is also a 245 acre Harford Glen Outdoor Education Center.

Harford County Public Schools (HCPS) is a fiscally dependent school system with an actual enrollment of 37,868 students in fiscal 2013. HCPS is the 147th largest school system of the 13,629 regular school districts in the country when ranked by enrollment². This places HCPS in the top one percent of school districts by size. HCPS is ranked 8th of the 24 school districts in the State of Maryland. The student body will be served by a projected 5,258.0 FTE faculty and staff positions for fiscal 2014.

Harford County has 54 public schools and 46 non-public schools³ located within the County. Citizens in the County have a choice of public or private schools. Approximately 38,000 students attend public schools. The number of students attending private schools is unknown. The April 1, 2010 Census reported 244,826 as the population for Harford County. The 2012 population of Harford County was 244,700⁴ and is projected to increase to 252,447 by 2015⁵. According to the Bureau of Census, the school age population in 2010 was 52,171 of which 38,637 or 74% attended public schools. School enrollment was 35,963 in 1994 and reached a peak in 2002 of 40,264 and has declined to 37,868 in 2013.

Economic Climate of Harford County, Maryland

Harford County is located 20 miles north of the City of Baltimore and adjacent to the Chesapeake Bay to the east, is bordered by the south and west by Baltimore County, to the northeast by Cecil County, and to the north by the State of Pennsylvania. The convenient location on the I-95 corridor in northeastern Maryland has made it one of Maryland's most desirable business locations. Harford County, Maryland was formed in 1773, and since 1972 has operated with a charter form of government with home rule. Harford County is governed by a full time County Executive and legislative power is vested in an elected seven member County Council, one member of which is elected as the President of the County Council. The demography of Harford County has changed over the last two decades from a predominantly rural area to a suburban rural mix. The County's land area of 448 square miles is the 11th largest in the State of Maryland. As of June 30, 2012, Harford County reported a population of 246,700⁶. The economic condition and outlook of the County has substantially improved during the past decade. Since 2003 the population of Harford County increased 6.6 percent, which has triggered growth in the tax base⁷. Construction activity has slowed in the past several years

Long Term Budgetary Issue Facing HCPS

**Structural Deficit – Ongoing expenditures exceed revenue;
Use of one time money to fund ongoing expenditures.**

The extraordinary economic times that the nation, state and county are currently experiencing provide additional challenges that reach years into the future in regard to sustainability of current spending. The proposed fiscal year 2014 Operating Budget utilizes \$5,600,000 of one time money to fund ongoing operating budget expenditures.

We are optimistic that Harford County government's revenue will show improvement in the next fiscal year to address the increases in the HCPS budget for healthcare and transportation costs. Otherwise, we will need to determine a one to three year process to incrementally decrease this fiscal exigency.

The long term structural deficit issue can only be addressed by:

- **Increase Revenues, and/or**
- **Permanent Reductions to Ongoing Expenditures**

Overview of the School System

Schools are Labor Intensive

Compensation related expenditures represent over \$353.7 million or 83.3% of the total fiscal 2014 Unrestricted Operating Budget, a typical pattern for a human capital-intensive enterprise such as a school system. These expenditures include all salary and wages, health and dental benefits, life insurance, retirement costs, social security, workers' compensation, and tuition reimbursement. Clearly, the operation of the public school system is an investment in human capital assets. In addition and not reflected in the above numbers is a contribution in the State Budget for retirement costs for certificated positions. The State of Maryland is projected to contribute \$30.6 million on behalf of Harford County Public Schools employees. If the pension contribution from the State is added into the totals, the compensation related expenditures would total \$381.0 million or 84.3%.

In the HCPS Unrestricted Budget for fiscal year 2014, almost \$.83 cents of every dollar is devoted to employee compensation and benefits for current employees and retirees.

*All other expenditures, including, but not limited to, utilities for sixty-one buildings, contracted bus service, fuel for special education bus service, non-public placement tuition costs, maintenance supplies/equipment and instructional supplies, furniture and equipment.

- 1 - HVAC Systemic Project (2nd half of funding request)
- 2 - Harford County Government appropriated \$6.8M; authorized \$1M for spending in FY14
- 3 - Harford County Government appropriated \$3.7M; \$0 funds were authorized for spending in FY14
- 4 - Systemic & Limited Renovation Projects (1st half of funding request)
- 5 - Harford County Government appropriated \$7.4M; \$0 funds were authorized for spending in FY14

- 6 - Lighting renovation projects in twenty-seven schools
- 7 - Funds designated for Aberdeen MS
- 8 - Funds designated for C. Milton Wright & North Harford HS
- 9 - Nine replacement (4 long and 5 special education)
- *LP = State Local Planning Approval

Understanding the Budget

Welcome to Harford County Public Schools' Program-based Budget

The program-based budget presents a different view of how funds are allocated. This format is part of the continuing effort to produce a more useful budget tool for decision-making and conveying information about Harford County Public Schools. As an alternative to the categorical method of reporting budgets that is required by Maryland State Department of Education (MSDE), the program-based budget shows the allocation of funds and personnel across broad programmatic areas, such as:

- Board of Education Services
- Business Services
- Curriculum and Instruction
- Education Services
- Executive Administration
- Extra-curricular Activities
- Human Resources
- Operations and Maintenance
- Safety and Security
- Special Education
- Student Services
- Office of Technology and Information

This view of the budget allows readers to determine how available funding is matched to services provided. Policy decisions can be made by program area. Additionally, given the abilities of the budget database, the Budget Office continues to maintain the ability to produce the budget document by category to comply with state reporting requirements.

The program-based budget presents the Operating Budget over a three-year perspective of resource allocation by programmatic area. In addition, supporting details for each program are provided for more information on how funds and personnel are distributed within each program. The narrative that accompanies each program provides an overview of service delivery.

This document represents the Board of Education's continuing commitment to improve the usefulness of the budget document in planning and management. We hope you enjoy utilizing this document. If you like our work, tell others; if not, tell us.

Harford County Public Schools has received the Government Finance Officers Association Distinguished Budget Presentation Award for the past eleven years. We believe this current budget continues to conform to the program requirements and will submit this budget to determine eligibility for another award. We are one of less than 100 school districts nationwide that have received this recognition.

Understanding the Budget

Budget Submission Framework

The budget represents the operational plan, stated in financial terms, for carrying out the goals of the school system.

- **Base Budget Adjustments** – The Budget Department in conjunction with Budget Managers, the Superintendent, and the Leadership Team, realign current funding based on four years of actual historical data and changing program requirements to better meet the goals and objectives of the entire Harford County Public School system. Base Budget Adjustments are simply a realignment of current funds with no additional financial impact.

- **Salary Adjustments** – Changes in the salary/wage line items within each program of the budget reflects the school system's goal of maintaining a competitive salary structure within the market, especially with our neighboring counties. By law, the Board is required to negotiate with each of the five bargaining units in Harford County to establish salary, wages and other working conditions. Employees and community members are directed to visit the Board's Collective Bargaining webpage on the school system's website (www.hcps.org) for updates and information.

- **Benefit Adjustments** – Projected inflationary increases in health and dental insurance for active and retired employees are included in the budget as benefit adjustments. Also included are increases in teacher pension costs legislatively mandated by the State of Maryland and funded by Harford County.

- **Cost of Doing Business** – Cost of doing business increases unrelated to salary and benefits in the Unrestricted Operating Budget include inflationary and non-discretionary costs, expenditures for state/federal mandates, classroom instruction, special education, insurance, transportation and operations.

Budget Planning and Adoption Process

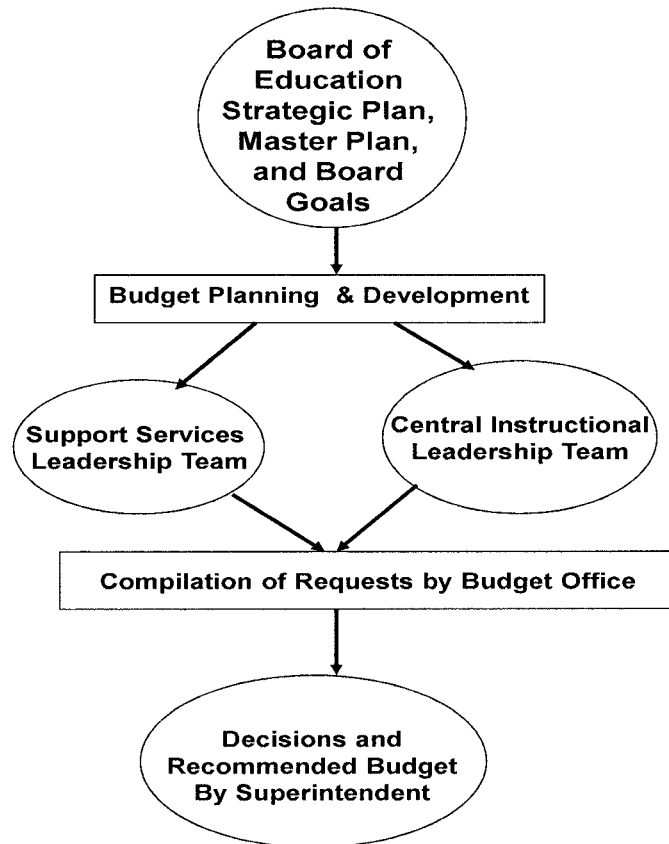

Maryland school systems are revenue dependent upon the state and local governments. The Board of Education has no taxing authority¹. State funding is primarily established during the annual legislative session of the Maryland General Assembly during January through April each year. State funds are administered through the Maryland State Department of Education.

The Board of Education has developed and approved a Strategic Plan with four timeless goals and benchmarks for improvement. The Board has also approved the Master Plan (a State and Federal Government requirement) with four goals. These two documents determine the budget planning and development process for programs the Superintendent incorporates in the recommended budget. Input is received from the individual school administrators by the Central Instructional Leadership Team and from operating support areas to the Support Services Leadership Team. In addition, the Board and Superintendent receive citizen input. New requested dollars in the budget are reflected by Board Goal in concert with the Strategic Plan and Master Plan. The budget planning and development process is identified in the following flow charts.

¹"Title 5 - Financing", *Education Article of the Annotated Code of Maryland* as amended.

Understanding the Budget

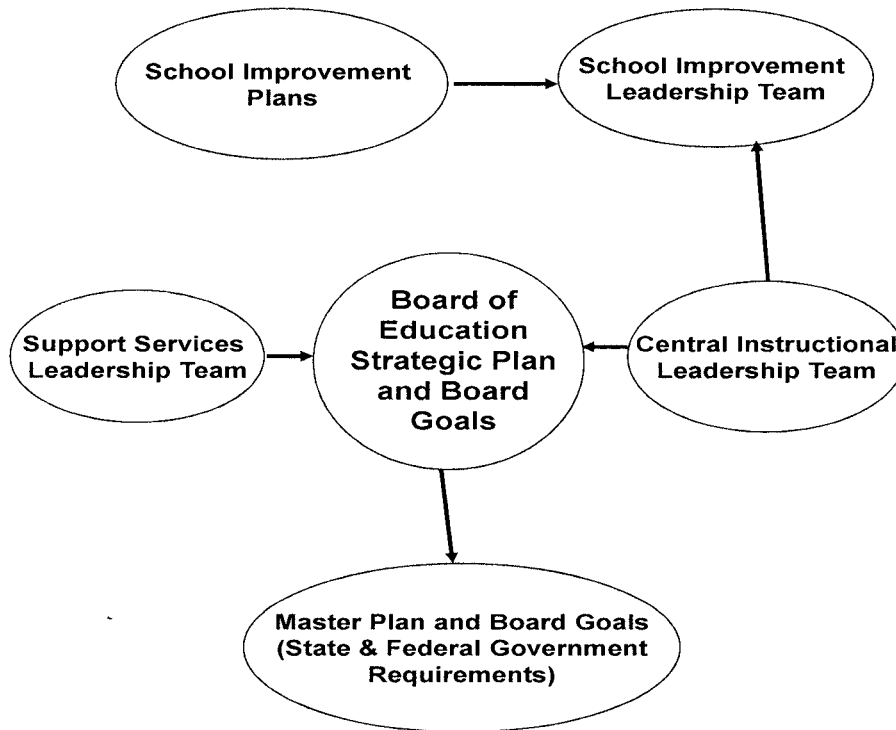

The following chart reflects the interconnectivity of the budget planning and development process.

The Master Plan is a State and Federal Requirement under Bridge to excellence and No Child Left Behind Laws.

Understanding the Budget

The following chart reflects the interconnectivity of the Strategic Plan, the Master Plan, the Central Instructional Leadership Team, and the Support Services Leadership Team in the budget planning and development process.

The Superintendent submits the Recommended Budget to the Board of Education during a school board meeting in December (see calendar on subsequent pages). The Board holds public hearings for stakeholders and work sessions during January to consider modifying the budget prior to submittal of the Board's Proposed Budget to the County Executive and County Council by the end of January. The County Executive has until April 15th to establish funding levels for the next fiscal year. The County Council receives the County budget by April 15st and holds public hearings and work sessions during April and May. The Council may add to the County Executive's funding level only by reducing the funds for other functions of the County government, or having the County Treasurer revise projected revenues upward indicating that additional funds will be available for the next fiscal year.

The County Council has until June 15th to determine final funding levels for the County allocation. The County Council adopts the County Budget by June 15th. At that point the County government funding is fixed for the School System. Once this allocation is approved, the Board of Education will revise the budgeted

Understanding the Budget

expenditures to equal the total approved revenues. The Board approves the final budget by the end of June, prior to the start of the next fiscal year, July 1. The Board approved budget then goes back to the County for final approval certification, required by State law, which often occurs in July. This completes the budget development and approval process.

Budget Calendar

Each year, a budget calendar is prepared and presented to the senior staff and budget managers as a suggested schedule to follow in order to produce the final budget document. The calendar is driven by the Board review, County Government review, County Council review, and state and local funding and reporting requirements.

Fiscal Year 2014 Budget Calendar

October 29, 2012	Budget Office distributes budget packages to budget managers.
November 14, 2012	Budget managers submit base budget and cost of doing business adjustments.
November 14, 2012	Budget managers submit program narratives and performance measures.
November 2012	Superintendent reviews budget submissions, goals and issues.
December 17, 2012	Superintendent releases FY 2014 Recommended Budget.
January 2, 2013	Board of Education conducts budget work session and accepts public comment.
January 14, 2013	Board of Education conducts budget work session and accepts public comment.
January 16, 2013	Board of Education conducts budget work session and accepts public comment.
January 28, 2013	Board of Education adopts FY 2014 BOE Recommended Budget.
February 7, 2013	Board presents budget to Harford County Executive.
April 12, 2013	County Executive releases proposed funding levels for FY 2014.
April 25, 2013	Board presents budget to Harford County Council.
May 28, 2013	Harford County Council approves final funding for FY 2014.
June 10, 2013	Board of Education conducts final budget work session and approves HCPS Budget for FY 2014.
July 10, 2013	HCPS receives final certification of the FY 2014 Budget from the County Executive and County Council.

School System Planning

The budget planning and formulation process is just one of many division wide, short and long range planning processes. At the center of all of the Harford County Public Schools planning activities is the Board of Education's Strategic Plan and the Master Plan as required by the State of Maryland. The student achievement goals, along with the other documents, provide framework for the school system's operation and for the Board's future work. The annual budget reflects the school system's varied plans by allocating resources to carry out the goals defined through the division wide planning processes. In addition to the School Board Strategic Plan and the Master Plan which sets the priorities and direction of the entire budget process, the major planning activities are as follows: Approved Annual Budget, Capital Improvement Plan, School Leadership Instructional Plan, School Improvement Plans, Facilities Master Plan, and Technology Plan.

In the budget planning for upcoming years, various expenditure categories are reviewed and calculated as to need and affordability in accordance with the Strategic Plan and Master Plan adopted by the Board of Education. Growth of new positions are reviewed and approved for consideration in the Proposed Budget by the Superintendent with final approval by the Board of Education. Expenditure increases that are considered cost of doing business increases (inflationary or service costs to continue the same level of services to students and staff) are reviewed and projected. Where possible, Purchasing will enter into utility and fuel contracts to ensure a known price factor for projecting future utility and fuel price increases based on consumption.

An energy management system through the use of computerized sensors and controls, monitors heat and coolness in buildings and adjusts temperatures accordingly for efficient use of energy resources. A Facilities

Understanding the Budget

Management Plan is adopted reflecting needed repairs, maintenance, and upgrades to buildings and grounds for maintenance and capital construction projections. The Capital Improvement Plan is reviewed annually with projections into the next decade for additional new capacity, modernizations, renovations, and equipment replacements.

The budget planning process considers all of this information with an eye to the future in developing the proposed budget as to the sustainability of proposed changes and additions.

Summary of Accounting Policies

The Board of Education of Harford County is a component unit of Harford County, Maryland by virtue of the County's responsibility for levying taxes and its budgetary control over the Board of Education. Accordingly, the financial statements of the Board are included in the financial statements of Harford County. The accounting policies of The Board of Education of Harford County conform to generally accepted accounting principles (GAAP) for governmental units. The following is a summary of the significant policies employed by the Board:

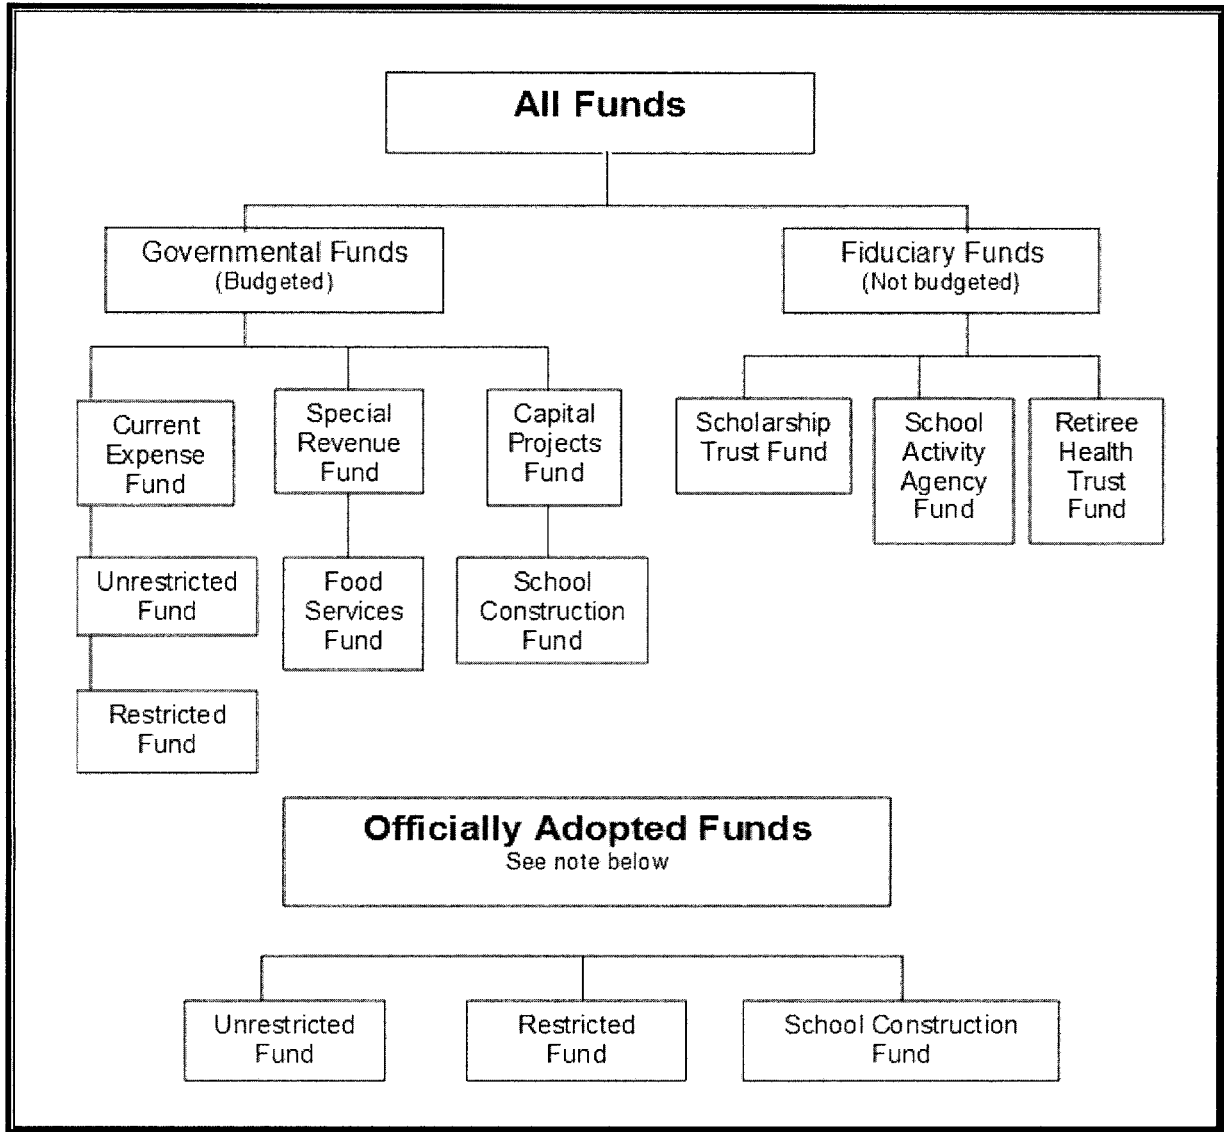

Government Wide and Fund Financial Statements

The statement of net assets and the statement of activities report information on all of the non-fiduciary activities of the Board of Education of Harford County as a whole. For the most part, the effect of interfund activity has been removed from those statements. The activities of the General Fund (Current Expense Fund), Special Revenue Fund (Food Service Fund) and Capital Projects Fund (School Construction Fund) have been presented as governmental activities in the government-wide financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational requirements of a particular program. Local appropriations, state and federal aid and other items which are not classified as program revenues are presented as general revenues of the Board.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government wide financial statements. All individual governmental funds are considered to be major funds and are reported as separate columns in the fund financial statements. The Board has no proprietary funds.

Understanding the Budget

Note: The Maryland State Department of Education requires us to adopt the Unrestricted Fund, Restricted Fund, School Construction Fund and a Debt Service Fund. The Restricted Fund Budget is for informational purposes as the actual budget during the fiscal year is based on approved grant agreements from State and Federal sources and may span multiple fiscal years. The Debt Service Fund is not one of our Funds for Financial Statement Purposes. The Debt Service Fund consists of the long term payments made by the County Government for the financing of school construction capital projects. The Restricted Fund expenditures account for grant agreements under special state and federal programs and may exceed budgeted amounts as the grant programs may span multiple fiscal years. The grants included in this category are not part of budget categories subject to the spending limitations of the operating budget. Expenditures under these programs are limited to the revenue amounts of the respective grants to be received or actual receipts.

Understanding the Budget

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Local appropriations and state and federal aid are recognized as revenues in the year for which they were approved by the provider. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to certain compensated absences are recognized when the obligations are expected to be liquidated with expendable available resources.

Local appropriations and state and federal aid associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if accrual criteria have been met. Expenditure-driven grants are recognized as revenues when the qualifying expenditures have been incurred and all other grant requirements have been met.

Agency funds are custodial in nature and do not measure results of operations or have a measurement focus. Agency funds do, however, use the accrual basis of accounting.

The School System reports the following funds in the fund financial statements:

Governmental Funds

Current Expense Fund (General Fund) - The general fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund. Special state and federal programs are included in the restricted portion of this fund.

Special Revenue Fund (Food Service Fund) - Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

Capital Projects Fund (School Construction Fund) - Capital projects funds are used to account for financial resources to be used for the acquisition, construction, or improvements to major capital facilities. A capital expenditure is the amount used during a particular period to acquire or improve long-term assets such as property, plant, or equipment.

Fiduciary Funds

Agency Fund (School Funds) - Agency funds are used to account for assets held by the Board in a trustee capacity. School activity fund accounts are the direct responsibility of the principals of their respective schools. The Scholarship Trust Funds account for monies that have been donated for the scholarships until awarded. The Retiree Health Plan Trust Fund accounts for funding of the other postemployment benefits that the Board provides to retirees and their dependents. Fiduciary Funds are not included as part of the HCPS budget process.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Understanding the Budget

Basis of Budgeting

The Board adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

Budgets are normally prepared on a basis consistent with GAAP except for the inclusion of portions of the prior year's fund balance as revenues, the inclusion of encumbrances as expenditures and the exclusion of retirement payments made on the Board's behalf by the State of Maryland as revenues and expenditures.

Revenues and expenditures will be budgeted and recorded in accordance with mandated requirements of the Maryland State Department of Education (MSDE). The structure of the accounts is based on the MSDE Financial Reporting Manual for Maryland Schools. The school system prepares a program based budget document for decision-making and conveying information about Harford County Public Schools.

Budgets are adopted for the Unrestricted Fund, the Restricted Fund, and the School Construction Fund. The Current Expense Fund consists of the Unrestricted Fund and the Restricted Fund. The Unrestricted Fund is the main operating fund (General Fund) of the school system where expenditures will be supported by ongoing revenues. The Restricted Fund expenditures account for grant agreements under special state and federal programs and may exceed budgeted amounts as the grant programs may span multiple fiscal years. The grants included in this category are not part of budget categories subject to the spending limitations of the operating budget. Expenditures under these programs are limited to the revenue amounts of the respective grants to be received or actual receipts. The Restricted Fund is comprised of federal, state, and private grants and the funded expenditures for specific purposes as identified with each funding source.

The Food Service Fund (a Special Revenue Fund) Budget is not adopted as part of the operating budget. Expenditures are limited to the projected receipts or value of food products from federal, state, and other sources of revenues. This is a self-supporting fund that covers the entire cost of food service to students and staff including equipment replacement.

Individual Capital Projects are approved as part of the School Construction Fund (Capital Projects Fund) Budget. These projects are also approved by the County Government and the State. School construction is budgeted on a project basis with funds primarily provided by Harford County and the State of Maryland. State funds are approved by the State's Interagency Committee. Budgetary compliance is measured using the budgetary basis of accounting, the purpose of which is to demonstrate compliance with the legal requirements of Harford County, the State of Maryland, and special federal and state programs.

The budget may be amended during the fiscal year through supplemental appropriations provided by the county, state, or other source of funds. Additionally, a supplemental increase in revenues or expenditures would require the Board of Education, the County Executive, and the County Council to approve a change in appropriations.

In addition, budgets are not adopted for the Debt Service Fund and the Pension Fund. The State of Maryland requires the Debt Service Fund to be included as part of the Annual Budget Certification Statement for school systems in Maryland. The Debt Service Fund consists of long term payments made by the County Government for the financing of school construction projects.

The Pension Fund is used to account for the State Payments made on behalf of the school system employees who are members of the Teachers Retirement and Pension System.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the Unrestricted Fund, Restricted Fund, Food Service Fund, and Capital Projects Fund.

Understanding the Budget

Financial Policies

The fiscal year for the school system shall begin on the first day of July and shall end on the thirtieth day of June of the succeeding year. The School System shall annually adopt a balanced budget for the Unrestricted Funds, where expected operating revenues are equal to expected operating expenditures. Any increase in expenses, decreases in revenues, or combination of the two that would result in a budget imbalance will require budget revision, rather than spending unappropriated surpluses or designated reserves to support ongoing operations. Any year end operating surpluses will revert to unappropriated balances for use in maintaining reserve levels set by policy and the balance will be available for capital projects and/or "one-time only" Unrestricted Fund expenditures. Budgetary control is maintained at the category level as defined by the Maryland State Department of Education and in accordance with the Education Article of the Annotated Code of Maryland. The Chief Financial Officer or their designee may invest reserve funds in a manner which will assure the safety of the investment and which is consistent with sound financial management practices. The School System adheres to Harford County Government's legislatively adopted Investment Policy.

The accounting policies of the Board of Education of Harford County conform to accounting principles generally accepted in the United States of America. Accordingly, the Board adheres to all applicable Governmental Accounting Standards Board (GASB) pronouncements as well as following pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions, and Accounting Research Bulletins.

Balanced Budget

According to the State of Maryland Annotated Code, local governments and school systems must operate under an annual balanced budget. An adopted budget, by the Board of Education and Harford County Government is balanced when the sum of estimated net revenues and appropriated fund balances is equal to total expenditure appropriations.

Revenue Policies

Projected revenues must be measurable and obtainable during a fiscal year. Since Harford County Public Schools receives the majority of total revenues from the State of Maryland and the County Government sources, the school system will budget the projected revenues based on the approval of the revenue stream from the perspective approved governmental budgets. Revenues generated internally or from other sources must be measurable and obtainable with sufficient documentation of the source or stream of payments. Revenues will be monitored on a continuous basis to ensure that actual revenues will meet or exceed budget. In the event of a revenue shortfall, budgetary adjustments will be made on a timely basis to ensure that the School System will not operate in a deficit situation. One time revenues or appropriated fund balance will be used for one time purchases, such as, vehicles, equipment, etc. One time revenues will not be used to fund ongoing expenditures without Board approval and only in extraordinary circumstances.

Expenditure Policies

Expenditures will also be monitored throughout the fiscal year. Currently, monthly financial statements are issued to various budget managers in the school system including reports to individual school principals. The capability exists for budget managers or principals to review their expenditures on-line each day. The Budget Office will analyze various expenditure line items on an ongoing basis and recommend changes to the Assistant Superintendent of Business Services and/or Superintendent of Schools.

Salary expenditures, fringe benefits, and utility costs, which represent approximately 90% of the total expenditure budget, will be reviewed frequently by the Budget Office staff to ensure expenditures are in line with budgetary projections. In the event that transfers or supplemental appropriations are required, a recommendation will be forwarded from the Business Services Office to the Superintendent of Schools.

Transfers may be made within the Maryland State Department of Education defined categories with the approval of the Superintendent of Schools as budgetary control is at the category level. Requests for transfers between Maryland State Department of Education defined categories must be recommended by the Superintendent of Schools and submitted to the Board of Education for approval. After approval, the transfers

Understanding the Budget

must be submitted to the County Executive and County Council for approval or denial. No action within thirty (30) days of submission constitutes approval.

Expenditures from grant funding sources will not exceed anticipated grant revenues. Future ongoing commitments will be avoided if possible. The receipt of grant funds for a program must produce a worthwhile result. Should grant funding be eliminated, a review of the program efforts will be undertaken to determine if the program efforts will be funded from ongoing operating funds within the Unrestricted Fund.

Financial reports by State Category are provided monthly to schools and departments for monitoring purposes. In addition, schools and departments have access to current information online every day for monitoring purposes. Budget Manager Reports are provided monthly to budget managers for monitoring purposes. Quarterly financial reports are provided to the Board of Education and County government to recognize status of revenues and expenditures, and changes in revenue and expenditure appropriations that have occurred since the Budget was adopted.

Investment Policy

Statutes authorize the Board to invest in obligations of the United States Government, federal government agency obligations, secured time deposits in Maryland banks, bankers' acceptances, the Maryland Local Government Investment Pool, money market mutual funds, commercial paper and repurchase agreements secured by direct government or agency obligations.

The Board is a participant in the Maryland Local Government Investment Pool (MLGIP) which is under the administration of the State Treasurer. The MLGIP was established in 1982 under Article 95 Section 22G of the Annotated Code of Maryland and is rated AAAM by Standard and Poors, their highest rating for money market funds. Unit value is computed using the amortization cost method. In addition, the net asset value of the pool, marked-to-market, is calculated and maintained on a weekly basis to ensure a \$1.00 per unit constant value.

Debt Policy

Harford County Public Schools does not have the authority to issue long term debt. The Harford County Government determines the long term debt financing levels to be used in conjunction with the Board of Education's Capital Improvements Program to be funded through the School Construction Fund. The School system does have the authority to enter into alternative financing mechanisms such as leases and lease purchase transactions. Lease purchase financing transactions related to building and or land purchases require the approval of the Board of Education and the County Government.

Fund Balance

Fund balance is the accumulation of annual surpluses or deficits in a fund. The fund balance is the residual, the difference between the funding level and the expenditures. A simplified representation would be: **Fund Balance=Assets–Liabilities.**

The Board of Education has established a policy designed to maintain a designated fund balance between 0.1% and 0.25% but not less than \$500,000 to deal with unbudgeted events that may arise in managing a \$600 million dollar public service. Since the budget is a spending plan based on a series of assumptions and estimates developed upwards of two years prior to actual use, during the course of the fiscal year, adjustments are necessary. It is important to note that even though the fund balance may exist, controls exist on the transfer of funds to ensure that expenditures do not exceed available resources. A transfer of any portion of the fund balance to an operating budget category would require the approval of the Board of Education, the County Executive, and the County Council. The Board will also consider the use of a designated fund balance as a resource to replenish the health insurance Rate Stabilization Fund should the fund be used to cover health costs incurred that exceed premium payments. Utilization of the Rate Stabilization Fund requires the fund be replenished in a timely manner. With the Board of Education covering upwards of 90 percent of health insurance costs, the Board would cover 90 percent of the Rate Stabilization Fund requirements. The remaining portion would be covered through participant contributions. In fiscal 2008, the Board also designated a portion of fund balance to be used as an Emergency Fuel Reserve based on the uncertainty that exists in estimating future fuel costs.

Understanding the Budget

Current Expense Fund Undesignated Fund Balance

Policy Statement

The Current Expense Fund budgetary basis undesignated fund balance target is to range between one-tenth percent (0.1%) and one-quarter percent (0.25%) of the ensuing year's expenditures but not less than \$500,000. Amounts in excess of the targeted one-quarter percent (0.25%) of the ensuing year's expenditures are to be used for one-time expenditures in the ensuing year (e.g. transfer to capital projects accounts, equipment purchases, and new program start-up costs).

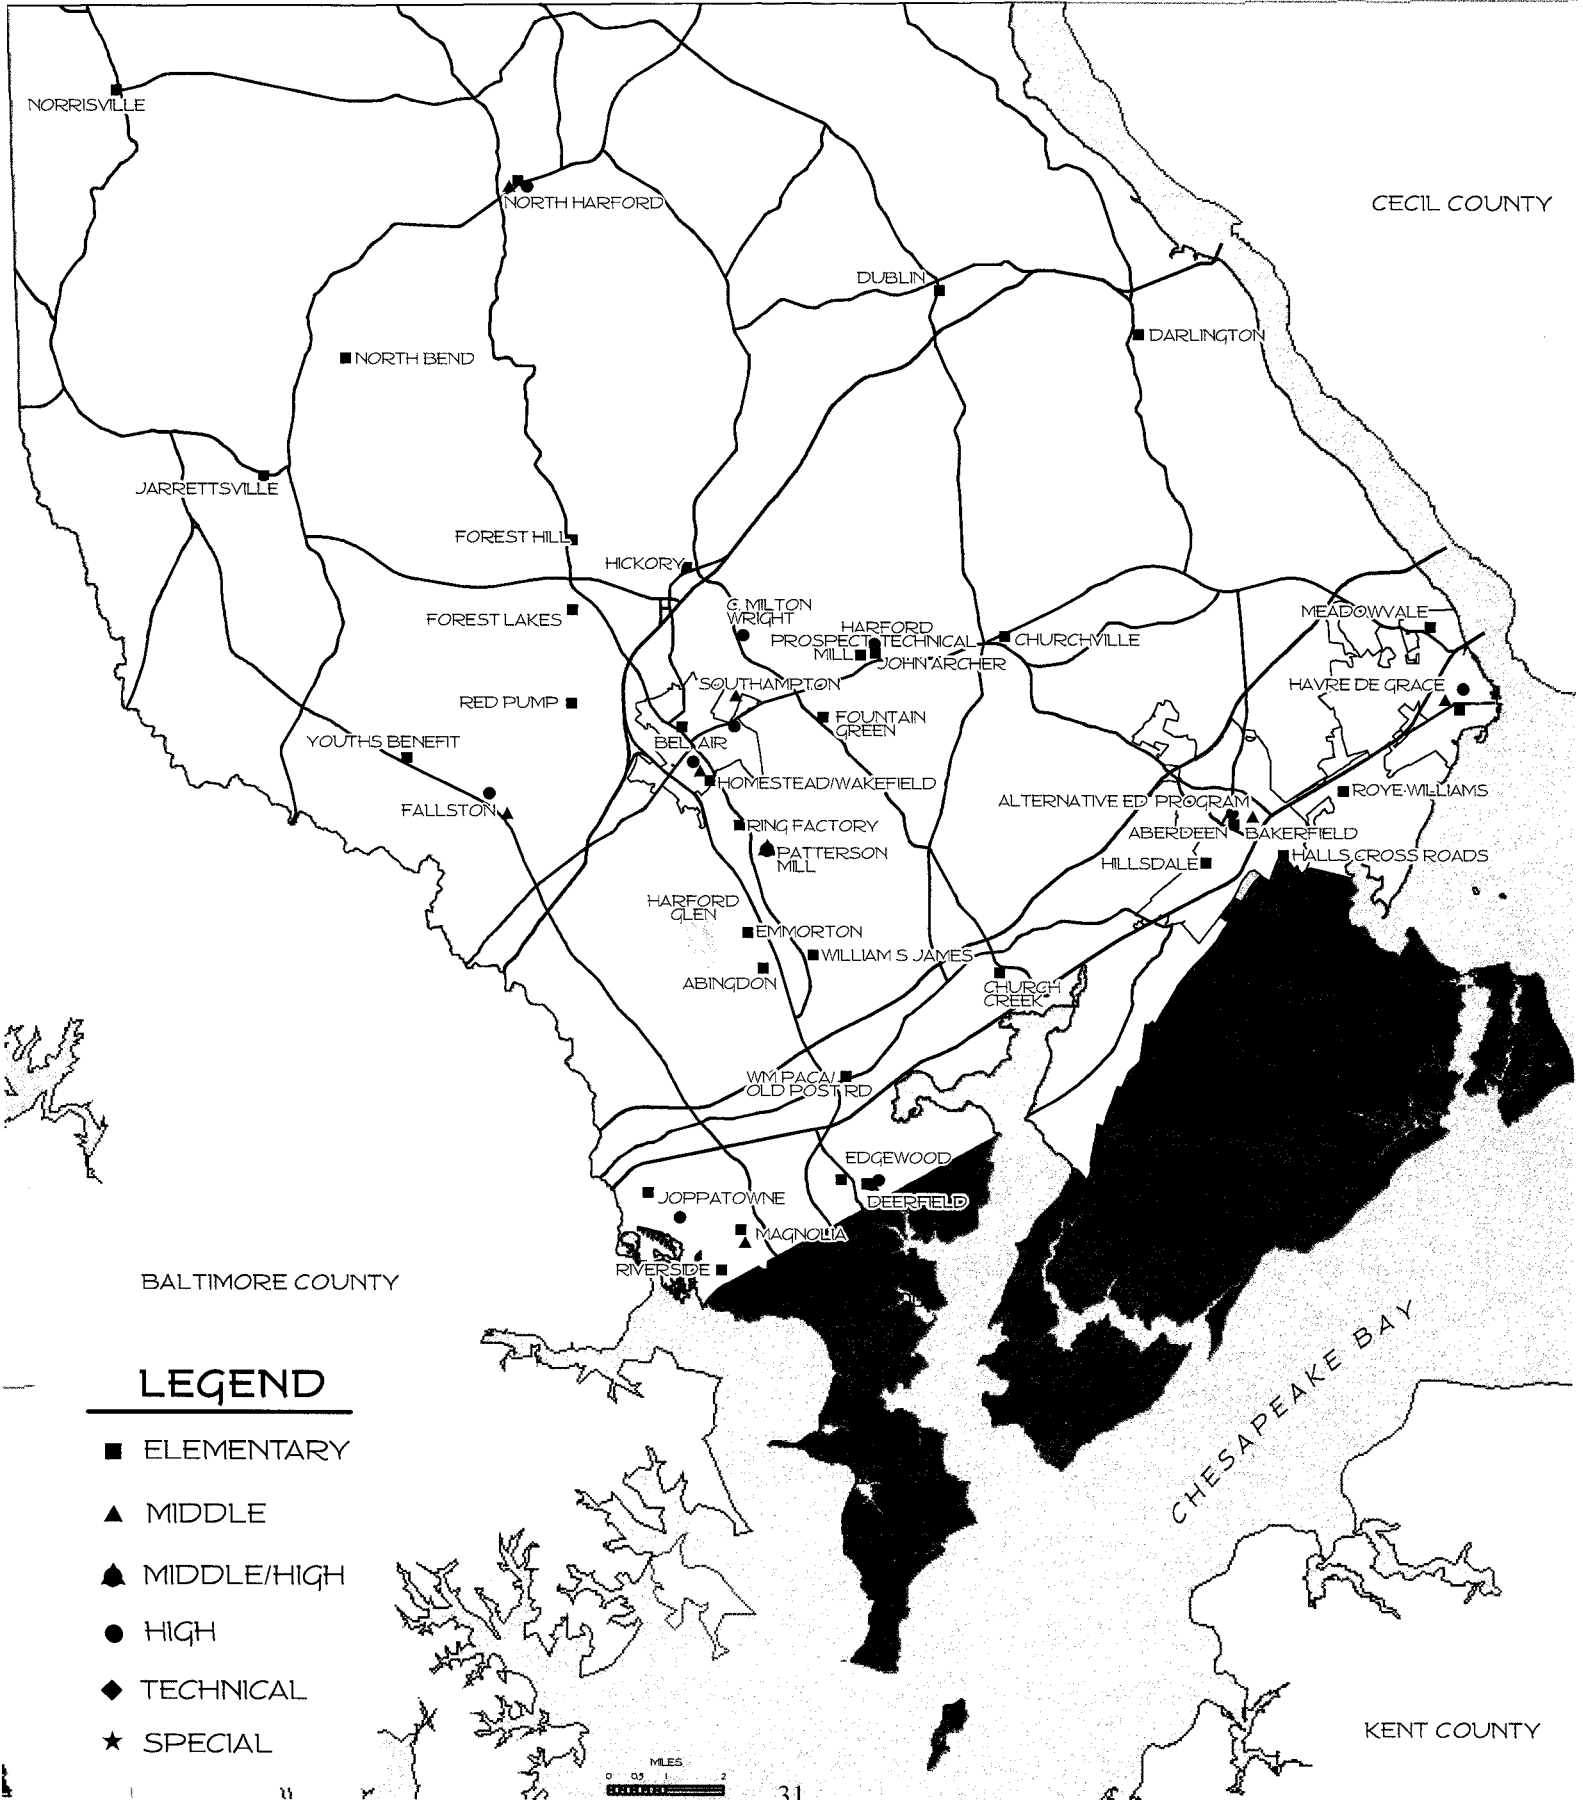

Adopted May 22, 2001 by the Board of Education for Harford County

Due to the current economic conditions, we have included in the budget the use of fund balance (onetime funding) to support ongoing expenses of the Unrestricted Fund for fiscal 2014. The Board of Education has approved this change in their policy based on the economic challenges we currently face.

**HARFORD COUNTY PUBLIC SCHOOLS
ORGANIZATION CHART OF ADMINISTRATION
FY2013-14**

Executive Summary

Overview of the School System

Public schools were authorized by the State Constitution of 1864 and 1867 and placed upon the Legislature the obligation of establishing "a thorough and efficient system of free public school"¹. The Harford County Public Schools System was founded in 1865. At that time, there were 3,230 children enrolled in 69 one room schools with one teacher per school. The first Superintendent of Schools was appointed in 1902. There have only been nine Superintendents of Schools since 1902.

The Harford County Board of Education was established under the Education Article of the Annotated Code of Maryland to have perpetual existence and be a body politic and corporate of the State of Maryland. It is empowered and required to maintain a reasonably uniform system of public schools designed to provide quality education and equal educational opportunities for all youth. Per Senate Bill 629, effective July 1, 2009, the Board of Education was changed from a fully appointed Board to an elected-appointed Board consisting of six elected members and three members appointed by the Governor of the State of Maryland for four-year terms to be phased in over a period of time. There is also a student representative to the Board who serves a one-year term while a high school senior. This student is elected by the Harford County Regional Association of Student Councils. The Board of Education appoints the Superintendent of Schools for a four year term. The Superintendent acts as the Executive Officer of the Board as well as Secretary and Treasurer. The Superintendent is responsible for the Administration of the Harford County Public School System which consists of fifty-four schools, thirty-three elementary, nine middle, nine comprehensive high, one technical high, a special education school serving students with disabilities, and an Alternative Education Program. There is a 245 acre Harford Glen Outdoor Education Center².

Harford County Public Schools (HCPS) is a fiscally dependent school system with an actual enrollment of 37,868 students in fiscal 2013. When ranked by student enrollment, HCPS ranked 147th largest school system of the 13,629 regular school districts the county when ranked by enrollment³. This places HCPS in the top one percent of school districts by size. HCPS is ranked 8th of the 24 school districts in the State of Maryland. The student body will be served by a projected 5,258 FTE faculty and staff positions for fiscal 2014.

Harford County has 54 public schools and 46 non-public schools⁴ located within the County. Citizens in the County have a choice of public or private schools. Approximately 38,000 students attend public schools. The number of students attending private schools is unknown. The April 1, 2010 Census reported 244,826 as the population for Harford County. The 2012 population of Harford County was 244,700⁵ and is projected to increase to 252,447 by 2015⁶. According to the Bureau of Census, the school age population in 2010 was 52,171 of which 38,637 or 74% attended public schools. School enrollment was 35,963 in 1994 and reached a peak in 2002 of 40,264 and has declined to 37,868 in 2013.

Harford County Age Distribution						
2000 to 2015						
Age	Population			Percent Change		
	2000	2010	2015	2000	2010	2015
Under 5	15,776	17,376	17,465	7.2%	7.1%	6.9%

Executive Summary

Economic Climate of Harford County, Maryland

Harford County is located 20 miles north of the City of Baltimore and adjacent to the Chesapeake Bay to the east, is bordered by the south and west by Baltimore County, to the northeast by Cecil County, and to the north by the State of Pennsylvania. The convenient location on the I-95 corridor in northeastern Maryland has made it one of Maryland's most desirable business locations. Harford County, Maryland was formed in 1773, and since 1972 has operated with a charter form of government with home rule. Harford County is governed by a full time County Executive and legislative power is vested in an elected seven member County Council, one member of which is elected as the President of the County Council. The demography of Harford County has changed over the last two decades from a predominantly rural area to a suburban rural mix. The County's land area of 448 square miles is the 11th largest in the State of Maryland. As of June 30, 2012, Harford County reported a population of 246,700⁷. The economic condition and outlook of the County has substantially improved during the past decade. Since 2003 the population of Harford County increased 6.6 percent, which has triggered growth in the tax base⁸. Construction activity has slowed in the past several years.

Local Economy⁹

There continues to be a tremendous amount of uncertainty regarding the national economy in the immediate and long-term. The federal government has been a positive influence on Maryland and Harford County during the most recent recession. The Base Realignment and Closure (BRAC) process ended in September 2011. Harford County experienced a 2.8 percent increase in employment from June 2010 to June 2011 and wages jumped 8.8 percent from the second quarter of 2010 to the second quarter of 2011. The percent increase in average weekly wages was 5.8 percent greater than the US average for the same period. Harford County's economic outlook into fiscal year 2013 appears stable due to sound fiscal management policies and a history of financial conservatism.

The revenue outlook for fiscal year 2012 remained challenging while preparing the fiscal year 2013 budget. Cuts in State funding to the County, and increased mandates from the State and Federal governments to local jurisdictions played a major influence in the budget revenue estimates. The revenue outlook for fiscal year 2013 is guarded. The County has major concerns about the global economy, the housing market and an unclear picture of both Federal and State finances and their impact on local subdivisions. For a fourth consecutive year, the fiscal year 2013 budget had no pay raises or COLAs for County employees. The County property tax rate did not increase over the fiscal year 2012 rates and for the second time in the County's history fell below the Constant Yield.

The County's largest revenue source remains real property taxes in spite of recent declines in the real estate market. The fiscal year 2012 taxable assessable base resulted in a decrease over the fiscal year 2011 assessable base of 4.6 percent. The assessable base growth rate is expected to decline to a negative 1.3 percent in fiscal year 2013. The reduction in property tax revenue as a result of the declining assessable base will be offset in large part by the reduction in the Homestead Tax Credit. General Fund property tax revenues net of credits are estimated to decrease by 0.5 percent from fiscal year 2012 to fiscal year 2013.

Income tax revenue, the second largest revenue source in the County, which is directly affected by population growth, employment levels and personal income, showed steady growth through fiscal year 2008. Starting in fiscal year 2009 income tax revenues declined. That trend reversed itself in fiscal year 2011 and 2012 with an 8.0 percent increase and 7.6 percent increase of income tax revenue over the prior year using the modified accrual basis of accounting. Modified accrual basis of accounting requires recorded revenue to be received within sixty days of year end. Income tax is budgeted at \$175 million for fiscal year 2013, a 3 percent increase from 2012 actual income tax revenue.

The County must also contend with reductions in revenues tied to the State and affected by Maryland's budget shortfalls. The most significant revenue reductions have been Highway User tax revenue. There has been a 94 percent reduction in Highway User revenue from fiscal year 2009 through fiscal year 2012 with no sign of a recovery to 2009 revenue levels going forward. A Special Session of the Maryland General Assembly in May, 2012 passed legislation shifting 50% of the teacher's pension costs to the local subdivisions for Fiscal Year 2013. The transfer of pension costs will be phased in over a four year period, with Harford County assuming 100 percent of the liability in fiscal year 2016. Harford County's share of teacher's pension liability for fiscal year 2013 is \$5,529,741.

Executive Summary

Long-term financial planning¹⁰

In spite of the current economic difficulties Harford County is positioned well to handle current and future fiscal challenges because of years of conservative and sound financial management. The County's fiscal strength has been attested to by two of three bond rating agencies with triple "A" ratings for its general obligation (GO) bonds. Moody's Investor Services contacted Harford County in August 2011 to inform the County that the triple "A" rating was assigned a negative outlook following the announcement on August 2nd that the U.S. government's Aaa rating was being assigned a negative outlook. Shortly thereafter, Moody's reaffirmed Harford County's triple "A" rating but continued the assignment of a negative outlook.

Completion of the Department of Defense Base Realignment and Closure (BRAC) 2005 implementation process was officially recognized on September 15, 2011. It brought 1.3 billion dollars in construction and 3 million square feet of laboratory, office and testing space to Aberdeen Proving Ground. APG is now recognized as an Army mega-base for research, development, testing and evaluation and ranks as the third largest workforce center in the State of Maryland. The positive influence of BRAC on Harford's economy may be mitigated in the future.

The fiscal year 2013 budget once again faces fiscal challenges requiring the balancing of financial needs with the available uncertain or shrinking financial resources. Education continues to be a major concern of the County and its residents. The State mandated contribution to teacher pensions will be phased in over a four year period, with the County being responsible for 100 percent of the cost in Fiscal Year 2016. The fiscal year 2013 Maintenance of Effort level decreased as a result of lower enrollment. The required Maintenance of Effort level for FY 13 is \$213,339,616. Harford County provided an additional \$952,011 in funding to Harford County Public Schools over the required Maintenance of Effort.

In spite of the fiscal challenges the fiscal year 2012 operating budget continues its policy of maintaining a reserve of 5.0 percent of the total General and Highway Fund operating budget to preserve its high credit ratings and provide for emergencies. Any excess unassigned fund balance realized at the end of the fiscal year, above the 5.0 percent reserve, can be appropriated into the next fiscal year as one time funding for that fiscal year. In fiscal year 2013 appropriated fund balance in the general fund is \$18.4 million.

The County continues to invest 100.0 percent of cash held temporarily idle during the year using an equity-in-pooled-cash system, except for bond funds, Firemen's Pension, Agricultural Preservation, Sheriff's Pension, and the Other Post-Employment Benefits (OPEB) trust fund, which are invested separately. For fiscal year 2012 the weighted average yield on investments was 0.23 percent. The total amount of interest earned by the County on investments was \$714,613.

¹⁰ Harford County Maryland Comprehensive Annual Financial Report for the year ended June 30, 2012, Letter of Transmittal, pages A2 to A4, written by Kathryn Hewitt, County Treasurer.

Executive Summary

Demographics of School Enrollment

On September 30, 2008, student enrollment at HCPS was 38,611. As of September 30, 2012, student enrollment totaled 37,868, a decrease of 743 students or 1.92 percent since September 30, 2008. The chart below details the enrollment trends since September 30, 2008.

Demographics of the School Population

Enrollment represents the number of students in grades prekindergarten through 12, including ungraded special education students, as counted on September 30th of each year. The Maryland State Department of Education reports this data by grade level/program.

**Student Body Distribution by Grade Level/Program
as of September 30, 20xx**

	2008	2009	2010	2011	2012
Elementary	17,574	17,607	17,525	17,521	17,561

The Maryland State Department of Education also reports the student demographics by ethnic group. There are now seven racial codes instead of the previous five codes. The changes go beyond just adding categories. The identification of race and ethnicity requires a two part question for determining the code and allows for certain students to identify themselves as more than one racial/ethnic group. The following information reflects the most update data reported by the Maryland State Department of Education.

**Student Body by Racial Composition by Percentage
as of September 30, 20xx**

	2008	2009	2010	2011	2012
American Indian/Alaskan Native	0.58%	0.56%	0.55%	0.40%	0.36%
Asian	2.92%	3.09%	3.29%	3.04%	3.22%
African American	19.90%	20.17%	20.46%	18.09%	17.66%

SOURCE: MSDE The Fact Book, http://www.msde.maryland.gov/MSDE/divisions/bus_svcs/fb

Two of the most important changes in demographics correlating to student achievement are poverty and language proficiency. Both groups of students are considered *Academically at Risk* if they require frequent special instruction and/or support to reach the levels of academic achievement needed in the information age.

Generally, the most reliable measure of poverty in school systems is the number of students eligible for free and reduced price lunches. Students qualifying for free lunches must not exceed an income level of \$28,655 for a family of four. Students qualifying for reduced price lunches must not exceed an income level of \$40,793 for a family of four.

Executive Summary

The number of students eligible for free and reduced price meals as of September 30, 2012 is 10,765 (includes 401 pre-k students). The Maryland State Department of Education uses an adjusted FaRMs count to calculate State Aid under the Compensatory Education formula. The funding projected for fiscal 2013 is based on the adjusted FaRMs count of 10,295 at a value of \$3,095 per student.

Enrollment of students with limited English-speaking proficiency has remained steady over the past few years. As of September 30, 2012, 430 students were enrolled in limited English proficiency programs, or 1.14% of the total HCPS enrollment.

Executive Summary

Special education programs served 5,291 students (including 187 nonpublic placement students) in fiscal 2012 with an Individual Education Program (IEP). These students range in age from three through twenty one. Students receiving these services were identified through the eligibility criteria established for any of the 14 categories of disabilities established through applicable state and federal regulations. Special Education services are provided in all schools by faculty members and support staff members. This includes those positions funded with unrestricted and restricted funds.

Another demographic feature that has an impact on the classroom is "mobility." Mobility is reported as the number and percentage of students entering or leaving school during the year after the first day of class. This factor requires flexible management and instruction to deal with changes in the school and classroom, particularly given that more students may enter than leave and the turnover may not occur on an equivalent schedule throughout the year. The HCPS mobility statistic is well below the state average for recent years. State statistics indicate average entrance rates of 10.6% and average withdrawal rates of 8.4% for 2012.

**Student Mobility
for the school year ended June 30**

	2008		2009		2010		2011		2012

Executive Summary

Integration of Race to the Top with Maryland's Bridge to Excellence Master Plan

In August 2010, Maryland was awarded one of the Race to the Top (RTTT) education grants. Beginning in 2011, Maryland integrated the RTTT with the existing Bridge to Excellence Master Plan (BTE). The Harford County Board of Education (BOE) is accelerating efforts and making necessary changes to the current way of doing business, and has approved a Strategic Plan that aligns with Maryland's RTTT goals. Harford County Public Schools (HCPS) believes all students can meet high standards. To that end, HCPS commits to the following elements of the State's reform plan as described in the *American Recovery and Reinvestment Act (ARRA)*:

- Supporting the transition to enhanced standards and high-quality assessments;
- Using data to improve instruction;
- Supporting great teachers and great leaders; and
- Turning around HCPS lowest-achieving schools.

Common Core and Partnership for Assessment of Readiness for College and Career (PARCC)

The Common Core State Standards (CCSS) Initiative is a state-led effort coordinated by the National Governor's Association and the Council of Chief State School Officers that establishes a single set of clear and rigorous educational standards for grades K-12 in Reading/English/Language Arts and Mathematics that states voluntarily adopt. The standards are designed to ensure that students graduating from high school are prepared to enter credit bearing entry courses in two- or four-year college programs or enter the workforce.

The State Board of Education adopted the standards by unanimous vote in June 2010. The CCSS form the foundation for Maryland's new State Curriculum. Hundreds of classroom educators, instructional leaders, administrators, and higher education representatives continue to assist state officials in developing the new Maryland Common Core State Curriculum to support the implementation of these new standards. The new State Curriculum will be implemented in all Maryland schools in the 2013-2014 school year.

HCPS has been, and continues to prepare for the shift to CCSS. Priorities and initiatives identified by HCPS are as follows: Educator Effectiveness Academy; County-wide Professional Development; Specific Content Area Professional Development; Curriculum Writing and Assessment Production; and Communication with Stakeholders.

A parallel effort has also been underway to develop a new assessment system that can measure the critical content and skills found in the CCSS. In spring 2010, Maryland became a Governing State in the PARCC – a consortium of 22 states working together to develop a common set of K-12 assessments in English and Mathematics anchored in what it takes to be ready for college and careers. The transition from the State's current curriculum content standards and the Maryland School Assessment (MSA) to the Common Core Curriculum Standards and the PARCC assessments will be complete by 2014-2015.

School Progress Index (the following overview was prepared by MSDE)

In 2012, the United States Department of Education (USDE) gave states the opportunity to develop a new accountability system for measuring how well students and their school were progressing. Under this new system, Maryland has adopted the goal of cutting in half the number of students in each school who are not achieving at the proficient level by 2017, with annual improvement targets set for every school and every subgroup of students individually. In addition to achievement and growth, the system focuses strongly on new measures of a school's ability to close gaps between its highest performing student groups and its lowest, and for high schools to graduate students on time and College- and Career-Ready. With the help of teachers and principals across the State, Maryland has developed new measures of school progress that are not tied to one test result, but rather reflect multiple Indicators of progress. This new system is called School Progress Index (SPI).

Summary

Throughout the budget development process, the BOE and staff have attempted to balance the ambitious vision of HCPS with real financial constraints. While this balance is not easy, the BOE has developed a budget that will empower HCPS to effectively and efficiently strive to carry out the educational mission to provide quality educational services for all students every day. Our ability to provide an ambitious vision is dependent upon State of Maryland and Harford County Government funding. Our ability to provide an ambitious vision is dependent upon State of Maryland and Harford County Government funding.

Master Plan - A State Requirement

The State of Maryland Bridge to Excellence legislation mandates that each school system develop a comprehensive five-year plan to describe how the Board of Education intends to make improvements in achievement for every student. The plan must describe the goals, objectives, and strategies that will be used to improve student achievement and meet state and local performance standards for all students. While the Master Plan is a separate document in its own right, it must describe specifically how Harford County Public Schools will improve student achievement for Special Education students, students with limited English proficiency, prekindergarten students, kindergarten students, gifted and talented students, and students enrolled in career and technology courses.

Fundamental changes in funding for education at the federal and state levels have resulted in new requirements for HCPS. Fortunately, changes in educational standards mandated by the federal and state governments align well with the Board Goals. Harford County Public Schools has been proactive in developing the FY 2014 Operating Budget in conjunction with the Master Plan. The development of the Master Plan concurrently with the Operating Budget demonstrates the critical link between the budget and the Master Plan. The budget represents the operational plan, stated in financial terms, for carrying out the goals of the school system.

The Bridge to Excellence Act also requires that the budget be aligned with the Master Plan and show specifically how the use of resources will address the goals and objectives of the plan. This budget represents one aspect of compliance with the new regulations.

The Maryland State Department of Education approved the Harford County Public Schools 2012 Master Plan Update on December 18, 2012.

Development and Implementation of the 2012 Master Plan

The development of the HCPS Master Plan involved a number of stakeholders. The ideas, beliefs, perceptions, and recommendations of representatives of the various groups were collected and assimilated into the Master Plan.

HCPS personnel will continue to communicate and collaborate with the stakeholders with regard to implementation of the plan and progress towards achieving the goals set forth by the HCPS Board of Education.

The list below identifies the variety of forums utilized to gather data from and communicate with stakeholders:

- Town meetings open to all citizens;
- Harford County Regional Association of Student Councils town meeting with Superintendent and Leadership Team;
- Board of Education Citizen Advisory Committees;
- Harford County Business Roundtable;
- Harford County Council of PTA presentations;
- Harford County Council of PTA monthly meetings with Superintendent;
- Superintendent's meetings with Harford County Education Association;
- Superintendent's and Board of Education's meetings with Harford Community College Board of Directors;
- Superintendent's meetings with state delegates and senators;
- Superintendent's monthly meetings with County Executive;
- Superintendent's weekly leadership meetings;
- Departmental Citizen Advisory meetings; and
- HCPS Website - Internet feedback forum.

No Child Left Behind

In January 2002, the federal government enacted the No Child Left Behind Act (NCLB). This law reauthorized the former Elementary and Secondary Education Act of 1965 (ESEA). The legislation significantly changed the role of the federal government in education, introducing more accountability and requiring schools to meet specific standards for student achievement. With standards put in place, states must test individual student progress toward meeting those standards. Since FY 2006, individual tests for reading and mathematics are administered annually in grades 3 through 8. Science is administered for grades 4 through 8.

Master Plan - A State Requirement

As part of the NCLB, the U.S. Department of Education established, and the State of Maryland adopted, the following goals:

1. By 2013-2014, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
2. All limited English proficient students will become proficient in English and reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.
3. By 2005-2006, all students will be taught by highly qualified teachers.
4. All students will be educated in learning environments that are safe, drug-free, and conducive to learning.
5. All students will graduate from high school.

As part of the Master Plan, HCPS must show how these goals will be reached.

Beginning in 2011 and continuing for the remainder of the Race to the Top (RTTT) grant period, Maryland will integrate the RTTT Local Scopes of Work with the existing Bridge to Excellence Master Plan (BTE) and will review and approve the Scopes of Work within the Master Plan review infrastructure in accordance with RTTT and BTE guidelines. The purpose of this integration is to allow Maryland's Local Education Agencies to streamline their efforts under these programs to increase student achievement and eliminate achievement gaps by implementing ambitious plans in the four RTTT reform areas. This integration also enables the Maryland State Department of Education to leverage personnel resources to ensure that all Scopes of Work receive comprehensive programmatic and fiscal reviews.

In 2002, the Maryland General Assembly enacted the *Bridge to Excellence in Public Schools Act*. This legislation provides a powerful framework for all 24 school systems to increase student achievement for all students and to close the achievement gap. The *Bridge to Excellence* legislation significantly increased State Aid to public education and required each LEA to develop a comprehensive Master Plan, to be updated annually, which links school finance directly and centrally to decisions about improving student learning. By design, the legislation requires school systems to integrate State, federal, and local funding and initiatives into the Master Plan. Under Bridge to Excellence, academic programming and fiscal alignment are carefully monitored by the Master Plan review process.

In August 2010, Maryland was awarded one of the Race to the Top education grants. The grant is worth \$250 million over four years and will be used to implement Maryland's Third Wave of Reform, moving the State from national leader to World Class. Local RTTT Scopes of Work have been developed by Maryland school systems and are closely aligned with the overall State plan to guide the implementation of educational reforms. In 2011, local Scopes of Work will be integrated and reviewed as part of the BTE Master Plan.

To facilitate the integration of the BTE Master Plan and LEA Scopes of Work, the Master Plan Guidance, which is currently based on the five No Child Left Behind goals, has been reorganized to reflect the four RTTT reform areas. The No Child Left Behind goals – still integral to the Master Plan – are subsumed under the RTTT reform areas. Under the new Master Plan structure, local school systems will begin with an Executive Summary, which sets the stage by providing analysis of local data, highlighting academic and fiscal priorities, and summarizing local Scopes of Work under the four reform areas. The Executive Summary will be followed by sections for each reform area, each beginning with the Scope of Work narrative and detailed action plan accompanied by a detailed budget for the current implementation year. Included in each reform area section will be the local report on progress to the respective NCLB goal area.

A comprehensive review of all 24 systems' Master Plans occurs annually. The review process involves panelists from all 24 LEAs and from the Maryland State Department of Education. It requires all 24 systems to update the State Board of Education and the State Superintendent of Schools on the effectiveness of federal grant programs, American Recovery and Reinvestment Act funds, and State Fiscal Stabilization Funds. In addition to the review of progress toward the NCLB goals, each system receives a separate financial technical review by the Maryland State Department Office of Finance to ensure fiduciary responsibility. Beginning in 2011, as part of the Master Plan review process, local Scopes of Work narratives, action plans, and respective budgets will receive the same level of intense review to ensure that the goals of BTE and RTTT are being met, the components of these programs are fully integrated, and to ensure fiscal accountability and responsibility. Ultimately, each local Master Plan must be reviewed by the State Board of Education and approved by the State Superintendent of Schools.

For 2012, the review of the local Scope of Work, which must align with Maryland's RTTT application, will focus on the approval of the narrative, action plan and budget for Year 3. Each local Master Plan and integrated Scope of Work will be unique based on the needs of the local school system.

Master Plan - A State Requirement

Foundation of Budget Development

Board Goals – The Master Plan Foundation

The vision, mission, and goals established by the Board of Education align well with the policies and objectives of the federal No Child Left Behind and the Maryland Bridge to Excellence. The broadest foundation for budget development is couched in the Vision and Mission of the Harford County Public Schools.

Vision

Harford County Public Schools will be a community of learners in which our public schools, families, public officials, businesses, community organizations, and other citizens work collaboratively to prepare all of our students to succeed academically and socially in a diverse, democratic, change-oriented, and global society.

Mission

The mission of the Harford County Public Schools is to promote excellence in instructional leadership and teaching and to provide facilities and instructional materials that support teaching and learning for the 21st century. The Harford County Board of Education will support this mission by fostering a climate for deliberate change and monitoring progress through measurable indicators.

Harford County Board of Education Goals

- *To prepare every student for success in postsecondary education and a career.*
- *To encourage and monitor engagement between the school system and the community to support student achievement.*
- *To hire and support skilled staff who are committed to increasing student achievement.*
- *To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.*

Executive Summary

Harford County Public Schools (HCPS) is a diverse jurisdiction serving approximately 38,000 students in 34 elementary schools, nine middle schools, nine high schools, one technical/vocational high school, a school for students with disabilities, and an alternative education school.

The Harford County Board of Education (BOE) is accelerating efforts and making necessary changes to the current way of doing business, and has approved a Strategic Plan that aligns with Maryland's *Race to the Top* (RTTT) goals. HCPS believes all students can meet high standards. To that end, HCPS commits to the following elements of the State's reform plan as described in the *American Recovery and Reinvestment Act* (ARRA):

- Supporting the transition to enhanced standards and high-quality assessments;
- Using data to improve instruction;
- Supporting great teachers and great leaders; and
- Turning around HCPS lowest-achieving schools.

The mission of HCPS is to promote excellence in instructional leadership and teaching and to provide facilities and instructional materials that support learning for the 21st century. The Harford County BOE supports this mission by fostering a climate that supports deliberate change and monitoring progress through measurable indicators. Although many students achieve academic success, HCPS is dedicated to ensuring that ALL students are successful. RTTT allows for intentional efforts to address some of the most concerning challenges:

- Students with disabilities are continually challenged to achieve proficiency on MSA.
- Students receiving free and reduced meals and African-American students continue to score well below the Harford County proficiency percent in MSA Reading and Mathematics, as well as the Algebra/Data Analysis High School Assessment (HSA).
- Job-embedded professional development for teachers with respect to educational technology, continual

Master Plan - A State Requirement

funding shortfalls to maintain existing implemented technologies, and an aging infrastructure which cannot meet the growing demand of online and multi-media instructional resources remain a challenge.

In order to address these challenges, and ensure every student is prepared for post-secondary education and a career, four arching goals are identified in the *Harford County BOE Strategic Plan*:

- **Goal 1:** To prepare every student for success in postsecondary education and a career.
- **Goal 2:** To encourage and monitor engagement between the school system and the community to support student achievement.
- **Goal 3:** To hire and support skilled staff who are committed to increasing student achievement.
- **Goal 4:** To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

These goals align with the RTTT goals of increasing student achievement, graduation rates, and college enrollment identified in Section A of the State's application. By school year 2020, HCPS will:

- Increase student achievement from current rates to 100% proficient in English/Language Arts and Mathematics.
- Increase the graduation rate.
- Increase the percent of graduates who register as full or part-time post-secondary students.
- Increase the number of students earning college credit at institutions of higher learning prior to graduation.
- Increase the number of college credit courses offered in HCPS including Advanced Placement (AP), International Baccalaureate (IB) and online.
- Increase the number of graduates who meet the MSDE University System of Maryland Completer.
- Meet or exceed the national average for critical reading, mathematics, and writing scores on the SAT or the ACT.

Furthermore, in order to support the "pipeline" of students ready for STEM careers, HCPS is developing a coordinated, integrated, comprehensive K-12 STEM Education Strategy. Local leaders of industry, government, community, and subject content experts are in the process of developing recommendations that will change STEM education in Harford County. These recommendations will align with the State's more rigorous common core standards. The result of this planning process will be to ensure more students are better prepared for post-secondary STEM careers.

Budget Narrative

Harford County Public Schools is a fiscally dependent school system with an actual enrollment of 38,437 students in Fiscal Year (FY) 2012. HCPS is the 140th largest school system of the 17,735 regular school districts in the country when ranked by enrollment. This places HCPS in the top one percent of school districts by size. HCPS is ranked 8th of the 24 school districts in the State of Maryland. The student body will be served by a projected 5,370.0 FTE faculty and staff positions for FY 2013.

Harford County has 54 public schools along with 47 non-public schools located within the county. Citizens in the County have a choice of public or private schools. Approximately 39,000 students attend HCPS, while the number of students attending private schools is unknown. The 2010 population of Harford County was 246,433 and is projected to increase to 252,477 by 2015. According to the Bureau of Census, the school age population in 2000 was 45,189, of which 39,540 or 87.5% attended public schools. School enrollment was 35,963 in 1994 and reached a peak in 2006 of 40,294 and has declined slightly to 38,437.

The Harford County Board of Education adopted FY 2013 Budget for Harford County Public Schools addresses the essential components of federal legislation known as *No Child Left Behind* (NCLB), state legislation known as the *Bridge to Excellence Act* (BTE), and continues to address the school systems Strategic Plan and Master Plan. Meeting the educational needs of a growing and diverse community so that no child is left behind requires vision, knowledge, organization, effective planning, sufficient coordinated resources, and commitment from all stakeholders.

Since FY 2010, Harford County Public Schools operating costs have increased \$48.6 million. In the same time period, revenue has decreased \$6.0 million for a net budgetary shortfall of 54.6 million. The primary increase in expenditures represented costs deemed necessary to provide mandated services, meet contractual obligations, and to maintain the integrity of instructional programs. In FY 2013, HCPS employees received their first salary increase since July 1, 2008. With decreasing revenue, the Unrestricted Fund budget required innovative thinking in order to cover the

Master Plan - A State Requirement

additional costs. In response to this challenge, all areas of the budget were examined with an emphasis on preserving critical programs related to student achievement, creating greater efficiencies in all operating areas, and making difficult decisions on cost reductions that would least impact students.

The FY 2013 budget includes a \$10 million wage package, the first wage increase for HCPS employees since July 2008, a \$5.5 million increase in teacher pension cost, and other cost of doing business expenses of \$0.8 million. Combined with a decrease in revenue of \$7.1 million, HCPS was faced with a budgetary shortfall of \$23.4 million. The shortfall was absorbed via employee turnover savings of \$2.9 million, position reductions through attrition of \$3.9 million, operating cost reductions of \$9.2 million, and elimination of non-recurring costs of \$8.1 million. These difficult decisions were part of the Board of Education's goal of maintaining a competitive salary structure for all HCPS employees. The negotiated wage package was accepted by the five employee bargaining units effective July 1, 2012 for FY 2013.

Every effort was made to be fiscally conservative in preparing the FY 2013 Budget. This budget required difficult decisions in order to align projected expenditures with projected revenue. The FY 2013 approved Unrestricted Operating, Restricted, and Capital budgets are \$427.8 million, \$26.5 million and \$14.9 million, respectively.

The fiscal situation addressed in the budget, including the reallocation of existing resources to cover new expenses, will impact our schools, our students, and all employees of Harford County Public Schools.

Review of 2011-2012 Goal Progress: Identified Successes and Challenges

The Maryland School Assessment (MSA), a measure of student proficiency in reading, mathematics, and science, was administered in the spring 2012 to students enrolled in grades 3 through 8. High school students were measured in these areas by the High School Assessment Tests (HSA): Algebra/Data Analysis, Biology, and English 10. Performance in the elementary and middle schools in reading and mathematics remained generally stable from 2011 to 2012.

Maryland State Assessment – Reading

In the elementary grades, approximately 92% of students scored proficient or advanced in reading. The largest gains were shown by American Indian students (increase of 10 points) and Hawaiian/Pacific Islander students (increase of 25 points). The lowest performing subgroup at this level was ELL, and 83% of these students scored proficient or advanced. At the middle school level, nearly 87% of students scored proficient or advanced in reading. Subgroup performance stayed relatively the same as 2011, except for ELL students. The proficiency rate for ELL students declined from 65% to 30%; however, only 30 ELL students were assessed in 2012.

Maryland State Assessment – Mathematics

Approximately 91% of elementary students scored proficient or advanced in mathematics, up nearly two points from 2011. American Indian and Hawaiian/Pacific Islander students also showed the greatest increase from 2011 of 10 points and 12 points, respectively. The lowest performing subgroup at this level was students with disabilities with a proficiency rate of 63%. At the middle school level, nearly 82% of the students scored proficient or advanced. This is an increase of three points from 2011 and an increase of 5 points from 2010. 94% of Asian students scored proficient or advanced, which makes them the highest performing subgroup. The students with disabilities subgroup was the lowest performing subgroup, with a proficiency rate of 45%. However, this subgroup showed an increase of 11 points from 2011.

Maryland State Assessment – Science

In science, fifth grade performance in the aggregate stayed relatively the same as 2011. Approximately 77% of students scored proficient or advanced in 2012. This is approximately a five point increase from 2009. Students with disabilities, ELL, and FARMS proficiency stayed relatively the same as 2011. ELL proficiency increased 20 points compared to 2010, and FARMS proficiency increased by three points. The lowest performing subgroups at this level were students with disabilities and ELL subgroups, with proficiency rates of 41% and 39%, respectively. Eighth grade performance in science also stayed relatively the same as 2011. The most significant gain in proficiency occurred with Asian students, with an increase of seven points. Students with disabilities performance in eighth grade increased over two points. The lowest performing subgroup was ELL students with a 20% proficiency rate.

Master Plan - A State Requirement

Alternative Maryland School Assessment

Students with disabilities participating in the Alternate Maryland School Assessment (Alt-MSA) demonstrate mastery of individually-selected indicators and objectives from the reading, mathematics and science content standards.

Rates for students achieving advanced or proficient on the Alt-MSA reading measure exceeded 90% for all grades at the elementary and middle school levels. Overall trends data for this assessment reflect increases in and/or maintenance of the number of students scoring advanced and proficient as they move through the grades.

Rates for students achieving advanced or proficient on the Alt-MSA mathematics measure exceeded 90% for all grades at the elementary and middle school levels with the exception of eighth grade. Overall trends data for this assessment reflect increases in and/or maintenance of the number of students scoring advanced and proficient as they move through the grades.

Rates for students achieving advanced or proficient on the Alt-MSA science measure exceeded 90% for eighth and tenth graders.

High School Assessment – English

The High School Assessment (HSA) in English is given to students in tenth grade. Overall performance on this assessment is relatively stable from 2011. Nearly 83% passed this assessment by the end of their sophomore year. Approximately 84% passed this assessment by the end of their senior year.

In 2012, the highest performing subgroup for this assessment was American Indian students with a 93% proficiency rate. Students with disabilities achieved the lowest performance with a proficiency rate of 44%. This subgroup dropped three points from 2011.

High School Assessment – Algebra

The High School Assessment in Algebra/Data Analysis is given to students upon completion of Algebra I or Algebra B. Performance in 2012 for all students was identical to 2011, with a proficiency rate of 89%. Approximately 88% of high school students passed this assessment by the end of their tenth grade year.

In 2012, the highest performing subgroup for this assessment was the Asian population with a proficiency rate of 97%. Students with disabilities scored the lowest with a proficiency rate of 53%. However, this subgroup gained over two points from 2011.

High School Assessment – Biology

In 2012, the majority of students completed Biology in their tenth grade year. Proficiency dropped two points from 2011 at the aggregate level. Asian students performed the highest, with a proficiency rate of 95%. Students with disabilities performed the lowest, with a proficiency rate of 48%. This subgroup dropped three points from 2011.

High School Assessment Graduation Requirements

79% of seniors met the HSA graduation requirements by passing all assessments. This is an increase of one point from 2011. Approximately 16% of seniors met this requirement through the combined score option. Approximately 5% of students met this requirement through the Bridge Plan for Academic Validation. Only three seniors received a waiver for the high school requirements in 2012.

Attendance

The overall end-of-year attendance rate for all students was 93.8% for 2012. This is a slight decrease from 94.9% in 2011. The high school attendance rate in 2012 was 93.4%. This was a slight increase from 2011 from 93.2%. Elementary students have the highest attendance rate by level – 95.8%.

Graduation Rate

HCPS students exceeded the 2012 AMO for the four-year cohort graduation rate which is based upon the class of 2011. The 2012 graduation rate was 87.4%, an increase of 1.7 points from 2011. By 2020, the AMO increases to 90.3%. The subgroup with the lowest graduation rate is students with disabilities. The 2012 graduation rate for this subgroup is 63.3%, an increase of over six points from 2011. By 2020, the AMO for this subgroup is 76%. The graduation rate for African-American students increased nearly six points from 74.7% in 2011 to 80.4% in 2012. The FARMS graduation rate increased three points from 73.1% in 2011 to 76.7% in 2012.

Master Plan - A State Requirement

Challenges

Performance has improved significantly since the inception of the annual assessment of student proficiency in reading and mathematics under the NCLB. In 2004, approximately 75% of students in grades 3 and 8 scored proficient or advanced in reading, and approximately 70% scored at that level in mathematics. However, over the past two years, close to 90% of all students system-wide have performed at proficient or advanced in reading, and 85% have performed that well in mathematics. Clearly, growth rates have slowed over the past three years.

Harford County's biggest challenge for mathematics and reading performance is student participating in special education services. Three elementary schools failed to achieve the 2012 AMO in this subgroup for reading performance. All middle schools achieved their 2012 AMO for their students with disabilities. However, an achievement gap exists between this subgroup and all students. In reading at the middle school level, 56% of students with disabilities achieved proficiency compared to 87% at the aggregate level. At the high school level, 44% of students with disabilities achieved proficiency compared to 84% at the aggregate level.

Annual Measurable Objectives

System-wide data for the 2012 AMOs are not yet available. However, HCPS has been provided AMOs based upon 2011 baseline data. The AMOs increase slightly over the next few years, with the goal to reduce the percentage of students performing basic in half by 2017. The system-wide data regarding AMOs is reflected in the table below. Individual school AMO data has been provided to each school's administrative team and they are incorporating their goals into their school improvement plan.

Master Plan - A State Requirement

HCPS - Annual Measurable Objectives

Content	Subgroup	2011 BASELINE	2012 AMO	2013 AMO	2014 AMO	2015 AMO	2016 AMO	2017 AMO
Math	All Students	85.0	86.2	87.5	88.7	90	91.2	92.5

LEA Level AMO Analysis for Reading and Mathematics

SY 2011-12 data reflect that thirty elementary schools out of thirty-four schools (91.1%) met all English/Language Arts AMOs. In SY 2010-11, twenty- four of the thirty-three elementary schools made AYP (72.7%).

The SY 2011-12 data indicates that five out of nine (55.5%) of the district's middle schools met all English/Language Arts AMOs. In SY 2010-11, two out of nine (22.2%) of the district's middle schools met AYP.

Although Harford County Public School is pleased with the improvements in meeting AMOs at both the elementary and middle school levels, the system faces several challenges related to English/Language Arts. HCPS seeks continued growth for all subgroups while ensuring a focus on those subgroups not achieving AYP. All Harford County Public Schools continue to focus on data driven instructional decision making for all students. Schools were initially trained in the Classroom Focused Improvement Process (CFIP) during SY 2009-10 and continue to receive leadership and site based professional development to support the ongoing and effective implementation of CFIP. All School Improvement Plans are reviewed centrally to ensure that each school maintains a focus on increasing teacher capacity in planning and delivering high quality instruction that is supported by data driven instructional decision making in the area of Reading/Language Arts.

HCPS School Improvement Measures 2012-2013		
School	Timeline	School Improvement Measure
All Schools	July 2012- June 2013	<ul style="list-style-type: none"> • Use MSA data and other measures of school performance to develop the School Improvement Plan (SIP). • Design the SIP to address: <ul style="list-style-type: none"> ○ Scientifically based research strategies that will bring all students to proficiency in reading and mathematics. ○ Professional development that meets the MD Teacher professional Development standards. ○ Parent involvement. ○ Measurable annual objectives for progress by each subgroup of students. ○ Activities that extend beyond the school day/year. ○ Incorporation of a teacher mentoring program. ○ Implementation responsibilities. • Provide parents and school staff the opportunity to participate in the development of the SIP. • Submit SIP to the Executive Director of Elementary/Middle/High School Performance and Coordinator of School Improvement. • Conduct weekly ILT meetings to analyze student achievement data, identify students and staff needs, and plan professional development activities. • Conduct monthly/quarterly SIT meetings to monitor the development and implementation of the school's SIP to ensure that it reflects the previous and current data and analysis. • Review and analyze student data Instructional Data Management System (Performance Matters) in efforts to make decisions about appropriate intervention programs and instructional strategies to meet the needs of all learners. • Develop and implement an interventions plan targeting any student not performing at the proficient level with specific emphasis on individual student monitoring.

Master Plan - A State Requirement

SY 2011-12 data reflect that thirty-three elementary schools out of thirty-four schools (97%) met all Mathematics AMOs. In SY 2010-11, twenty-four of the thirty-three elementary schools made AYP (72.7%).

The SY 2011-12 data indicates that all (100%) of the district's middle schools met all Mathematics AMOs. In SY 2010-11, two out of nine (22.2%) of the district's middle schools met AYP.

Although Harford County Public School is pleased with the improvements in meeting AMOs at both the elementary and middle school levels, the system faces several challenges related to English/Language Arts. HCPS seeks continued growth for all subgroups while ensuring a focus on those subgroups not achieving AYP. All Harford County Public Schools continue to focus on data driven instructional decision making for all students. Master Plan – A State Requirement

Special Education

HCPS is committed to providing a full continuum of supports, resources and services enabling all students the opportunity to achieve to their full potential in instructional environments that acknowledge and respond to individual needs. Students with disabilities receive supports and services by means of specialized instruction as determined by the Individualized Educational Plan/Individualized Family Service Plan (IEP/IFSP) Team process. The goal of the IEP /IFSP process is the provision of services in least restrictive environment; ensuring that students with disabilities are educated to the maximum extent appropriate with children who are nondisabled. Students with disabilities ages 3 through 21 years represented 13.8% of the total student population during SY 2011 – 12. HCPS also served as the lead agency for the provision of special education services for an additional 467 children with disabilities, birth to age 4, and their families.

HCPS LRE DATA PLACEMENT DATA – OCTOBER 28, 2011									
3-5 yrs	Home	Service Provider Location	Regular Early Childhood Program at least 49%	Regular Early Childhood Program – at least 10 hours	Regular Early Childhood Program – at least 10 hours – Extended IFSP	Separate Class	Regular Early Childhood Program 40-70%	Regular Early Childhood Program – Extended IFSP 40-70 %	Regular Early Childhood Program less than 10 hours
686	0.15 %	21.15 %	2.19 %	33.24 %	20.70 %	16.00 %	1.17 %	0.59 %	1.90 %

HCPS LRE DATA PLACEMENT DATA – OCTOBER 28, 2011											
6-21 yrs	Inside Regular Education Program at 80% or more	Inside Regular Education Program 79 – 49%	Inside Regular Education less than 40%	Home	Hospital	Day		Residential		Correctional Facilities	Parentally Placed
						Public	Private	Public	Private		
4,605	84 %	3.97 %	2.78 %	0.56 %	0.02 %	2.61 %	3.97 %	0.00 %	0.07 %	0%	2.0 %

Initial analysis of data related to HCPS students with disabilities reflect the following needs:

- Increase the percent of children with disabilities birth to age 5 receiving IFSP/IEP supports and services in the natural environment with typical peers; and
- Reduce the percent of school-age children with disabilities referred and placed in more restrictive environments (>LRE C).

Approximately, 33.9% of HCPS students with disabilities are students in grades prekindergarten through 3. Of the total number of children receiving Part C special education services, 68.4% are ages 2 to 4 years. An examination of local data specific to early access in the LRE indicates a need for targeted actions to increase opportunities for children with disabilities birth to age 5.

During the SY 2011-12, 66% of HCPS preschool children with disabilities received IEP supports and services in a self-contained special education setting (MDOIEP, January 2012). It is important to note that this data factors out students receiving speech-only services. Similarly, 80% of all IFSP services for children ages 2 to 4 years received supports and services in the home setting as compared to the 18% of all IFSP services provided in a community

Master Plan – A State Requirement

setting (MDOIFSP, January 2012). Effective inclusive services for HCPS young children with disabilities must provide access to the general education curriculum as well as participation with typically developing peers in learning activities that do not exist in special education classes or in home environments.

In Harford County, 84% of school – age students with disabilities, ages 6 through 21, participate in the regular class setting for 80% or more of the school day (LRE A); with an additional 3.97% of students participating in the regular class setting for 40% or more of the school day (LRE B) (MSDE Census, 2012). Despite increased access to the general education setting in grades kindergarten through 12, school-age children with disabilities across the district continue to demonstrate considerable gaps in achievement. HCPS is cognizant of this disparity and acknowledges a need for a concerted effort for all educational stakeholders to review, revise, implement and monitor actions necessary to ensure that all HCPS students are successful.

HCPS General Education and Special Education personnel work in collaboration to address the instructional needs of all students utilizing a wide range of strategies including Response to Intervention, accessible curriculum; differentiated instructional practice; grouping; pacing; and test construct. Collaborative planning opportunities are essential to building staff capacity to address the needs of diverse learners. Implementation of accommodations and modifications documented in a student's IEP are an expectation of all instructional staff, training is provided annually to relevant staff.

2011-2012 Race to the Top Summaries and Accomplishments

Section A: State Success Factors

In order to monitor HCPS progress toward achieving the goals outlined in the HCPS *Race to the Top* (RTTT) application, HCPS appointed a Project Manager. The Project Manager oversees HCPS implementation of the state's reform plan and HCPS projects designed to address the criteria associated with the four reform areas. Additionally, the Project Manager works in conjunction with the state's evaluator to ensure all three phases of evaluation are completed efficiently and effectively. Finally, the Project Manager closely monitors the implementation of the K-12 STEM Education Strategy to ensure that progress is achieved and aligned with all RTTT initiatives.

Projects and tasks accomplished during Year 2 of RTTT:

- Attended all MSDE meetings associated with teacher and principal effectiveness, Common Core State Standards, and the Educator Effectiveness Academies (EEA).
- Assisted MSDE with the set-up and implementation of the EEA.
- Organized and facilitated the follow-up professional development to the EEA provided by HCPS.
- Organized the College Board pre-AP workshops for middle school teachers.
- Co-chaired the Harford County Educator Effectiveness Council sub-committee on teacher evaluation.
- Organized and facilitated RTTT Work Group meetings including all stakeholders identified in the Communication Chart.

Section B: Standards and Assessments

HCPS hired Model Department Chairpersons in Mathematics, English, Science and Social Studies. HCPS requested the Mathematics and Science chairs be supported by RTTT as they will play a key role in the creation and implementation of the HCPS STEM initiative and content delivery, including transition to Common Core Standards and high-quality assessments. The Model Chairpersons are assigned to work with principals and Core Content Supervisors to provide supplementary content specific evaluative services at four high schools.

In order to ensure college readiness, HCPS partnered with College Board to address needs and identify strategies designed to increase the number of students ready for college ensuring higher quality standards and assessments. Some of those strategies could include parental outreach, AP practice exams, SAT assistance and preparation.

Projects and tasks accomplished during Year 2 of RTTT:

- Identified the principal and three teacher leaders from all 54 schools who participated in the EEA.
- Hosted, assisted, and participated in the 2012 EEA.
- Provided follow-up professional development for administrators and teachers unable to attend the EEA.
- Facilitated professional development workshops through the College Board for middle school teachers with

Master Plan – A State Requirement

regard to Pre-AP Effective Thinking Strategies and Pre-AP Argumentation and the Writing Process for middle school teachers.

- Facilitated professional development to other department chairs in the school system regarding the teacher appraisal process.
- Facilitated professional development using MSDE Universal Design for Learning course to all administrators.

Section C: Data Systems to Improve Instruction

In order to fully implement the new Instructional Improvement System, and ensure that teachers are able to access timely data and resources, HCPS hired an Instructional Data Specialist who works under the direction of the RTTT Project Manager. In coordination with the Office of Technology, the new Instructional Data Specialist works with MSDE to coordinate the implementation of data management in determining existing infrastructure needs and detail the educational technology solutions in order for HCPS teachers to use the new Instructional Improvement System.

HCPS purchased eSchoolPlus, a Student Information System (SIS) in the second year of the grant. This new system is a version upgrade to HCPS existing "end of life" SIS which has no enhancement track to accommodate the data collection required by current and future state/federal reporting.

Projects and tasks accomplished during Year 2 of RTTT:

- Continued work with the Instructional Data Specialist (IDS) to provide immediate support for all HCPS teachers currently learning to analyze assessment data to inform instructional practice.
- Hosted and coordinated HCPS participation in the Educator Effectiveness Academies.
- Continued to identify and address gaps in current HCPS data system and technological infrastructure, in coordination with MSDE, to support efforts in the successful development and eventual HCPS transition to the IIS.
- Purchased eSchoolPlus upgrade.

Section D: Great Teachers and Leaders

HCPS hired a Coordinator of Teacher Induction who reports to the Coordinator of Leadership and Professional Development. The Coordinator of Teacher Induction is charged with: participating in the State's Induction Program Academies and sending HCPS mentors as allowable by the state; overseeing a comprehensive teacher induction program based on the model shared at the Teacher Induction Academies; supervising the implementation of the mentor teacher program; evaluating mentor teachers in collaboration with school administrators; collaborating with the Office of Education Services to assess school needs and to assign mentor teachers as appropriate; and serving as a liaison with MSDE.

HCPS ensured all 54 schools sent teams to participate in the Educator Effectiveness Academies (EEA). These teams will be identified by the RTTT Project Manager in concert with the Executive Directors of Elementary, Middle, and High School Performance. As follow up from the EEA, school-based teams will identify additional key staff unable to attend the academy and train them in the information presented. These staff will be core content teachers and/or special educators. Throughout all four years of the grant, all teachers will be trained in the new Instructional Improvement System.

Projects and tasks accomplished during Year 2 of RTTT:

- Created the Harford County Educator Effectiveness Council.
- Implemented the teacher and principal evaluation pilots.
- Identified the principal and three teacher leaders from all 54 schools who participated in the EEA.
- Organized and facilitated the follow-up professional development to the EEA provided by HCPS.
- Implemented the HCPS Teacher Induction Program.
- Participated in MSDEs Teacher Induction Academy for LEA Coordinators.
- Participated in MSDEs Aspiring Leaders' Academy and Executive Officer professional development opportunities.
- Provided professional development for mentors and instructional facilitators.
- Assessed school needs regarding new teachers and assigned current mentor teachers as appropriate.

Master Plan – A State Requirement

Section E: Turning Around Lowest Performing Schools

The RTTT Project Manager, Executive Directors of Secondary School Performance, the Executive Director of Community Engagement and Cultural Proficiency, and the Coordinator of School Improvement planned and implemented secondary school improvement initiatives during year two of the RTTT grant. The HCPS Coordinator of School Improvement used lessons learned through the State Breakthrough model and replicated those efforts in secondary schools which included, Classroom-focused Improvement Process (CFIP), and Universal Design for Learning (UDL), and Common Core State Standards.

Projects and tasks accomplished during Year 2 of RTTT:

- Planned and implemented a hybrid online MSDE Universal Design for Learning course targeting secondary school teachers working in schools on HCPS identified list.
- Applied UDL principles to the Common Core Framework for SY 2012-13 instructional planning.

Strategic Plan and Board Goals

Members of the Board of Education established 4 strategic goals for the current period. The Board has reviewed the Strategic Plan and set focus areas and benchmarks for the FY 2012 school year. A summary of the key initiatives, goals and focus areas is identified below with a description following the summary.

Vision: Harford County Public Schools will be a community of learners in which our public schools, families, public officials, businesses, community organizations, and other citizens work collaboratively to prepare all of our students to succeed academically and socially in a diverse, democratic, change-oriented, and global society.

Mission: The mission of the Harford County Public Schools is to promote excellence in instructional leadership and teaching and to provide facilities and instructional materials that support teaching and learning for the 21st century. The Harford County Board of Education will support this mission by fostering a climate for deliberate change and monitoring progress through measurable indicators.

Board of Education Strategic Plan Goals

1. To prepare every student for success in postsecondary education and a career.
2. To encourage and monitor engagement between the school system and the community to support student achievement.
3. To hire and support skilled staff who are committed to increasing student achievement.
4. To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

We Believe:

- All of our decisions should be based on the best interests of our students to prepare them for success in the 21st century.
- We must embrace the differences among our students and train our staff to meet their individual needs.
- All of our students can meet high standards; and we will hold all students to those high standards.
- We must attract, recruit, assign, develop, reward, and retain effective staff.
- Effective communication with internal and external stakeholders is essential to the success of our students.
- Input and support from our community will improve the quality of our schools.
- Our students must attend schools that support 21st century learning, that offer equitable access to technology, and that are environmentally efficient.

Goal 1: To prepare every student for success in postsecondary education and a career.

Description: Upon graduation from Harford County Public Schools, students must have the necessary skills for entering the workforce or an institution of higher learning. Higher learning includes a variety of options, such as skilled trade programs, traditional two-year and four-year colleges, and online postsecondary learning opportunities. Those students who want to enter four-year programs must be prepared to meet the minimum standards for acceptance and the demands of course requirements. Graduates also will be prepared to think critically, make sound decisions, and engage in civic responsibilities.

Supporting Objectives:

- Review and analyze available data to ascertain graduates' career and post-secondary educational success.
- Provide the necessary support for low-performing students of diverse backgrounds.
- Provide opportunities for students to earn college credits prior to high school graduation.

Strategic Plan and Board Goals

Goal 1

Measure of Progress – Year 1 (Baseline)	Measure of Progress – Year 2	Measure of Progress – Year 3
1) Increase student achievement based on AYP indicators (Baseline 09-10)	Increase student achievement based on AYP indicators	Increase student achievement based on AYP indicators
2) Increase the graduation rate. The graduation rate for the baseline year of 2009-2010 is 88%.	Increase the graduation rate	Increase the graduation rate
3) Increase the percent of graduates who register as full or part-time postsecondary students. The baseline year is 2008-09 and the rate is 64%.	Increase the percent of graduates who register as full or part-time postsecondary students.	Increase the percent of graduates who register as full or part-time postsecondary students.
4) Increase number of students earning college credit in institutions of higher education prior to graduation (Baseline 2010-11)	Increase number of students earning college credit in institutions of higher learning prior to graduation	Increase number of students earning college credit in institutions of higher learning prior to graduation
5) Increase the number of college credit courses offered in the Harford County Public Schools such as AP, IB and online. The AP/IB courses for baseline year 2010-2011 is 250 across all high schools.	Increase the number of college credit courses offered in the Harford County Public Schools such as AP, IB and online.	Increase the number of college credit courses offered in the Harford County Public Schools such as AP, IB and online.
6) High schools will meet or exceed the national average for critical reading, mathematics, and writing scores on the SAT or the ACT. SAT scores for the baseline year of 2009-10 are math 523, critical reading 507 and writing 483. The ACT composite score for the baseline year 2009-2010 is 23.	High schools will meet or exceed the national average for critical reading, mathematics, and writing scores on the SAT or the ACT.	High schools will meet or exceed the national average for critical reading, mathematics, and writing scores on the SAT or the ACT.
7) Increase the number of graduates who meet the MSDE University System of Maryland Completer. The baseline year is 2009-10 and is 48%.	Increase the number of graduates who meet the MSDE University System of Maryland Completer.	Increase the number of graduates who meet the MSDE University System of Maryland Completer.
8) Review the number of students in each pathway/completer	Review the number of students in each pathway/completer	Review the number of students in each pathway/completer

Goal 2: To encourage and monitor engagement between the school system and the community to support student achievement.

Description: When all stakeholders have access to information and can support student learning, student academic progress and personal development improves, and the community becomes stronger. The school system must engage families and other community partners to ensure that they have multiple opportunities to support shared goals and provide feedback.

Supporting Objectives:

- Increase engagement opportunities which will allow Harford County families to become active partners in the learning and development of their children.
- Provide ongoing opportunities and structures for two-way communication between the school system and the community.
- Utilize multiple methods of communication in order to effectively reach stakeholders with pertinent information and provide the opportunity to engage with the school system.

Strategic Plan and Board Goals

Goal 2

Measure of Progress – Year 1 (Baseline)	Measure of Progress – Year 2	Measure of Progress – Year 3
1) Increase number of families who engage in parent-teacher-student conferences (Baseline 2010-11)	Increase the number of families who participate in parent-teacher-student conferences	Increase the number of families who participate in parent-teacher-student conferences
2) Increase number of families who attend other school events/activities (e.g., PTA meetings, committee meetings) (Baseline 2010-11)	Increase the number of families who attend other school events/activities	Increase the number of families who attend other school events/activities
3) Increase number of formal partnerships/joint ventures between Harford County Public Schools and external partners (Baseline 2010-11)	Increase the number of formal partnerships/joint ventures between Harford County Public Schools and external partners	Increase the number of formal partnerships/joint ventures between Harford County Public Schools and external partners
4) Increase number of volunteers in schools (Baseline 2010-11)	Increase the number of volunteers	Increase the number of volunteers
5) Increase total number of volunteer hours (Baseline 2010-11)	Increase the number of volunteer hours	Increase the number of volunteer hours
6) Administer school climate surveys in all schools	Administer and address any issues raised in school climate surveys	Administer and address any issues raised in school climate surveys
7) Administer the Governor's teaching and learning survey (TELL)	Administer and address performance on the Governor's teaching and learning survey	Administer and address performance on the Governor's teaching and learning survey
8) Review and administer student motivation surveys	Administer and address issues on student motivation surveys	Administer and address issues on student motivation surveys
9) Create and administer a parent satisfaction survey	Administer and address issues on parent satisfaction survey	Administer and address issues on parent satisfaction survey

Goal 3: To hire and support skilled staff who are committed to increasing student achievement.

Description: Students who attend Harford County Public Schools must receive the support they need to grow academically and socially. All instructional and support personnel are responsible for the achievement of students. Therefore, Harford County Public Schools will provide staff with the necessary training, support, and tools to accomplish this goal. Through collaboration, school system personnel will provide quality services to students and their families.

Supporting Objectives:

- Increase student achievement by providing all Harford County Public Schools' staff with the skills and content knowledge necessary.
- Evaluate all Harford County Public Schools' staff appropriately.
- Provide all staff with professional development, resources, and services.
- Fill all staff vacancies in accordance with urgency and system needs.

Strategic Plan and Board Goals

Goal 3

Measure of Progress – Year 1 (Baseline)	Measure of Progress – Year 2	Measure of Progress – Year 3
1) Increase percent of classes taught by highly qualified teachers. The baseline year is 2009-2010 and the percentage is 94.9%.	Increase the percent of classes taught by highly qualified teachers	Increase the percent of classes taught by highly qualified teachers
2) Increase number of newly hired teachers indicating an overall satisfaction level of helpful/very helpful on the survey of teachers completing their first year with HCPS. The percent of newly hired teachers who indicated an overall satisfaction level of helpful/very helpful for the baseline year 2009-2010 is 63%.	Increase number of newly hired teachers indicating an overall satisfaction level of helpful/very helpful on the survey of teachers completing their first year with HCPS. Address any issues raised on the survey of teachers completing their first year with HCPS. 7) Provide opportunities/resources for non-instructional staff to meet continuing education requirements to maintain licenses or certificates	Increase opportunities/resources for non-instructional staff to meet continuing education requirements to maintain licenses or certificates	Increase opportunities/resources for non-instructional staff to meet continuing education requirements to maintain licenses or certificates

Strategic Plan and Board Goals

Goal 4: To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

Description: The learning environment consists of all conditions, resources, and facilities that directly or indirectly affect students' learning. Schools that function effectively are more likely to be desirable learning environments. Harford County Public Schools will provide facilities and associated resources that support the physical, social, and academic development of students.

Supporting Objectives:

- Provide functional and efficient school buildings and support facilities.
- Promote programs that support student wellness.
- Provide safe and secure learning environments.

Goal 4

Measure of Progress – Year 1 (Baseline)	Measure of Progress – Year 2	Measure of Progress – Year 3
1) Meet the AMO for student attendance	Increase the AMO for student attendance	Increase the AMO for student attendance
2) Increase the number of schools fully air-conditioned. The number of schools fully air-conditioned for the baseline year 2009-2010 is 50 of 53 schools.	Increase number of schools fully air-conditioned	100% of schools fully air-conditioned
3) Develop and administer student and staff facilities satisfaction surveys	Develop and administer student and staff facilities satisfaction surveys. Address issues raised in the surveys.	Develop and administer student and staff facilities satisfaction surveys. Address issues raised in the surveys.
4) All Harford County Public Schools will participate in the Environmental Protection Agency, Tools for Schools Indoor Air Quality Program/Survey	Maintain the number of schools participating in the Environmental Protection Agency, Tools for Schools Indoor Air Quality Program/Survey and address issues raised	Maintain the number of school participating in the Environmental Protection Agency, Tools for Schools Indoor Air Quality Program/Survey and address issues raised.
5) Administer security site surveys at all schools	Administer security site surveys at all schools. Address issues raised in security site surveys.	Administer security site surveys at all schools. Address issues raised in security site surveys.
6) Administer bi-annual physical plant inspections	Administer bi-annual physical plant inspections. Address issues raised in bi-annual physical plant inspections.	Administer bi-annual physical plant inspections. Address issues raised in bi-annual physical plant inspections.
7) Administer Maryland Association of Boards of Education property/safety inspections at 10 schools annually. All schools inspected shall obtain a 90% rating on the inspection. All schools inspected shall obtain a 90% rating on the inspection. Address issues raised in the inspections. Increase the inspection rating.

System Performance

Harford County Public Schools is focused on excellence in the classroom, school, and management of the school system. This on-going commitment is demonstrated by a variety of measures of achievement and efficiency.

The Board of Education will continue to integrate performance measures within specific program budgets, especially in light of the requirement for a State approved Master Plan as a part of the Bridge to Excellence state funding initiative. Standards are measures of performance against which yearly results are compared. Standards help to:

- Examine critical aspects of instructional programs.
- Ensure that all students receive quality instruction.
- Hold educators accountable for quality instruction.
- Guide efforts toward school improvement.

Historically, the challenge in designing performance measures for a school system, particularly those measures that are applied to specific programs, has been to develop the link between funding a program and generating an output or outcome. While the community can measure performance of a school system based on easily quantifiable and macro indicators, such as standardized test scores, graduation rates and pass/fail indicators, it often becomes difficult to attribute the resources directed to one program with the effect on a specific measure. Because of the complex relationships that exist among programs and between the programs and resources provided throughout the system, the relationship between program and result is very difficult to determine.

Performance measures for school systems tend to emphasize more macro-level outputs or outcomes. These would be measures that are not easily traceable to the outcome of one particular program. Typically, the aggregate of programs taken together affect an outcome. Student achievement, for example, may be measured by standardized tests, however, these results may represent the culmination of many programs and the impact these resources have on the child. Student achievement can be effected through: instructional salaries that are paid to hire exemplary teachers; resources invested in transportation to move the child safely to school; investment in materials and textbooks; adequate maintenance services to provide a well lit and ventilated classroom; and even resources spent on upgrading and training the professionals working with the financial information system to ensure purchases can be made in a timely manner and resources are allocated appropriately. In summary, the meshing of all the resources in the budget is seen as impacting the performance of our students.

The school system will continue to develop performance measures. Ultimately, the intent is to provide more measures on the program level which will assist in matching dollars invested to program results which will assist policy makers, faculty, and staff in developing future budgets.

Several standards, or measures of performance against which yearly results are compared, have been established by MSDE. Standards help to examine critical aspects of instructional programs, help to ensure that all students receive quality instruction, hold educators accountable for quality instruction, and help to guide efforts toward school improvement.

The standards will be addressed in the sections on the Maryland School Assessment and Maryland Functional Testing Program. In January, 2002, President George W. Bush signed into law the landmark *No Child Left Behind (NCLB)* legislation. Under NCLB, states, school systems and schools are held accountable for the learning progress of every student. To meet NCLB requirements, in September 2002, MSDE announced that the Maryland School Assessment (MSA) would replace the Maryland School Performance Assessment Program (MSPAP), the primary measure of educational accountability since 1993. MSA meets the requirements of the federal No Child Left Behind law and produces individual student results. MSA was given the first time in March 2003, in grades 3, 5, 8, and 10 (Reading only). MSA is fully implemented and will assess reading, mathematics, and science in grades 3 through 8 and reading at grade 10. The results are reported prior to the opening of school in the fall of each year. The data contained in the following section represents the most recent data available.

School Match

Harford County Public Schools is listed as one of the school systems in Maryland rated by *SchoolMatch*¹, an independent nationwide service developed by school experts, to be recognized as a 2012 "What Parents Want" award winning school system. Only 16% of the nation's public school districts have received this recognition. *SchoolMatch* helps corporate employee's families find schools that match the needs of their children. *SchoolMatch* has conducted more than 1000 Educational Effectiveness Audits of School Systems throughout the country and

¹ www.schoolmatch.com

System Performance

assists corporations with site selection studies. *SchoolMatch* maintains information on every public school system throughout the nation.

This service is offered as an employee benefit by about 600 companies, including Office Depot, Ernst & Young, Hewlett Packard, KPMG Peat Marwick, Nationwide Insurance, and Cinergy Corporation. More than seven million parents accessed *SchoolMatch* services through a variety of website locations nationwide. Harford County Public Schools ranks high as an award winning school system as well as having a high ranking in the number of accredited elementary schools compared with those in other systems.

Student Participation Rate

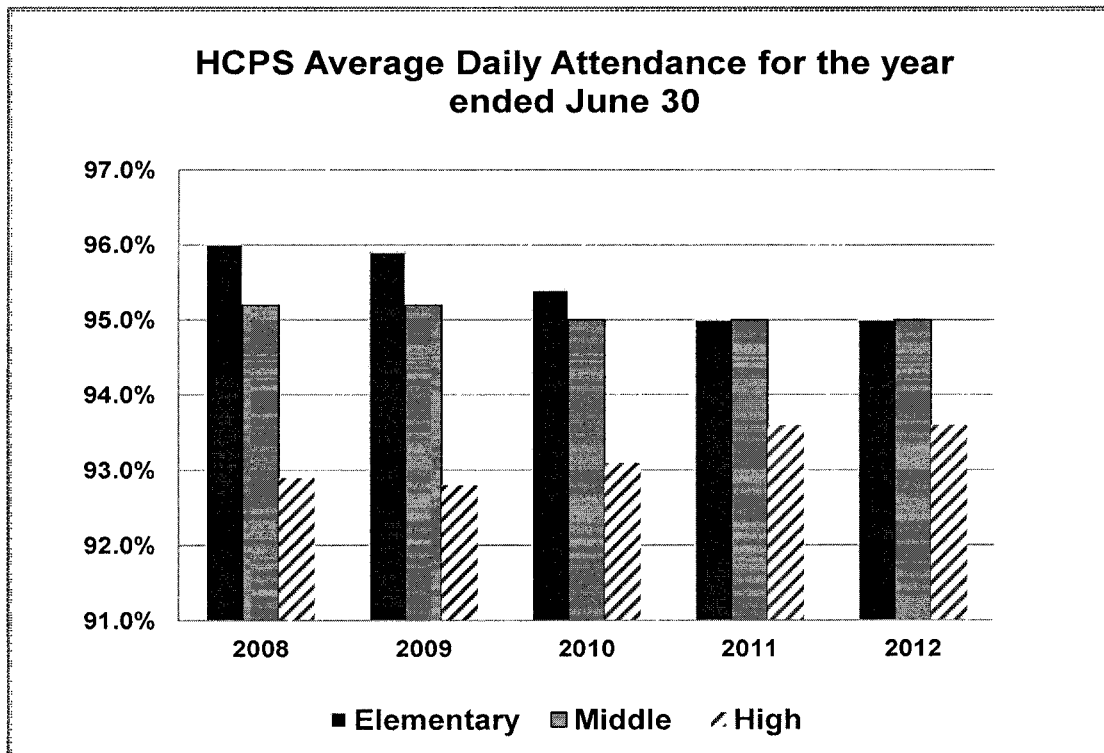

Given the need to attend school on a daily basis and continue through the educational program to graduation or completing a Maryland-approved educational program, Average Daily Attendance and the Dropout Rate become indicators to gauge success.

Average Daily Attendance

Attendance rate is the percentage of students in school for at least half the average school day during the school year. Attendance is a School Progress measure for elementary and middle schools. The Maryland State Department of Education targets an attendance rate of at least 94 percent.

Harford County Public Schools has attained a "Satisfactory" level of attendance in elementary and middle schools. Average Daily Attendance is a rather consistent level of daily participation over the past five years.

HCPS Average Daily Attendance for the year ended June 30					
	2008	2009	2010	2011	2012
Elementary	96.0%	95.9%	95.4%	95.0%	95.0%
Middle	95.2%	95.2%	95.0%	95.0%	95.0%
High	92.9%	92.8%	93.1%	93.6%	93.6%

Source: <http://mdreportcard.org/>

System Performance

Dropout Rate

The Dropout Rate reflects the percentage of students in grades 9 – 12 who withdrew from school before graduation or before completing a Maryland-approved educational program during the July-to-June academic year. Harford County Public Schools dropout rate was 3.16% in 2007 and has consistently remained **less than 3 percent** from 2008 to 2012.

There is a significant relationship between regular attendance, academic achievement, and the completion of school. The state excellent standard is 1.25 percent while the satisfactory standard is 3 percent or less. Harford County Public Schools exceeds the state satisfactory standard. A number of strategies have been implemented to work with students who are not attending school regularly and who are at-risk for dropping out of school:

- Operating dropout prevention programs in six high schools.
- Implementing several elementary and middle schools alternative learning programs to meet the needs of at-risk children in those schools.
- Developed a mentoring program to support students exhibiting problem behavior in school.
- Implemented in-school suspension procedures.
- Continue the alternative education program in a day and twilight program.

Graduation Rate

To meet Adequate Yearly Progress (AYP) in Maryland, all students enrolled in a school must reach or exceed increasingly rigorous performance standards, or Annual Measurable Objectives (AMO), in both reading and math, in addition to one other academic indicator. For high school, this indicator is the graduation rate.

The graduation rate is calculated by dividing the total number of diplomas awarded by the number of students who entered the ninth grade four years earlier. In order to graduate, students must pass each of the Maryland High School Assessments (HSA), achieve a combined minimum score on all HSA tests, participate in the Bridge Plan Program, or receive a waiver.

Harford County Public Schools (HCPS) achieved a graduation rate of **88.4 percent** for the class of 2012. This rate represents a slight increase from the 87.4 percent rate for the class of 2011 and exceeds the statewide rate of 83.5 percent.

High School Program Completion

High School Program Completion reflects the number of students completing a rigorous course of study. The Maryland State Department of Education requires this data be reported by the following classifications:

- University of Maryland - The number and percentage of graduates who completed course requirements that would qualify them for admission to the University System of Maryland.
- Career and Technology - The number and percentage of graduates who completed an approved Career and Technology Education program.
- Both University and Career/Technology - The number and percentage of graduates who met both of the above requirements.

Course requirements for the admissions standards are set by the Board of Regents of the University System of Maryland. Ensuring the acceptability of each local system's courses by the University System of Maryland is the responsibility of the individual school systems.

HCPS High School Diploma students who met requirements For the year ended June 30

	2008	2009	2010	2011	2012
Univ. of MD Course Requirements	1,498	1,516	1,300	1,434	1,383
Career & Tech Program Requirements	379	347	518	379	336
Both Univ. of MD and Career & Tech	234	223	450	398	402

System Performance

Future of Graduates

Perhaps one of the comprehensive measures of a school's success is the future the high school graduate chooses to pursue. During a pre-graduation survey, high school seniors are asked to indicate their future plans. The plans are measured as:

- College - Planning to attend either a two-year or four-year college.
- Specialized School/Training - Planning to attend a specialized school or pursue specialized training.
- Employment Related - Planning to enter employment related to their high school program.
- Employment Not Related - Planning to enter employment unrelated to their high school program.
- Military - Planning to enter the military.
- Employment and School - Planning to enter either full-time or part-time employment and attend school.
- Other - Other options, not listed.

As of FY 2011, the Maryland State Department of Education Fact Book no longer provides actual numbers or percentages for categories with fewer than 10 students.

Future of HPCS Graduates					
	FY2008	FY2009	FY2010	FY2011	FY2012
College (2 or 4 years)	61.9%	60.7%	83.2%	82.5%	82.9%
Specialized School/Training	2.8%	2.8%	5.6%	≤ 5%	≤ 5%
Employment (related to school program)	2.1%	2.9%	1.2%	≤ 5%	≤ 5%
Employment (not related to school program)	6.9%	5.6%	3.5%	≤ 5%	≤ 5%
Military	2.7%	3.3%	3.0%	≤ 5%	≤ 5%
Other	3.9%	3.3%	3.6%	≤ 5%	≤ 5%

Source: <http://mdreportcard.org/>

Student Academic Performance

The performance of the school system and individual schools are judged against their own growth from year to year, not against growth in other school systems or in other schools under the Maryland School Performance Program.

The indicators of academic performance that are used to measure the school system include:

- Scholastic Assessment Test (SAT)
- Maryland School Assessment
- High School Assessment

Scholastic Assessment Test (SAT)

The SAT is taken by well over half of all college-bound seniors throughout the nation, score reports and demographic information collected through the test-taking process represent one significant source of information about the nation's college-bound youth over a period of time. It is important to note that the SAT is not a required test. Students decide on their own, or with the support of their parents and teachers/counselors, to participate based on their post-high school plans.

Maryland High School Assessments (HSA)

The Maryland High School Assessments are a series of end-of-course tests. The HSA's consists of four core examinations: Algebra/Data Analysis, Biology, English and Government. All students taking a core learning goals course in one of these subject areas must take the relevant HSA exam. Students must pass the HSA tests to obtain a high school diploma.

System Performance

Maryland School Assessment (MSA)

The Maryland School Assessments meet the testing requirements of the federal No Child Left Behind (NCLB) Act. The Maryland School Assessments in Reading and Math are administered to students in grades 3 – 8. The Maryland School Assessment in Science is only administered to students in grades 5 and 8.

In order to attain Adequate Yearly Progress (AYP), all students in a school and disaggregated subgroups must achieve state-established proficiency rates, or annual measurable objectives (AMO), for both reading and mathematics. The AMOs reflect increasingly rigorous targets, leading to 100 percent proficiency. The ten distinct student sub-group areas, as defined by NCLB, include students with disabilities, students who are English Language Learners (ELL), students receiving Free and Reduced-priced Meals (FaRMS) and students categorized by seven different race/ethnicity groups. In addition, elementary and middle schools must meet the AMO for attendance rates.

As reported by MSDE, due to the recent Family Educational Rights and Privacy Act (FERPA) changes, new reporting regulations have made it challenging to identify trends in MSA data from 2010 to 2011. Although sub-group accountability for Maryland districts remains at five students, reporting will only occur for groups of 10 students or more. No race trends will be reported by MSDE this year, as categories have changed. In addition, reporting percentages will go only as high as 95 percent or above and as low as five percent or below. Percentages will also be rounded to the nearest whole number. These federal changes have been made in an effort to protect student privacy.

Performance Level Standards

Standards are measures of performance against which yearly results are compared. Standards help to examine critical aspects of instructional programs; help to ensure that all students receive quality instruction; hold educators accountable for quality instruction; and help to guide efforts toward school improvement.

MSA standards are divided into three levels of achievement:

- **Advanced**- highly challenging and exemplary level of achievement indication outstanding accomplishment.
- **Proficient** - a realistic and rigorous level of achievement indicating proficiency.
- **Basic** - a level of achievement indicating that more work is needed to attain proficiency.

Alternate Maryland School Assessment (ALT-MSA)

The Alternate Maryland School Assessment is the Maryland assessment in which students with disabilities participate if through the IEP process it has been determined they cannot participate in the Maryland State Assessment even with accommodations. The ALT-MSA assesses and reports student mastery of individually selected indicators and objectives from the reading and mathematics content standards or appropriate access skills. A portfolio is constructed of evidence that documents individual student mastery of the assessed reading and mathematics objectives.

The Alternative Maryland School Assessments in Reading and Math are administered to students in grades three through eight and grade 10. The Alternative Maryland School Assessment in Science is only administered to students in grades five, eight and ten. The statewide performance standards reflecting three levels of achievement; Basic, Proficient, and Advanced are also reported for the ALT-MSA.

System Performance

Overall Results – Performance Measures for an Educational System

Harford County Public Schools students in grades three through eight continue to meet or exceed Maryland School Assessments (MSA) targets in both reading and mathematics. Nearly 98 percent of all middle and elementary schools achieved proficiency in mathematics, while reading scores followed behind with an 83 percent overall proficiency rate. HCPS students continue to outpace the state in both elementary reading (HCPS – 91 percent; state – 88 percent), elementary mathematics (HCPS – 90 percent; state – 88 percent), middle school reading (HCPS – 86 percent; state – 82 percent), and middle school mathematics (HCPS – 81 percent; state – 76 percent).

The participation rate in the Scholastic Aptitude Test (SAT) for 2012 remained relatively the same from the previous year. Compared to 2011, Harford County test-takers' overall performance in mathematics improved four points (516), held steady in writing (481) and dipped slightly in critical reading (503).

Harford County mean scale scores for 2012 exceed the state and the nation in critical reading (503 versus 497 and 496, respectively) and in mathematics (516 versus 502 and 514, respectively) and remain slightly behind in writing (481 versus 488).

⁵ Maryland State Department of Education, 2012 Maryland Report Card (<http://mdreportcard.org/>).

System Performance

Overall Results – Performance Measures for Support Services for an Educational System

The school system will continue to expand and refine performance measures by program budget. Charts reflecting performance measures are included within the program narratives of the each budget section.

Data reflecting performance measures are by Board of Education Strategic Plan Goals, Master Plan Goals, and No Child Left Behind Goals are identified on the following pages.

System Performance

Strategic Plan Goal #4 To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

Master Plan Goal #1 Ensure a safe, positive learning environment for students and staff in our schools.

Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013
-------------------	-------------------	-------------------	-------------------	-------------------

(NCLB) Goal #4 All students will be educated in learning environments that are safe, drug free and conducive to learning.

Other Indicators:

Planning and Construction

Program Goal: Construction of schools which provide safe, secure and healthy teaching and learning environments

Objective: Construction of projects on schedule and within budget

Input indicators: Value of State and Local Capital Program.

\$111,524,256	\$83,305,397	\$47,783,925	\$26,758,294	\$37,191,795
---------------	--------------	--------------	--------------	--------------

Output indicators: Major projects completed and/or occupied (does not include relocatables or aging schools)

Additions	0	0	0	0	0
Renovations/Modernizations	0	1	2	2	0
New Schools	0	1	0	1	0
Systemic Projects	1	1	0	1	5

Strategic Plan Goal #4 To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

Master Plan Goal #1 Ensure a safe, positive learning environment for students and staff in our schools.

Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013
-------------------	-------------------	-------------------	-------------------	-------------------

(NCLB) Goal #4 All students will be educated in learning environments that are safe, drug free and conducive to learning.

The number of persistently dangerous schools as defined by the State.

0	0	0	0	0
---	---	---	---	---

Other Indicators:

Safety and Security

Program Goal: To enhance security within Harford County Public Schools by integrating safety into the fabric of the school system.

Objective: To proactively address concerns that effect the safety of our schools

Input indicators:

Number of Schools	54	53	53	54	54
Number of Students	39,167	38,839	38,394	38,224	38,224
Number of Employees	5,478	5,418	5,440	5,448	5,369

Output indicators:

Number of Schools with Critical Incident Plans	54	53	53	54	54
Number of Schools with Remote Door Access	11	30	51	51	51
Number of Schools with Surveillance Cameras	20	23	31	41	42
Number of Schools with School Resource Officers	14	13	13	12	15
Number of schools provided Gang Awareness Training	54	54	53	54	54
Number of Evacuation Drills	340	365	365	558	542
Number of Banning Letters Issued	40	42	36	31	31
Incident Reports	375	225	279	239	223
Number of buses with Surveillance Cameras		NEW	12	13	33
Number of Schools with Proxy Card Access Readers			NEW		29

System Performance

Strategic Plan Goal #1 To prepare every student for success in postsecondary education and a career.

Master Plan Goal #2 Accelerate student learning and eliminate the achievement gaps.

	Actual FY 2009	Actual FY 2010	Actual FY 2011 [*]	Actual FY 2012	Actual FY 2013
(NCLB) Goal #1 By 2013-2014, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.					
ESEA Performance Indicator:					
The percentage of students, in the aggregate and for each subgroup, who are at or above the proficient level in reading/language arts on the state's assessment.					
ALL Students	87.9%	87.8%	88.7%	88.8%	*
American Indian	89.3%	89.8%	81.9%	89.8%	*
Asian	92.1%	93.7%	94.9%	94.4%	*
African American	75.7%	78.3%	76.6%	77.7%	*
Hispanic	83.8%	84.3%	86.9%	84.8%	*
Native Hawaiian			76.7%	84.0%	*
White	91.1%	89.8%	91.8%	91.8%	*
Two or More Races			87.1%	86.9%	*

System Performance

Strategic Plan Goal #1 To prepare every student for success in postsecondary education and a career.

Master Plan Goal #2 Accelerate student learning and eliminate the achievement gaps.

	Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013
--	-------------------	-------------------	-------------------	-------------------	-------------------

(NCLB) Goal #2 All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.

ESEA Performance Indicators:

The percentage of limited English proficient students, determined by cohort, who have attained English proficiency by the end of the school year	16.1%	25.2%	25.1%	17.2%	*
The percentage of limited English proficient students who are at or above the proficient level in reading/language arts on the state's assessment	74.1%	76.6%	84.1%	78.0%	**
The percentage of limited English proficient students who are at or above the proficient level in mathematics on the state's assessment.	74.0%	75.6%	77.9%	82.3%	**

(NCLB) Goal #5 All students will graduate from high school.

ESEA Performance Indicators:

The percentage of students who graduate from high school each year with a regular diploma.	***	***	85.7%	87.4%	88.4%
The percentage of students who drop out of school.	***	***	9.8%	8.5%	8.4%

Other Indicators:

Education Services

Program Goal: To meet the state requirement to implement full-day kindergarten.

Objective: To implement full-day kindergarten in the elementary schools on a scheduled basis.					
Input Indicator: Number of classes having Full-Day Kindergarten programs in the County.	152	151	151	152	151
Output Indicator: Percentage of full-day kindergarten classes implemented as a % of total kindergarten classes.	100%	100%	100%	100%	100%

* Data not yet available from MSDE, expected to be released in March, 2014.

** Data not yet available from MSDE, expected to be released in October, 2013.

*** Four-year adjusted cohort rates not available for these years since the graduation and drop out rates were revised in 2011.

Strategic Plan Goal #4 To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

Master Plan Goal #1 Ensure a safe, positive learning environment for students and staff in our schools.

	Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013
--	-------------------	-------------------	-------------------	-------------------	-------------------

(NCLB) Goal #4 All students will be educated in learning environments that are safe, drug free and conducive to learning.

Other Indicators:

Transportation

Program Goal: To achieve maximum safety in transporting of students.

Objective: Maintain the safest school bus transportation for students

Input indicators:

Number of buses	481	494	494	505	510
Number of Students Transported	36,500	33,992	33,466	33,873	33,716
Number of miles traveled	7,535,600	7,882,399	7,700,000	8,369,379	8,317,207
Number of accidents	75	58	69	73	47

Output Indicators:

Number of preventable accidents	44	35	23	34	21
% of Preventable accidents to total accidents	58%	60%	33%	46%	44%
Number of miles per bus traveled	15,667	15,551	15,587	16,573	16,308
Number of miles traveled per preventable accidents	171,264	219,497	334,783	246,158	396,057

System Performance

Strategic Plan Goal #4 To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.
Master Plan Goal #3 Ensure the effective use of all resources focusing on the areas of technology, fiscal and budgetary management, and community partnerships.

Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013
-------------------	-------------------	-------------------	-------------------	-------------------

Other Indicators:

Business Services, Purchasing

Program Goal: To achieve efficiency in purchasing goods for HCPS

Objective: To improve the purchasing process by streamlining small dollar purchases, expanding user flexibility and increasing efficiency. The card enables employees to make low dollar purchases that are necessary for HCPS operations. Use of the P Card provides faster delivery to the end user and substantially reduces the administrative paperwork involved in purchasing and paying for low dollar items.

Input Indicators:

# of P Card Transactions	35,582	36,888	41,045	40,942	37,180
Dollar Value of P Card Transactions	\$13,810,579	\$17,473,854	\$17,394,090	\$18,632,694	\$14,842,928
Average Dollar Value of P Card Transactions	\$388.13	\$473.70	\$423.78	\$455.10	\$478.85
Accounts Payable Checks Issued	12,985	12,916	12,414	11,913	11,715
Purchase Order Issued	2,122	1,593	1,513	1,005	956

Output Indicators:

# of Accounts Payable Checks reduced by using P Card from prior year	2178	89	502	501	198	See Note Below
# of Purchase Orders reduced by using P Card from prior year	960	529	80	508	49	See Note Below
\$ amount of P Card Rebates (Revenue Share) from Utilization	\$92,591	102,912	\$107,841	\$117,744	\$104,864	
Process Cost Savings (\$58.15 savings per transaction * # of Transactions)	\$2,069,093	\$2,145,037	\$2,386,767	\$2,380,777	\$2,162,017	

Notes:

In FY00, 29,312 checks were issued. This is a total reduction of 17,597 in checks since FY00.

In FY00, 15,068 purchase orders were issued. This is a total reduction of 14,112 PO's since FY00.

Strategic Plan Goal #1 To prepare every student for success in postsecondary education and a career.

Master Plan Goal #3 Ensure the effective use of all resources focusing on the areas of technology, fiscal and budgetary management, and community partnerships.

Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013
-------------------	-------------------	-------------------	-------------------	-------------------

Other Indicators:

Business Services, Purchasing

Program Goal: To achieve administrative efficiencies in the procurement business process by reducing the number of formal sealed bids over \$25,000.

Objective: Sealed bids are required for procurements over \$25,000. Alternative procurements methods, such as piggyback award from a contract award by another public agency, will leverage economies of scale regarding price and at the same time achieve administration efficiencies by reducing the number of formal bids that are much more labor intensive and require advertising and bonding.

Input Indicators:

Number of Purchase orders	2,126	1,593	1,513	1,006	956
Dollar value of purchase orders	\$49,435,967	\$49,753,210	\$23,415,717	\$33,227,565	\$38,101,477
Number of sealed bids	31	47	47	32	26
Average # of hours to issue one sealed bid 6.5 hours	201.5	305.5	305.5	208	169
Labor cost to issue one sealed bid \$225 per hour	\$45,338	\$68,738	\$68,738	\$46,800	\$38,025

Output Indicators:

Labor dollar savings in reduction in formal sealed bids	\$11,700	-\$23,400	\$0	\$21,938	\$8,775
Rebates from Office Depot Contract	\$14,193	\$31,294	\$35,403	N/A	N/A
Other Purchasing Rebates			\$17,669	see below	not yet available
Total Rebates				see below	see below
Office Supply Rebates				\$47,824	not yet available
Other Purchasing Participation Rebates				\$3,419	not yet available
US Communities Lead Agency Rebates				\$27,250	\$41,162
Total Rebates				\$78,493	
Number of Bids Avoided by Using Piggyback Contracts				55	94
Number of Labor Hours Saved by Using Piggyback Contracts				358	611
Labor Cost Avoidance of Piggyback Contracts				\$80,438	\$137,475

System Performance

Strategic Plan Goal #1 To prepare every student for success in postsecondary education and a career.
Master Plan Goal #3 Ensure the effective use of all resources focusing on the areas of technology, fiscal and budgetary management, and community partnerships.

Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2012
-------------------	-------------------	-------------------	-------------------	-------------------

Other Indicators:
Music Department

Program Goal: To achieve efficiency in purchasing and repairing equipment, supplying transportation, sponsoring county wide music activities and providing materials for instruction for HCPS

Input Indicators:

Number of equipment requests	38	70	20	30	74
Number of repairs requested	489	350	496	604	668
Number of fieldtrips requested	430	400	606	602	555
Number of county wide activities for students	20	20	20	19	16

Output Indicators:

Number of equipment purchases	18	70	20	30	74
Number of repairs completed	489	350	496	604	668
Number of field trips completed	430	400	606	602	555
Number of students participating in performance programs grades 4 - 12	12,379	13,000	12,500	11,813	14,122
Amount spent on materials of instruction	\$12,312	\$12,312	\$20,000	\$17,564	\$3,000
Capital Funds for Equipment Purchases	\$0	\$50,000	\$30,000	\$142,841	\$202,022

Strategic Plan Goal #3 To hire and support skilled staff who are committed to increasing student achievement.
Master Plan Goal #1 Ensure a safe, positive learning environment of students and staff in our schools.

Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013
-------------------	-------------------	-------------------	-------------------	-------------------

Other Indicators:
Human Resources

Program Goal: Compliance with Family Law Article.

Objective: Process background checks on all HCPS employees and substitutes.

Input Indicators

Number of employees and substitutes processed	1,203	1,500	1,283	503	1240
---	-------	-------	-------	-----	------

Output Indicators

Increase in the number processed versus prior year	-39.9%	24.7%	-14.0%	-60.8%	146.5%
--	--------	-------	--------	--------	--------

System Performance

Strategic Plan Goal #3 To hire and support skilled staff who are committed to increasing student achievement.
Master Plan Goal #2 Accelerate student learning and eliminate the achievement gaps.

	Actual FY 2009	Actual FY 2010	Actual FY 2011	Actual FY 2012	Actual FY 2013
(NCLB) Goal #1	By 2013-2014, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.				
Other Indicators:					
Human Resources					
Program Goal:	All classes are taught by highly qualified teachers				
Objective:	Increase the number of classes taught by highly qualified teachers.				
Input indicators:	Number of classes taught				
	3,790	8,691	8,718	9,566	9,017
Output Indicators:	Increase in number of classes taught by highly qualified teachers				
	91.9%	94.7%	96.4%	96.5%	95.8%
Note: * Total number of classes reduced based on change in reporting method for elementary and shift to block scheduling at secondary level					

(NCLB) Goal #2 All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.

Other Indicators:					
Human Resources					
Program Goal:	All classes are taught by highly qualified teachers.				
Objective:	Decrease the number of teachers holding conditional certificates.				
Input indicators:	State average percentage of teachers holding conditional certificates				
	3.9%	3.9%	1.2%	0.9%	0.9%

Harford County Government Support

Harford County Public Schools represents the largest agency Harford County Government supports. When considering the fiscal 2014 General Fund budgeted by Harford County Government, Harford County Public Schools Unrestricted Fund receives 44.5% of the local government's overall support.¹ This does not include funding from the county for Debt Service as appropriated by Harford County which represents 6.2% of the local government's overall support.² The County Government funding for HCPS is reflected in the chart below.

The county funding for Harford County Public Schools comes from a variety of revenue streams in place by Harford County Government. The main county sources of revenues supporting the education budget are property taxes and income taxes. Support for the education budget by the county is determined on a year to year basis. The county makes no projections for future budgets for the education system. Since 2009, due to financial constraints, the county has requested HCPS return over \$7.4 million of revenue (\$3,936,066 for fiscal 2009, \$500,000 for fiscal 2010 and \$2,994,401 for fiscal 2011). Total lost operating revenues from the county during fiscal years FY 2009 to 2011 was \$7,430,467.

Distribution of Harford County Government FY 2014 General Fund Budget \$496.9 million

Revenue

Maintenance of Effort

According to Maryland's Maintenance of Effort law, in order to receive any increase in basic state school aid, each county must appropriate an amount equal to or greater than its prior year per pupil appropriation. The Maintenance of Effort law states that if there is no enrollment growth, local funding can remain the same as that of the previous year in terms of total dollars. If there is enrollment growth, local funding is to remain the same on a per pupil basis. The Maintenance of Effort calculation does not provide for other significant needs. For example, a student with special needs could cost more than twice as much as a regular education student. The calculation does not address inflation, the cost of negotiated agreements and benefits, and funding for quality improvement initiatives. Harford County Government has funded the school system above the Maintenance of Effort level in FY 2014. The Maintenance of Effort calculation for fiscal 2014 requires no additional funding due to an enrollment decrease of 341 students as of September 30, 2012.

Harford County Government - Current Expense Fund

% Current Expense Fund	46.1%	46.9%	47.7%	47.8%	49.0%		

The County Executive and County Council are requested to fund the Unrestricted and Capital Funds for Harford County Public Schools. For fiscal year 2014, Harford County Government will be providing 49.0% or \$221.3 million of the total Current Expense Fund Budget, after considering revenues from state, federal, and all other sources. These figures do not include Capital Projects or Debt Service funding. The \$1.5 million increase in funding from the Harford County Government for 2014 represents the state mandated shift in teacher pension cost from the State of Maryland to local education authorities (LEA).

The State of Maryland allocates state funding based on student enrollment and an assessment of a county's wealth in relationship to the other counties. The State of Maryland utilizes six variables to measure each county's wealth. The State of Maryland infers wealthier counties will contribute additional funding to the LEA and allows the State of Maryland to redirect state resources to less wealthier counties. The wealth factor is the dynamic force in determining the funding from the state as is detailed on the following page.

Unrestricted state aid decreased by \$2.9 million or -1.4% and restricted state aid decreased by \$1.1 million or -10.3% in fiscal year 2014. To understand the drop in unrestricted state aid from fiscal 2013 to fiscal 2014, one needs to examine the seven major factors used to calculate Local Education Authorities' (LEAs) share of Maryland state aid:

1. **County Wealth** - funding distributed by formulas inversely proportional to local district wealth (personal property, income & real property for railroads, utilities, businesses and individuals).
2. **Enrollment** – funding adjusted based on per pupil formula for changes in enrollment.
3. **Geographic Cost of Education Index** - is a discretionary formula that accounts for differences in the costs of educational resources among the local school systems.
 - 13 of 24 LEAs will share \$131 million of GCEI funding for FY 2014.
 - Harford County does not receive GCEI funding.
4. **Guaranteed Tax Base** - provides additional funding to LEAs with less than 80% of statewide wealth per pupil and a contribution of more than the minimum required local share under the foundation program in the prior fiscal year.
 - 9 of 24 LEAs qualify for the funding for FY 2014.
 - Harford County does not receive GTB funding.
5. **Supplemental Grants** – enacted in a 2007 special legislative session to mitigate the impact of an inflation freeze in the per pupil foundation in fiscal 2009 & 2010.
 - 9 of 24 LEAs receive a share of the \$46.5 million fixed grant.
 - Harford County does not receive a share.
6. **Net Taxable Income** – State education aid formulas that include a local wealth component are to be calculated in September and November. Each local school system receives the greater State aid amount that results from the 2 calculations. This aid will be phased in over a 5 year period beginning in FY 14.
7. **Special Grants** – The 2013 BRFA provides special grants to counties where certain direct education aid decreased by at least 1% and restores 25% of the decrease in aid for affected counties in FY 14.

Revenue

Historical Funding of Major Components of Unrestricted Budget

The unrestricted budget for Harford County Public Schools is funded primarily by the State of Maryland and the Harford County Government. The funding from these two sources represents approximately 98% of the fiscal 2014 annual unrestricted budget. From fiscal 2010 to 2014, a number of funding events occurred which were added by the State of Maryland or Harford County for a dedicated purpose. These dedicated events have been adjusted from the annual budget for comparability purposes and outlined below.

- Harford County Government
 - FY 2012 - One time employee bonuses of \$3,476,660. For comparative purposes the \$3,476,660 has been removed in the 2012 Harford County figure below.
 - FY 2013 - Mandated teacher pension contribution per the Maryland Legislature of \$5,529,741. For comparative purposes the \$5,529,741 has been removed in the 2013 Harford County figure below.
 - FY 2014 - Mandated teacher pension contribution per the Maryland Legislature of \$7,009,102. For comparative purposes the \$7,009,102 has been removed in the 2014 Harford County figure below.
- State of Maryland
 - FY 2011 - Job Education Aid funding of \$6,144,622 was added back to the budget. This was funded for one year from the restricted fund budget in fiscal 2010 and returned to the unrestricted budget in fiscal 2011. For comparative purposes the \$6,144,622 has been included in the 2011 State of Maryland figure below.

The school system has endured continued increased costs of doing business during this five year period. After adjustments for dedicated events such as one-time bonuses and the shift of teacher pensions, Harford County Government funding has remained flat at approximately \$214.3 million during the period of FY 2011 to 2014. The adjusted State of Maryland funding has decreased to \$194.1 million which is less than the funding level in FY 2010.

Revenue

Impact of Wealth Factor on State Funding

Each year Maryland State Education Aid is distributed to LEAs based on a complex formula involving the five primary factors listed on the state revenue page. The primary reason for the sharp decline in state aid this year is due to the change in the total wealth factor used to calculate a county's share of state aid. Only one of the twenty-four LEAs, Howard County, experienced an increase in total county wealth. The other twenty three LEAs experienced a decline in total wealth. However, Harford County experienced the smallest percentage decline at .01%. Somerset County experienced the largest percentage decline at 9.84%. In addition, over the past five years, state-wide total wealth decreased 5% while Harford County's total wealth increased 3%. This downward trend in state funding is clearly documented in the charts found in this section.

% Change in Total Wealth for Calculating FY 2014 State Aid*

*Data extracted from MSDE Final Calculation, Fiscal Year 2014 Revenue, June 28, 2013

Maryland State Aid Per Eligible Student

The following chart illustrates the change in state aid experienced by Harford County Public Schools, on a per student basis, over the past eight years. Viewing aid on a per student basis provides a better picture of state funding fluctuations by removing enrollment from the equation. The bottom line of the chart represents the drop in per student state aid for fiscal year 2014.

State Aid - Per Eligible Student				
Revenue Year	Foundation Aid	Comp. Edu./ FARMs Aid	Special Education Aid	Limited Eng. Proficiency Aid
FY 2007	\$3,510	\$2,504	\$1,916	\$3,282
FY 2008	\$3,938	\$3,063	\$2,396	\$4,058
FY 2009	\$4,007	\$3,155	\$2,391	\$4,155
FY 2010	\$3,893	\$3,083	\$2,314	\$3,951
FY 2011	\$3,721	\$2,970	\$2,214	\$4,018
FY 2012	\$3,813	\$3,169	\$2,292	\$3,959
FY 2013	\$3,761	\$3,113	\$2,164	\$3,826
FY 2014	\$3,697	\$3,025	\$2,077	\$3,669
Reduction in Per Student State Aid FY13 - FY14	(\$65)	(\$89)	(\$87)	(\$157)

Revenue

Change in State Aid for Harford County Fiscal 2013 – Fiscal 2014

Harford County experienced the largest dollar decline, \$2.8 million, in state aid of the twenty four Maryland LEAs. As the following chart illustrates, \$3.8 million of the decline is directly attributable to the change in the wealth factor used to allocate state aid to local jurisdictions. Enrollment changes account for a \$.6 million loss of revenue for fiscal year 2014.

Change in State Aid FY13 - FY14	Wealth	Enrollment	Supplemental Funding	Change FY13 - FY14
Foundation Program	(2,416,257)	(1,260,603)		(3,676,860)
Compensatory Education	(887,372)	837,847		(49,525)
Public Transportation Aid	0	43,000		43,000
Special Education Aid	(461,457)	(201,477)		(662,934)
Limited English Proficiency	(61,680)	25,682		(35,998)
Net Taxable Income Adj.	0	0	589,164	589,164
BRFA 5-202(i) Grant	0	0	935,788	935,788
Supplemental Grant	0	0	6,102	6,102
Total Change	\$ (3,826,765)	\$ (555,552)	\$ 1,531,054	\$ (2,851,263)

In fiscal 2014, HCPS ranked eighth in the state for total state support with a range of \$8.8 million to \$919.0 million³. State aid is the second largest funding support for the Current Expense Fund. In fiscal 2012, HCPS ranked fifteenth out of twenty four LEAs in per pupil funding⁴. State aid for future years is unknown. The State enacted legislation in the 2013 Legislative session which benefited HCPS. The State added funding for: the Supplemental grant of \$6,102, NTI funding of \$589,164 and the BRFA 5-202(i) grant of \$935,788. The additional funding of \$1,531,054 offset the original projected reduction of \$4.4 million for a net reduction in state aid of \$2.8 million for fiscal 2014. State aid is the second largest source of funding for HCPS.

Revenue

Federal Revenue

Federal aid to the Unrestricted Budget is limited to Impact Aid which is projected to decrease by \$.3 million or -40.0% in fiscal 2014. Federal Impact Aid provides assistance to local school districts with concentrations of children residing on Indian lands, military bases, low-rent housing properties, or other federal properties and, to a lesser extent, concentrations of children who have parents in the uniformed services or employed on eligible federal properties who do not live on federal property. Federal restricted aid decreased by \$.4 million or -2.4% in fiscal 2014. In total federal aid for the Current Expense Fund decreased .7 million or -3.6% in fiscal 2014.

Federal Revenue - Current Expense Fund

Program	Actual FY2011	Actual FY2012	Actual FY2013	Budget FY 2013	Budget FY 2014	Change FY13 - FY14	
Impact Area Aid/Other	579,687	0	448,890	650,000	390,000	(260,000)

% Current Expense Fund	7.6%	4.4%	4.5%	4.2%	4.1%		

Other Revenue

In the Unrestricted Fund Budget, other revenues include fees, tuition, building use fees, gate receipts, E-rate funds, interest income and other sources. New for fiscal 2014 is the addition of Athletic and Activity Participation Fees, implemented by the Board, and projected to generate \$.5 million. These fees were initiated as a method of eliminating a projected revenue shortfall in the fiscal 2014 budget. In the Restricted Budget, other sources include small local grants and donations. In the total Current Expense Fund Budget, other revenue sources account for slightly less than one percent of the overall budget resources. The details of other revenues, excluding appropriated fund balance, are reflected in the table below.

Other Revenue - Current Expense Fund

	Actual FY2011	Actual FY2012	Actual FY2013	Budget FY2013	Budget FY2014	Change FY13 - FY14

Revenue

Unrestricted Fund Balance

Due to the fiscal constraints facing the school system, as well as the rest of the state and nation, undesignated fund balance revenue of \$5.6 million is being used to cover one-time and ongoing expenditures in the fiscal 2014 budget. Actual fund balance activity for fiscal 2011, 2012, 2013 and budgeted fund balance for fiscal year 2014 are reflected in the following table.

Unrestricted Fund Balance				
FUND SOURCES:	Actual FY2011	Actual FY2012	Actual FY2013	Budget FY 2014
Beginning Balance	\$ 16,477,503	\$ 16,789,638	\$ 16,079,127	\$ 13,114,643

Percentage of FY 2014 Unrestricted Operating Budget				1.2%

With the combined recognition of one time revenues and the implementation of various cost savings measures, HCPS ended fiscal 2013 with the strategic accumulation of \$13.1 million in fund balance at June 30, 2013. Of the \$13.1 million in fund balance, the following amounts have been assigned: \$1.2 million for the Health Insurance Call and \$.9 million as an Emergency Fuel Reserve. In addition, faced with an operating structural deficit entering fiscal 2014 coupled with declining revenue, HCPS appropriated \$5.6 million of fund balance to support the fiscal year 2014 Operating Budget. It is the intention of Harford County Public Schools to use the accumulated fund balance to provide short-term relief during these difficult economic times.

The proposed use of fund balance to support the Unrestricted Operating Budget for fiscal year 2014 is \$5.6 million, a reduction of \$2.2 million from the fiscal year 2013 budget.

Revenue

Indirect Cost Recovery

Indirect cost recovery provides the means of allocating administrative expenditures to restricted programs based on a predetermined formula. The application of these principles is based upon the fundamental premise that school systems are responsible for the efficient and effective administration of grants and for ensuring that program funds are expended and accounted for as required. Indirect cost recovery effectively acts as a transfer of eligible business and centralized service support expenditures to the restricted grant program. The eligible services include accounting, audit, budgeting, finance, payroll, personnel and purchasing. This recovery charge is posted to existing grant awards. MSDE establishes the indirect cost recovery rate for all state restricted grants and federal restricted grants that pass through the state government. The adjusted rate established, used by Harford County Public Schools to recover these administrative overhead costs, will be 2.76 percent of the total grant funds expended. Indirect cost recovery rates on other grants are negotiated with the grantor. Not every grant features indirect cost recovery eligibility. Such eligibility is dependent upon approval in the grant award. The accumulated indirect cost recovery supports the following positions:

- 1.0 FTE Grant Accountant
- 1.0 FTE Human Resource Specialist
- 1.0 FTE Payroll Clerk

The total indirect cost recovery projected for fiscal 2014 is \$515,000.

Other Funds

The Food Service Fund in the amount of \$15.6 million for fiscal 2014 is a self-supporting special revenue fund. Additional detail is provided in the Food Service section, located in Tab 22, of this budget document.

Debt Service funds in the amount of \$30.6 million for fiscal 2014 are managed by the Harford County Government. Additional detail is provided in the Debt Section, located in Tab 23, of this budget document.

The Capital Projects Fund in the amount of \$32.5 million for fiscal 2014 includes primarily state and local government funding. Additional detail is provided in the Debt Section, located in Tab 24, of this budget document.

The Pension Fund in the amount \$27.3 million for fiscal 2014 which represents the State of Maryland's contribution to the teacher pension system. Additional detail is provided in the Pension section, located in Tab 25, of this budget document

Expenditures

Budget Development History

The difficult economic times of the past several years have had a significant impact on state and local funding for school systems across the nation. The stark budget realities faced by Harford County Public Schools since fiscal year 2009 must be examined in order to understand how the fiscal 2014 budget was developed. The process of reducing expenditures actually began in fiscal 2009 when Harford County Government requested a "give back" of \$3.9 million in funding. In addition to the \$3.9 million returned in fiscal year 2009, HCPS returned \$.5 million in fiscal year 2010 and another \$3.0 million in fiscal year 2011. In the three year period, HCPS returned a total of \$7.4 million of budgeted funds to the County Government as requested.

Since fiscal year 2010, Harford County Public Schools operating costs have increased \$55.8 million. In the same time period, revenue decreased \$9.1 million for a net budgetary shortfall of \$64.9 million. The primary increase in expenditures represented costs deemed necessary to provide mandated services, meet contractual obligations and to maintain the integrity of the instructional programs. In fiscal 2013, HCPS employees received their first salary increase since July 1, 2008. With decreasing revenue, the Unrestricted Fund budget required innovative thinking in order to cover the additional costs. In response to this challenge, all areas of the budget were examined with an emphasis on preserving critical programs related to student achievement, creating greater efficiencies in all operating areas, and making difficult decisions on cost reductions that would least impact students. The following table reflects the additional expenditures and the solutions required to balance the Unrestricted Budget for fiscal years 2010 through 2014.

Balancing the Unrestricted Operating Budget FY 2010 – 2014

<u>Cost Increases:</u>	(In millions)
Salary Increases with fixed charges	\$ 10.0
Teacher Pension from State of Maryland	6.8
Health Insurance	23.0
One Time OPEB Payment in FY12	0.7
Red Pump Elementary/Other Capital Projects	1.5
Special Education	3.7
Transportation (Drivers/Attendants, Other)	3.6
Other Costs	5.4
Magnet Programs	1.1
Total Cost Increases	\$ 55.8
Decrease (Increase) in Revenue	\$ 9.1
Total - Budget Shortfall	\$ 64.9

<u>Resolutions/Cost Savings Measures:</u>	(In millions)
Turnover Savings	\$ 10.9
Health Plan Design Changes	5.4
Reversals One Time Expenditures	12.1
Reduction of Utility Rates & Savings	2.3
Other Cost Avoidance	13.1
Transfer of Expenditures to Restricted	4.5
Reduction of Positions*	12.1
Total Cost Saving Measures	\$ 60.4
Increased Use of Fund Balance	\$ 4.50
Total - Budget Resolution	\$ 64.9

*Includes a total of 240 positions eliminated from FY10 - FY14

Expenditures

The budget shortfall during fiscal years 2010 to 2014 was resolved by eliminating over 240 positions reducing expenditures by \$12.1 million, salary savings from employee turnover of \$10.9 million, cost reductions of \$25.3 million and the removal of non-recurring costs of \$12.1 million. Even with the implementation of these cost saving measures totaling \$60.4 million, an additional \$4.5 million of fund balance was required to balance the Unrestricted Operating Budget from fiscal year 2010 through 2014. In fiscal year 2014, a total of \$5.6 million of fund balance was required to support ongoing operating expenditures.

Use of Fund Balance to Reconcile the Unrestricted Operating Budget

FY 2009 Budget	\$1,100,000
Increase Use of Fund Balance FY09 - FY14	\$4,500,000
FY 2014 Budget	\$5,600,000

Budget Development Process

The following budget strategies were central to the development of the fiscal year 2014 Operating Budget:

2014 Budget Strategies

- ❖ *Preserve the integrity of the instructional programs*
- ❖ *Maintain a competitive salary structure*

During the fiscal 2014 budget development cycle, budget managers were asked to examine their accounts in terms of inflation and non-discretionary cost increases.

Inflation and Non-Discretionary Cost Increase - Building the budget requires making assumptions about cost growth in areas of spending that are not directly tied to funding decisions regarding educational policies, collective bargaining commitments, or enrollment. These include transportation, facilities management, employee benefits, and contracted educational services. Each one of these areas has been examined and adjusted to reflect the variables that drive fixed costs. The factors considered include:

- Current year forecasted spending
- Inflation/cost of living
- Anticipated increases in the rate structure for medical insurance premiums
- Historical spending and growth rates for operations, transportation, and contracted services
- Utility cost increases – fuel for buildings and vehicles

Base Budget Adjustments - Budget managers were then asked to review current funding levels and, whenever possible, work to realign current dollars to meet changing program and service requirements. Base Budget Adjustments are simply a realignment of current funds with no additional financial impact. These adjustments are reflected throughout the document in the column entitled "FY 2014 Base Budget".

Salary/Wages –The Board of Education's Proposed Budget for fiscal year 2014, released in January 2013, included a salary/wage package increase of \$7.7 million for Harford County Public School employees. As a result of no step increases or Cost of Living Adjustments (COLA) for three of the past four years, it was the intent of the Board of Education to avoid falling further behind in regard to employee wages. However, new funding was not adequate to cover the proposed wage increase. **The proposed wage package was subsequently removed from the final budget approved by the Board of Education for fiscal year 2014.**

In following the logic of distinguishing changes by how they were approved in the budget, each program outlines the changes by the same categories:

- Base Budget Adjustments
- Wage/Benefit changes for Active and Retired Employees
- Cost of Doing Business

Expenditures

All Funds

Total expenditures by fund for Harford County Public Schools are summarized below. The combination of the Unrestricted Fund and Restricted Fund, generally referred to as the Current Expense Fund or Operating Budget, totals \$452.4 million for fiscal 2014. The Operating Budget will be discussed in greater detail in this section of the budget book. The Food Service Fund is a self-supporting special revenue fund. The Food Service Fund is \$15.6 million for fiscal 2014. Additional detail is provided in the Food Service section located in Tab 22 of this document. The Pension Fund is \$27.3 million which represents the State of Maryland's contribution to the teacher pension system. HCPS pension cost is included in the Unrestricted, Restricted, and Food Service Funds. More detail on the Pension Fund is provided in the Pension section located in Tab 25 of this document. Debt Service funds in the estimated amount of \$30.6 million are managed by the Harford County Government and additional detail is provided in Tab 23. The Capital Projects Fund totaling \$32.5 million includes primarily state and local government funding. The Capital Budget Summary is contained in Tab 24 near the end of this budget book.

Expenditures

Current Expense Fund (Unrestricted and Restricted Funds) – By Program

The Current Expense Fund is comprised of the Unrestricted Fund, usually referred to as the Operating Budget, and the Restricted Fund. Restricted Funds are primarily the state and federal government, which require the money be spent on specific programs. Hence, the term "restricted" is used to classify these programs. Unrestricted Fund expenditures for fiscal 2014 decreased \$5.4 million and Restricted Fund expenditures decreased by \$1.6 million in fiscal 2014. The total Current Expense Fund Budget for fiscal 2014 is \$452.4 million, a decrease of \$7.0 million or -1.5% from fiscal 2013. The fiscal 2014 Current Expense Fund is summarized below by program area:

Expenditures - Current Expense Fund

Expenditures

Salary and Benefits - The Board of Education's Proposed Budget for fiscal year 2014, released in January 2013, included a salary/wage package increase of \$7.7 million for Harford County Public School employees. The proposed wage package reflected the Board of Education's goal of maintaining a competitive salary structure within the market, especially with our neighboring counties. However, new funding was not adequate to cover the proposed wage increase. The proposed wage package was subsequently removed from the final budget approved by the Board of Education for fiscal year 2014. Even with the removal of the wage package, 112.6 positions were eliminated in order to redirect available funding to balance the fiscal year 2014 Unrestricted Budget.

With no step increase or Cost of Living Adjustments (COLA) funded in fiscal year 2014, maintaining a competitive salary structure within the market remains a primary concern. The following charts provides a comparison of the five year salary progression of a new teacher in the 2008 – 2009 school year and a teacher with ten years of experience in Harford County, Cecil County and Baltimore County, Maryland.

Teacher who began their career in the 2008 – 2009 school year...

	Harford	Cecil	Baltimore
1 st Year 2008-2009	\$41,171	\$41,674	\$42,000
2 nd Year 2009-2010	\$41,171	\$42,820	\$43,335
3 rd Year 2010-2011	\$41,171	\$44,290	\$43,985
4 th Year 2011-2012	\$41,171	\$45,732	\$44,755
5 th Year 2012-2013	\$42,829	\$46,603	\$45,538
6 th Year 2013-2014	\$42,829	\$48,893	\$46,211

Teacher with a Masters degree & 10 years experience in the 2008 – 2009 school year...

	Harford	Cecil	Baltimore
10 th Year 2008-2009	\$56,988	\$55,659	\$53,508
11 th Year 2009-2010	\$56,988	\$57,760	\$56,959
12 th Year 2010-2011	\$56,988	\$60,452	\$58,810
13 th Year 2011-2012	\$56,988	\$62,150	\$60,722
14 th Year 2012-2013	\$59,289	\$64,643	\$62,695
15 th Year 2013-2014	\$59,289	\$67,693	\$63,792

By law, the Board is required to negotiate with each of the five bargaining units in Harford County to establish salary, wages and other working conditions. The Board collaborated with the bargaining units to reach such an agreement. Employees and community members are directed to visit the Board's Collective Bargaining webpage page on the school system website (www.hcps.org) for updates and information regarding negotiations.

Expenditures

Rising Health & Dental Care Costs

Harford County Public Schools provides health and dental care coverage to 4,500 employees and 2,800 retirees. Like all businesses, especially labor intensive school districts, HCPS has experienced significant increases in the cost of providing health care benefits. **In the past ten years**, the cost of providing health care insurance to employees and retirees has risen from \$27 million in fiscal year 2003 to over \$65 million in fiscal 2013, **an increase of 137%**. During this same period the cost of providing dental care insurance to employees and retirees has risen from \$2.1 million in fiscal year 2003 to over \$3.9 million in fiscal 2013, **an increase of 94%**. For fiscal year 2014, health and dental care insurance rates increased by 3%. In total, \$3.8 million was added to the FY 2014 budget to fund the 3% rate increase for health/dental care and the projected cost associated with new enrollees/retirees.

Employee Pension - Prior to fiscal 2013 the State of Maryland funded all teacher pension contributions for the twenty four school districts. The State of Maryland addressed their ongoing structural deficit by sharing teacher pension costs with the counties. The cost sharing was structured over a four year implementation period beginning in fiscal 2013. For fiscal year 2014 the net pension increase to the Unrestricted Operating Budget for all employees totaled \$1.3 million. Harford County Government fully funded the pension increase.

Turnover Savings - Savings, due to the retirement of long tenured employees leaving the system and being replaced by entry level employees, totaled nearly \$2.9 million for fiscal year 2014. This savings was used to offset the \$3.8 million increase in health and dental insurance discussed above.

Cost of Doing Business - Cost of Doing Business adjustments for fiscal year 2014 total \$2,107,437 as detailed in the chart below:

Cost of Doing Business Adjustments

Line	Description	FTE	Total
CDB - Instructional/Special Education:			
1	Non- Public Placement		550,000
2	Reduce interscholastic supplies based on drop in gate receipts 2011-2012		(34,555)

22	Hardware maintenance contracts (wi-fi & network components)		34,400
23	Medical testing services for employees		8,791
Total - Operations/Administration		0.0	394,365
TOTAL		0.0	\$ 2,107,437

Expenditures

Cost Saving Measures - In order to balance the fiscal year 2014 Unrestricted Operating Budget, the HCPS Board of Education implemented cost saving measures totaling \$7.4 million. A total of 112.6 full time equivalent positions were eliminated at a savings of \$6.2 million. Transportation changes included adding four elementary schools to the fourth tier busing schedule, moving magnet program transportation to a depot stop system, consolidating bus stops for middle and high school students and removing transportation exemptions for approximately 1,045 students in the non-service area per HCPS transportation policy at a combined cost savings of \$890,000.

Cost Saving Measures Implemented

Line	Description	FTE	Total
Instructional/Special Education:			
1	Reduce professional staff development		(95,000)
2	Eliminate 15.0 inclusion helper positions	(15.0)	(412,515)
3	Eliminate 2.5 counseling positions	(2.5)	(151,148)
4	Eliminate 5.0 secondary clerical positions	(5.0)	(204,045)

Total - Operations/Administration		(5.3)	\$ (652,216)
TOTAL		(112.6)	\$ (7,357,448)

Expenditures

Restricted Fund Expenditures

The Board of Education is projecting \$27,697,222 in restricted funding for fiscal 2014. This is a decrease of 5.5% or \$1.6 million from fiscal 2013. Restricted funding will support 205.9 full time equivalent positions and numerous programs. The sources of these funds are primarily the federal and state government, which require the money to be spent on specific programs. Hence, the term "restricted" is used to classify these funds. Special Education or IDEA funding represents the largest portion of restricted funding. The table below summarizes restricted funding by major categories:

Restricted Fund Categories	FY 2013		FY 2014	
	Amount	FTEs	Amount	FTEs
American Recovery and Reinvestment Act (ARRA)	1,131,294	6.2	569,830	6.2
Career and Technology Programs	443,988	-	443,988	-
Master Plan/Bridge to Excellence	5,838,506	47.0	6,182,786	53.0
Special Education	19,424,059	154.2	19,496,294	144.2
Special Programs	2,464,566	2.5	1,004,324	2.5
Total	\$29,302,413	209.9	\$27,697,222	205.9

Fiscal 2014 will be the final year for the Race to the Top grant which is the only remaining ARRA funded grant. In fiscal 2010, the American Recovery and Reinvestment Act (ARRA) was passed with the goal of stimulating our economy in the short term and investing in education and other public services to ensure the long term health of our nation. ARRA had three primary sources of funding: IDEA ARRA, Title I, Part A ARRA and State Fiscal Stabilization Funds (SFSF). Most ARRA funding expired June, 2011.

Details for the Restricted Funds fiscal 2014 budget and individual grants are in the Restricted Section of this Budget Book, Tab 21.

Expenditures

Long Term Budgetary Issue Facing HCPS

**Structural Deficit – Ongoing expenditures exceed revenue;
Use of one time money to fund ongoing expenditures.**

During fiscal years 2010 through 2014, the system faced: increased operating costs of \$55.8 million and reduced revenue of \$9.1 million. The cumulative budget shortfall of \$64.9 million related to these revenue and expense changes. HCPS identified the following fiscal areas to offset the budget shortfall of \$64.9 million: system wide cost reductions totaling \$25.3 million, elimination of 217 positions for a saving of \$12.1 million and turnover savings of \$10.9 million, removal of non-recurring costs of \$12.1 million and an increased contribution from fund balance of \$4.5 million.

The use of fund balance to support ongoing operations peaked in fiscal year 2012 at \$8.5 million. The fiscal year 2014 budget reduces the use of fund balance to \$5.6 million. We are optimistic that improved economic conditions will allow for additional support from Harford County Government and eliminate the use of fund balance to support ongoing operations by fiscal year 2016.

Use of Fund Balance to Support Ongoing Expenditures by Fiscal Year

The long term structural deficit issue can only be addressed by:

- **Increase Revenues, and/or**
- **Permanent Reductions to Ongoing Expenditures**

Summary of Fiscal 2014 Unrestricted Operating Changes

The following table "Summary of Fiscal Year 2014 Unrestricted Operating Budget Changes" reflects expenditure changes by program. Changes are identified in the expenditure categories of: Wages & Benefits, Base Budget Adjustments and Cost of Doing Business.

Fiscal 2014 Unrestricted Operating Budget				\$424,737,271

Positions

The Harford County Public School System is the second largest employer in Harford County with 5,257.7 full time equivalent positions and numerous substitute and temporary positions. Compensation for salary and wages comprises the largest portion of the current expense fund. Fiscal 2014 is projected to be another challenging year economically.

Schools are Labor Intensive

Compensation related expenditures represent over \$353.7 million or 83.3% of the total fiscal 2014 Unrestricted Operating Budget, a typical pattern for a human capital-intensive enterprise such as a school system. These expenditures include all salary and wages, health and dental benefits, life insurance, retirement costs, social security, workers' compensation, and tuition reimbursement. Clearly, the operation of the public school system is an investment in human capital assets. In addition, and not reflected in the above numbers, is a contribution in the State Budget for retirement costs for certificated positions. The State of Maryland is projected to contribute \$27.3 million on behalf of Harford County Public Schools employees. If the pension contribution from the State is added into the totals, the compensation related expenditures would total \$381.0 million or 84.3%.

The following chart reflects the total percentage of wages and benefits of the Unrestricted Fund over a five year period:

Note for Chart 1: Wages represent the bottom section of each bar for each year and Benefits represents the top portion of the bar for each year. As an example, in the fiscal 2014 Budget, wages represent 59.42% of the total Unrestricted Fund expenditures and fringe benefits represent 23.86% for a total of 83.28% of the Unrestricted Fund Budget.

Positions

The following chart depicts the fiscal 2014 Budget portion of compensation and benefits versus other expenditures:

Unrestricted Fund - Breakout of Compensation, Benefits, and All Other Expenditures

All other expenditures represent transportation, utilities, instructional materials, supplies, equipments and textbooks costs.

Positions

Experience Levels and Turnover Issues among Faculty

As the budget adjustments are reviewed and priorities are set, the experience level and turnover of teachers should be noted. Many items included in this budget document pertain to addressing the needs for professional development for teachers, particularly for teachers who have been on the job for 5 years or less. Measures to recruit and retain teachers that will help increase student achievement are also included. The tenure of teachers and the continuing ability to recruit good teachers in a very competitive market make it necessary to address several issues within the budget in order to maintain a high quality workforce.

Positions

School System Employees

Most of Harford County's full and part-time employees – approximately 93% - work inside schools or provide direct service to its nearly 38,000 students. Of these school-based staff, greater than 60% are teachers.

With 5,258 staff and nearly 38,000 students, Harford County Public Schools is a large organization. However, the number of people who do not work in the schools or provide direct services to students is very small – only 7% of all full-time and part-time employees.

Positions

The following charts compare the percentage of instructional and non-instructional staff in surrounding counties. Harford County Public Schools has a higher percentage of instructional staff compared to these counties and therefore, a lower percentage of non-instructional staff. Instructional staff includes teachers, counselors, therapists, school administrators and school based paraprofessionals. Non-instructional staff includes central office leadership, secretarial staff, technicians, crafts and trades personnel, service workers and non-instructional aides.

Board of Education Summary

Vision

Harford County Public Schools will be a community of learners in which our public schools, families, public officials, businesses, community organizations, and other citizens work collaboratively to prepare all of our students to succeed academically and socially in a diverse, democratic, change-oriented, and global society.

Mission

The mission of the Harford County Public Schools is to promote excellence in instructional leadership and teaching and to provide facilities and instructional materials that support teaching and learning for the 21st century. The Harford County Board of Education will support this mission by fostering a climate for deliberate change and monitoring progress through measurable indicators.

Board of Education Goals

- **Goal 1:** To prepare every student for success in postsecondary education and a career.
- **Goal 2:** To encourage and monitor engagement between the school system and the community to support student achievement.
- **Goal 3:** To hire and support skilled staff who are committed to increasing student achievement.
- **Goal 4:** To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

Board of Education Objectives

- To inform the community about the school system's successes and challenges.
- To identify areas of strength and weakness and describe the ways in which we will address our needs and build on successes.
- To provide an opportunity to engage the Board in dialogue regarding the status of our schools.

PROGRAM COMPONENT ORGANIZATION

The Board of Education Program is comprised of the Board of Education Services, Internal Audit and In-house Counsel Services. The Board of Education provides the policy direction for Harford County Public Schools. The Board oversees the operations of the school system. The Internal Auditor and Legal Counsel Offices work with the Board of Education in an advisory capacity.

Board of Education Services

Program Overview

Policy making for the Harford County Public Schools is vested in the Harford County Board of Education. Senate Bill 629 enacted by the 2009 Maryland General Assembly, and effective July 1, 2009, provides for a nine member board of education in Harford County. Six of the members are to be elected (three in the 2010 General Election and three in the 2014 General Election) and three of the members are appointed by the Governor (two appointed in 2010 and one in 2014). Each Board member serves a term of four years. Board members may not serve for more than two consecutive terms. This legislation also authorized the position of a nonvoting student member who is to be elected by the students of the Harford County Public Schools system in a manner specified by the Board.

Members of the Board do not receive salary or compensation, but receive an allowance of \$300 monthly for travel and other expenses related to the performance of their duties.

The Education Article of the Annotated Code of Maryland defines specific statutory powers of the Board of Education which include, but are not limited to, the following:

- Determine, with the Superintendent's advice, educational policies.
- Appoint principals, teachers and other personnel and set their salaries.
- Prepare an annual Operating and Capital budget.
- Establish at least one citizen advisory committee.
- Adopt curriculum guides, course of study and other teaching aids recommended by the Superintendent.
- Acquire, rent, repair, improve and build school buildings.
- Purchase and distribute instructional materials and equipment.
- Provide for an annual audit, and
- Determine student attendance areas.

FY 2014 Funding Adjustments

The changes to Board of Education Services for fiscal 2014 are:

Wage Adjustments of \$2,136:

- Realign salary budget with actual expenditures, \$2,136.

Base Budget Adjustments net change, (\$10,200):

- The following accounts were adjusted based on program needs:
 - Reduction in consulting expense – (\$6,800)
 - Reduction in books and periodicals – (\$400)
 - Reduction in miscellaneous expenses – (3,000)

(Offset for the reduction is in Executive Administration and Human Resources)

Cost Saving Measures of (\$15,000):

- Reduce Institutes, Conferences and Meetings expense, (\$15,000).

The decrease in expenditures from the fiscal 2013 budget for the Board of Education is (\$23,064).

Internal Audit

Program Overview

The Internal Audit Office assists the Board and the Superintendent with managing risks, including financial, operating, and other business risks, by measuring and evaluating the effectiveness of financial and managerial controls and recommending enhancements or corrective actions as needed.

The primary focus of the Internal Audit Office is school activity funds and procurement card transactions. The development and utilization of a risk assessment tool has assisted in determining the schools and departments that are "riskiest" and require the most attention. The risk assessment tool takes into account the following:

- Management's competence, attitude, pressure level and awareness of the activity;
- The potential exposure as determined by the average cash balance, the volume of transactions, and the quality of the audit trail;
- The integrity of the financial reports and the ability to meet reporting requirements; and,
- Any changes in key personnel or a rapid growth or decline of resources.

Accomplishments – FY 2012

- Completed 19 school activity fund audits for the period July 1, 2010 – June 30, 2011 as determined by risk assessment results and rotational audit scheduling;
- Completed 33 school activity fund compliance reviews for the period July 1, 2010 – June 30, 2011; and,
- Performed 24 school/departamental procurement card audits for the period July 1, 2010 – June 30, 2011 as determined by risk assessment results and rotational audit scheduling.

Goals – FY 2014

The goals of the Internal Audit Office are:

- Assist the Board of Education by serving as an independent appraisal function;
- Ensure adherence to all applicable laws and regulations, as well as Board Policies, Administrative Procedures, and current practices;
- Increase the effectiveness and efficiency of the Internal Audit Office; and,
- Promote the implementation of strong internal controls.

Objectives – FY 2014

The objectives of the Internal Audit Office are:

- Perform 26 comprehensive school audits (to include school activity funds and procurement card transactions); and,
- Perform an audit of procurement card transactions for each department for at least one of the quarters of the fiscal year.

FY 2014 Funding Adjustments

The changes for FY 2014 include:

Wage Adjustments of (\$1,921):

- Realign salary budget with actual expenditures, (\$1,921).

Base Budget Adjustments net change, \$0:

- The following accounts were adjusted based on program needs:
 - Reduction in Other Salaries - (\$30)
 - Reduction in postage/courier expense – (\$100)
 - Reduction in professional library – (\$200)
 - Increase in mileage reimbursement - \$150
 - Increase in institutes, conferences & meetings - \$180

The decrease in expenditures from the fiscal 2013 budget for Internal Audit is (\$1,921).

Legal Counsel

Program Overview

The Legal Counsel Office provides legal services to the Board of Education, Superintendent of Schools, and administrative staff. These duties include:

- Review and interpretation of existing legislation.
- Review and interpretation of judicial decisions affecting education.
- Provision of legal advice regarding specific cases and/or matters.
- Representation in formal cases involving student, employee, contracts and other matters.
- Providing advice regarding and formulating board policy.
- Providing advice and representation in special education cases or special education matters.
- Preparation of opinion letters for the Board and Superintendent.
- Responding to Maryland Public Information Requests.
- Attendance at and provision of legal advice to various board committees and/or subcommittees.
- Providing oversight and supervision to the Governmental Relations Office.
- Serving as liaison to the Board's Ethics Panel.
- Providing oversight regarding charter school legal matters.

Goals - FY 2014

- Provide effective and timely legal advice to the Board; the Superintendent and school system staff.
- Provide timely and effective legal representation in matters which are pending before administrative agencies or courts involving special education, employment matters, and general litigation involving the Board.
- Provide timely updates regarding the effect and/or impact of new legislation and/or judicial cases involving education issues.
- Provide effective and timely legal advice to the Ethics Panel in matters involving legal issues unrelated to the Board; providing administrative services, e.g. arranging for Panel meetings; collecting financial disclosure reports from administrative and supervisory personnel on a yearly basis; meeting with the Chairman regarding issues or concerns or a specific matter.
- Provide effective, high quality staff development presentations regarding legal topics.
- Provide effective policy drafting; analysis and development.
- Provide effective direction, guidance and representation to the Department of Special Education.
- Provide effective direction and guidance to the Governmental Relations Office.

FY 2014 Funding Adjustments

The changes for FY 2014 include:

Wage Adjustments of (\$4,195):

- Realign salary budget based on actual expenditures, (\$4,195).

The decrease in expenditures from the fiscal 2013 budget for Legal Services is (\$4,195).

Fiscal Services

Program Overview

Fiscal Services encompasses the Offices of the Assistant Superintendent, Budget, Risk Management, and the Finance Departments. Staff in the office facilitate the implementation of the financial, purchasing, and human resource integrated information management system and serve as the liaison to the software vendor.

The Office of the Assistant Superintendent is responsible for the overall management and guidance of Business Services and its employees. Preparation of quarterly financial reports and the Comprehensive Annual Financial Report are completed by the Assistant Superintendent. Founding member and participant in the MABE OPEB Investment Trust, a unique pooling arrangement for Maryland school districts to reduce implementation and administrative costs, by pooling monies designated for their OPEB liabilities.

The Budget Office is responsible for the compilation of data and records in the preparation of an annual budget. In addition, the Office reviews and analyzes financial data and projections to determine requested funding for future periods, staffing requirements, requests, and allocations, school financial reports, and budgetary estimates versus actual expenditures & revenues. The Budget Office is also responsible for the administration of the 403b and 457 deferred compensation plans.

Risk Management manages the various property and casualty insurance programs within the school system. The Risk Management Department administers and processes claims filed against HCPS. This includes Workers' Compensation, liability, property and automobile liability. In addition, Risk Management focuses on preventing losses through training, historical loss analysis, hazard identification, risk assessment, risk avoidance and risk transfer. Providing a safe environment for students, staff, and system visitors is the purpose of risk management, which works closely with school administrators and central office staff to mitigate our exposure to claims arising from accident or injury.

The Finance Department prepares all financial reports, manages all audits, performs accounting for all funds, manages grant accounting, receives and disburses payments, invests cash, oversees banking relations, and processes over 6,300 payments through the payroll system for regular, substitute and per diem employees each payday.

Accomplishments – FY 2012

- Received national recognition by receiving the GFOA Budget Presentation Award for the 10th year.
- Received national recognition by receiving the GFOA Achievement for Excellence in Finance reporting award for the 6th year.
- Improved the school district's efficiency and reduced operating costs through refinancing the energy performance contracts and the administration building for a savings of \$1,500,000; a unique clause in the office copier contract and lower utilization of copy machines netted a \$19,000 refund; and a proactive trash removal contract reduced annual costs by \$100,000 each year for the next six years. (Board Goal 4)
- Obtained a premium reduction of \$139,321 through the MABE Risk Management Incentive Program. (Board Goal 4)
- Increased quantity and quality of school peril safety inspections with an average score of 93%. (Board Goal 4)
- Evaluated and began implementation of a budget module compatible with Lawson Financial systems; completed the first upgrade to the Lawson Software package. (Board Goal 4)

Goals – FY 2014

- Develop comprehensive financial, budget, and risk management policies and procedures in keeping with best and recommended practices. (Board Goal 4)
- Provide professional development opportunities for staff at all levels. (Board Goal 3)

Objectives – FY 2014

- Seize opportunities to improve the school district's efficiency and reduce operating costs. (Board Goal 4)
- Continue to receive national awards for the Budget and Comprehensive Annual Financial Report.
- Complete implementation and adoption of the Lawson Budget Module. (Board Goal 4)
- Begin implementation of the next upgrade to the Lawson Financial Software. (Board Goal 4)
- Utilize electronic student accident reporting. (Board Goal 4)
- Expand the use of the SmartFindExpress (SFE) system to automate teacher and substitute attendance to all schools in Harford County. (Board Goal 4)

Fiscal Services

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of \$1,092,936:

- Increase in Retirement expense - Teacher's Plan, \$1,479,361;
- Reduction in Social Security due to positions eliminations, (\$202,755);
- Reduction in Retirement expenses – Other, (\$175,828); and,
- Reduction in Workers Compensation Insurance, (\$7,842).

Base Budget Adjustments of \$232,435:

- Reversal of one time transfer of funds to Dental Insurance, \$300,000;
- Increase in Interest on Administration Building Lease, \$21,600;
- Increase in Certifications, \$3,200;
- Increase in Other Contracted Services, \$2,500;
- Increase in Computers/Business Equipment, \$1,000;
- Increase in Clerical Overtime, \$700;
- Increase in Office Furniture, \$500;
- Increase in Books, Subscriptions and Periodicals, \$300;
- Increase in Postage/Courier Service, \$50;
- Reduction in Workers Compensation Insurance, (\$50,000);
- Reduction in Consulting Expense, (\$27,100);
- Reduction in Property Insurance, (\$17,565);

Purchasing

PURPOSE

The Purchasing Department consists of the Purchasing Office, the Distribution Center and Procurement Card Administration. This is a centralized procurement operation that transacts the acquisition of supplies and equipment, acquisition of services for the district, logistical support for items maintained in inventory and the operational administration of the P-Card program.

The mission of the Purchasing Department of Harford County Public Schools is to provide professional value-added strategic sourcing procurement and material management services, using effective, innovative processes that result in continuous customer satisfaction, while maintaining public trust with the assurance that each dollar expended will be used in the most efficient manner.

The Distribution Center receives, ships, and stores materials for the school system. It also provides a daily courier delivery service to all of the schools.

The HCPS Visa credit card program (P-Card) is administered in the Purchasing Office. It provides a more efficient and cost effective method for routine purchases and payments by reducing paperwork, streamlining the purchasing cycle and expediting the receipt of goods ordered. This program also generates rebates back to HCPS based on spending volume. In FY 2012, the rebate totaled \$117,744, an increase of \$9,903 over the prior year.

Purchasing Department commitment to our customers Service.....Savings.....Satisfaction

Accomplishments – FY 2012

- Spend analysis was done and resulted in identifying areas where contracts were needed, and created.
- The Standard Operating Procedure manual was completed, and the Purchasing Manual was revised.
- Two contracts were reworked resulting in a savings of over \$125,000.

Goals – FY 2014

- To continue to identify areas where contracts are needed, and create those contracts in order to yield savings.
- To not let the efficiency or effectiveness of the department diminish due to the loss of two positions.

Objectives – FY 2014

- Continue to stress customer service to our staff and ensure we provide that to our end users.
- Continue to examine the Standard Operating Procedure manual and adjust it as necessary to standardize our process and use as a tool for new employees and end users.
- To try to keep all of our Purchasing Agent's professional certifications current by supporting professional development.

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of (\$23,953):

- Salary and wage adjustments, (\$23,953).

Base Budget Adjustments net change \$0:

- Increase in Other Contracted Services, \$1,412;
- Increase in Other Supplies, \$1,000;
- Increase in Printing Expense, \$800;
- Reduction in Office Supplies, (\$1,632);
- Reduction in Computer/Business Equipment, (\$500);
- Reduction in Other Equipment, (\$405);
- Reduction in Mileage Reimbursement, (\$300);
- Reduction in Copier/Machine Rental, (\$200);

Curriculum and Instruction Summary

Program Overview

The Division of Curriculum and Instruction is comprised of instructional supervisory offices representing: art education, business education, family and consumer sciences, foreign language, gifted education, health, language arts, library media, mathematics, music, physical education, science, social studies, and technology education.

In addition to the instructional offices, Professional Development and the Office of Accountability comprise the Curriculum and Instruction area of Harford County Public Schools. The Intervention Coordinator and Coordinator of School Improvement provide assistance and support for the development, implementation, and evaluation of system wide interventions and school improvement initiatives.

The Division of Curriculum and Instruction provides support and assistance for all instructionally related aspects of the educational program offered by Harford County Public Schools. The division and all of the instructional supervisors and coordinators within the division provide direct assistance and leadership in the development, implementation, evaluation, and coordination of curriculum and instruction, Pre-K through Grade 12.

Curriculum Development and Implementation

The primary functions of this division include the on-going development and implementation of curriculum at all grade levels and for all courses of study aligned with national, state, and local mandates, as well as direct support for continued instructional improvement.

Program Overview-Art

The Office of Art provides well-articulated and comprehensive art and dance education programs of study that are aligned with state and national standards related to: perceiving, performing, and responding-aesthetic education; historical, cultural, and social contexts; creative expression and production; and aesthetics and criticism.

Accomplishments – FY 2012

- Showcased student art work in two state exhibits, three local exhibits, several local publications and showcased student dance performances in three high schools. (Board Goals 1 and 2)
 - Provided three half-day professional development sessions for ninety-two art and dance teachers and sent seven high school art teachers to Advanced Placement training. (Board Goal 3)
 - Refined the common course syllabi for three AP Art Studio Art courses. (Board Goal 1)
 - Purchased equipment and instructional materials for art and dance programs in all elementary, middle and high schools. (Board Goal 1)
 - Collaborated with Human Resources to recruit and hire five new art teachers. (Board Goal 3)
-

Program Overview – Accelerated Learning Programs

The Office of Accelerated Learning coordinates the elementary gifted and talented programs and oversees the implementation of the high school Advanced Placement, SAT, and PSAT testing and preparation programs.

Accomplishments – FY2012

- Expanded SAT and PSAT preparatory courses to additional high schools which included access to SAT online course from College Board as well as summer, Saturday and after school tutoring sessions. (Board Goal 1)
 - Coordinated professional development for over 200 AP teachers. (Board Goal 3)
 - Harford County Public Schools realized a 20 percent increase in participation in Advanced Placement (AP) assessments from 1,525 students in 2011 to 1,824 students in 2012. Total enrollment in AP courses in 2012 was 4,591, a 12 percent jump from the previous year, with many students taking multiple AP courses. AP exams were administered in all high schools, and the number of AP exams administered rose from 2,319 in 2011 to 2,946 in 2012, at total increase of 27 percent.
-

Program Overview – Business

The Office of Business Education provides a program of study to focus on financial services (Academy of Finance), accounting, marketing, business management, business administrative support services, and computer programming. These programs include options for students to earn industry certifications and college credit toward advanced study in the career field.

Accomplishments – FY 2012

- Partnered with APGFCU to train Academy of Finance students to open and operate HCPS's first student-run credit union at Edgewood High School. (Board Goals 1 and 2)
- Served on MSDE's committee (Business Education State Advisory Group) to revamp the Business Education Business, Management and Finance Career Cluster and Pathways. Presented the new program to General Curriculum Committee and began to make plans for the implementation with HCPS teachers to increase the rigor and value added to business courses. North Harford High School began piloting two HCC online courses. (Board Goal 1)
- Observed and evaluated teachers with principals and Instructional Facilitators for six of the nine comprehensive high schools. (Board Goal 3)
- Provided high school leadership for the after school clubs of FBLA (Future Business Leaders of America) and DECA (Distributive Education Clubs of America). Students participated in local, state, and national competitions with Bel Air High School (DECA) and North Harford High School (FBLA) having state winners. (Board Goal 1)

Curriculum Development and Implementation

Program Overview – Early Childhood (Prekindergarten and Kindergarten)

The overall goal of Early Childhood is to provide the foundational skills for young children which will enable them to become successful in school. Whether the child's first experience is prekindergarten or kindergarten, children should experience a positive, supportive environment to begin their educational career.

The purpose for prekindergarten is to prepare at-risk children for kindergarten. Through a structured educational program that consists of instruction in language arts and mathematics, theme-related project work, self-directed activities in learning centers, literature and outdoor play, children acquire the work habits, academic knowledge and social skills needed for kindergarten readiness.

Kindergarten is a highly structured academic setting for children to begin formal education. The full day program includes all academic subjects such as language arts, mathematics, science and social studies, as well as special area subjects of art, music, media center, and physical education. Children enter school and are assessed throughout the year to monitor growth and skills to be ready for first grade. A variety of resources are available to kindergarten children from intervention to enrichment to meet the child's needs throughout the year.

The Office of Early Childhood also performs testing for children applying for early entrance to kindergarten and advanced placement to first grade. In the past year the number of children tested was approximately 43.

Accomplishments – FY 2011-2012

- Secured state Maryland Model for School Readiness (MMSR) grant and provided seven days of professional development to approximately forty early childhood and special education teachers for MMSR for state data collection. (Board Goal 2)
- Provided professional development to a variety of staff, approximately 250, (teachers, reading specialists) in a variety of venues (conference style, group, and individual) on various topics (literacy, technology, math, assessment) numerous times throughout the year. (Board Goal 2)
- Provided professional development for all lead elementary secretaries and Pupil Personnel Workers on the prekindergarten application process and early entrance guidelines and testing. (Board Goal 2)

Program Overview-English

The Office of English/Language Arts implements a comprehensive program of study for students in grades 1-12 in the broad disciplines comprising the literacy/language arts (reading, writing, listening, and speaking) by monitoring national and state developments, evaluating instructional trends, and making recommendations regarding content and pedagogical practices. The Office is responsible for communicating information regarding language arts education to the stakeholders of the Harford County Public Schools, including parents, the Board of Education, the Superintendent and Leadership, Central Office and School-Based Administrators, teachers, and students.

Accomplishments – FY 2012

- Piloted a new intervention program (Leveled Literacy Intervention) in grades 1 and 2. (Board Goal 1)
- Revised and implemented quarterly benchmark assessments for all students grades in 1-12. (Board Goal 1)
- Provided professional development for 125 middle school language arts teachers and 120 high school English teachers on close reading and best instructional practices in November and January. (Board Goal 3)
- Uploaded all reading data to Performance Matters Assessment System in order to keep teachers and parents informed about student achievement in reading. (Board Goal 2)
- Conducted quarterly secondary English department chair meetings in order to continue content validation and professional development. (Board Goal 3)
- Conducted quarterly elementary reading specialist meetings in order to provide training on transitioning to the Common Core. (Board Goal 3)
- Observed all secondary non-tenured English/Language Arts teachers. (Board Goals 1 & 3)
- Conducted candidate interviews for prospective hires for English/Language Arts positions. (Board Goal 3)
- Trained and mentored Model Department Chairs for English in order to support content validation and the instructional observation process. (Board Goal 1)
- Reviewed new assessments for reading and collaborated with the Office of Accountability to pilot the online SRI assessment in 23 schools. (Board Goal 1)
- Revised the elementary unit for opinion writing for grades 1-5. (Board Goal 1)
- Created novel units for middle and high school curriculum. (Board Goal 1)

Curriculum Development and Implementation

Program Overview-Family and Consumer Sciences

The Office of Family and Consumer Sciences (FACS) provides a well-articulated and comprehensive family and consumer sciences program of study that is aligned with state and national standards related to: reasoning about family, community and career concerns; concerns related to family life and human development, resource concerns of individuals, families and society; food and nutrition concerns of individuals, families and society; textile and apparel concerns of individuals, families and society; and housing concerns of individuals, families and society.

Accomplishments – FY 2012

- Sent a group of teachers to state Teacher Academy of Maryland (TAM) training, ProStart training, and Family Economics and Financial Education training. (Board Goal 3)
 - Provided professional development for 48 teachers of Family Life Education in grades 5-12. (Board Goal 3)
 - Purchased equipment and instructional materials for FACS programs all middle and high schools. (Board Goal 1)
 - Collaborated with Human Resources to recruit and hire new family and consumer science teachers. (Board Goal 3)
 - Collaborated with TIC Gums and Cornell University to develop a Food Science program to be offered to 11th grade students in FY 2013. (Board Goal 1)
-

Program Overview – Health Education

The Office of Health Education assists the Board of Education and the Superintendent with the implementation of a comprehensive health education program in mental and emotional health, alcohol, tobacco and other drugs, personal and consumer health, family life and human sexuality, safety and injury prevention, nutrition and fitness, and disease prevention and control.

Accomplishments – FY 20112

- Provided professional development on the new Bloom's Taxonomy, 21st Century Learners and Universal Design to increase the rigor of instruction.
 - Continue to provide Countywide assessments including unit assessments for every grade and elective courses.
 - Continue to provide partnership with the Health Department with the implementation of the Community Transformation Grant.
 - Continue to provide partnerships with Office of Drug Control, Healthy Harford, SARC, and Health Department that provides resources and communication between agencies.
 - Continue to use the CFIP process utilizing Performance Matters, as a tool for reflection and instructional planning for all health educators.
-

Program Overview – Mathematics

The Office of Mathematics provides a well-articulated and comprehensive program of mathematics study that is aligned with state and national standards. The Office is responsible for communicating information regarding mathematics education to the stakeholders of the Harford County Public Schools, including parents, the Board of Education, the Superintendent and Leadership, Central Office and School-based Administrators, teachers, and students.

Accomplishments – FY 2011

- Revised, published, and implemented unit assessments for Grades 1-5. (Board Goal 1)
- Developed, published, and implemented mid-year and end-of-year benchmark assessments for Math 6, Math 7, Math 8, Integrated Algebra IB, Introduction to Algebra, Algebra II Applied Geometry, Integrated Geometry, Algebra II, Trigonometry, and PreCalculus. (Board Goal 1)
- Revised, published, and implemented unit, mid-year and end-of year benchmark assessments for Pre-Transition Mathematics, Mathematics 6, Transition Mathematics, Ramp Up to Algebra, Introduction to Algebra, Algebra I, Integrated Geometry, Algebra II, Trigonometry, and Precalculus. (Board Goal 1)
- Conducted AP Calculus and AP Statistics simulations for over 250 high school student. (Board Goal. 1 & 3)
- Increased mathematics achievement as measured by MSA, HSA, SAT, and AP standardized assessments. (Board Goal 1)

Curriculum Development and Implementation

- Implemented SMI (Scholastic Mathematics Inventory) assessments to monitor student growth in grades 2-8. (Board Goal 1)
 - Conducted professional development on Common Core State Standards of Mathematics for Grades 1-12. (Board Goal 1)
 - Provided professional development to newly hired and special education teachers of mathematics. (Board Goal 3)
 - Hosted STEM and Beyond Nights at three regional locales. (Board Goal 2)
 - Implemented a new high school course in Statistics. (Board Goal 1)
 - Collaborated with Harford Community College to implement a Differential Equations course. (Board Goals 1 and 2)
 - Collaborate with Office of Grants to acquire funding and implement STEM and DoDEA grants. (Board Goals 1 and 2)
 - Provided access to digital copies of grade level mathematics resources for the parents of every elementary student. (Board Goals 1 and 2)
-

Program Overview – Music

The Office of Music assists the Board of Education and the Superintendent with the implementation of a comprehensive program of study in music which includes General, Choral, Instrumental Band and Instrumental Strings at the elementary, middle and high school levels. The music program is developing a system wide program in Music Technology which is presently in Bel Air, Edgewood, Fallston, and Patterson Mill High Schools. For the 2012 – 2013 school year, Havre de Grace and Aberdeen High Schools have joined the Music Technology group.

Accomplishments – FY 2012

- Offered a complete array of musical opportunities to include All County Band, Orchestra and Chorus at the high school levels.
 - Offered All County Jazz Ensemble and Jazz Choir at the high school level.
 - Offered County Solo and Ensemble opportunities to grades 6-12 for all music students who wish to participate.
-

Program Overview – Physical Education - Elementary and Middle

The Office of Physical Education assists the Board of Education and the Superintendent with the implementation of a comprehensive and rigorous course of study in motor skills and patterns, development of health enhancing fitness, and an understanding of movement concepts, principles, strategies and tactics.

Accomplishments – FY 2012

- Professional development focus was on every student response strategies utilizing the book Total Participation Techniques by Himmele and Himmele which was purchased for every school. The focus was to improve closure and data collection to drive instruction.
 - Implemented Fitnessgram 9.0 with teacher and student reflection, parent reports sent home and data shared with Health Department.
 - Updated one unit within each curriculum guide to model the new expectations for instruction.
 - Implemented the use of a teacher expectation sheet to clearly articulate best practices and expectations.
 - Established the expectation and application of teacher data binders.
 - Provided professional development on the new Bloom's Taxonomy and Universal Design to increase the rigor of instruction.
 - Provided technology help sessions and volunteer meetings to assist teachers with the development of their technology skills and application.
-

Program Overview – Physical Education - High

The Office of Physical Education assists the Board of Education and the Superintendent with the implementation of a comprehensive and rigorous course of study in motor skills and patterns, development of health enhancing fitness, and an understanding of movement concepts, principles, strategies and tactics.

Accomplishments – FY 2012

- Updated all teachers on Fitnessgram.
- Provided funding so all high schools has the use of Flex Bands in all Physical Education classes.

Curriculum Development and Implementation

- Provided professional development in the areas of technology and current fitness trends in Physical Education classes.
 - Reviewed and revised county wide final exams.
 - Finalized county wide quarterly assessments for all Physical Education classes.
 - Interviewed prospective physical education candidates and assisted in their hiring and retention.
 - Assisted in ensuring that all high schools have safe and proper equipment to provide quality instruction to their students.
-

Program Overview – Science

The Office of Science assists the Board of Education and the Superintendent with the implementation of a comprehensive program of study for students in the broad disciplines comprising the natural sciences (Earth Science, Biology, Chemistry, Environmental Science, and Physics) by monitoring national and state developments, evaluating instructional trends, and making recommendations regarding content and pedagogical practices. The Office of Science also manages the Harford Glen Environmental Education Center and planetariums located at Aberdeen High School, Bel Air Middle School, and Southampton Middle School.

Accomplishments – FY 2012

- Instituted end of unit assessments for grades six through eight and high school biology. (Board Goal 1)
 - Implemented two articulation events to enhance communication between teachers of science in all elementary, middle, and high schools. (Board Goals 1, 3)
 - Implemented system-wide, a STEM-centered unit at each elementary grade level, otherwise known as Engineering is Elementary. (Board Goal 1)
 - Increased the number of participants in the Science Academy professional development program for elementary and middle school science teachers. (Board Goals 1, 3)
 - Facilitated STEM focused connections between HCPS, Harford Community College, and Aberdeen Proving Ground through teacher professional development. (Board Goals 1, 2)
 - Developed a plan to serve all fifth grade students in the Harford Glen Environmental Education Center residential program. (Board Goal 1)
 - Developed a plan to enhance the high school science sequence to afford greater student choice and access to science coursework. (Board Goal 1)
-

Program Overview – Social Studies

The Office of Social Studies assists the Board and the Superintendent with the implementation of a comprehensive program of study for students in the broad disciplines comprising the social sciences (Economics, Geography, History, Political Science, Psychology, Sociology) by monitoring national and state developments, evaluating instructional trends, and making recommendations regarding content and pedagogical practices. Additionally, the Supervisor of Social Studies oversees the Student Government Association (SGA) and the Student Page selection process.

Accomplishments – FY 2012

- Teachers of Social Studies participated in system provided professional development in summer 2012. (Board Goal 3)
- Revised curriculum guide for Grade 3 Study of Harford County. (Board Goal 1)
- Created and implemented Pre-Post Assessments for Grades 3-8. (Board Goal 1)
- Developed and conducted Standard Setting for Mid-Course and End-of-Course assessments in Government (Grade 9), World History (Grade 10), and United States History (Grade 11). (Board Goal 1)
- Implemented Benchmark Assessments in Grades 6-11. (Board Goal 1)
- Selected students to represent Harford County as Student Pages during the annual General Assembly session. (Board Goal 1 and Board Goal 2)
- Three high schools participated in the State Mock Trial competition. (Board Goal 1 and Board Goal 2)
- Collaborated with the League of Women Voters, Korean War Veterans, and Daughters of the American Revolution on teacher and student sponsored contests. (Board Goal 2)
- Sponsored teacher who won the Gilder Lehrman American History State Teacher of the Year. (Board Goal 2)
- Conducted candidate interviews and hired new Social Studies teachers for Middle and High School. (Board Goal 3)

Curriculum Development and Implementation

- Completed teacher observations and participated in teacher evaluation conferences for non-tenured and teachers on a plan of assistance. (Board Goal 3)
 - Conducted student interviews in support of the International Baccalaureate program at Edgewood High School. (Board Goal 1)
 - Provided comprehensive professional development for Middle and High School Department Chairs in support of the Department Chair Initiative. (Board Goal 3)
-

Program Overview – Technology Education

The Office of Technology Education (better known as TechEd) has evolved from a study of industry and industrial practices (Industrial Arts) to the study of the fundamental nature and influence of technology. It is an integrated, experienced-based instructional program designed to focus on technology's evolution, systems, uses, and social and cultural significance. It results in the application of mathematics and science concepts to solve practical problems and extend human capabilities. In addition, selected middle schools and selected high schools have a pre-engineering Project Lead the Way Program to prepare students for further education and careers in engineering and engineering technology.

Accomplishments – FY 2012

- Provided the leadership to equip HCPS TechEd departments with staff development and equipment to have all high schools ready to pilot the new online MSDE FoT3 (Foundations of Technology) course and its Student Growth Assessments for the 2012-2013 school year. (Board Goal 1)
 - Supervised the preparations needed to implement a high school program of engineering for C. Milton Wright High School and Aberdeen High School. (Board Goal 1)
 - Provided the leadership to add Edgewood Middle School to the Project Lead the Way/Gateway to Technology pre-engineering program. Worked with the current principals of Southampton Middle School, Havre de Grace Middle School, and Edgewood Middle School to ensure all materials were ordered and teachers were following the curriculum. (Board Goal 1)
 - Collaborated with Human Resources, MSDE, TechEd supervisors, and TechEd universities to recruit and hire TechEd teachers for HCPS. (Board Goal 3)
 - Observed, evaluated, and collaborated with principals on 10 TechEd teachers who were either provisional or on a Plan of Assistance. (Board Goal 3)
-

Program Overview – World Languages

The Office of World Languages assists the Superintendent and the Board of Education in offering a comprehensive French, German and Spanish World Language Program at the high school level, as well as a sequential French, German, and/or Spanish program offering at three middle schools, Introduction to French and Introduction to Spanish at one middle school, and a Foreign Language Exploratory (FLEX) program at five middle schools.

Accomplishments – FY 2012

- 56% of all high school students were enrolled in a World Language course of study. (Board Goal 1)
- The HCPS World Languages Task Force conducted a comprehensive study of the program and made recommendations for changes which are needed in order to provide the most appropriate world language instruction and learning opportunities for students. (Board Goals 1 and 2)
- World Language teachers participated in Advanced Placement Summer Institutes. (Board Goal 3)
- One of our World Language teachers participated in the development of MSDE's STEM curriculum modules in Arabic, Chinese, and Spanish. (Board Goal 3)

Curriculum Development and Implementation

Goals - FY 2014

The Harford County Public School System recognizes the importance of assuring that every student has optimal opportunity to demonstrate successful mastery of the essential learning outcomes as assessed through an array of local, state and national accountability measures. Approximately 250 curriculum guides and resources are the primary tools to support an educational program that:

- Is designed to meet the unique learning needs of all students.
- Is appropriately diversified across disciplines and subject areas.
- Is performance-based, focusing on what students should know and be able to accomplish.
- Is relevant, authentic, and judged against high standards.
- Is aligned with national, state, and local education goals.
- Embodies the common principles of teaching and learning.
- Is rigorous, relevant, and promotes and builds student success.

Objectives – FY 2014

Curriculum Implementation

Content supervisors utilize countywide professional development days, department chairperson meetings, school-based content professional learning communities, and summer sessions to train teachers regarding the implementation and evaluation of all curricular materials.

FY 2014 Funding Adjustments

The changes to Curriculum & Instruction for fiscal 2014 include:

Wage Adjustments of (\$32,854):

- Realign salary budget based on actual expenditures, (\$32,854).

Base Budget Adjustments net change, \$1,000:

- The following accounts were adjusted based on program needs:
 - Reversal of fiscal 2013 transfer to advanced placement - \$11,000.
 - Transfer other salaries expense to Office of Accountability - (\$10,000)

(Offset for the increase is in Gifted and Talented and the Office of Accountability)

Cost Saving Measures of \$77,388:

- Reduction in professional development, (\$20,736);
- Addition of the Executive Director of Curriculum and Instruction which is offset by the elimination of the Associate Superintendent of Curriculum (in Executive Administration section), \$125,428; and,
- Elimination of a .25 FTE Coordinator of Intervention, (\$27,304).

The increase in expenditures from the fiscal 2013 budget for Curriculum and Instruction is \$45,534.

Office of Accountability

Program Overview

The Office of Accountability ensures that valid, reliable, and useful information about student and school performance is made available to a variety of decision-makers in a timely way.

Accomplishments – FY 2012

- Serve as liaison with all staff in accessing Performance Matters, the student instructional database management system.
- Performing statistical analyses to determine the reliability of system-constructed assessments.
- Purchasing and distributing materials and providing scoring services for system wide national and locally-developed assessments of school readiness skills, reading, mathematics, science, social studies, English Learners (EL) at all (Pre-Kindergarten - 12) grade levels.
- Providing technical assistance for the design, production, scoring, and analyses of selected school system information-gathering activities.
- Providing technical support in the evaluation of school system initiatives including Science, Technology, English and Mathematics (STEM) and other grant-supported projects.
- Facilitating administration of computer-delivered state assessments at selected grade levels for state-mandated assessments (MSA Science and HSA) consistent with Maryland state Department of Education (MSDE) requirements and guidelines.
- Facilitating administration of locally-determined computer-adaptive assessments in reading and mathematics.
- Designing and piloting a model for tracking student college and career readiness across the grades.

Goals – FY 2014

1. To prepare every student for success in postsecondary education and a career.
2. To encourage and monitor engagement between the school system and the community to support student achievement.
3. To hire and support skilled staff who are committed to increasing student achievement.
4. To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

Objectives – FY 2014

In support of Goal 1

- a. Continue to work with content supervisors to ensure the design of valid and useful assessment tools.
- b. Serve as a liaison with MSDE regarding accountability requirements (including high school graduation) and the evolution of the Common Core Standards-based statewide assessments; share MSDE accountability changes with various HCPS staff members.
- c. Assure HCPS is in compliance with all state accountability requirements by working various offices to assure that data collection process is accurate and efficient; ensure that MSDE reporting deadlines are met.
- d. Establish and implement procedures in collaboration with content supervisors to assure that system-wide benchmark assessments are reliable, valid for the intended purposes, and feasible to administer.
- e. Continue to develop technical support materials for system-wide benchmark assessments that include reliability data, interpretation and administration guidelines.
- f. Work with HCPS staff to apply effective evaluation theory and practice to system wide initiatives including STEM and other instructional and programmatic intervention programs; support data collection, analysis, and interpretation.
- g. Continue to refine a model for tracking student college and career readiness across the grades.

In support of Goal 2

- a. Provide technical assistance in the development, administration, scoring, and analysis of county-wide and school-initiated surveys.
- b. Provide technical assistance and support to STEM work groups pursuing involvement from the broader community in the development and support of various STEM initiatives in the schools.

Office of Accountability

In support of Goal 3

- a. Provide consultative services/technical assistance to school-based and central office staff to support Classroom Focus Improvement Process (CFIP) and Performance Matters.
- b. Serve as a liaison between HCPS and Performance Matters staff to ensure that the data system functions effectively to meet local needs.
- c. Maintain teacher evaluation and observation records.
- d. Train and support all school test coordinators to facilitate state testing in the schools according to MSDE guidelines.
- e. Work with Performance Matters to design, implement, and provide training to various audiences relevant to the interpretation and use of results from various assessments tools.

In support of Goal 4

- a. Facilitate the administration of computer-adaptive and computer-delivered assessments at selected grade levels for state and county.

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of \$1,341:

- Realign salary budget with actual expenditures, \$1,341.

Base Budget Adjustments net change, \$10,000:

- The following accounts were adjusted based on program needs:
 - Transfer other salaries expense from Curriculum & Instruction - \$10,000

The increase in expenditures from the fiscal 2013 budget for the Office of Accountability is \$11,341.

Professional Development

Program Overview

The Professional Development Office works to initiate, promote, and support professional learning of teachers and instructional administrators across the school system. National and state guidelines along with the Board of Education and Superintendent provide the direction for the comprehensive plans for professional development. Current research on content and pedagogy are cornerstone to the total program.

Professional development activities occur at both the school and system level. Guidelines for specific initiatives are provided to ensure a systematic implementation across schools and offices. The Professional Development Office supports the work of the school and content supervisors in providing resources, guidance, and time for specific activities. Effective professional learning occurs over time in a sustained environment. Coordinating the Teacher Professional Development Calendar is one way to support the work of the various stakeholders.

Accomplishments – FY 2012

- Prepared and delivered Teacher Leadership Capacity Building course throughout the 2011-2012 school year. (Board Goal 3)
- Prepared and delivered Leadership Development for Department Chairperson Candidacy Course October 2011 – January 2012. (Board Goal 3)
- Prepared and delivered the “structured debriefing” section of the revised procedures for teacher appraisal to instructional administrators. (Board Goal 3)
- Supported the professional development plans of the content supervisors and individual schools as identified on School Improvement Plans. (Board Goal 3)

Goals – FY 2014

- Extend the professional development and training of Performance Matters to include aspects of teacher evaluation tools. (Board Goal 1)
- Prepare and deliver professional development on tools associated with the teacher evaluation process. (Board Goal 3)
- Support the professional development plans of the content supervisors and individual schools as identified on School Improvement Plans. (Board Goal 3)
- Support the Superintendent in design, implementation, and evaluation of professional training for instructional administrators in the teacher appraisal process utilizing the Danielson Framework for Teaching. (Board Goals 1 & 3)

Objectives – FY 2014

- Prepare and deliver professional development training that aligns with the *Race to the Top* initiatives in summer 2013. (Board Goals 1 & 3)
- Prepare and deliver Teacher Leadership Capacity Building course throughout the 2011-2012 school year. (Board Goal 3)
- Prepare and deliver the training for administrators and teachers on the Danielson Framework for Teaching. (Board Goal 3)

FY 2014 Funding Adjustments

The changes for fiscal year 2014 include:

Wage Adjustments of (\$5,166):

- Realign salary budget with actual expenditures, (\$5,166).

Cost Saving Measures of (\$65,000):

- Reduction in professional development, (\$65,000).

The decrease in expenditures from the fiscal 2013 budget for Professional Development is (\$70,166).

Education Services Summary

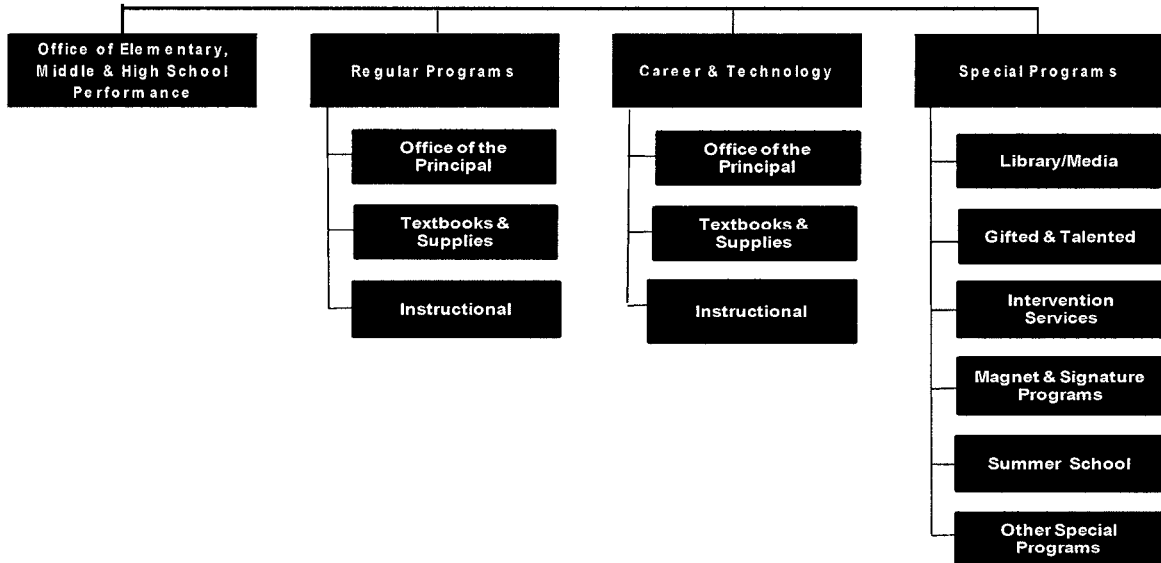

Program Overview

The primary goal of Education Services for Harford County Public Schools is to provide academic, social, emotional, developmental and extracurricular educational experiences for all student ages pre-school to graduation. The Office of Elementary, Middle and High School Performance works closely with all departments of Harford County Public Schools to facilitate the implementation of policy and procedures as it relates to the daily operation of each school building and the impact of that operation on administrators, teachers, students, parents and the surrounding community, county and state. The Executive Directors of each level are dedicated to the continued professional development of all administrative staff as well as teaching and support staff. Working closely with the Offices of Curriculum and Instruction, Special Education, Student Services, Office of Technology and Information Systems, Operations and Maintenance, Food Service, Safety and Security, Extra-Curricular Activities, and Human Resources, the department of Elementary, Middle and High School Performance provides leadership, direction, focus and academic promotion for all students and staff.

Education Services works collaboratively with faculty and staff, parents and community to pursue an overarching focus on student achievement. It is committed to providing quality instruction, resources, and services to support each learner's needs.

PROGRAM COMPONENT ORGANIZATION

Education Services is comprised of the Office of Elementary, Middle and High School Performance, the Regular Program, Career and Technology Program, and Special Programs. Each program component's budget is presented following the Summary Budget for Education Services.

	FY 2011 Actual	FY 2012 Actual	FY 2013 Actual	FY 2013 Budget	FY 2014 Budget	FY13 - FY14 Budget Change
Education Services	183,887,861	182,395,787	179,073,760	181,071,472	174,841,558	(6,229,914)
Career and Technology Programs	9,070,862	8,703,825	8,416,038	8,589,133	8,582,042	(7,091)

Education Services Summary

MARYLAND SCHOOL ASSESSMENTS

The mission of HCPS is to promote excellence in instructional leadership and teaching and to provide facilities and instructional materials that support learning for the 21st century. The Harford County BOE will support this mission by fostering a climate for deliberate change and monitoring progress through measurable indicators.

Annual Measurable Objective (AMO) = State Performance Target

Education Services Summary

Annual Measurable Objective (AMO) = State Performance Target

Education Services Summary

To prepare every student for success in postsecondary education and a career.

Education Services Summary

SCHOOL SIZE AND CLASS SIZE

To hire and support skilled staff who are committed to increasing student achievement.

The Board of Education will make every attempt to adhere to reasonable school and class size standards such as those presented below:

Recommended School Size		# Schools*		
		Below	Meet	Exceed
Elementary Schools	500 to 750 Students	17	11	5**
Middle Schools	900 - 1200 Students	4	3	2
High Schools	1,000 to 1,600 Students	3	6	1
Special School	200 to 350 Students	1	-	-
Recommended Class Size		School Average		
		At or Below	Exceed	
Pre-Kindergarten	20 Students***	38	5	
Kindergarten	20 Students	26	7	
First Grade	20 Students	11	22	
Second Grade	20 Students	14	19	
Third Grade	25 Students	32	1	
Fourth Grade	25 Students	30	3	
Fifth Grade	25 Students	30	3	
Middle School	25 Students****	9	0	
High School	25 Students****	10	0	
Special Education Classes				
Special Education Classes	Not to exceed maximum ratios established by the Maryland State Department of Education.			

*Based on September 30, 2012 unadjusted enrollment.

**Three of the schools included in this figure are two building schools.

***There are 19 schools with Pre-K programs. Each school has morning and afternoon sessions. The total number of sessions is reflected in this chart.

****Except in cases where work stations and/or laboratory facilities accommodate fewer students.

Career and Technology

Program Overview

The Office of Career and Technology Education (CTE) provides the instructional and administrative leadership which promotes effective educational programs, teaching and learning in business education, family and consumer sciences, technology education, career research and development, and all state-approved CTE programs offered at Harford Technical High School and other high schools.

The primary focus of the Office of CTE is to prepare today's students for the career and educational opportunities of tomorrow. Working together with employers, parents, students, community leaders and other departments within Harford County Public Schools, this office strives to improve curriculum, expand career development and provide opportunities for students to explore career interests - helping students make informed choices about academics, career pathways and further education.

The diverse responsibilities of this department include initiating business community involvement, providing staff development programs to promote improvements in teacher performance, and developing new programs and curricula. Committees under the direction of this office include: The Harford County Citizen Advisory Council for Career and Technology Education, the Family and Consumer Sciences Program Committee, the Business Education Program Committee and the Technology Education Program Committee. In addition, this office works closely with the Maryland State Department of Education, Susquehanna Workforce Network and Harford Community College to ensure compliance with the Carl D. Perkins and related grants and other mandated initiatives.

Accomplishments – FY 2012

- Sent over 200 students to Career and Technology Education Student Organization (Future Business Leaders of America, Skills USA, Future Farmers of America) regional and state competitions and 11 students to national competitions (Board Goal 1).
- Secured start-up funds from local, state and national sources to implement the Project Lead the Way (PLTW) Gateway to Technology Program at three middle schools in FY 2013, the PLTW Pre-Engineering program at two high schools in FY 2013, the CISCO Networking Academy at Harford Technical High School in FY 2014, and the PLTW Biomedical Sciences Program at Havre de Grace High School in FY 2014. (Board Goals 1 and 2).
- Sent over 50 teachers to state or national professional development sessions and/or conferences (Board Goal 3).
- Purchased equipment and materials of instruction for over 6,900 students in 31 state-approved CTE programs (Board Goals 1 and 4).

Goals – FY 2014

In this challenging economic environment, meeting the increasing demands on the Career and Technology Education Program requires the following:

- Continue to utilize the CTE Advisory Council to advocate for local set-aside funding for career and technology education and to identify short-term, mid-term, and long-term goals for the department (Board Goals 1 & 4).
- Increase the number of federal grant (Carl D. Perkins) applications for CTE program development and /or improvement (Board Goals 1 and 3).
- Collaborate with the Coordinator of Magnet Programs and other content supervisors to apply for other state and federal grants for CTE program development related to STEM (Science, Technology, Engineering and Mathematics) initiatives (Board Goals 1, 2 and 3).
- Increase the number of formal partnerships between Harford County Public Schools and businesses/industries to help fund the development and implementation of new CTE programs (Board Goal 2).

Objectives – FY 2014

- Increase the number of state-approved CTE programs offered by HCPS to include more with STEM content (Board Goals 1, 2, 3 and 4).
- Increase the percentage of students completing a CTE program of study (Board Goal 1).
- Increase the number of students who are dual completers by meeting both CTE program and USM admission requirements (Board Goal 1).

Career and Technology

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of (\$1,153):

- Realign salary budget with actual expenditures, (\$1,153).

Base Budget Adjustments net change, (\$3,000):

- Reversal of fiscal year 2013 transfer from regular programs other equipment to career and technology institutes, conferences and meetings, (\$3,000)

The decrease in expenditures from the fiscal 2013 budget for Career and Technology is (\$4,153).

Gifted and Talented

Program Overview

The vision for the Harford County Gifted & Talented (GT) Program is that students showing high potential as well as students performing at remarkably high levels when compared with other students of a similar age, experience, or environment will be provided with an education appropriate to their readiness, interest and ability level.

Harford County Public Schools believes that students with the potential to perform at remarkably high levels can be found in all populations. The Office of Curriculum and Instruction continues to provide financial and human resources support in order to develop the potential of these students through rigorous differentiated services.

Harford County Public Schools Gifted & Talented handbook provides a framework for these services in accordance with the Maryland State Department of Education's Gifted and Talented Guidelines, also known as the *Criteria for Excellence*. Gifted & Talented services are divided into four levels. Level I services are available to all students. These include guest speakers and assemblies. Level II services include differentiation and enrichment for a large portion of students as needed. The GT Resource teachers work in a consultative role with classroom teachers to provide training in differentiation and suggestions for enrichment activities. Level III services (approximately 10-20% of students at a grade level) are formally identified for services using multiple criteria. Services in a content area at this level are offered on a daily basis. This may include accelerated reading programs such as *Junior Great Books* or the research-based *M3 Mentoring Mathematical Minds*. Level III services may be provided by the classroom teacher and/or the GT Resource teacher. Level IV services are provided to highly gifted students whose needs cannot be fully met in the regular classroom with differentiation. Level IV services for approximately 2-10% of students at a grade level include the following opportunities: small cluster groups (4-8) of identified Level IV students assigned to a heterogeneous classroom with a teacher who is able to provide curriculum compacting, differentiation and enrichment or acceleration on a consistent basis; grade level or subject acceleration; primary research; and/or mentoring.

Gifted and Talented Resource teachers perform a valuable service at the elementary grades. They are usually the first to identify the gifts and talents of students and then to find services that meet the student's needs. Without this early identification, students' abilities will go unnoticed and underdeveloped. This has significant implications to each student's academic and social-emotional growth.

In middle school, students can access high school mathematics courses such as Algebra and Geometry, and in some schools, the first year of a World Language. By the end of grade eight, 49% of middle students have completed Algebra and Geometry. At high school, high potential students have access to Honors, International Baccalaureate, Advanced Placement (AP®), and magnet programs. See graph below for AP enrollment trends.

The responsibilities of the Coordinator of Accelerated Programs are to oversee rigorous programming and includes the elementary Gifted & Talented program and high school AP® course offerings. The coordinator also facilitates a board-sponsored citizen advisory committee.

Gifted and Talented

Accomplishments- FY 2012

1. Prospect Mill Elementary School was awarded our second prestigious Excellence in Gifted and Talented Education (EGATE) School Award from the Maryland State Department of Education. This honor is a rigorous process that documents a school's alignment to the Criteria for Excellence and MSDE GT COMAR.
2. Harford County Public Schools hosted two Maryland Summer Centers for Gifted and Talented Students. This extended year program allows gifted students to explore research topics related to STEM areas. The centers focused on primary research utilizing geospatial technologies (GIS, GPS, and Remote Sensing) and computer programming. The Center for Computer Science utilized the ALICE program developed by Carnegie Mellon University. Originally designed for college, students in grades 4-8 were successful in creating their first Object Oriented Programs.
3. Harford County Public Schools sent 41 teams to the state level Destination Imagination competition and an unprecedented 13 teams advanced to the Destination Imagination Global Tournament.
4. Harford County Public Schools realized a 20 percent increase in participation in Advanced Placement (AP) assessments from 1,525 students in 2011 to 1,824 students in 2012. Total enrollment in AP courses in 2012 was 4,591, a 12 percent jump from the previous year, with many students taking multiple AP courses. AP exams were administered in all high schools, and the number of AP exams administered rose from 2,319 in 2011 to 2,946 in 2012, at total increase of 27 percent. By the time they graduated, approximately 44 percent of the members of the Class of 2012 had demonstrated college mastery or higher on one or more AP exams. See graph below for AP achievement trends.
5. HCPS Citizens Advisory Committee for GT held four community forums for public input and to educate the community on gifted and talented services and characteristics of gifted learners.

AP Achievement Trends 2002-2012

Gifted and Talented

Goals – FY 2014

1. Build GT Resource Teacher capacity as experts in their field through focused professional development options aligned with the MSDE GT Specialist certificate.
2. Educate middle school teachers on the nature and needs of gifted learners and strategies to meet their needs in the classroom.
3. Develop consistent and equitable procedures for identification and service options across all elementary schools.
4. Provide GT students with summer learning opportunities.

Objectives – FY 2014

1. Increase the number of K-12 teachers who enroll in coursework toward their certificate/Masters +30 degree in Gifted and Talented Education from 2 to 15. (Board Goal 3)
2. Provide at least 6 annual opportunities for targeted staff development, professional learning, Webinars and other in-service options that align with the MSDE GT Specialist Certificate for interested teachers.(Board Goal 3)
3. Increase the diversity of students receiving GT services: increase identification of African American/Black students by at least 4% and students who receive FARMS assistance by 4%- two sub groups currently underrepresented in HCPS GT programs. (Board Goal 1)
4. Increase the number of students taking at least one AP course. In FY 2013, 1,824 students were enrolled in an AP class. (Board Goal 1)
5. Improve communication regarding GT programs, services and identification procedures to parents and other stakeholders. (Board Goal 2)

FY 2014 Funding Adjustments

The changes for Gifted and Talented for fiscal 2014 include:

Base Budget Adjustments net change, (\$13,070):

- Reversal of fiscal year 2013 transfer from Curriculum and Instruction professional salaries, (\$11,000)
- Reversal of fiscal year 2013 transfer to regular programs, \$7,100
- Reversal of fiscal year 2013 transfer from regular programs, (\$9,170)

The decrease in expenditures from the fiscal 2013 budget for Gifted and Talented is (\$13,070).

Intervention Services

Program Overview

The Office of Intervention supports and serves schools and offices with a myriad of services including managing the intervention budget, providing leadership for the Bridge Plan for Academic Validation program, providing opportunities for administrators and teachers with regard to intervention and extended-day programs, and writing curriculum materials for intervention programs.

Accomplishments – FY 2012

- Bridge Plan for Academic Validation (Board Goal 1 & 3)
 - Coordinated and provided professional development for Bridge Plan project monitors, teachers, and coordinators.
 - Created, organized and implemented the Bridge Plan Summer Program.
 - Attained 100% of graduating seniors meeting their High School Assessment requirement.
- High School Summer School (Board Goal 1, 2, & 3)
 - Restructured the High School Summer School for targeted at-risk students.
 - Coordinated and provided professional development for site coordinators and teachers.
 - Implemented an Online Credit Recovery curriculum with teacher facilitated instruction.
- Middle School Summer School (Board Goal 1, 2, & 3)
 - Implemented a Middle School Summer School program for targeted at-risk students.
 - Coordinated and provided professional development for site coordinators and teachers.
 - Implemented the Middle School Summer School curriculum.
- Extended-day Programs for Schools (Board Goal 1 & 3)
 - Implemented extended-day programs for targeted at-risk students.
 - Coordinated and provided professional development for site coordinators and teachers.
 - Updated *Guides on the Side* for extended-day programs.
- Intervention Committee (Board Goal 1)
 - Continued to meet to identify new intervention programs.
 - Continued to update the Intervention Handbook.
 - Coordinated and provided professional development on the Intervention Handbook to teachers and administrators.
- Performance Matters Response to Intervention Module (Board Goal 1)
 - Created an Intervention Data Collection tool with the support of Performance Matters.

Goals – FY 2014

- Work collaboratively with other HCPS offices to provide intervention services and funds to schools. (Board Goal 1)
- Evaluate and assess all approved intervention and extended-day programs. (Board Goal 1)
- Implement the Bridge Plan for Academic Validation Program so all seniors graduate meeting the High School Assessment requirement. (Board Goal 1)
- Facilitate the Local Review Panels for the Bridge Plan for Academic Validation. (Board Goal 1)
- Implement and support extended-day and extended-year learning opportunities for students. (Board Goal 1)
- Collect and analyze data utilizing the Performance Matters Response to Intervention Module. (Board Goal 1)

Objectives – FY 2014

- Meet with all schools with regard to Bridge Plan for Academic Validation and extended-day and extended-year learning opportunities for students. (Board Goal 1)
- Support schools fiscally as indicated by School Improvement Status. (Board Goal 1)
- Support newly appointed principals with regard to intervention services. (Board Goal 1 & 3)
- Support schools and offices with the Classroom Focused Improvement Process. (Board Goal 1)
- Provide professional development opportunities for administrators and teachers with regard to intervention and extended-day and -year programs. (Board Goal 3)

Intervention Services

FY 2014 Funding Adjustments

The changes for Intervention for fiscal 2014 include:

Wage Adjustments of (\$3,600):

- Align salary budget with actual expenditures, (\$3,600).

Base Budget Adjustments net change, \$121,256:

- Funds for other salaries, consulting and institutes, conferences and meetings related to the AVID program transferred from regular programs, \$121,256.

The increase in expenditures from the fiscal 2013 budget for Intervention Services is \$117,656.

Magnet & Signature Programs

Magnet Programs

Magnet programs in Harford County Public Schools are defined as high school programs with a specialized curriculum that are currently offered at one site and are available to eighth grade students in Harford County who qualify through an application process. Magnet programs can be total-school or school-within-a-school programs for which transportation is provided.

International Baccalaureate

Program Overview

The International Baccalaureate (IB) Diploma Program offered at Edgewood High School is a rigorous, accelerated academic course of study that allows students to chose their path of study, be active, well rounded individuals as well as engaged world citizens. There are currently 192 students enrolled in the program in grades nine through twelve, with approximately fifty-five freshmen entering each fall. IB has a diverse student population representing all areas of Harford County. We also have many students who bring a more global perspective having lived in other states and countries around the world.

Students begin with Global Studies (pre-IB) in grades nine and ten in order to prepare them for the IB Program in grades eleven and twelve. Students in this program focus on the skills they will need for success after high school. These include analytical thinking, writing skills and presentations. Students who complete the program and earn the Diploma can potentially earn a full year of credit from many universities in the U.S. and globally.

College level coursework is required in English, Mathematics, Social Sciences, Experimental Sciences, Language Acquisition and the Arts. By studying at a higher level in all subject areas, it forces students outside of their comfort zone and prepares them for future challenges. Students select courses based on their interest and career plans. In addition, they will complete an Extended Essay, Theory of Knowledge course and CAS – Community, Action, Service hours.

Accomplishments – FY 2012

- Graduation of our first International Baccalaureate Diploma Class.
- 100% of the 2012 graduating class is attending a two or four year college or university.
- 61% of the graduating class earned their IB Diplomas.
- Over 200 applications received from prospective freshmen entering in the Fall of 2012. Interest demonstrated from all HCPS middle schools as well as a significant number of home and private school students. BRAC applicants have also shown an increase in interest.
- Increase in the number of students taking AP and IB exams.
- United Way Grant awarded to two groups of juniors for their continued work with the Khaled Hosseini Foundation.

Goals – FY 2014

- Introduction of Mandarin as a World Language option.
- Continued professional development of GSIB staff through networking sessions offered by the Mid-Atlantic Association of IB World Schools and the International Baccalaureate Organization.
- Increase awareness of opportunities for students to complete their CAS requirements.

Objectives – FY 2014

- Continue to successfully support all AYP indicators.
- Increase percentage of students earning the IB Diploma.
- 100% post secondary attendance.
- Increase number of students earning college credit through IB and AP exams.
- Increase SAT/ACT scores with additional student preparation and parent awareness.

Magnet & Signature Programs

Harford Technical High School*

*Harford Technical High School is considered a Magnet program in the Harford County Public Schools system. However, Maryland State reporting regulations require that Harford Technical High School Career and Technology teachers be reported under Career and Technology programs which are included in the Education Services Career and Technology section of this budget document. This overview is provided for informational purposes only.

Program Overview

As Harford County's singular school for academic studies and career/technical education, Harford Technical High School serves a population of students from throughout the county. Students in grades nine through twelve are offered opportunities to prepare for college, further post-secondary technical education, participate in post-secondary apprenticeships, and/or enter the work force or U.S. Armed Forces through participation in one of nineteen Career and Technology Education programs, beginning in grade nine.

Harford Technical High School provides state-of-the-art facilities, with a rigorous curriculum offered by a staff that creates a challenging learning environment for all students. Faculty and staff strive to integrate academic and technical fields so that all studies are meaningful and rewarding for all students.

Accomplishments: 2011 - 2012

- Over 800 applications were received for prospective freshmen entering in fall 2012, from all Harford County Public Middle Schools, as well as from students in home and private school settings, representing almost a 20 percent increase from the year prior.
- Open House, held in November 2012, welcomed over 1,500 guests who explored the offerings at HTHS through interactive exhibits, presentations by HTHS teaching staff, and personal interactions with current HTHS students.
- Through partnership with Harford Habitat for Humanity, the Construction Technologies Program completed "Green Build III," a home that was dedicated to a waiting family in spring 2012. Green Build IV is underway and will be dedicated in the spring of 2013.
- HTHS Construction Technologies students were visited by a grateful Cal Ripken, Jr., on behalf of Ripken Stadium, as a thank-you to the students and instructors for the press boxes that were custom-made for the stadium.
- The International Residential Code (IRC) has been incorporated into the Construction Technologies Program curriculum, enhancing the overall value of the program and making HTHS the first in the nation to do so. The program will be presented at the National ACTE Conference in Atlanta in late November 2012. HTHS is being used as a model for the rest of the USA to follow.
- Students participated in meaningful Service Learning activities through their academic and technical area classes; many will earn Service Star recognition at the end of the 2011-2012 school year. One such project involved a group of National Technical Honor Society members who visited and served the Helping Up Mission in Baltimore, in December 2011. A similar service trip is being planned for the spring of 2013.
- Students in the Printing and Graphic Communications Program designed and produced holiday cards for each HTHS faculty and student body member to sign as a service project county-wide. Cards will be delivered to our troops overseas for the 2012 holiday season.

Goals and Objectives – FY 2014

- Harford Technical High School strives to offer students an array of choices in academics, career and technology education, service, leadership, athletics, and social activities; all students will continue to be encouraged to participate in positive, meaningful activities at HTHS and in the community.
- All students at HTHS will be encouraged to involve themselves in activities related to service of others through organizations, academic and technical classes, and as individuals in their communities.
- Students will be thoroughly prepared for all High School Assessment Tests and will continue to perform successfully on these tests.
- Harford Technical High School will strive to maintain the highest attendance and graduation rates in Harford County Public Schools.
- Harford Technical High School students will be encouraged to join and maintain membership in SkillsUSA and other Career and Technology Student Organizations.
- Harford Technical High School students will continue to be encouraged to continue their education at post-secondary technical schools and at two and four-year colleges/universities, in degree or certificate programs related to their technical fields.
- HTHS will continue to provide ongoing and meaningful staff development in the Common Core Standards.

Magnet & Signature Programs

- HTHS will increase the number of AP classes offered, the number of students taking the AP test, and the number of students passing the AP tests with scores of 3, 4, or 5.
- Harford Technical High School will develop and implement an effective means of maintaining contact with alumni and to engage them in ongoing HT activities as appropriate.

Science and Math Academy

Program Overview

The Science and Mathematics Academy at Aberdeen High School offers a college preparatory program providing young scholars with the opportunity to experience challenging coursework in Science, Technology, Engineering and Mathematics (STEM). Two hundred and three students are currently enrolled in grades nine through twelve, with approximately fifty-five new freshmen accepted annually. The SMA has a diverse student body representing all areas of Harford County.

The Science and Mathematics Academy is dedicated to providing an accelerated and rigorous program that emphasizes laboratory and research experiences. Regular contact with practicing scientists and mathematicians is a cornerstone of the program. Seniors complete a capstone research project under the mentorship of professionals in their chosen area of investigation. This interaction with the scientific community provides a valuable connection between academic coursework and career preparedness. The SMA program emphasizes the use of technology as students learn requisite skills needed to engage in authentic research. Advanced Placement courses in science and mathematics are offered to students, as well as a large selection of electives based on student interest and faculty expertise. Enrichment experiences such as field trips, tours to scientific facilities, and research based work experiences are an integral part of the SMA program.

The SMA Advisory Board continues to provide the program with guidance and is comprised of professionals from Aberdeen Proving Ground, regional universities, and a variety of defense contractors. Partnerships with scientific and technological organizations such as Battelle, the Northeastern Maryland Technology Council, and the Army Research Lab continue to provide support to faculty and students.

Accomplishments – FY 2012

- \$5 million in scholarships were awarded to members of the 2012 graduating class.
- 100% of the 2012 graduating class are attending a two or four year college or university.
- Ongoing technical and equipment purchases allowed the SMA STEM program to remain cutting edge.
- Two members of the senior class were named as National Merit Semi-Finalists and have applied to become National Merit Finalists.
- Creation of a technical writing elective.

Goals – FY 2014

- Purchase and maintain technology, scientific equipment, and instructional materials for all core and elective courses, as well as obtain additional materials required to meet the needs of this enhanced program of studies.
- Provide professional development for SMA staff members as curricula are developed and refined for all core and elective offerings.
- Maintain existing and establish new working relationships with volunteers within the professional scientific community who will: serve as mentors for students and teachers, illustrate real world applications in STEM areas, assist in the development and refinement of core and elective curricula, and provide career awareness opportunities.

Objectives – FY 2014

- Increase the percentage of students in an Advanced Placement class who sit for the exam.
- Continue to refine the current process related to college counseling for SMA students.
- Provide ACT and SAT preparation to SMA juniors.

Magnet & Signature Programs

Natural Resources and Agricultural Sciences

Program Overview

The Natural Resources and Agricultural Sciences Program at North Harford High School is designed to provide students with essential knowledge, unique experiences, and STEM based opportunities for the purpose of pursuing academic, vocational, and recreational futures in the areas of natural resources and agricultural sciences.

The NRAS is composed of three strands of academic study: Large Animal Science, Plant Science and Natural Resources. Each strand has a four course sequence designed in conjunction with the University of Maryland in an effort to provide the core knowledge needed for students to become future leaders, business owners, and advocates, to support the growth of Maryland industries related to natural resources and agriculture.

The North Harford High School campus provides unique opportunities to learn, including our on-campus farm, and the campus pond, wetland and stream allow students to explore and learn in a hands-on environment on a daily basis. The curriculum based on the CAERT (Center for Agricultural and Environmental Research and Training) along with our Advanced Placement offerings, and GIS Certification Program (Geographic Information System), provide endless opportunities for NRAS students to grow.

The NRAS Advisory Group consisting of members from post-secondary education, local government, national and local industry, local agricultural community and local education have assisted in the creation of a strong and unique program.

Accomplishments – FY 2012

- Awarded the America Grows Education Grant from the Monsanto Corporation (\$10,000) for hydroponic forage research.
- 100% of NRAS Biology students passed the Maryland High School Assessment exam.
- GIS students worked with the City of Havre de Grace to map and document the city's infrastructure.
- NHHS FFA Career Development Event teams placed 3rd in Vet Science and 3rd in Nursery and Landscape at the Maryland State competitions. Individual students placed 3rd and 2nd in the State for the same competitions.
- Creation of the NRAS Booster Club to support student activities and the on-campus farm.

Goals – FY 2014

- Purchase and implement the use of STEM based technology related to field work in the areas of natural resources and agricultural sciences.
- Provide professional development for NRAS staff members related to changing trends in agricultural education.
- Maintain existing and establish new programs of exploration with our local partners as they relate to local natural resources and agricultural topics and concerns.

Objectives – FY 2014

- Increase the number of students enrolled in Advanced Placement course. Also, increase the number taking AP exams.
- Provide support for our first graduating class as they begin the college application process.
- Provide leadership to students as they complete their Supervised Agricultural Experience (SAE) projects.

Magnet & Signature Programs

Signature Programs

Signature programs are high school programs with a specialized curriculum that are offered at one site but are only available to students who attend school at that site. Homeland Security and Emergency Preparedness is an example of a Signature Program which is offered only to students attending Joppatowne High School. Likewise, the Biomedical Sciences Program which is located at Bel Air High School is only offered to students attending that school.

Homeland Security and Emergency Preparedness Program

Program Overview

The Homeland Security and Emergency Preparedness (HSEP) Program integrates current practices and technologies used by both governmental and private sector agencies in the Homeland Security realm. Instruction centers on how the United States protects against threats to public health and public safety by using effective communication, prevention, response and recovery techniques.

Accomplishments – FY 2012

- Third graduating class of 40 students: May 2012.
- Established partnerships include: Edgewood Chemical and Biological Center, 20th Support Command (CBRNE), Harford County Sheriff's Office, Harford County Emergency Operations Center, Maryland Emergency Management Agency, and SAIC.
- Articulation agreements established with Harford Community College, and Community College of Baltimore County.
- Continued program support through Perkins Grant and local funding.
- Replenished technology – software and computers.
- GIS students worked with Havre de Grace to update maps of public works locations.

Goals – FY 2014

- Market the program to increase the enrollment of students in all strands of the program.
- Gain the interest of industry experts in high demand career fields to build new partnerships.
- Provide students with current and relevant experiences to foster genuine educational experiences in the careers of emergency management, law enforcement, technology, and science.
- Integrate new technologies into the curriculum that is relevant and real world.

Objectives – FY 2014

- Establish new partnerships within law enforcement, technology, and science industries to foster growth of the students through mentorships and internships.
- Provide opportunities for the faculty to remain up to date on current practices and techniques through professional development opportunities.
- Increase the number of students attending four-year colleges and universities by providing the resources to be successful at the higher education level.
- Maintain rigorous and relevant instruction to bolster student achievement and increase desired skills in law enforcement, technology, and science.

Magnet & Signature Programs

Biomedical Sciences Program

Program Overview

The Project Lead the Way Biomedical Sciences Program is designed to address the impending critical shortage of qualified science and health professionals and is for motivated and serious students who desire a rigorous post-secondary education and training. The curriculum is standards based and interactive. By engaging in hands-on, real world projects and problems, students understand how skills they are learning in the classroom can be applied in everyday life.

Accomplishments – FY 2012

- The Biomedical Sciences Program has been selected to be a model school for PLTW, one of only 16 in the nation and only 2 in Maryland. Representatives from the Biomedical Sciences Program have represented Bel Air High School, Harford County Public Schools, the Maryland State Department of Education and Project Lead the Way in several venues such as the National Science and Engineering Festival and the MSDE Counselor's Conference.
- The Biomedical Sciences Program graduated its second senior class, who garnered over 3.6 million dollars in scholarships and all students went on to post-secondary institutions.
- The Biomedical Sciences program has expanded its outreach efforts to include volunteering at Upper Chesapeake Hospital, presenting at local STEM fairs at the elementary level and working with over 400 middle school students on hands on STEM activities to stimulate an interest in science.
- The Biomedical Sciences Program at Bel Air High School continues to be recognized by MSDE and PLTW for its innovative approaches to STEM education and outreach to students.

Goals – FY 2014

- Engage students in a rigorous academic curriculum to include but not limited to advance placement and honors coursework in STEM and non-STEM areas.
- Improved career and college readiness.
- Increase the number of students starting post-secondary degrees.
- Increase the number of students selecting careers in the biomedical sciences.
- Get weighted credit for Biomedical courses in order to keep us in line with other school districts in Maryland.

Objectives – FY 2014

- The Biomedical Sciences Program will increase the number of students applying for and receiving transcribed credits for completion of the program.
- The Biomedical Sciences will increase the number of universities that offer our students transcribed credit or articulated credit to include UMBC, Towson and HCC.
- The Biomedical Sciences Program will increase the number of students applying for and receiving scholarships.
- The Biomedical Sciences Program will increase its outreach to elementary and middle school students by continuing to offer opportunities for younger students to experience cutting edge science with state of the art technology to stimulate their curiosity about STEM.
- The Biomedical Sciences program will increase the scope and sequence of its senior capstone projects by increasing and improving internship and mentorship opportunities.
- Update and maintain technology, equipment and software in order to continue implementing the program with fidelity.

Magnet & Signature Programs

FY 2014 Funding Adjustments

The changes for Magnet and Signature Programs for fiscal 2014 include:

Wage Adjustments of (\$773):

- Realign salary budget with actual expenditures, (\$773).

Cost Saving Measures of (\$118,000):

- Reduce International Baccalaureate professional development, (\$2,000); and,
- Eliminate 1.0 FTE Supervisor of Magnet Programs, (\$116,000).

The decrease in expenditures from the fiscal 2013 budget for Magnet and Signature Programs is (\$118,773).

Office of Elementary, Middle and High School Performance

Objectives – FY 2014

- Continue to minimize achievement gaps through differentiated instruction, remediation and intervention.
- Identify and select students for more challenging coursework.
- Increasing student participation in more rigorous classes that emphasize STEM related subjects and trans-disciplinary themes.
- Expect certified instructional staff and school based administrators to monitor and evaluate student work through formative and summative assessments.
- Continue to build an understanding of the Common Core Curriculum.
- Continue to create opportunities to increase communication with students, parents, school staff and community.
- Maintain and improve professional competencies as defined by MSDE and HCPS.
- Provide an environment conducive to the intellectual, physical, social and emotional development of students.
- Support the planning process for the construction of new schools.
- Continue to support the implementation of professional development regarding the instructional appraisal process with school-based administrators.
- Expand the implementation of *Achievement Via Individual Determination* at the middle and high school level.
- Expand the implementation of *Project Lead the Way* at the middle school and high school level.
- Implement the HCPS Department Chair initiative at the middle school level.
- Enhance professional development to support leadership succession.
- Implement *Achievement Via Individual Determination* and *Project Lead the Way* at selected high schools.
- Continue to support the *Educator Effectiveness Academy*.
- Align and incorporate the Common Core Curriculum with HCPS instructional practices.
- Expand world languages offerings at grades K through 12.
- Develop a deep understanding of STEM as it relates to the Common Core standards.
- Implement the emerging evaluation processes for teachers and administrators.
- Increase AP and SAT enrollment, test participation and achievement.
- Enhance the Alternative Education Program by providing a continuum of services for both middle and high school students who are at risk in terms of behavioral and academic performance.
- Ensure distinguished teacher and administrative performance by implementing evaluative procedures approved by MSDE for certified instructional staff and principals.

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of \$3,454:

- Realign salary budget based on actual expenditures, \$3,454.

Cost Saving Measures of (\$145,567):

- Removal of the position of Executive Director of Middle School Performance for the 2013-2014 school year, (\$145,567).

The decrease in expenditures from the fiscal 2013 budget for the Office of Elementary, Middle and High School Performance is (\$142,113).

Other Special Programs

Other Special Programs supports instructional salaries, supplies and other instructional costs for Pre-Kindergarten, English as a Second Language (ESOL) and the Home and Hospital program.

Program Overview – Pre-Kindergarten

The purpose for prekindergarten is to prepare at-risk children for kindergarten. Through a structured educational program that consists of instruction in language arts and mathematics, theme-related project work, self-directed activities in learning centers, literature and outdoor play, children acquire the work habits, academic knowledge and social skills needed for kindergarten readiness. Beginning in fall 2003, prekindergarten enrollment was affected by two state and federal acts: *No Child Left Behind* and *Bridge to Excellence*. Based on those two acts, economics became the major factor in determining eligibility. To date in the state of Maryland, prekindergarten is not mandatory; it is an application process based on age eligible children and the economic status of the family (low income or homeless). Harford County Public Schools does not have prekindergarten in every elementary school.

Accomplishments – FY 2012

- Provided three half day professional development sessions for approximately 63 early childhood prekindergarten teachers and paraeducators. One session was conference style with 5 different sessions (Board Goal 3).
- Provided half day staff development for all elementary lead secretaries and pupil personnel workers about prekindergarten applications and early entrance changes (Board Goal 2).
- Procured \$41,280 in grant funds to continue professional development for all prekindergarten teachers (Board Goal 2).
- Provided assistance and materials for several elementary school prekindergarten programs offering workshops for parents in literacy and math evenings (Board Goal 2).
- Provided through grant funds materials of instruction and supplies specific to each program's needs.
- Provided summer curriculum work for teachers to revise and align curriculum to state standards and kindergarten expectations.
- Conducted three program committee meetings to discuss curriculum, issues/concerns, and trends for future work.

Program Overview – English as a Second Language (ESOL)

The Harford County Public School ESOL Program, coordinated by the Office of World Languages, is an instructional support program. The HCPS ESOL Program serves English Language Learners at all school sites. The elementary and middle school ESOL program operates as a "pull out"/"plug in" instructional model to support ELLs acquisition of English. The ESOL staff maintains collegial working relationships with classroom teachers to provide an authentic and meaningful instructional model for English Language Learners.

Since the 1999 academic year, identified high school English Language Learners have been provided the opportunity to attend the ESOL Center located at Harford Technical High School. Students who qualify to attend, based on a State-mandated language screening instrument, are provided comprehensive, but sheltered, English language instruction, reading instruction, science, social studies, and mathematics curricular offerings. Similarly, these students are provided the opportunity to attend mainstream classes in the fine and practical arts and physical education. As their language proficiencies increase, students may also be mainstreamed within the regular curricular offerings at this site. After two years of intensive English language services, students are expected to re-enroll in their neighborhood high school or apply to participate in the comprehensive and technical course offerings at Harford Technical High School.

All English language learners participate in a statewide standardized language proficiency assessment (the WIDA ACCESS for ELLs) in order to measure their yearly progress. This standardized language proficiency assessment is administered by the ESOL staff in January and February and consists of Listening, Speaking, Reading, and Writing subtests.

Other Special Programs

ESOL Staff Members (six ESOL Teachers and four ESOL Instructional Technicians) have the key role in the following areas within the ESOL Department:

- Language screening of students identified on the HCPS Registration Form and the Home Language Survey as those whose primary language spoken within the home environment as one other than English to determine their eligibility for participation in the ESOL instructional program;
- Instruction to eligible English Language Learners and documentation of their progress in English language acquisition; and,
- Serving as an education liaison/advocate for English Language Learners and their families and/or a cultural/linguistic facilitator within the school setting.

In the 2011 – 2012 school year, the ESOL Staff served over 400 ELLs in 46 school sites.

Accomplishments – FY 2012

- 22.69% of ELLs scored proficient on the ACCESS for ELLs. (Board Goal 1)
- Initiated a Family Welcome Center to benefit ELLs and the ELL parent community. (Board Goal 2)
- Guided the ESOL staff in its continued professional development and responsiveness to diverse school scenarios. (Board Goal 3)
- Offered the HELLO (Helping English Language Learners Outreach) Camp to 50 elementary ELLs at the Harford Glen Environmental Center for one week in June 2012. (Board Goal 1)

Goals – FY 2014

- Guide ELLs (English Language Learners) to academic success. (Board Goal 1)
- Promote the 3rd year of operation of the Family Welcome Center to benefit ELLs and the ELL parent community. (Board Goal 2)
- Improve the certified teaching personnel staffing to reduce the student/teacher case load ratio. (Board Goal 3)
- Guide the ESOL staff in its continued professional development and responsiveness to diverse school scenarios. (Board Goal 3)
- Respond to school requests for professional development focused on instructional strategies which benefit ELLs. (Board Goal 3)
- Obtain General Curriculum Committee approval for the system-wide implementation of the ESOL Policies and Procedures. (Board Goal 3)

Objectives – FY 2014

- Achieve acceptable AMAO 1 and AMAO 2 as calculated through the achievement of English Language Learners. (Board Goal 1)
- Continue to provide effective during and beyond the day tutorial interventions for ELLs. (Board Goal 1)

Program Overview – Home and Hospital Teaching

The Home & Hospital Teaching Program is designed to provide short-term instruction at home or in a hospital setting to students who are unable to attend school due to medical injury/illness, physical disability, pregnancy, or emotional impairment. Programs are individually designed to address students' needs in accordance with guidelines established in COMAR 13A.03.05 *Administration of Home and Hospital Teaching for Students*. The Department of Pupil Personnel Services oversees the delivery of services to home-bound or hospital-based students and either provides the services directly or by contract with another agency. Funds provided under this category are used to support home & hospital teachers' hourly wages and mileage.

Accomplishments – FY 2012

- Provided short-term instruction to 365 students - 281 homebound and 84 hospitalized students.
- Recruited, hired and trained over 40 new home & hospital teachers.
- Provided teachers for the *Teen Diversion Program*.
- Continued to offer a combination of traditional face to face instruction and on-line coursework for individual students.

Other Special Programs

Goals – FY 2014

- Continue to provide timely, competent instructional services to home and hospital bound students.
- Continue to recruit, hire, and supervise highly qualified home & hospital teachers.
- Provide high quality professional development for our home & hospital teaching staff.
- Continue to support special programs such as Teen Diversion with high quality, reliable home & hospital teaching services.
- Continue to collaborate with *The Office of Special Education* to ensure that students with disabilities are properly served on home & hospital teaching.
- Explore and expand the use of on-line curriculum for home-bound students, particularly violent students and those with serious/chronic health impairments.

Objectives – FY 2014

- Provide a one-day training workshop for home & hospital teachers.
- Analyze annual program data for trends and further discussion with pupil personnel staff.
- Continue to support the expansion of intensive day treatment options for students, especially at the elementary level.
- Consider the needs, trends, and fiscal implications associated with hospitalized students – this has been an area of dramatic increase over the last several years (61 cases in FY10; 66 cases in FY11; 84 cases in FY12).

FY 2014 Funding Adjustments

The changes in Other Special Programs for fiscal 2014 include:

Wage Adjustments of (\$9,000):

- Realign salary budget with actual expenditures, (\$9,000).

Cost of Doing Business for \$35,000:

- Additional expense for College Readiness contracted instruction offset with associated revenue, \$35,000.

The increase in expenditures from the fiscal 2013 budget for Other Special Programs is \$26,000.

Regular Programs

Program Overview

The regular program provides the instructional and administrative leadership which promotes effective educational programs.

Regular programs includes school based administrators and their support staff. The primary function is to provide effective leadership for instruction and in the operation of the school and to serve as a leader for public education within the immediate surrounding community. The Principal is responsible for implementing all of the key initiatives of the Board of Education Strategic Plan.

Regular program funding for textbooks and supplies provides for the books, materials of instruction, science kits, paper and other instructional equipment to ensure that every student has the resources necessary to succeed in the classroom.

Regular program instructional funding provides for school based staff working directly with students in the delivery of the instructional program. Investments in this category relate directly to all of the Board of Education Goals in the Strategic Plan. Regular program instructional include the following areas of study:

- Art
- English/Language Arts
- Health Education
- Mathematics
- Music
- Physical Education
- Science
- Social Studies
- World Languages

The **Accomplishments, Goals and Objectives** for Regular Programs are included with those of the Office of Elementary, Middle and High School Performance. Please refer to the preceding pages under the Office of Elementary, Middle and High School Performance for this information.

Regular Programs

FY 2014 Funding Adjustments

The following adjustments in funding were made to Regular Programs for fiscal 2014:

Wage Adjustments of (\$2,236,854):

- Turnover savings based on projected retirements and resignations, (\$2,236,854).

Base Budget Adjustments net change, (\$51,086):

- The following accounts were adjusted based on program needs:
 - Transfer \$121,256 in funding to intervention for Achievement Via Individual Determination (AVID) program
 - Reversal of a fiscal 2013 transfer to Student Services salaries, \$50,000
 - Increase other equipment \$15,000 and instructional equipment \$15,000 by transferring funding from textbooks and supplies, (\$30,000)
 - Reversal of a fiscal 2013 transfers to the technology equipment, Career and Technology and Gifted and Talented, \$42,170
 - Reduce mileage reimbursement to fund middle school software needs, (\$22,000)

Cost Saving Measures of (\$3,764,494):

- Elimination of 78.5 FTE Classroom Teachers, (\$3,518,213);
- Elimination of 6.3 FTE Paraeducators, (\$112,708); and,
- Elimination of 5.0 FTE school based Secretaries, (\$133,573).

The net decrease in expenditures from the fiscal 2013 budget for Regular Programs is (\$6,052,434).

School Library Media Program

Program Overview

The Office of Library Media Services provides leadership and supervision to the Media Specialists and Technicians that staff the fifty-four school library media centers, the professional library, the central video library and the book-processing center. The diverse responsibilities of this department include guidance to and approval of each school library media center's book and audiovisual purchases, as well as the central video library and professional library responsibilities. The Office of Library Media Services provides assistance to the construction department during the building of new and the renovation of existing library media centers, and the overseeing of vendors to secure the best pricing on various instructional equipment, as well as software/audiovisual pricing and on-line databases. The Supervisor of Library Services is responsible for preparing annually a complete *Library Collection Assessment*. This is submitted to the Associate Superintendent for Curriculum, Instruction, and Assessment and provides an age assessment of all HCPS libraries and the projected cost to align each collection with Maryland State Department of Education standards.

Accomplishments FY 2012 - 2013

- Turn it in.com continues to be purchased for the county high schools and being implemented in many high school improvement plans which link to Academic Integrity and Plagiarism.
- We are in the fourth year of a five year plan for having all schools up to a targeted copyright age for materials; we are continuing our collection analysis on state targeted materials. Currently, we have increased our collection age systemically by two years.
- Our report cards are complete and include a rubric which matches each state outcome to the curricular unit and lesson. It will now be electronic for all grade levels.
- Improvements are in their final stages to update the library at Joppatowne High School which includes new carpet, computer tables and rearrangement of the space for a more conducive and student friendly teaching area.
- New interactive whiteboards have been purchased for Youth's Benefit Primary, Bel Air Middle and Edgewood Middle School. We have also purchased new computer tables and chairs to better fit the configuration of Edgewood Middle School.
- We have begun a benchmark assessments trial for all Library Media Students in grades 3, 5, 6, 8 and 9 on the topics of Information Literacy and Research Skills. This benchmark will be given in the fall and spring of each year to assess student growth and to inform the Library Media Specialists in the next school the strengths and weaknesses of their new incoming students.
- Due to budget constraints we no longer purchase CERF, a student centered search engine. We now use two free student centered search engines, Kids Click! and GoGooligans which are also monitored for safety. These have been included in the curriculum for elementary to replace CERF lessons.

Goals – FY 2014

- Update library collections for all school libraries. (Board Goal 1 & 4)
 - **State Mandated Guidelines**
 - 12,000 items for elementary – Only 6 schools meet this goal.
 - 15,000 for middle – Only 4 schools meet this goal.
 - 18,000 for high schools – Only 4 schools meet this goal.
 - **Age and Weeding**
 - Overall the average age of items in our school district is 1999, while the recommended average age is 2001.
 - When Mackin last provided analysis in 2009, the district average age was 4 years older than recommended while today the collections as a whole have improved 2 years, and are now just 2 years older than recommended.
 - **Budget Goals**
 - Using MD state guidelines for size and balanced distribution recommendations, The Harford County district needs 195,105 additional items for their collections. If we were to purchase these items, it will cost \$4.2 million to bring all district collections up to minimum guidelines.
- To continue to research ways to communicate with students and parents by allowing access to their school's library collections from home. (Board Goal 1 & 2)
- Continue our evaluation on additional Internet Safety Units in grades K – 12. (Board Goal 4)
- Pilot new databases such as NBC Learn and Gale Science Resource Center for their viability in schools and curriculum supports, especially for Common Core and STEM. (Board Goal 1)
- Continue to update the School Library Media informational webpage. (Board Goal 1, 2 & 4)

School Library Media Program

- We are continuing our study of Online Books and their impact on school libraries in terms of relevancy, cost and usage. (Board Goal 1 and 4)

Objectives – FY 2014

- Conduct professional development to educate all librarians in the use of advanced technology and their relevant incorporation in lessons. (Board Goal 3)
- Collect librarians' plans for updating and targeting library collections based on school needs and state requirements. (Board Goal 1 & 3)
- Conduct a technology needs assessment of all libraries to make sure all Media Centers provide a safe atmosphere and equal access to materials and technology regardless of their location. (Board Goal 1, 3 and 4)
- To continue our research on the implications and applications of eBooks and eReader on our system and its impact on our schools both fiscally and academically. (Board Goal 1 and 4)
- To make our professional community fully aware of all the resources currently available both for curriculum and their own professional development. (Board Goal 1, 3 and 4)
- To work more closely with all subject areas and how we can assist in their teaching, as written into Common Core. (Board Goal 1, 3 and 4)

FY 2014 Funding Adjustments

The changes to School Library Media Programs include:

Wage Adjustments of (\$19,259):

- Realign salary budget with actual expenditures, (\$19,259).

Based Budget Adjustments net change, \$0:

- The following accounts were adjusted based on program needs:
 - Reduction in other equipment – (\$1,000)
 - Increase in institutes, conferences and meetings - \$1,000

Cost Saving Measures of (\$41,768):

- Elimination of 2.0 FTE Book Processing Center clerical support, (\$41,768).

The decrease in expenditures from the fiscal 2013 budget for School Library Media Programs is (\$61,027).

Summer School

Program Overview

Summer School programs are offered at the elementary and secondary levels by the Board of Education to help students maintain learning and complete coursework related to graduation requirements, to offer extended school-year services, and to provide enrichment opportunities. Most programs are tuition based.

Accomplishments – FY 2012

Many students participated in summer school programs during the 2012 summer. Program highlights are listed below:

- Elementary School Summer School had an enrollment of 506 students, while 204 elementary students participated in the Title I Jump Start STEM Program;
- Middle School Summer School had 370 students enrolled in the program;
- High School Summer School had 431 students participate, and 24 students graduated;
- Bridge Plan for Academic Validation Summer Program had 69 students participate;
- Extended-school year services were provided to 855 students, and 45 students participated in Summer Enrichment Programs;
- Summer Swim Instruction Program had 910 students participate at Edgewood Middle and North Harford Middle Schools.

Goals – FY 2014

The following programs are offered during the summer for students in Harford County Public Schools:

- Elementary School Summer School
- Middle School Summer School
- High School Summer School
- Extended-school Year Services
- Bridge Plan for Academic Validation Summer Program
- Summer Music Program
- Summer Swim Program
- Summer Enrichment Program
- Title I Jump Start STEM Program

Objectives – FY 2014

These programs provide:

- Opportunities for students to maintain current levels of academic progress. (Board Goal 1)
- Extended-year services directed by IEP teams for students with disabilities. (Board Goal 1)
- A summer graduation opportunity for students unable to graduate in the spring. (Board Goal 1)
- Enrichment programs for gifted students. (Board Goal 1)

FY 2014 Funding Adjustments

The changes for Summer School for fiscal 2014 include:

Cost of Doing Business for \$18,000:

- Additional expense related to Summer School Physical Education offset by associated revenue, \$18,000.

The increase in expenditures from the fiscal 2013 budget for Summer School is \$18,000.

Executive Administration Summary

Program Overview

The Superintendent, Associate Superintendent, Chief of Administration, and Assistant Superintendents must provide leadership, direction, motivation, and future planning for all aspects of the school system. Other areas, such as instruction, operations, and business activities need coordination to assure all efforts are focused on the best interests of the students in the school system. The executive administration serves these functions.

PROGRAM COMPONENT ORGANIZATION

Executive Administration is comprised of the Office of the Superintendent, Associate Superintendent, Chief of Administration and other administrative positions that perform activities associated with the overall general administration of the entire school system. Since the Assistant Superintendent of Operations is responsible for activities associated with the overall general administration of the school system, this salary along with the salaries of clerical support personnel are budgeted within the Executive Administration Program. Each program component's budget is presented following the Summary Budget for Executive Administration. Operations is a separate program within the operating budget.

	FY 2011 Actual	FY 2012 Actual	FY 2013 Actual	FY 2013 Budget	FY 2014 Budget	FY13 - FY14 Budget Change

Communications

Program Overview

The Harford County Public Schools Communications Office operates under guidance from Board of Education Goal 2 – “To encourage and monitor engagement between the school system and the community to support student achievement.” The Communications Office function helps build community partnerships by providing citizens with a clear picture of the ways their tax dollars are used to provide education services to students and serves as an informational liaison to media, government agencies, and community organizations.

The **HCPS Communications Office** is responsible for the school system's public relations and communications efforts including marketing, internal communications, community engagement, media relations, etc. Educational public relations is a planned, systematic management function, designed to help improve the programs and services of the school system. It relies on a comprehensive, two-way communication process involving both internal and external publics with the goal of stimulating better understanding of the role, objectives, accomplishments and needs of HCPS. The goal of the Communications Office is to assist in interpreting public attitudes, identify and help shape policies and procedures in the public interest, and carry on involvement and information activities which earn public understanding and support. The Manager of Communications manages and coordinates these communications efforts and serves as the school system's chief spokesperson. The office aims to support the district's mission, vision and goals by building strong relationships with stakeholders, aligning messages for key initiatives and programs, and engaging the community in two-way communication targeted to their needs.

Accomplishments – FY 2012

- Successfully completed a rebranding development initiative for the school district and developed a comprehensive launch plan to span the next two years.
- Implemented year two of the Budget Awareness Campaign to include a website redesign, a budget awareness training session, numerous input sessions and printed/electronic informational materials. Professionally printed budget awareness booklet and secured sponsorship to subsidize printing costs.
- Transitioned the graduation program printing process to the HCPS Print shop saving the school system approximately \$10,000.
- Developed materials and a website for the Cybersafety Awareness Campaign.
- Expanded our recognition programs to include event planning for major system events, such as:
 - RAM Branch Student-Run Credit Union at Edgewood High School – Ribbon Cutting
 - Ring Factory Elementary School State Blue Ribbon Celebration
 - National Math and Science Institute (NMSI) Grant Announcement and Celebration
 - 2012 Teacher of the Year Banquet and Program
 - 2012 Service Recognition Dinner
 - Superintendent's Budget Input Sessions
 - Monthly Board Meeting Recognition Ceremonies – to include HCPS Educator Hall of Fame
- Developed a committee of stakeholders to review and revise the handbook portion of the Parent-Student Handbook and Calendar. Significant revisions were made and implemented.
- Successfully implemented a system-wide Crisis Communication Plan during Hurricane Irene which took place the first week of school.
- Trained support staff on communication vehicles during the annual HCESC Professional Development Day.
- Represented the school system on numerous committees in order to build partnerships, including:
 - Superintendent's Cultural Proficiency Council
 - Harford County Chamber of Commerce – Board Member
 - Y of Central Maryland – Board Member
 - Coordinated the Superintendent's Teacher Advisory Council
- Assisted the Special Education Citizen's Advisory Committee in generating a communication plan and updated website strategies.
- Streamlined school system printed publications to incorporate an electronic component to reduce printing costs and increase timeliness of messaging.
- Expanded the use of social media vehicles (Twitter, Facebook, LinkedIn, and Teacher of the Year Blog) in order to reach our parents and community members with key messages.
- Successfully coordinated a system-wide United Way Campaign that netted approximately \$32,000.

Communications

Goals – FY 2014

- Ensure that all communication efforts are proactive and systematic (Communications Goal 1).
- Expand community engagement and two-way communication efforts (Communications Goal 2).
- Continue to enhance and promote HCPS' positive image and credibility in the community (Communications Goal 3).

Objectives – FY 2014

- Train school-based staff and launch the new automated phone system to include the email, phone and text features. In addition, a parent and community portal will be marketed.
- Execute the branding implementation plan to transition the school system from the old logo to the new logo and tagline setting the new brand standard for employees.
- Coordinate year three of the Budget Awareness Campaign.
- Work with the Benefits Advisory Committee (BAC) to promote the Wellness Initiative and other pertinent information set forth by the committee. Develop a Strategic Communications Plan for the BAC.
- Continue to work with the Cybersafety Committee to implement the student, parent and community presentation portion of the awareness campaign.
- Tailor communication vehicles to the needs of the stakeholders based on research (surveys, focus groups and discussions).
- Develop and execute a rumor control community engagement web portal.

FY 2014 Funding Adjustments

The changes for FY 2014 include:

Base Budget Adjustments net change, (24,350):

- The following accounts were adjusted based on program needs:
 - Reduction in clerical overtime – (\$515)
 - Increase in technical overtime - \$515
 - Reduction in office supplies – (\$2,000)
 - Reduction in audio/visual supplies – (\$1,850)
 - Transfer costs for employee recognition dinner to Human Resources – (\$20,500)

(Offset for reduction transferred to Human Resources, \$20,500 and Safety & Security, \$3,850.)

The decrease in expenditures from the fiscal 2013 budget for Communications is (\$24,350).

Community Engagement

Program Overview

The Office of Community Engagement, Equity and Cultural Proficiency (OCEECP) assists HCPS in implementing the Education That Is Multicultural (ETM) Bylaw provisions related to curriculum, instruction, instructional materials, climate, and staff development with a focus on eliminating achievement gaps and increasing academic achievement for all students. The OCEECP provides cultural proficiency professional development to all support and professional staff countywide and at the school level.

Accomplishments – FY 2012

- Provided delivery and oversight to first and second year teachers who took the mandated course entitled "Education That is Multicultural in the Classroom of the 21st Century".
- Provided delivery and oversight to new support personnel who received mandated ETM/Cultural Proficiency training.
- Developed work groups to enhance communication, develop partnerships, and increase mentoring opportunities in response to concerns noted at the three Diversity Network meetings held in spring 2010.
- Used disaggregated data to identify achievement gaps and suggested system changes to eliminate gaps.
- Coordinated the development of the Cultural Proficiency Professional Development Plan aimed at school and central office leadership.
- Developed goals based on the strategic plan to address the recommendations of the State Task Force on the Achievement of African-American Males. All schools will be required to review achievement data and develop strategies to address the documented achievement gaps.
- Created a network of ETM representatives designed to represent OCEECP and serve as liaisons and providers of instructional resources.
- Co-sponsored the 3rd Annual Diversity Literacy Fair, which is an opportunity for students, parents, and community members to participate in activities and learn about the various cultures within Harford County.
- Provided books for book studies at Church Creek ES, Aberdeen HS, William Paca/OPR ES, Aberdeen MS, and the Office of Special Education.
- Provided staff development funds to 13/14 schools using Positive Behavioral Interventions and Supports (PBIS) program for reviewing data, creating lessons, and reviewing/creating action plans as well as funds for 2/3 coaches' meetings throughout the school year.

Goals – FY 2014

- Continue to provide the required three-credit ETM course to all new professional employees to be completed within the first two years of employment.
- Revise ETM course to include instructional strategies that align to the cultural proficiency continuum.
- Continue to provide new support staff with cultural proficiency training.
- Continue to implement the comprehensive multi-year Cultural Proficiency Professional Development Plan with school leadership.
- Continue to provide additional support staff to three schools through the Making Progress Program.
- Develop ETM course for new administrators at the building level and central office administrators.
- Provide professional development for ETM advisors that will focus on the cultural proficiency continuum and instructional strategies that will increase academic achievement for all students.
- Implement the Understanding Diversity through Science, Technology, Engineering, and Math (STEM) essay contest for students in grades 6-12 designed to show how diversity plays a contributory role.

Objectives – FY 2014

- Increase the number of business partners.
- Develop and implement a system of support for teachers that work in schools not meeting AYP.
- Collaborate with all content offices and the office of professional development to ensure that cultural proficiency strategies are included in professional development opportunities to improve student performance.
- Implement the Partnership Network Database.

Community Engagement

FY 2014 Funding Adjustments

The changes for FY 2014 include:

Wage Adjustments of \$1,404:

- Realign salary budget with actual expenditures, \$1,404.

Cost Saving Measures of (\$32,794):

- Reclassify Director of Community Engagement to Supervisor of Equity and Cultural Proficiency for a savings of (\$32,794).

The decrease in expenditures from the fiscal 2013 budget for Community Engagement is (\$31,390).

Executive Administration Office

Program Overview

The Superintendent is appointed by the Board of Education and is responsible for interpretation and administration of all Board policies, and for advising and informing the Board of educational matters, needs and progress. According to Education Article, Section 4-102, Annotated Code of Maryland, the Superintendent of Schools serves as the executive officer, secretary and the treasurer of the Board of Education.

Within the Executive Administration Office, in accordance with MSDE reporting requirements, the following positions, in addition to the Superintendent, are classified under the Executive Administrative Office and provide system-wide support:

- Chief of Administration
- Assistant Superintendent of Operations
- Facilitator – Government Relations
- Coordinator of Grants/Business Partnerships

The Chief of Administration reports directly to the Superintendent.

FY 2014 Funding Adjustments

The changes to Executive Administration for fiscal 2014 are below:

Wage Adjustments of (\$25,782):

- Realign salary budget with actual expenditures, (\$25,782).

Base Budget Adjustments net change, \$2,241:

- The following accounts were adjusted based on program needs:
 - Reduction in temporary help – (\$212)
 - Increase in clerical overtime - \$82
 - Increase in printing expenses - \$100
 - Increase in mileage reimbursement - \$771
 - Increase in professional dues - \$1,000
 - Increase in institutes, conference and meetings - \$500

(Offset for the increase is in Board of Education Services)

Cost Saving Measures of (\$166,345):

- Reclassify the position of Associate Superintendent of Curriculum, Instruction and Assessments to Executive Director of Curriculum and Instruction and move to Curriculum, (\$166,345).

The net decrease in expenditures from the fiscal 2013 budget for the Executive Administration Office is (\$189,886).

Extra Curricular Activities Summary

Program Overview

Extra-Curricular activities funding provides support for student activities and interscholastic athletics. Student government organizations, class clubs, subject related clubs, athletic and career oriented groups such as Future Farmers of America, Future Business Leaders of America, Future Homemakers of America, Future Teachers of America, and special events such as musicals, forensic activities, foreign language and math days, academic competitions, dramatic presentations, dances, and assemblies are some of the activities in which students can participate.

The total interscholastic athletic program consists of 36 different varsity and junior varsity sports. The students conduct these activities in the fall, winter, and spring seasons in a manner that provides a balanced selection for participation. The ten high schools that engage in interscholastic events will require funds for athletic directors, coaches, supplies, and materials.

A number of system-wide music activities are conducted each year as a means of stimulating growth in the performance ability of middle and high school music students. Secondary school bands, orchestras, and choruses will participate in festivals during which they will receive evaluation from experts in the field of music education. Advanced music students will have an opportunity to participate in All County music groups.

Staff support of extra-curricular activities is provided through extra duty compensation and contracted services.

Interscholastic Athletics

Program Overview

The Interscholastic Athletic Program is an integral part of the educational program in Harford County Public Schools. It is essential in the promotion of healthy living, character building, and good citizenship for students through competition in sports. The interscholastic athletics program consists of 36 different varsity and junior varsity sports conducted throughout the academic year. Over 6,000 student athletes participate in the fall, winter, and spring sport seasons.

The Interscholastic Office assists the Athletic Directors and coaches with certifications and professional development in order for them to remain current in the rules and regulations concerning their specific sport. This department also oversees all athletic programs in order to ensure that all state and local regulations are followed.

Accomplishments FY 2012

- Scheduled all conference and championship games.
- Provided equal opportunities for competition to both genders.
- Coordinated with Adaptive Physical Education staff and Athletic Directors on Sports for Life program in adding a third activity (Bocce Ball) to the Sports for Life program.
- Provided professional development for over 600 coaches on the topics of injury prevention and changes in rules governing their sport.
- Worked with facilities to help maintain and improve all natural turf fields.
- Implemented concussion testing for five interscholastic sports.
- Documented that all coaches completed a concussion course.

Goals – FY 2014

- Implement a heat management program for athletics.
- Implement a program to have Athletic Trainers at all high schools every day.
- Ensure that facilities meet prescribed guidelines and are safe for competition.
- Ensure that competitive experiences are conducted fairly and follow appropriate rules of play.
- Provide a highly competitive athletic program with a limited budget.

Objectives – FY 2014

- Maintain field maintenance program to help improve the quality of athletic fields.
- Provide professional development for all coaches in the area of heat management.
- Develop conference wide athletic schedules.
- Develop and maintain countywide athletic budget.
- Assist school athletic programs in securing athletic supplies and equipment.
- Continue to encourage the expectation of good sportsmanship at all athletic contests.

FY 2014 Funding Adjustments

The changes for Interscholastic Athletics for fiscal 2014 include:

Cost of Doing Business for (\$34,555):

- Athletic supplies are reduced to offset the reduction in Gate Receipts, (\$34,555).

The decrease in expenditures for Interscholastic Athletics from fiscal 2013 is (\$34,555).

Student Activities

Program Overview

Student activities are an important part of the overall educational experience for many students. Student activities offer students the opportunity to excel in areas of interest other than academics such as student government organizations, dramatic productions, career oriented clubs, bands, orchestra, and vocal music groups to name a few. Persons providing leadership for these activities that occur outside the regular day responsibilities receive remuneration for their services.

Accomplishments – FY 2012

- Continue to support the stipend for school-based service learning coordinators.
- Continue to support a part-time service learning coordinator to oversee systemic programming and compliance.

Goals – FY 2014

- Continue to provide a variety of student activities across fifty-four (54) schools.
- Encourage student participation in government organizations, simulations, STEM extra-curricular activities, dramatic productions, career oriented groups, subject related clubs and competitions at the local, state, and national levels.
- Secondary students will be afforded the opportunity across content areas to participate in student service learning activities which fulfill the MSDE requirement for student service learning.

Objectives – FY 2014

- Maintain current practices.
- Explore opportunities to complement current programming.

FY 2014 Funding Adjustments

The changes for Student Activities for fiscal 2014 include:

Base Budget Adjustments net change, (\$7,100):

- Reversal of a fiscal 2013 transfer from Gifted and Talented, (\$7,100).

The decrease in expenditures from the fiscal 2013 budget for Student Activities is (\$7,100).

Human Resources

Program Overview

The Human Resources Division is responsible for overseeing all aspects of the employment relationship and ensuring compliance in all employment matters for HCPS. In fulfillment of this responsibility, the Human Resources Division:

- › Recruits and retains all school system employees ensuring consistent and legal employment practices.
- › Directs teacher quality initiatives in compliance with No Child Left Behind (NCLB), state laws/regulations, and Board policy.
- › Directs and coordinates all employee benefits programs and retirement.
- › Directs staff relations for the school system including: employee investigations, complaints, grievances, and collective bargaining with five employee units.
- › Administers salary, time accrual, leaves of absence, contract management, and all other employee compliance areas for HCPS.
- › Manages all Human Resources and employee data including input into the ERP and completion of various federal, state, and local, internal and external, reports of employment data.

The success of HCPS, student achievement at all levels, begins with quality classroom teachers and support staff. HCPS has approximately 5,300 employees, of which over 3,000 are teachers. For the current school year, 174 new teachers and 145 new support staff members were employed.

To meet the challenge of having a qualified employee in every position, Human Resources (HR) must continue to develop strategies in several areas in order to continually attract quality applicants to our school system. Expanded recruitment efforts must include superior marketing strategies that promote HCPS to a wide range of candidates as well as a greater application of technology in the recruitment process.

State and federal guidelines for the NCLB Act demand more rigorous standards of our employees, thus creating additional recruitment challenges and magnifying the need to retain our highly qualified staff members.

The expanded use of electronic/Internet accessibility, including the use of additional web site opportunities, are key factors in showcasing Harford County to outstanding employment candidates. Identifying and utilizing key media advertising opportunities must be a focus in achieving this goal. The implementation of a web-based application system has enhanced HCPS' efforts to retain and increase its place in the regional and national recruitment market. In conjunction with business partners and the Chamber of Commerce, additional resources should be sought to assist us in providing the necessary incentives to attract prospective employees to HCPS.

The Human Resources Division coordinates the development and interpretation of the Negotiated Agreements with the five employee bargaining units. Positive resolutions of concerns and disputes are goals HCPS strives to achieve to ensure a positive working climate for all employees.

Lastly, HR strives to ensure compliance with all applicable federal, state, and local legal requirements for employment practices and teacher quality. This includes such mandates as NCLB, Titles VII and IX, FMLA, Maryland Wage and Hour Law, and management of the Negotiated Agreements under the Maryland Public Schools Collective Bargaining Law. Legal compliance in these matters ensures a fair and equitable workplace and limits the Board's exposure and liability.

Accomplishments – FY 2012

- Increased efficiencies in the Recruitment and Staffing Department by automating several key procedures such as voluntary transfers and online support applications. (Board Goal 3)
- Retention of support services increased. (Board Goal 3)
- Return to Work initiative fully implemented. (Board Goal 3)

Goals – FY 2014

- Continue to demonstrate success implementing the return to work initiative utilizing the support of the nurse case manager. (Board Goal 3)
- Continue to increase efficiencies in the Recruitment & Staffing Department. (Board Goal 3)
- Increase initiatives in the hiring of culturally diverse candidates. (Board Goal 3)

Human Resources

Objectives – FY 2014

- Fully implement the online voluntary transfer process. (Board Goal 3)
- Continue to collaborate with staff to promote clerical training opportunities that lead to greater promotional options. (Board Goal 3)
- Identify targets for recruiting a diverse workforce to include expanding areas of opportunity. (Board Goal 3)

To hire and support skilled staff who are committed to increasing student achievement

Human Resources

HEALTH CARE COST CONTAINMENT INITIATIVES

Human Resources is committed to supporting educational objectives and to improving financial management systems by eliminating inefficiencies and recognizing savings while improving health care related programs. Whereas HCPS utilizes a variety of fiscal strategies to achieve cost savings, the Office of Human Resources has instituted specific measures.

1. In 2000, HCPS joined the **Harford County Health Care Consortium** comprised of Harford County government, Harford County Public Schools, Harford Community College, and Harford County Public Libraries. By working together to combine employee pools, the consortium increases purchasing power and thus reduces costs for health care plans. In addition to combined purchasing power, the consortium monitors administrative fees on an ongoing basis to identify and enable negotiation of cost reductions.
2. In the early 1990's, a HCPS **Benefits Advisory Committee (BAC)** was organized. The committee had several charges: make recommendations on cost containment strategies; study, discuss and recommend possible plan design changes; develop strategies to educate employees regarding benefit plans.

The following changes have been initiated based on BAC recommendations:

- PPO Core Plan with 90/70 benefit/in and out-of-network deductible and increased out of pocket maximum.
- Instituted Disease Management which is now known as Primary Care Medical Health.
- Increased deductible from \$100 to \$200 in 2010.
- Terminated Traditional Indemnity plan 7/1/11.
- Changed mail order prescription from flat \$20 to 1 or 2 x's co-pay in PPO Core & HMO plans.
- Implemented dependent verification.
- PPO increase ER Out Patient Facility co-pay from \$25 to \$50.
- PPO increase Urgent Care Center co-pay from \$15 to \$30.
- HMO increase deductible to \$100/\$200 from \$0/\$0.
- HMO increase ER Out Patient Facility co-pay from \$25 to \$50.
- HMO increase Urgent Care Center co-pay from \$15 to \$30.
- Change to Mandatory Generic Prescription program.

The BAC has also recommended ways to use "wellness funds" provided in the FY-13 and FY-14 health insurance contract. Information gleaned from voluntary health risk assessments and biometric screening will inform future wellness initiatives.

3. Due to the ever increasing population of HCPS retirees, Human Resources evaluated and restructured **Retiree Health Care** in 2006 in three significant ways: eligibility to continue retiree health care increased from full-employer share with 10 years' service to a tiered structure for employees hired on 7/1/06 or after (*see chart below*); open enrollment option was eliminated for retirees on 7/1/07; and, retirees now make a one-time health or dental plan selection upon retirement. Rates are based solely on experience of retiree group; previously retiree experience was bundled with employee experience.

<u>Consecutive Service to HCPS</u>	<u>Hired Prior to 7/1/06</u>	<u>Hired After 7/1/06</u>
10-19 yrs.	Full 90%*	1/3 90%*
20-29 yrs.	Full 90%*	2/3 90%*
30 yrs. & up	Full 90%*	Full 90%*

*85% for Care First PPO-Plus Plan

4. **Federal Healthcare Reform** also had an impact on managing employee healthcare costs by waiving co-pays for all preventative care services and removing all annual and lifetime maximums.
5. Apart from the negotiated changes to healthcare, the Office of Human Resources instituted its own cost savings measure of hiring a **Medical Case Manager** to contain certain costs within the operating budget. Actions of the Medical Case Manager (MCM) contain costs by more closely monitoring the protocols of employees returning to duty following absences as well as the use of Fitness for Duty evaluations to accelerate return to work.

Human Resources

Average cost to HCPS for Health Insurance			
	FY12	FY13	Change
Employee	\$ 10,418	\$ 10,608	\$ 190

Active Employee Participation Rate = 87%

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of \$3,805,639:

- Salary and wage adjustments, \$19,382;
- Increase in Health Insurance due to 5% rate increase, \$3,680,000;
- Dental Insurance due to 3% rate increase, \$112,800; and,
- Reduction in Life Insurance, (\$6,543).

Base Budget Adjustment net changes of (\$2,561,131):

- Increase in College Credit Reimbursement, \$100,000;
- Increase in Unemployment Compensation, \$50,000;
- Expense for employee recognition dinner transferred from Communications, \$21,250;
- Medical testing services for employees (base budget amount transferred from BOE), \$7,209;
- Reversal of one time budget transfer in FY 2013 for OPEB, (\$1,163,529);
- Reversal of one time budget transfer in FY 2013 for Health Insurance, (\$1,026,061);
- Reversal of one time budget transfer in FY 2013 for Dental Insurance, (\$450,000); and,
- Reversal of one time budget transfer in FY 2013 for Health Insurance, (\$100,000).

Cost of Doing Business of \$8,791:

- Increase in medical testing services for employees, \$8,791.

Cost Saving Measures of (\$1,341,283):

- Decrease in Health Insurance due to employee reductions, (\$1,253,582);
- Decrease in Dental insurance due to employee reductions, (\$75,972); and,
- Decrease in Life insurance due to employee reductions, (\$11,729).

The net decrease in expenditures from the FY 2013 budget for Human Resources is (\$87,984).

Operations and Maintenance Summary

Program Overview

The Operations and Maintenance program is comprised of various non-instructional areas of the school system that enable teaching and learning. Operations and Maintenance includes departments that are responsible for efficiently and effectively delivering Facilities Management, Planning and Construction, Student Transportation, and Community Services. Departments deliver services to schools and HCPS stakeholders in support of the Harford County Board of Education Strategic Plan Goal #4 to provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

The primary purposes of Operations and Maintenance are to:

- Provide the technical skills and expertise to establish and deliver a comprehensive maintenance program for all school facilities.
- Manage a capital improvement program to plan, design, construct, and modernize educational facilities for the students and staff.
- Provide energy management resources through the coordination of administration and policy between the central office management team and the individual facility managers.
- Provide transportation to eligible students enrolled in our schools.
- Administer the program for the use of public school facilities by the community by providing funds for custodial overtime, materials and supplies, and fees associated with the community use of our facilities.

Facilities Management

Program Overview

The mission of the Facilities Management Department is to provide the best learning environment for students of Harford County Public Schools. This is in addition to our vision to provide clean and optimally maintained buildings. We strive to accomplish our mission and vision by providing the technical skills and expertise to establish and deliver a comprehensive maintenance program for all school facilities, as well as, develop and provide a Preventive Maintenance Program to ensure the efficient operation of building systems and to extend the useful life of these systems. The Facilities Management Department develops and administers a long range Capital Improvements program to ensure that equipment such as boilers, rooftop units, environmental issues, parking lots and roadways, grounds improvement, and all aspects of school facilities building systems are replaced or repaired in a timely manner.

Included in the operations of our department are the custodians, who are needed to maintain the schools and central office in a clean and healthy environment. Over 6,000,000 square feet of floors must be cleaned, most of which is done on a daily basis. Custodians also change lighting tubes, provide lawn maintenance, clear snow and ice from sidewalks, move furniture within the building for assemblies and special programs, remove trash, clean the cafeteria between lunch periods, and operate the heating and air conditioning system.

Additionally, school buildings are an extension of the community. Schools are used for over 2,500 activities by outside groups each year. Activities such as Parks and Recreation, Boys and Girls Scouts, community association meetings, cultural events, before school and after school daycare, general and primary elections, church services, and other civic events are held in the public school facilities.

Accomplishments – FY 2012

- Bleacher replacements at Harford Technical (original gym), Magnolia Middle and North Harford Middle Schools. (Board Goal 4)
- Locker replacements in locker room at Fallston High School. (Board Goal 4)
- Fire alarm replacements at Dublin and Prospect Mill Elementary Schools. (Board Goal 4)
- Carpet replacement at Havre de Grace Elementary School. (Board Goal 4)
- Resurfacing at Magnolia Middle School. (Board Goal 4)
- Replaced wastewater treatment plant at Fallston High School and Fallston Middle School. (Board Goal 4)
- Installed ADA front access, playground and access path at William S James Elementary School. (Board Goal 4)

Goals – FY 2014

- Active participation in EPA's Tools for Schools across HCPS. (Board Goal 4)
- Inspection of all school buildings. (Board Goal 4)
- Continue to reduce underground storage tank inventory. (Board Goal 4)
- Continue with Phase 3 of Performance Contracting. (Board Goal 4)
- Evaluation of site/building conditions to include for program adequacy. (Board Goal 4)
- Partnership with Harford County to improve communication network. (Board Goal 4)

Objectives – FY 2014

- Provide an environment where every child feels comfortable going to school. (Board Goal 4)
- Obtain and optimize use of adequate resources. (Board Goal 4)
- Improve operational efficiency and effectiveness. (Board Goal 4)
- Recruit and retain a high quality diverse work force. (Board Goal 3)
- Provide a diverse, highly trained, skilled work force to apply modern technologies to building systems, contributing to the quality of instruction and student achievement. (Board Goal 3)
- Provide advice, resources, and consultation to all the stakeholders of the school system. (Board Goal 2)
- Develop a maintenance program that evaluates and prioritizes the needs of each facility to include structural, mechanical integrity, energy efficiency, operational and maintenance efficiencies to meet health and safety requirements. (Board Goal 4)
- Provide modern aesthetically pleasing facilities. (Board Goal 4)
- Minimize operating/utility costs via an efficient work force and providing modern efficient building systems (all aspects of physical plant). (Board Goal 4)
- Establish a program that addresses emergencies, both planned and unplanned. (Board Goal 4)

Facilities Management

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of (\$35,808):

- Salary and wage adjustments, (\$35,808).

Base Budget Adjustments net change of (\$255,435):

- Transfer of funds from liability insurance to property insurance, \$17,565;
- Increase in Maintenance of Plant and Upkeep - Grounds Equipment, \$17,000;
- Increase in community service rent, \$1,758;
- Increase in Maintenance of Plant and Upkeep - Science, Contracted Services, \$350;
- Reversal of year end transfer from utilities, (\$250,000);
- Reduction in Maintenance of Plant and Upkeep - Grounds Equipment Supplies, (\$40,000);
- Reduction in community service custodial overtime, (\$1,758); and,
- Reduction in Maintenance of Plant and Upkeep - Science Supplies, (\$350).

Cost of Doing Business net change of \$152,161:

- Increase in property insurance, \$87,161;
- Increase in rental of facilities office space and parking, \$27,000;
- Additional expense for stage rigging inspections and repairs, \$25,000;
- Annual maintenance agreement for work order tracking system, \$13,000;
- Increase in community service rent of \$1,758; and,
- Reduction in community service custodial overtime of (\$1,758).

The net decrease in expenditures from the FY 2013 budget for Facilities Management is (\$139,082.)

Planning and Construction

Program Overview

The purpose of the Planning and Construction Department is to plan, construct, modernize, and improve educational facilities for the students and staff of the Harford County Public Schools. The department utilizes demographic data and other pertinent information to plan new facilities or expansions to accommodate a growing student population. In addition, this department plans for and constructs improvements, modernizations, and additions to existing facilities that are old and obsolete, and that do not meet current educational program requirements.

Through the development of the annual Capital Improvement Program, the Planning and Construction Department analyzes population trends, birth numbers, student enrollment patterns, and residential growth in Harford County and assists in the planning of new school facilities to accommodate student enrollment.

The development of a sound educational program, coupled with a modern physical environment is translated into a community school building at either the elementary, middle, or secondary level.

Accomplishments – FY 2012

- Completed design and construction of roof replacement at North Bend Elementary School. (Board Goal 4)
- Completed design and construction of Bel Air MS Front Entrance Canopy Roof Replacement. (Board Goal 4)
- Completed design and construction of Wakefield ES Front Entrance Canopy Roof Replacement. (Board Goal 4)
- Completed design and Phase 1 of Havre de Grace High School HVAC systemic renovation. (Board Goal 4)
- Completed design and started construction of the Waste Water Treatment Plant serving Harford Technical High School, Prospect Mill Elementary School and the John Archer School. (Board Goal 4)

Goals – FY 2014

- Complete design and construction of Magnolia Middle School HVAC systemic renovation. (Board Goal 4)
- Complete design and construction of North Harford Elementary School HVAC systemic renovation. (Board Goal 4)
- Complete design for Youth's Benefit Elementary Replacement School. (Board Goal 4)
- Complete design for Havre De Grace High School. (Board Goal 4)
- Complete design and start construction on Norrisville Elementary School HVAC systemic renovation. (Board Goal 4)
- Complete design and construction of roof replacement at George D. Lisby Elementary School. (Board Goal 4)
- Complete design and start construction of Joppatowne High School limited renovation project. (Board Goal 4)
- Complete design and construction of Edgewood Middle School – Computer Laboratory project. (Board Goal 4)
- Complete design and start construction on Fallston High School HVAC systemic renovation. (Board Goal 4)
- Complete design and installation of central cooling plant up-grade to include chiller replacement, cooling tower replacement, and control replacement at Ring Factory Elementary School. (Board Goal 4)

Objectives – FY 2014

- The development of a sound educational program, coupled with a modern physical environment is translated into a community school building at either the elementary, middle, or secondary level. (Board Goal 4)
- Facilities are designed and constructed to provide a safe, secure, and healthy teaching and learning environment. (Board Goal 4)
- Facilities are designed and constructed that are attractive, affordable, and flexible to accommodate differentiated teaching and learning styles as required. (Board Goal 4)
- Facilities are designed and constructed to allow students, teachers, and staff the opportunity to access the most current advances in technology. (Board Goal 4)
- Design and construct quality school facilities within budget and on schedule. (Board Goal 4)

Planning and Construction

SUSTAINABLE DESIGN STRATEGIES

HCPS uses Sustainable Design Strategies in the design and construction of our school buildings. The following list highlights some of the sustainable design strategies used in major capital projects that were either: Modernization, Replacement, or New Facilities.

SITE

- On Modernization and Replacement projects an attempt to use the existing site is always developed, negating the need for additional land procurement and development.
- Specimen trees saved where possible. Use of native plants reduces irrigation requirements.
- Storm Water Management for both quality and quantity through the use of bio-retention facilities, micro pools with forebays.
- Design as to not disturb sensitive areas such as the Chesapeake Bay Critical Area.
- The use of high reflective concrete at pedestrian paths and plaza help reduce heat islands.
- Develop projects in cooperative partnership with Parks and Recreation eliminating unnecessary "dual development".
- The installation of bike racks on site to encourage "green transportation."

BUILDING

- Multi-story construction is implemented on most buildings, which creates a compact footprint, minimizing site disturbance. The compact footprint also reduces storm water management requirements.
- Building design to include the use of natural light and daylighting techniques to develop a high performance school, maximize energy savings and enhance student performance.
- Glazing: All glazing is tinted double-pane, low E, thermally broken.
- Interior building finishes with high indoor air quality benefits such as, low V.O.C. paints and carpet products and the use of mold resistant gypsum board.
- Careful selection of roofing materials whether a low sloped roof covered with a highly reflective white chip aggregate or a sloped metal roof of high SRI color or even a Polyvinyl-Chloride (PVC) Roofing Membrane system.

RECYCLING

- During construction/demolition - Recycling of demolished rubble for use on site as fill. Use of construction material with recycled content such as flooring, drywall, metals, wood.
- Post occupancy – Recycling dumpster utilized, single stream recycling has reduced landfill waste in half.
- Additional space designed to allow multiple dumpsters on site.

LIGHTING AND POWER

- The use of multi-level switching of lamps is used in fixtures for classrooms, conference rooms and office applications.
- Installation of high performance T8 and T5 lamps, ballasting of fixtures for dimming capabilities in concert with day lighting strategies.
- Installation of LED lighting systems on building exteriors and interiors, site lighting and parking lots.
- The design and installation of full automatic shutoff of lighting systems using a combination of interior occupancy sensors and the Energy Management System auto-off of site lighting and interior public spaces.
- The installation of daylight sensors are used with fixtures adjacent to windows and clerestory glazing.

WATER CONSERVATION

- Native and drought resistant plants that reduce the need for an irrigation system or extensive watering planted in appropriate area around the building perimeter.
- Dual flush toilets closets reduces water consumption.
- Low flow water fixtures.

Planning and Construction

SUSTAINABLE DESIGN STRATEGIES (cont.)

ENERGY EFFICIENCY/ INDOOR AIR QUALITY

- Total energy heat recovery wheels to capture and reuse waste heat to precondition outside air for the aerobics room, weight room, locker rooms, gymnasium and auditorium and other areas with high exhaust requirements.
- Use of dedicated outside air systems utilizing total energy recovery wheels to pre-condition/dehumidify outside air to meet ventilation requirements in classrooms.
- Use of a flat plate and frame heat exchanger capturing waste heat from the condenser water system to provide free summer reheat when needed for dehumidification.
- Use of multiple high efficiency water cooled chillers using magnetic bearing, variable speed compressors.
- Use of variable speed pumping on condenser water loop, secondary chilled water and heating water loop based on the building demand.
- Variable supply air flow using CO₂ sensors for assembly spaces to match space loads as determined by the number of occupants (dining, auditorium, gym).
- Air flow measurement of outdoor air, supply air and return air for all systems.
- HVAC systems selection based on life cycle cost analysis factoring operational and maintenance costs rather than first cost basis, i.e. geothermal systems.
- Lighting control through the EMS for site lights, corridor lights, stairwell lights and dining area lights.
- Use of multiple high efficiency condensing boilers and domestic hot water heaters that are 90 % + efficient.
- Use of Variable Refrigerant Flow HVAC Systems for increased flexibility, and high efficiency.
- Heating water supply temperature reset based on outdoor air temperature.
- Complete automation of building systems performance while minimizing energy consumption.
- Metering of cooling systems, heating systems, electrical consumption in KW and makeup water for all HVAC systems for better energy management.
- Commissioning of Building Energy Systems.
- Use of low (no) emitting material for flooring, paint and glass.
- Construction IAQ Management Plan for the construction phase and prior to occupancy.

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of \$10,495:

- Salary and wage adjustments, \$10,495.

The net increase in expenditures from the FY 2013 budget for Planning and Construction is \$10,495.

Transportation

Program Overview

The mission of the Transportation Department is to provide transportation to eligible students enrolled in Harford County Public Schools. In planning and carrying out this mission, major consideration is given to the safety of the children transported, to maintaining effective and efficient service that takes children to and from school in an environment that is conducive to learning, and to providing co-curricular and extra-curricular transportation for a multitude of projects.

Approximately 34,000 students are provided direct transportation to and from school in accordance with policies established by the Board of Education. Additionally, thousands of runs for co-curricular, extra-curricular, special programs and field trips are provided through out, what is now, a twelve-month school year.

The McKinney-Vento Homeless Assistance Act requires schools to identify children and youth in homeless situations and provide appropriate services. One such service is providing students with transportation to their school of origin. The McKinney-Vento Act is an unfunded federal mandate. Under this Act, HCPS has transported students that were housed as far as 75 miles away from their school of origin. In FY 2012, HCPS spent over \$186,000 to provide services in accordance with the McKinney-Vento Act.

Accomplishments – FY 2012

- In spite of the increase in miles driven, the number of preventable accidents was the least in the past 7 years. (Board Goal 4)
- Continued to reduce fuel consumption by reducing deadhead miles and implementing efficiencies in extra-curricular and athletic field trip buses. (Board Goal 4)
- Improved student management and driver training by the implementation of a bus camera pilot program.
- Continuing education and in-service training to drivers and attendants focused on Defensive Driving.

Goals – FY 2014

- Reduce the number of preventable accidents by 5% through continuing skills in-service-training focusing on safety. (Board Goals 3 & 4)
- Create a healthier environment around all HCPS through the installation of particle reduction emission devices on all new eligible special needs buses. (Board Goal 4)
- Eliminate fuel consumption by reducing deadhead miles and creating greater efficiencies on transportation of extra-curricular and athletic field trip buses. (Board Goal 4)
- Continuing to improve student management and driver training by the installation of additional cameras on buses.

Objectives – FY 2014

- To develop and implement bus routes that deliver students to and from school and extra-curricular activities, in a safe and efficient manner. (Board Goal 4)
- Educate, train and evaluate all drivers. (Board Goal 3)
- Train and supervise bus contractors. (Board Goal 3)
- Successfully resolve and mediate parental, school and public concerns. (Board Goal 4)
- Comply with all Federal, State and local laws. (Board Goal 4)
- Successfully administer and supervise the operation and maintenance of system-owned vehicles. (Board Goal 4)
- Monitor the operation and maintenance of contractor owned vehicles. (Board Goal 4)

Transportation

HCPS buses travel an average ...

...46,111 miles per school day!

% of Preventable Accidents to Total	59%	58%	33%	46%	44%

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Base Budget Adjustments of \$23,000:

- Increase in Student Transportation, Repairs and Maintenance - Special Needs Buses, \$65,000;
- Increase in Student Transportation, Contracted Services - Alternative Education Program, \$35,000;
- Increase in Student Transportation, Repairs and Maintenance - Special Transportation, \$20,000;
- Increase in Student Transportation, Office Supplies - Service Area Direction, \$5,000;
- Increase in Student Transportation, Other Supplies - Special Transportation, \$2,000;
- Increase in Student Transportation, Vehicle Maintenance - Other Equipment, \$1,000;
- Increase in Student Transportation, Medical Services - Special Transportation, \$1,000;
- Reduction in Maintenance of Plant, Repairs & Maintenance – Other Contracted Service, (\$45,000);
- Reduction in Alternative Education – Night Program Contracted Service, (\$20,000);
- Reduction in Other Contracted Services for reimbursement of student travel expenses, (\$15,000);
- Reduction in Maintenance of Plant, Other Supplies, (\$15,000);
- Reduction in Student Transportation, Repairs and Maintenance – Vehicles, (\$6,000);
- Reduction in Student Transportation, Training Supplies, (\$4,000); and,
- Reduction in Maintenance of Plant, Repairs and Maintenance – Vehicles, (\$1,000).

Transportation

Cost of Doing Business of \$714,550:

- Increase in PVA for 38 replacement buses, \$295,300;
- Increase in fuel costs for special needs buses, \$200,000;
- Increase in costs for transporting homeless students (McKinney-Vento Act), \$200,000; and,
- Increase in reimbursable student field trips, \$19,250;

Cost Saving Measures of (\$890,000):

- Savings by implementing consolidated/depot bus stops for Magnet programs and 4th tier bus service at additional elementary schools; (\$615,000);
- Savings from implementing consolidated bus stops for middle/high schools, (\$225,000); and,
- Savings from removing bus service exemptions granted in prior years, (\$50,000).

The net decrease in expenditures from the FY 2013 budget for Transportation is (\$152,450).

Utility Resource Management

Program Overview

The Office of Utility Resource Management has developed a multi-faceted approach to managing energy resources. This approach provides for energy resource optimization through the coordination of administration and policy between the central office management team and the individual facility managers; through improvements to the operation and maintenance of the equipment; and through capital improvements.

The overall goal is to optimize energy use without adversely affecting indoor air quality or the comfort and safety of our building occupants. This is currently being accomplished through the collection and analysis of energy consumption data using utility tracking and accounting software. We are also working with administrators, teachers, students and custodial personnel to promote energy conservation awareness, and are controlling. In addition, we are monitoring heating and air conditioning systems via computerized energy management programs.

Accomplishments – FY 2012

- Lighting upgrades of energy efficient equipment at the following schools:
 - Harford Technical High School
 - John Archer School
 - Old Post Elementary
 - William Paca Elementary
 - Havre De Grace Elementary
- Efficiency upgrades reduced consumption resulting in cost avoidance of over \$170,000. (Board Goal 4)
- Received over \$500,000 in BGE Smart Energy Rebates.
- Participated in the Load Response Program for five of six sites resulting in an anticipated savings of over \$28,005.
- Over 150 hand dryers in the school buildings to reduce paper towel usage and operational costs. (Board Goal 4)
- The pilot Furniture Refurbish Program resulted in cost avoidance of \$43,146.
- Conducted training workshops for custodians and other operations staff. (Board Goal 3)
- Conservation presentations to students in elementary, middle, and high schools. (Board Goal 4)
- Partnered with Harford County Government's Sustainability Office and Parks & Recreation to facilitate a conservation poster contests and a Sustainable Grounds Maintenance Workshop.

Goals – FY 2014

- Continue to install energy efficient equipment. (Board Goal 4)
- Continue to participate in Utility sponsored credit and rebate programs. (Board Goal 4)
- Continue to upgrade lighting. (Board Goal 4)
- Investigate and implement water conservation technology. (Board Goal 4)
- Successfully implement a third phase of Performance Contracting. (Board Goal 4)

Objectives – FY 2014

- Maximize the use of Operational budget funds without adversely affecting the comfort and safety of our building occupants. (Board Goal 4)
- Continue to partner with other agencies to expand sustainability initiatives. (Board Goal 4)
- Continue to collaborate with Curriculum to improve the learning environment. (Board Goal 4)

Utility Resource Management

ENERGY COST SAVING INITIATIVES

HCPS is entering the fourth year of their Energy and Resource Conservation Initiative. The program includes a behavior modification component titled Harford Environmental Leadership Program (HELP). The goal is to support educational objectives, improve financial management systems by eliminating inefficiencies and recognize savings while improving building operations and maintenance programs. HCPS coordinates all conservation initiatives through various conservation strategies.

- **Innovative Policies and Procedures:** In June of 2008, HCPS approved a comprehensive energy management plan. The goal of the plan was to reduce resource and energy consumption while creating a more environmentally sustainable organization. Through this plan HCPS adopted new policies and procedures which established specific criteria and requirements relating to energy use, conservation, and sustainability at all levels of the HCPS operations. Through this initiative HCPS established an Energy and Resource Committee to identify short and long-term opportunities, and respond to the needs of the schools. Temporary subcommittees are formed to investigate and address sustainability issues. The Resource Conservation Manager is responsible for implementing the energy conservation program, working closely with the committee and site teams and providing training and education to the students, faculty and staff. The Resources Conservation Manager also works with Resource Conservation Administrators at every school to increase conservation awareness, support training, and provide on-going guidance.
- **Behavior Modification and Training: "Grass Roots" Energy Conservation Initiative:** HCPS is aware that no conservation effort will be successful without Ownership, Pride, Participation and, Cooperation of the building occupants, users and all stakeholders. HCPS also acknowledges the need to have programs that enhance the opportunities for success and savings. Linking energy conservation efforts to teaching and instruction is a priority. Resource conservation activities are designed to include each local school, teacher and student and have a focus on establishing and strengthening partnerships with organizations internal and external to our HCPS for the purpose of educating our staff and students as we continue to improve the efficient use of our resources through the following initiatives:
 - Twenty-two HCPS schools have joined the Maryland Green Schools program. Additional schools are actively engaged in obtaining similar accreditation status.
 - Energy and Resource Conservation Policy & Procedures were developed concurrent with development of the Harford Environmental Leadership Program (HELP). The goal of the program is to emphasize behavior modification to conserve energy and other resources.
 - Provide ongoing training workshops for Leadership in Energy and Environmental Design (LEED) for the Facilities and Planning and Construction departments.
 - The Resource Conservation Committee works in tandem with the Earth & Environmental Science programs to focus on sustainability issues inside the school buildings and provide real world problem solving opportunities for our students.
- **Water Conservation Efforts:** Conserve water usage through various improvements to school building and grounds (i.e. fixtures, synthetic turf). Include water conservation methods on all capital projects through design standards.
- **Energy Procurement Strategies:** Participate in the purchasing consortium with the Baltimore Regional Purchasing Cooperative in which school districts and municipalities jointly procure natural gas and electricity to maximize savings. Currently utilizes Harford County Government propane gas contract to reduce per gallon cost of product.
- **Improved Practices:** HCPS developed a centralized data base to track and evaluate all utility bills, a green cleaning program with guidelines and training for our custodial staff, a sustainability review process for our new construction programs to insure that we are critically analyzing our new facilities during the design and construction phase, and implemented a full scale single stream recycling program and centralized data base to track and evaluate all waste disposal bills.

Utility Resource Management

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Base Budget Adjustments of \$250,000:

- Reversal of year end transfer to Facilities Management, \$250,000.

Cost of Doing Business of \$171,298:

- Increase in interest on energy performance contract, \$308,945;
- Increase in lease payment for Sun Trust performance contract Phase I & II, \$160,979;
- Increase in Johnson Controls Maintenance contract Phase I & II, \$10,319; and,
- Reduction in electricity usage/expenditures, (\$308,945).

Cost Saving Measures of (\$120,000):

- Utility savings from implementing four day summer work week, (\$120,000).

The net increase in expenditures from the FY 2013 budget for Utility Resources Management is \$301,298.

Safety and Security

Program Overview

The Safety and Security Office is responsible for advancing the security within Harford County Public Schools by integrating safety into the fabric of the school system through evaluation, education, and training. Through collaboration, the Department of Safety and Security shall persist to amalgamate the components of environmental and personal safety and security into every aspect of the educational/operational practices of the Harford County Public Schools System.

Accomplishments – FY 2012

- Critical Incident Flip Chart
 - A committee reviewed the Flip Chart and included new categories.
 - Flip Chart was reprinted and 5,000 copies were made available for distribution.
 - Flip charts were distributed to all schools.
- Critical Incident Plans
 - All 54 schools posted their Critical Incident Plans to SharePoint.
- To provide safe and secure schools during daytime and evening hours of building use
 - To date, 41 schools are equipped with surveillance cameras systems, bringing the count to 1,314 cameras.
- Remote door access and keyless door entry systems
 - Project completed – 51 schools identified with obstructed views of the main entrance have been equipped with remote access system.
- Thirteen School Bus Cameras were installed in fiscal 2012.

Goals – FY 2014

The main focus of the Department of Safety and Security is to ensure that all learning environments are safer and more secure. To date, numerous strategies have already been applied while others are in various phases of implementation to provide a safe and secure environment in which students can learn.

Objectives – FY 2014

- To establish clear expectations for positive school climates and maximize student learning, the following strategies have been implemented:
 1. School's Critical Incident Plans
 - a. By October 2014, all 54 schools will have on file revised plans that align with the new flip charts.
- To provide safe and secure schools during daytime and evening hours of building use.
 1. Multiple cameras in all Schools
 - a. 1,314 cameras have presently been installed in 41 buildings.
 - b. By June 2014, three additional buildings totaling 90 cameras will be added.
 2. Remote door access and keyless door entry systems
 - a. To ensure tighter accountability for people accessing the building, access points have been restricted.
 - b. Keyless entry minimizes the cost of rekeying buildings in the event keys are lost or stolen. The replacement cost for a plastic card is <\$4.00 as compared to rekeying a building which costs \$27,000.00.
 3. Installation of Cameras in Elementary Schools
 - a. Installation will begin in both Churchville and Forest Hill Elementary schools with an estimated completion date of March, 2013.
- To provide safe and secure schools during those hours when the buildings are not occupied
 1. Intrusion Alarms
 - a. All HCPS buildings are equipped with intrusion alarm systems.
 - b. The alarms monitoring and service cost is \$39,654 yearly but the savings are immeasurable because once activated there is no way to record a loss value if an intruder was to gain entry into a building.
- To maximize school building safety and security through student, staff, and parent training
 1. Harford County Public Schools On The Web
 - a. The community has the ability to access safety related information 24 hours a day.

Safety and Security

FY 2014 Funding Adjustments

The changes for Safety and Security for fiscal 2014 include:

Wage Adjustments of (\$3,446):

- Realign salary budget with actual expenditures, (\$3,446).

Base Budget Adjustments net change, \$3,850:

- The following accounts were adjusted based on program needs:
 - Increase in phone notification system contract - \$3,850
 - Increase in technical overtime - \$10,000
 - Reduction in fines/violations – (\$1,000)
 - Increase in other equipment - \$20,000
 - Reduction in security systems – (\$29,600)
 - Increase in books and periodicals - \$600

(Offset in Communications budget)

The increase in expenditures for Safety and Security from fiscal 2013 is \$404.

Special Education

Program Overview

Harford County Public Schools Department of Special Education is dedicated to the provision of a free, appropriate public education (FAPE) to all students with disabilities in need of special education and related services. The Department of Special Education provides direction and support to leadership and administration throughout the school system for special education including related services, programs and activities. The Director and seven Coordinators in Special Education are employed to provide support to the system-wide program of Special Education. These administrators supervise over 1,000 teachers and support services personnel, including contractual employees from agencies. They administer Non-Public Placement; Early Intervention Programs; the Partners for Success Resource Center; the Child Find Office and services and the Infants and Toddlers Program; chair various central IEP teams; communicate with parents and parent groups; conduct professional development activities in the area of special education law, instruction, assessments, strategies for differentiation in addition to facilitating the monitoring of federal and state grants, quality assurance; due process and the Maryland On-Line IEP Program.

Programs and services for students with educational disabilities require Special Education services which are developed under their leadership. The services to which these administrators provide direction include: consultative services; itinerant services (speech, hearing, vision, assistive technology, audiology, transition, physical, and occupational therapy); instructional services in home schools and cluster/regional programs; special school services; infants/toddlers-early intervention programming and non-public services.

Accomplishments – FY 2013

- Harford County Public Schools serves as the lead agency responsible for the provision of special education services to children with disabilities and their families, birth to 3 years. A full continuum of supports, resources and services are provided to children with disabilities and their families from birth to age 21 years. (Goals 1 and 2)
- Harford County Public Schools students with disabilities participating in the Alternate Maryland School Assessment (ALT-MSA) demonstrated significant gains in performance across nearly all grade levels and content. (Goal 1)
- 84% of school – age students with disabilities, ages 6 through 21, participate in the regular class setting for 80% or more of the school day (LRE A); with an additional 3.97% of students participating in the regular class setting \geq 40% of the school day (LRE B).
- 96.55% of Harford County Public Schools special education teachers and 100% of special education paraprofessionals met Maryland HQ standards. The retention rate for special education staff was 98.27% for teachers and 100% for paraprofessionals. (Goal 3)
- The percentage of Harford County Public Schools students with disabilities receiving a Maryland high school diploma (Leaver Rate) continues to demonstrate a consistent pattern of increase from 70.37% in 2010 to 75.77% in 2011. (Goal 1)
- The percentage of Harford County Public Schools students with disabilities suspended for \geq 10 days decreased from 2.8% to 1.6%. (Goal 4)

Goals – FY 2014

The goal of Harford County Public Schools Department of Special Education is to ensure every student with a disability the availability of a free, appropriate public education that—

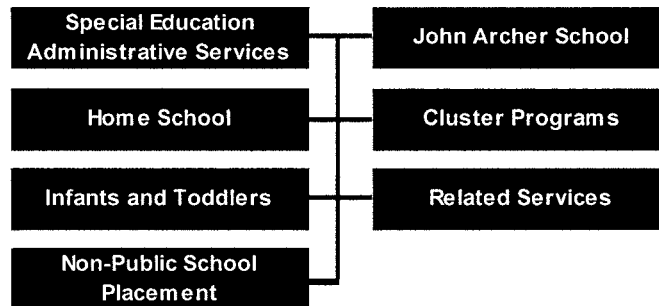

- Promotes comprehensive, collaborative and individualized access to the Harford County Public Schools (HCPS) curriculum in the general education setting with students without disabilities, to the maximum extent appropriate; and,
- Promotes high expectations and standards by providing instruction in the Maryland Content Standards, Maryland School Assessment (MSA), High School Assessments (HSA) or the Alternate Assessment (ALT-MSA), as appropriate, to support the student IEPs.

Objectives – FY 2014

- To provide a full continuum of special education and related services to students with disabilities, from birth to age twenty-one;
- To enhance the capacity of school personnel by utilizing professional development opportunities that address local and state priorities relevant to the needs of students with disabilities and align with the Maryland Teacher Professional Development Standards (MTPDS);
- To support a centralized facility providing a safe and healthy environment for students with significant cognitive disabilities and/ or intensive medical needs; and,
- To promote and maintain a high level of competence and integrity of practice utilizing effective leadership, direction, and administration of federal, state and local policies.

Special Education

Challenging Trends

Although special education enrollment has slightly declined in the past decade, special education costs have increased significantly due to the change in student conditions and the intensity of services required. On average, during the 2012 – 2013 school year a special education student costs \$14,252 more to educate than a general education student. The higher cost per pupil for special education students is due primarily to:

- Lower student – teacher ratios;
- Nature and intensity of services provided;
- Increase in costs of materials and equipment to support students with disabilities and,
- Higher cost of transportation.

The average cost for a special education student placed in a non-public school was \$77,830 in fiscal year 2013, down \$4,595 from the prior year.

Cost Per Student

*Includes non-public placement students

**In the 2010-2011 school year all students turning three years of age and choosing to remain in the Extended Individual Family Service Plan were classified as developmental delay, the only classification available in this program.

Special Education

MARYLAND SCHOOL ASSESSMENTS – SPECIAL EDUCATION

The special education chart below reflects the percentage of special education students who scored proficient or advanced on one of three Maryland state assessments. These students may have participated in the Maryland School Assessment (MSA), Modified School Assessment (Mod-MSA), or the Alternative School Assessment (Alt-MSA). The MSA is an annual assessment program that tests students in grades 3 through 8 in reading and mathematics. The Mod-MSAs are alternate assessments in reading and mathematics based on grade level content standards and modified academic achievement standards designed for students receiving special education services who meet specific participation requirements. A student who is eligible for the Mod-MSA will be identified based on his or her individual evaluation information and instructional and service information on his or her IEP. The Alt-MSA is given to students with the most significant cognitive disabilities. Students are identified to participate in the Alt-MSA through the IEP process. The Alt-MSA assesses and reports student mastery of individually selected indicators and objectives from the reading and mathematics content standards or appropriate access skills.

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of (\$219,155):

- Realign salary budget with actual expenditures, (\$17,569); and,
- Turnover savings based on projected retirements and resignations, (\$201,586).

Base Budget Adjustments net change, \$0:

- The following account were adjusted based on program needs:
 - Transfer funding for paper, toner and ink to materials of instruction, (\$8,002)
 - Transfer funding for textbooks to materials on instruction, (\$27,429)
 - Increase materials of instruction, \$35,431

Cost of Doing Business for \$550,000:

- Increase in Non Public Placement expense, \$550,000.

Cost Saving Measures of (\$216,810):

- Eliminate 15.0 FTE Inclusion Helper positions, (\$216,810).

The net increase in expenditures over the fiscal 2013 budget for Special Education is \$114,035.

Student Services Summary

Program Overview

Student Services provides a range of programs and services designed to provide the opportunity for all students to achieve maximum benefit from their educational experience. Student Services encompasses Pupil Personnel Services, Psychological Services, Health Services and School Counseling.

The mission of Student Services is to provide an integrated professional service to students that:

- Supports and empowers them to achieve their study, health, personal and career goals.
- Advocates recognition and respect for their diverse cultural backgrounds and individual needs at all levels.
- Counseling, health, psychological, and pupil personnel services are comprehensive, delivered in a coordinated fashion, and are accessible to all students.
- Programs and services enhance the educational process by addressing the cognitive, behavioral, physical, emotional and social factors that affect learning.
- Services emphasize prevention and intervention support systems, which are enhanced by partnerships with schools, families, and the community.

Health Services

Program Overview

Health Services supports academic achievement by promoting the optimum health status of students. Using the model of a nurse in every school building, health services strive to identify barriers to learning and develop plans to maximize student success. Our school nurses document their care on a computer data system to ensure that data is readily available and retrievable for analysis and program planning. Our vision and hearing program (upon admission to school and grades 1, 4 and 8) is one example of how school nurses are vital to helping students realize their learning potential.

The office is responsible for providing orientation and ongoing professional development for school nurses. The office also establishes program protocols and guidelines that are included in the Health Services Handbook and HCPS Nursing Protocols. Substitute nurses and contractual nurses are secured as necessary. Health promotion activities are also provided through CPR/AED training, blood borne pathogen education, anaphylaxis awareness and a flu vaccine program for staff.

Accomplishments – FY 2012

- School nurses reported 345,161 health suite visits, 88,772 medications administered and 33,391 health treatments performed during school year 2011-2012. (Board Goal 1, 2)
- Continuation of discretionary medication protocols helped to return students with minor somatic complaints back to their learning environment. (Board Goal 1, 2)
- Flu Mist seasonal influenza vaccination offered to all elementary school students through a collaborative program with Harford County Health Department - 8,857 students (50.1%) participated. (Board Goal 1, 2)
- Seasonal influenza vaccination for 1,882 staff members with health department support. (Board Goal 4)
- Medication Disposal project collaboration with HCPS Resource and Energy Conservation Department: utilized School Resource Officers (SRO) to collect medications from school nurses. (Board Goal 4)
- Updates to Nursing Protocol manual to include head injury, heat related illness, chest pain and seizures. (Board Goal 4)
- Updates to the health suites at John Archer, William S. James Elementary, and the Center for Educational Opportunity. (Board Goal 4)
- Implementation of eSchool Plus for medical documentation; nurses in-services provided. (Board Goal 3,4)
- Participation in Educator Effectiveness workshops to develop pilot evaluation tool for school nurses. (Board Goal 3)
- Transmission of attendance and health suite data to the Harford County Health Department and the Department of Mental Health and Hygiene (ESSENCE data system) daily in order to monitor communicable disease trends. (Board Goal 4)
- Dental screening pilot completed at Title One schools. (Board Goal 4)

Goals – FY 2014

- Provide adequate staffing to meet the goals and objectives of the health services program using the National Association of School Nurses ratio guide. (Board Goal 3 & 4)
- Maintain School Health Standards for all students including immunization compliance and communicable disease management. (Board Goal 4)
- Work with school teams to monitor attendance and decrease absenteeism. (Board Goal 4)
- Provide all students with special health needs; participate in IEP, 504 and SST meetings as indicated. (Board Goal 4)
- Provide emergency health services and manage AED program. (Board Goal 4)
- Collaborate with Harford County Health Department to maintain school based wellness centers. (Board Goal 2)
- Promote staff development to ensure a high quality health program. (Board Goal 3)
- Disseminate school health services information. (Board Goal 4)
- Coordinate with school and community support agencies and local health department. (Board Goal 2)
- Monitor and evaluate school health services programs. (Board Goal 4)
- Ensure that staff have adequate education/training on blood borne pathogens and signs and symptoms of anaphylaxis. (Board Goal 3,4)
- Pilot the use of eSchool Plus program to record all immunizations in the database. School nurses will work to complete all student immunizations over a four year period. (Board Goal 4)
- Investigate dental screening program at all elementary schools; investigate the application of fluoride varnish by the Harford County Health Department dental hygienists (Board Goal 4).

Health Services

Objectives – FY 2014

- Promote referral of students to dental health services including the Harford County Health Department's Edgewood Dental Clinic and University of Maryland's Dental Clinic- Perryville. (Board Goal 2)
- Utilize school nurses to administer vaccine to expand staff influenza clinics. (Board Goal 4)
- Maintain and update Sharepoint site for health services forms. (Board Goal 4)
- Maintain AED program in every school building. (Board Goal 4)
- Update health services brochure. (Board Goal 4)
- Offer high quality professional development to school nurses, including on-line modules. (Board Goal 3)
- Act as a resource to encourage compliance with HCPS Wellness Policy. (Board Goal 4)
- Continue Mentoring Pilot for new school nurses. (Board Goal 3)

FY 2014 Funding Adjustments

The changes for Health Services for fiscal 2014 include:

Wage Adjustments of (\$35,497):

- Realign salary budget based on actual expenditures, (\$35,497).

The decrease in expenditures from the fiscal 2013 budget for Health Services is (\$35,497).

Psychological Services

Program Overview

The Department of Psychological Services is a division of HCPS' Student Services Branch. The Department's mission is to ensure that all students have access to a full continuum of psychological services to meet their varied and individual needs. School psychologists address the academic, behavioral, and mental health needs of all students, students at-risk, and students with intensive needs at the school-wide, classroom, and individual student level to enhance student achievement in safe and supportive school environments. Services include, but are not limited to:

- Early screening and identification of at-risk students;
- Staff/parent consultation on academic and/or behavioral issues;
- Individual student assessment and assignment to special programs & interventions;
- Intervention design, delivery, and progress monitoring;
- Trauma response/crisis management;
- Direct intervention with students (i.e. mental health counseling, problem-solving/conflict management skills training);
- Data analysis, interpretation, and data-based decision making;
- Service coordination/case management & referral;
- Support to school and system improvement initiatives;
- Home/School/Community collaboration;
- Staff/parent training; and
- Program design & research.

Accomplishments – FY 2012

- Provided a comprehensive, year-round continuum of psychological services to all HCPS schools and special/alternative programs.
- Provided timely and relevant assessment and intervention services to students with suspected disabilities through the IEP and Section 504 processes.
- Assisted the Office of the Superintendent in the area of student threat assessment/management; revised threat assessment forms and data collection tools for FY13 implementation.
- Provided support to schools during traumatic incidents.
- Participated as a regular member of Student Services problem-solving teams at assigned schools.
- Supported PBIS programs throughout the district.
- Participated in the specialist observation/evaluation work group and developed new forms and rubrics for evaluating school psychologists.
- Recruited and hired five new psychologists and 2 school psychology interns.
- Created a part-time "floater" position to support psychologists with high caseloads and provide substitute coverage for staff on extended leave of absence.
- Provided high quality professional development for school psychologists and HCPS staff.
- Continued with the quarterly distribution of our departmental "Get Psyched" newsletter.
- Developed a position paper on the "Role of the School Psychologist in the Identification of Emotional Disability".
- Participated in Maryland Student Assistance Team training during Summer, 2012.

Goals – FY 2014

- Provide a comprehensive, year-round continuum of psychological services and programs to all students in order to maximize their physical, personal, social, emotional, academic, and career development. (Board Goal 4).
- Provide timely and relevant assessment and intervention services to at-risk students. (Board Goal 4).
- Assist the Office of the Superintendent in the area of student threat assessment/management. (Board Goal 4).
- Support the Student Services Team (SST) problem-solving model in all HCPS schools as a means to identify and address barriers which prevent students from being successful in school. (Board Goal 1 & 4).
- Reduce disproportionate minority representation in special education and suspension categories through the implementation of academic and behavior supports generated through Student Services Teams, PBIS and RTI approaches, as well as ongoing review of psychological assessment practices. (Board Goal 4).
- Recruit, hire, supervise, and mentor highly qualified school psychologists and school psychology interns. (Board Goal 3).
- Promote adequate staffing based on the recommended National Association of School Psychologists Practice Model ratio of 1:500. (Board Goal 3).
- Provide regular, high quality professional development for school psychologists and HCPS staff. (Board Goal 3).
- Implement a new observation and evaluation process for school psychologists.

Psychological Services

Objectives – FY 2014

- Use the results from the recent MSDE Student Services Program review to continue to improve school psychology programs and services. (Board Goal 4).
- Collect and analyze Student Services Team (SST) outcome data to determine program effectiveness. (Board Goal 1).
- Support the Maryland Student Assistance Team/SST adaptations in all assigned secondary schools.
- Implement and gather feedback pertaining to the revised school psychologist observation/evaluation process. (Board Goal 3).
- Continue to sponsor practicum and paid internship opportunities for developing school psychologists – 2 internships are contracted for FY13. (Board Goal 3).
- Work with Human Resources to identify long-term substitute coverage options for school psychologist staff. (Board Goal 3).
- Maintain and expand the number of 11-month school psychologist positions as staff interest and available funds will support. (Board Goal 3).
- Use the results from annual user surveys to identify high interest topics for “*Get Psyched*” newsletters. (Board Goal 3).
- Deliver a program of professional development for school psychologists developed during summer committee work which identifies and addresses areas of departmental need. (Board Goal 3).

FY 2014 Funding Adjustments

The changes for Psychological Services for fiscal 2014 include:

Wage Adjustments of (\$1,789):

- Realign salary budget with actual expenditures, (\$1,789).

Base Budget Adjustments net change, (\$43,003):

- The following accounts were adjusted based on program needs:
 - Transfer funds from summer services to Psychological Services professional salaries to cover the cost of converting 3.0 FTE 10 Month Psychologists to 11 Month Psychologists; and,
 - Transfer a 1.0 FTE clerical position from Psychological Services to Pupil Personnel Services, (\$43,003).

The decrease in expenditures from the fiscal 2013 budget for Psychological Services is (\$44,792).

Pupil Personnel Services

Program Overview

The Office of Pupil Personnel Services is a division of HCPS' Student Services Branch. The Division's mission is to ensure that all students are able to access the necessary supports and services that will enable them to be successful in school and in their local communities. Each of the nine pupil personnel workers is committed to providing direct intervention and case management services to students and families who are experiencing academic, behavioral, emotional, physical, and/or social difficulties. The pupil personnel worker collaborates with school administrators, teachers, agencies, human service providers, and other student support services personnel to coordinate services for families in order that students may achieve the maximum benefits from their educational experience.

Accomplishments – FY 2012

- Re-verified the residency status of 2465 students in shared living arrangements and processed 4,586 special admissions applications;
- Worked with school teams to monitor student attendance and decrease absenteeism;
- Helped to improve attendance and associated academic outcomes for students referred to the Truancy Court and collaborated with outside resources to develop the *Making A Difference: Truancy Education Program* component to the program for FY13 implementation;
- Provided support to schools during traumatic incidents;
- Registered and supported 1580 home schooled students and directly supervised 353 students. (Board Goal 2 & 4)
- Provided short-term instructional services to 281 home-bound and 84 hospitalized students. (Board Goal 3)
- Provide services and supports to 266 homeless students and unaccompanied youth. (Board Goal 2 & 4)
- Supported the Yellow Ribbon suicide prevention program in all eight county middle schools. (Board Goal 4)
- Continue to offer refresh training to key school staff on McKinney-Vento requirements. (BOE Goal 3)
- Conduct refresh training on Section 504 revisions to school personnel as needed. (Board Goal 3)
- Re-verify the residency status of students in shared living arrangements. (Board Goal 4)
- Monitor progress of students identified by the Truancy Court. (Board Goal 1, 2 & 4)
- Promote expansion of the school-based mental health program. (Board Goal 2 & 4)

Goals – FY 2014

- Provide assistance to students, parents and schools in the areas of student enrollment, attendance, student records, discipline issues, child welfare, emergency preparedness/crisis response, and IDEA/Section 504 compliance. (Board Goal 2 & 4).
- Support the Student Services Team (SST) problem-solving model in all HCPS schools as a means to identify and support at-risk students. (Board Goal 4).
- Continue successful collaborations with other Harford County agencies including the Health Department, Department of Social Services, Department of Juvenile Services, Department of Community Services, Office on Mental Health, Community Action Agency, Harford Roundtable, Local Management Board, Sheriff's Office, and the Courts. (Board Goal 2 & 4).
- Provide technical assistance and student transition coordination to the Alternative Education Program. (Board Goal 4).
- Continue direct collaboration with the Offices of Special Education, Safety and Security, and Curriculum, Instruction & Assessment. (Board Goal 4).
- Evaluate the effectiveness of programs and services delivered to students and schools by Student Services. (Board Goal 3 & 4).
- Provide professional development/training to school personnel in identified areas of need. (Board Goal 3).
- Focus on a preventive and proactive approach to assisting students, families and school personnel. (Board Goal 2 & 4).
- Administer and supervise families who home school their children. (Board Goal 2 & 4).
- Provide professional development for the Home/Hospital teaching staff to ensure the delivery of appropriate services to home-bound students. (Board Goal 3).
- Provide services and supports to homeless students and unaccompanied youth. (Board Goal 2 & 4).
- Promote a staffing standard for pupil personnel workers consistent with professional standards 1:2500. (Board Goal 3).

Pupil Personnel Services

Objectives – FY 2014

- Work with school teams to monitor student attendance and decrease absenteeism. (Board Goal 2).
- Participate as a regular member of SST problem-solving teams at assigned schools. (Board Goal 1 & 4).
- Support the Maryland Student Assistance Team/SST adaptations in all assigned schools. (Board Goal 1).
- Collect and analyze SST outcome data to determine program effectiveness. (Board Goal 1).
- Re-verify the residency status of students in shared living arrangements. (Board Goal 4).
- Monitor the progress of students identified by the Truancy Court. (Board Goal 1, 2 & 4).
- Implement and monitor the impact of the *Making A Difference: Truancy Education Program* (Board Goal 1, 2 & 4).
- Implement and monitor the Harford County *Runaway Youth* initiative. (Board Goal 2 & 4).
- Establish and implement guidelines for awarding credit and determining placement for students returning to public school from home instruction (Board Goal 1).
- Explore on-line course options for violent students and students with chronic health conditions. (Board Goal 2 & 4).
- Promote expansion of the school-based mental health program. (Board Goal 2 & 4).
- Continue to offer refresh training to key school staff on McKinney-Vento requirements. (BOE Goal 3).
- Continue to provide timely transportation services to all eligible homeless students and collaborate with the Department of Social Services and the Department of Juvenile Services with regards to school placement decisions/transportation options for children in state supervised care. (Board Goal 2 & 4).
- Consider the local implications of an expanded age for compulsory education in Maryland. (Board Goal 2 & 4).
- Conduct refresh training on school law/Section 504 revisions to school personnel as needed. (Board Goal 3).
- Offer high quality in-service education to pupil personnel workers on topics of interest/need. (Board Goal 3).

FY 2014 Funding Adjustments

The changes for Pupil Personnel Services for fiscal 2014 include:

Wage Adjustments of (\$18,917):

- Realign salary budget with actual expenditures, (\$18,917).

Base Budget Adjustments net change, (\$6,997):

- The following accounts were adjusted based on program needs:
 - A 1.0 FTE clerical position was transferred from Psychological Services - \$43,003
 - Reversal of a fiscal 2013 year end transfer to Pupil Personnel salaries from instructional salaries – (\$50,000)

The decrease in expenditures from the fiscal 2013 budget for Pupil Personnel Services is (\$25,914).

School Counseling Services

Program Overview

School Counseling is an integral part of the educational program which seeks to focus attention on individual students as they strive to make wise choices based on realistic concepts of themselves and the world in which they live. Inherent in school counseling is the promotion of the worth and dignity of all students and the belief that they have unique interests, needs, abilities, and aptitudes, as well as the capacity for growth and change. It is the function of school counseling to provide for students' maximum opportunity to realize potential through a developmental, comprehensive and continuous program of services from pre-kindergarten through high school and beyond.

The Office is responsible for the recruitment, training, observation, evaluation, and ongoing professional development of school counselors, the training and deployment of regional trauma responders, the electronic maintenance and production of duplicate diplomas and other archived records for the public, and the monitoring, data collection, review, and evaluation of the School Counseling program.

Accomplishments – FY 2012

- Trained new counselors during the August Professional Development.
- Trained 48 new staff members for trauma response procedures.
- HCPS hosted the College Fair event at Edgewood High School (1,682 attendees).
- Aligned counseling goals with School Improvement goals.
- Trained all high school counselors on the new Naviance college and career web program.
- Formed a research partnership with Loyola University to examine the effectiveness of aligning school counseling goals with school improvement goals.
- Designed a new observation and evaluation format for all school counselors.
- Partnered with Loyola University to offer graduate courses as an educational cohort.

Goals – FY 2014

- Implement a comprehensive and developmental program of instruction and services PK - 12 in the academic, career, and personal/social domains as specified in the Code of Maryland Regulations 13A.05.05.02 and the American School Counselor Association National Standards. (Board Goal 1).
- Provide school support during traumatic incidents by deploying trained Student Services personnel. (Board Goal 4).
- Procure quality content-specific and system-wide priority professional development for all school counselors and others as requested. (Board Goal 3).
- Support cooperation and coordination with community organizations and businesses, post-secondary educational institutions and programs, community based mental health services, and the military. (Board Goal 1 & 2)
- Continue to expand the Naviance college and career program to middle schools. (Board Goal 1)

Objectives – FY 2014

- Recruit and screen qualified school counseling candidates. (Board Goal 3)
- Educate, train, and mentor newly hired school counselors. (Board Goal 3)
- Train new Student Services staff in trauma response procedures and deploy teams as needed throughout the year. (Board Goal 3 & 4)
- Train student Peer Helpers in all secondary schools, and train student Peer Mediators for any secondary schools choosing to provide Peer Mediation as a conflict resolution option. (Board Goal 4)

School Counseling Services

FY 2014 Funding Adjustment

The changes for School Counseling for fiscal 2014 include:

Wage Adjustments of \$2,714:

- Realign salary budget with actual expenditures, \$2,714.

Base Budget Adjustments net change, \$0:

- The following accounts were adjusted based on program needs:
 - Increase in microfilming/imaging – \$300
 - Decrease in mileage reimbursement – (\$300)

Cost Saving Measures of (\$112,045):

- Eliminate 2.5 FTE Guidance Counselors, (\$112,045).

The net decrease in expenditures from the fiscal 2013 budget for School Counseling is (\$109,331).

Office of Technology and Information Services

Program Overview

The Office of Technology functions across all areas of the organization including: Instruction, Operations, Maintenance, and Administration. The diverse responsibilities include: providing technology hardware and software for instruction and operational support; providing and maintaining the Wide Area Network (WAN) and Local Area Networks (LANs and WLANs); installing and maintaining communications systems (email, voice, public address, etc.); deploying interactive multi-media systems (interactive whiteboards and real-time feedback responders, document cameras, projectors, etc.); complex auditorium theatrical lighting and sound systems; technical TV studios; maintain information security safeguards; development of application programs/data analysis reports; maintain operational and system support for administrative/business systems; professional staff development/support; and develop techniques for infusing technology tools into curriculum and effective delivery.

Accomplishments – FY 2012

Application Development:

- **eSchoolPlus: Student Information System Replacement (525 man days –excludes training)**
eSchoolPlus is the first significant student information system change in 12 years. The project was completed on schedule, within scope and budget limits. Internal training was conducted to 850 employees over the course of several months.
- **Substitute Account Creation Utility**
Automated creation of a “substitute employee” Active Directory (network) thereby tightening up poor security practice of teachers/administrators sharing AD credentials with substitutes.
- **SharePoint 2010 Implementation and Site Redesign**
The SharePoint 2010 project improved reliability, performance and user experience over earlier deployments (v2003 / v2007); leveraged new functionality and created secure external access.
- **School Based Attendance**
A web-based application integrated with *SmartFind Express* (substitute management system) to enable school based exception time reporting/approval, time record collection and subsequent infusion of same into the bi-weekly Payroll process. Automation eliminates paper based “leave requests” and Payroll Office labor previously associated with the collection and key entry of time keeper records.
- **Additional accomplishments:**
 - Refreshed HCPS.org site design and implemented access analytics.
 - Developed Student Services online forms (Gang Related/ Exit Interview).
 - Implemented FitnessGram 9.x.
 - Developed flyer distribution web app.
 - Developed online web app for credit recovery request.
 - Automated quarterly grade submission.
 - Complied with MSDE mandated Student Course Grade Teacher data collection requirement.

Instructional Technology:

- Conducted 6,266 hours of technology literacy and integration professional development to 2442 employees.
- Computer refresh: 3,254 units, total units deployed: 17,716.
- Refreshed 53 school-based file/print servers.
- Installed 240 Interactive whiteboards, total units deployed: 1,687.
- Installed new computer labs at: Church Creek, George D. Lisby, and Riverside Elementary Schools and Science and Math Academy, Joppatowne and Harford Technical High Schools for expanded technology literacy; Harford Technical High School for Machine Shop design; and CEO for expanded professional development opportunities.
- Designed and installed new Music Technology labs in Fallston High School and Harve de Grace High School to accommodate new curriculum/courses.

Print Services:

- Printing Services increased their volume of printing from 34 million to over 43 million pages for the 2012 school year. Twenty eight schools ordered approximately 24,000 student planners for the 2013 school year from the Print Shop, resulting in a reduction in cost of nearly \$30,000 from the prior year.

Office of Technology and Information Services

- The Printing Services department printed all 11 high schools graduation announcements saving thousands of dollars in external printing costs.
- Scaled up printing of student planners to 8 secondary level schools saving thousands of dollars in printing costs to the schools.
- Negotiated a budget neutral contract on the two primary volume printers which increased the volume capacity by 72% and doubled the non-billable printing volume from 18 million to 36 million impressions helping to eliminate overage charges.

Technical Infrastructure:

- **Custom Fabrication for Auditoriums**
In collaboration with the Office of Technology, the Facilities department contributed to several upgrades to high school auditoriums. Modifications to an unused TV yoke mount and subsequent installation at Harford Technical and Fallston met an operational need in both locations. Provided security and improved functionality for auditorium projection through engineering design and fabrication of a custom LCD projector bar mount built for Aberdeen High. The installations were executed without flaw, with zero downtime to the educational spaces, and saved the district in excess of \$5,000.
- **Installation of Wireless Networks**
Installed wireless (Wi-Fi) networks at Aberdeen and North Harford High Schools and at the CEO building.
- **Microsoft Exchange**
Completed corporate email migration to Microsoft Exchange 2010.
- **Broadband bandwidth**
Upgraded 4 sites to broadband speed connection.
- **Additional projects:**
 - Refreshed and upgraded theatrical lighting and house sound system in the Havre de Grace High School auditorium.
 - Installed expanded capability local sound systems in music rooms at Fallston and Havre de Grace High School and North Harford Middle School.

Technology Support:

- Received and completed 14,854 technology related work orders.

Goals – FY 2014

- Expand endpoint security and decrease annual maintenance cost.
- Continue addressing internet bandwidth growth.
- Maintain computer refresh with replacement of end of life operating system.
- Maintain operational warranty support of Enterprise Resource Planning (ERP) system.
- Decrease school's printing costs while increasing efficiency to meet volume growth.
- Investigate mobile devices with administrative functions, curriculum and assessments.
- Expand use of on-demand learning for student and staff.
- Investigate technology literacy in support of Common Core curriculum.
- Maintain alignment of technology resources with local, state and federal plans.

Objectives – FY 2014

- Implement Microsoft's System Center enterprise-wide.
- Continue elimination of T-1 WAN connections by upgrading to metro Ethernet network protocol or direct connect fiber optics.
- Migrate to Windows 7 enterprise-wide.
- Lifecycle migration to current version of Lawson/INFOR.
- Increase number of schools printing Student Planners internally.
- Update print submission software to meet increased demand.
- Develop eLearning strategy for students with accommodation requirements and staff.
- Update HCPS' 3 year Technology Plan with alignment to state and federal educational technology plans and the Board's strategic plan.

Office of Technology and Information Services

Office of Technology recognizes the necessity for continuous instructional technology training as a part of professional development. In addition, the goal of developing technology-rich, authentic and relevant learning environments is a crucial part of the instructional program to help to engage the learner and provide students with 21st Century work skills.

Highly skilled and trained network administrators, engineers and technicians are responsible for the design, installation, operation, and maintenance of the enterprise infrastructure including the wide and local area networks; virtualized environments and storage area networks; instructional and administrative support systems such as email messaging, Student Information System, Enterprise Resource Planning and SharePoint; telephony and public address communications; and multi-media systems. Additionally, a team of regionally based computer technicians provide just in time support for all end user computers, printers, and related peripherals. Outside contractors are used to augment the existing staff's ability to service and support the wide variety and highly technical equipment/systems.

The Office of Technology is responsible for the processing of all student data, including federal and MSDE reporting; financial records, payroll, requisitions, purchase orders, warehouse, inventory, accounts payable, budgeting, e-mail, and wide area network (WAN) while maintaining a secure computing environment.

FY 2014 Funding Adjustments

The changes for fiscal 2014 include:

Wage Adjustments of (\$2,240):

- Salary and wage adjustments, (\$2,240).

Base Budget Adjustments net changes of (\$8,000):

- Reversal of year end transfer from Computer Contracted Services, \$65,000;
- Software maintenance contract expenses transferred from regular programs, \$22,000;
- Increase in Business Machines, \$5,000;
- Increase in Instructional Computer Equipment, \$3,000;
- Reversal of year end transfer to Computer Services, (\$65,000);
- Reversal of FY 2013 transfer to Computer Equipment, (\$30,000);
- Decrease in Security and Safety Contracted Service, (\$5,000); and,
- Decrease in Computer Repairs expense, (\$3,000).

Cost of Doing Business of \$89,900:

- Annual Contract for eSchool Mall (purchasing software), \$35,500;
- Increase in Hardware Maintenance contracts (Wi-Fi & network components), \$34,400; and,
- Increase in Software Maintenance contracts (annual increase), \$20,000.

The net increase in expenditures from the FY 2013 budget for Office of Technology and Information is \$79,660.

Office of Technology and Information

By Object Code	FY11	FY12	FY13	FY13	13-14	FY14
	Actual	Actual	Actual	Budget	Change	Budget
Salaries	\$3,484,505	\$3,572,770	\$3,575,933	\$3,671,025	(\$2,240)	\$3,668,785

Restricted Fund

The Board of Education is projecting \$27,697,222 in restricted funding for fiscal 2014. This is a decrease of 5.5% from fiscal 2013. Restricted funds will support 205.9 full time equivalent positions and numerous programs. The majority of restricted funding comes from federal and state government which requires the money to be spent on specific programs. Hence, the term "restricted" is used to classify these funds. Special Education or IDEA funding represents the largest portion all projected restricted funds in fiscal 2014 at 70.4%. Also worth noting, fiscal 2014 will be the final year for the Race to the Top grant which is the only remaining ARRA funded grant. The table below summarizes restricted funding by major categories:

Restricted Fund Categories	FY 2013		FY 2014	
	Amount	FTEs	Amount	FTEs
American Recovery and Reinvestment Act (ARRA)	1,131,294	6.2	569,830	6.2
Career and Technology Programs	443,988	-	443,988	-
Master Plan/Bridge to Excellence	5,838,506	47.0	6,182,786	53.0
Special Education	19,424,059	154.2	19,496,294	144.2
Special Programs	2,464,566	2.5	1,004,324	2.5
Total	\$29,302,413	209.9	\$27,697,222	205.9

The following chart details the percentage of grant funding by category:

The tables on the following pages detail restricted funding by source, full time equivalent positions funded through grants and a summary by grant detailing the purpose of the grant, funding amount and positions funded.

Career and Technology Education						
Carl Perkins	FED	291,298			The purpose of this program is to develop more fully the academic and career and technical skills of secondary students who elect to enroll in career and technical programs. Funds are used to enhance the HCPS Career and Technology Education (CTE) through professional development for teachers, materials, supplies, and equipment.	
CTE Professional Development	FED	3,993			Funds will be used to enhance teacher understanding of the curriculum updates for the Business, Management and Finance (BMF) Cluster required courses <i>Principles of Business Administration and Management</i> and <i>Principles of Finance and Accounting</i> and to upgrade the skill level of teachers using the new 2010 Microsoft Office Word/Excel Software.	
CISCO Networking-HTHS	FED	4,444			Funds will be used to upgrade the existing Industrial Electronics (Computer and Networking Technology) program at Harford Technical High School to the Networking Academy (CISCO-Cyber Security) career and technology education state-approved program of study.	
Futures 11	OTHER	5,500			Futures 11 is a series of informative sessions touching on topics relevant to high school juniors. These sessions will assist students in making informative and positive decisions regarding their future. Sponsorship from local businesses will provide transportation to and from the conference, lunch and "take-aways" for the students.	
Project Lead the Way-HdGHS	FED	64,564			Funding will provide the state-approved career and technology education Project Lead the Way (PLTW) Biomedical Sciences program of study at Havre de Grace High School. It will align with the Health and Human Services Career Cluster and will begin in School Year 2013.	
Project Lead the Way-CMWHS	FED	32,364			The purpose for funding is to initiate the state-approved career and technology education Project Lead the Way (PLTW) Pre-Engineering program of study at C. Milton Wright High School. It will align with the Science, Engineering and Technology Career Cluster in Harford County Public Schools.	
Project Lead the Way-AHS	FED	31,842			The purpose of this application for funding is to initiate the state-approved career and technology education Project Lead the Way (PLTW) Pre-Engineering program of study at Aberdeen High School. These funds support program needs for years two and three of the program.	
Project Lead the Way-BAHS	FED	9,983			In order to ensure our students are successful, BAHS is proposing to provide all Biomedical Sciences students with the opportunity to receive academic and technical supports afterschool in order to increase their overall achievement.

Restricted Funding Summary
Projected FY 2014**

GRANT NAME	SOURCE FUNDING	FY14 Amount	FY14 FTEs	POSITION TYPE	PURPOSE OF GRANT
Non-Public Placements	STATE	5,395,000			Placement in a nonpublic school may be provided by the school district when the educational program developed in the IEP is not available in the programs offered by the school district. A nonpublic school is a private school that specializes in providing services to students with special needs. The nonpublic school operates under public funds, but has its own operating structure, policies and procedures while complying with all state and federal mandates for instruction of students with special needs.
Non-Public Partnerships	STATE	772,994			State portion of providing an education to eligible students in non public schools for specialized services (example: Villa Maria, Kennedy Krieger, etc).
Special Education Impact Aid	FED	63,676			The DoD Impact Aid for Children with Severe Disabilities Program reimburses LEAs for money previously spent on military dependent children with severe disabilities. The Impact Aid for Children with Severe Disabilities Program is available to LEAs that have at least two military dependent children with severe disabilities that meet certain special education cost criteria. DoD works with LEAs and ED to clarify or resolve any funding or disbursement eligibility issues.
Special Education Parentally Placed	FED	136,566	1.6	1.6 - Teachers	Parentally Placed funding supports the positions necessary to provide services to students with disabilities who have been parentally placed in private and parochial schools.
Special Education Pass-Through	FED	7,152,334	101.7	2.0 - Administrator 3.0 - Teacher Specialists 61.6 - Teachers 2.0 - Speech Therapists 2.6 - Occupational Therapists 2.0 - Interpreter 28.5 - Paraeducators	The LSS receives federal funds under Part B of IDEA for a fiscal year with the submission of a LAFF which includes assurances specified in the regulations. Funds received under Part B must be used to pay the additional or excess costs of providing special education and related services. The "Supplement, not supplant" requirement permits the use of federal funds to supplement and, to the extent practical, increase the level of funds that in the absence of federal funds, be made available from non-federal sources.
Special Education PreSchool Pass-Through	FED	191,181	2.0	1.0 - Teacher 1.0 - Speech Therapist	Part C of the IDEA provides funds to each state lead agency designated by the General Assembly to implement statewide systems of coordinated, comprehensive, multidisciplinary interagency programs and make early intervention services available to infants and toddlers with developmental delays and/or disabilities and their families.
Special Education SECAC	FED	2,500			SECAC advises the LSS on the needs of children with disabilities within the jurisdiction in order to enable the local director of special education to collaborate with others on local issues. The purpose of SECAC is to promote positive change in the delivery of special education programs and services to students with disabilities.
Special Education Other	FED	406,225			The LPF initiative addresses priorities, identified through local data, to improve results for SWD and their families. State discretionary funding addressing strategies for improved student outcomes and related professional development.
TOTAL SPECIAL EDUCATION		19,496,294	144.2

Restricted Funding Summary
Projected FY 2014**

GRANT NAME		SOURCE FUNDING	FY14 Amount	FY14 FTEs	POSITION TYPE	PURPOSE OF GRANT
Special Programs						
Aging Schools	STATE	117,179				The Aging School Grant is a state grant used for school improvements throughout the county based on need. Generally, the projects that receive funding are too large for the operating budget but not large enough to be considered a capital project. Funds are used for projects such as infrastructure upgrades, grounds improvements and floor and carpeting replacement.
Armed Forces Communication & Electronics Association	OTHER	10,000				The Armed Forces Communication & Electronics Association (AFCEA) offers several programs designed to promote scientific education. For the Science Teachers Tools Award, AFCEA asks high schools in Harford Counties to nominate deserving teachers in the science, technology, engineering or math fields. Grant awards help support STEM supplies and materials in the classroom.
College Fair	STATE	4,000				Funds support College Fair for HCPS students.
Criminal Justice Coordinating Council - Magnolia Middle School	OTHER	5,000				Funds support after school homework support, math tutors, and a girls group for Magnolia Middle school students in need of a safe place to learn after school.
Department of Defense Education Activity CVES & MVES	FED	72,909	0.8	.8 - Data Analyst		The <i>Chargers and Mustangs Succeed in STEM</i> initiative will accelerate student achievement in the areas of science, technology, engineering and mathematics (STEM) at military connected Meadowdale and Churchville Elementary Schools.
Edgewood Middle School Pride	OTHER	5,000				The Pride Academy offers reinforcement strategies, interventions, social skills training and community involvement for fifteen students in need of intensive behavioral supports. Funds provide incentives for positive behavior, supplies and equipment to support program implementation.
Science and Math Academy	OTHER	20,000				Additional discretionary local funds that provide support to the Science and Math Academy at Aberdeen High School for materials of instruction, supplies and equipment.
HCC Stem	OTHER	28,000				Funds support HCPS teachers to participate in an intensive three- day summer STEM training.
John Archer Evening	OTHER	10,000				Funds donated from the Dresher Foundation used for a Saturday morning motor skills development program at John Archer.
Maryland Model for School Readiness Federal	FED	15,754				MMSR grant funds support professional development, supplies and materials to enhance Pre- K and K programming in Harford County in order to ensure all children are ready for school.
Maryland Model for School Readiness State	STATE	27,482				Early child care providers and education services are provided with professional development for their staff members that lead to increased competency and attainment of appropriate credentials.
Mckinney-Vento Homeless Youth	FED	20,000				Program funds support transportation services for students who are homeless in order to ensure school attendance.

Restricted Funding Summary
Projected FY 2014**

GRANT NAME	SOURCE FUNDING	FY14 Amount	FY14 FTEs	POSITION TYPE	PURPOSE OF GRANT
Out of County	STATE	110,000			The State of Maryland provides funding for students from other jurisdictions that attend public schools in Harford County. That funding is used to help offset the cost that Harford County incurs for Harford County students attending schools outside of our county.
Quality Teacher Incentive	STATE	300,000			An incentive program designed to recruit and retain quality teachers for Maryland classrooms. A stipend available is for teachers who earn certification from the National Board for Professional Teaching Standards (NBPTS).
Reconnecting Youth	FED	165,000	1.6		Students who have dropped out of Harford County Public Schools (HCPS) are surveyed to determine their reasons for leaving school. Phone calls and home visits are made to make every attempt to either re-enter the student in HCPS or to connect the student with further education, workplace readiness training or employment.
Reconnecting Youth Follow Up	FED	24,000	0.2		Additional follow up services are provided for students who have completed Reconnecting Youth in order to ensure they obtain their GEDs.
STEM Grant	STATE	60,000			STEM grant provides funds to support implementation of new Common Core and STEM Standards, Engineering is Elementary and Project Lead the Way.
Urban Area Security Initiative	FED	10,000			The UASI Program provides funding to address the unique planning, organization, equipment, training, and exercise needs of high-threat, high-density urban areas, and assists them in building an enhanced and sustainable capacity to prevent, protect against, respond to, and recover from acts of terrorism.

Food and Nutrition

The Food and Nutrition Department manages all aspects of the school food and nutrition program and the Food Service Fund. The Department's primary purpose is to support the educational process and community through the provision of convenient, economical, and healthy meals for students. This is achieved through the operation of the following federal and state funded Child Nutrition Programs:

- National School Lunch Program – 3,620,066 lunches were served to HCPS students in FY12, a decrease of 42,511 over the previous year, due to a drop in enrollment. Every year the menu is audited under state and federal nutritional guidelines and found to be in concordance with such. HCPS continues to be among the lowest priced school meals in the State of Maryland, reflecting sound financial management and good cost controls.
- School Breakfast Program – Breakfast is offered in every school, every day. Meals served increased 16.7% over the previous year.
- After School Snack Program – Offered in conjunction with education programs in selected sites, this program serves approximately 700 nutritional snacks per day in support of these programs.
- Maryland Meals for Achievement Program – Supported by State funds, this program provides free breakfast served in the classroom at nine schools, seven elementary and two middle schools. Over 4,500 students receive this meal daily. The program is limited by funding available and has been very effective in the schools by reducing nurse visits, improving attendance and student achievement by beginning the day with a healthy breakfast served in the classroom.
- USDA Commodity Food Program – Provided 18% of food expenditures for FY11, including fresh cut apples, raisins and many other items.
- Summer Food Service Program – Operates in conjunction with education programs and community supported programs over the summer serving over 1,000 meals per day.
- Free and Reduced Meal Application (FARMA) Program – Program is funded by the USDA as part of the National School Lunch Program. Meal benefit applications are reviewed and benefits determined by the Food & Nutrition Department. This data provides great value to HCPS as it is used to determine funding levels and allocations in certain programs.

ACCOMPLISHMENTS – FY 2012

- Added \$477,108 to fund balance in FY12 by using sound financial management and tight cost controls. Fund balance is maintained to absorb sudden cost adjustments or to finance emergency replacement of equipment. (Board Goal #4)
- For the first time, a Harford County food services manager was recognized as the winner of the School Nutrition Association's 2012 Louise Sublette Award winner for "creating excitement and interest in the school's nutrition program." (Board Goal #2)
- Over half of the managers are certified at Level I by the School Nutrition Association. (Board Goal #3)

GOALS – FY 2014

- Continue sound financial management and breakeven for FY14 even with the increased costs of implementing new regulations. Maintain fund balance at current levels with the uncertainty of new government regulations and financial support. (Board Goal #4)
- Support school efforts to establish school gardens as a means to extend the classroom and emphasize the agricultural heritage of Harford County. Increase local produce purchases to 30% of total fresh produce purchases. (Board Goal #2)
- Continue staff development with certification of managers, thereby increasing the professional status of managers and leads. (Board Goal #3)

OBJECTIVES – FY 2014

- To have all elementary schools recognized at Bronze Level of Healthier US School Challenge (HUSSC). This is a program developed by USDA recognizing school efforts to create healthier environments. (Board Goal #4)
- Operate a financially sound program to invest at least \$225,000 into replacement equipment for several aging schools. (Board Goal #4)
- Begin a certification program at the cook/lead level and have at least 33% certified at Level 1 by the School Nutrition Association. (Board Goal #3)

Food and Nutrition

The following table provides the number of actual and budgeted positions in the Food and Nutrition Department from FY 2010 to FY 2014. The total number of positions has remained constant over the years. In FY 2012, ten food service workers were hired for the new Red Pump Elementary School.

Food and Nutrition Positions						
POSITION TITLE	Actual FY2010	Actual FY2011	Budget FY2012	Budget FY2013	FY2014 Change	Budget FY2014
Food Service Worker	220	220	230	230	0	230
FS Warehouse & Mechanics	6	6	7	7	0	7
Managers	15	15	15	15	0	15
Supervisor	1	1	1	1	0	1
Assistant Supervisor	2	2	2	2	0	2
Specialist	3	3	3	3	0	3
Account Clerk	4.5	4.5	3.5	3.5	0	3.5
Clerical	1	1	1	1	0	1
Dietician	0.75	1	1	1	0	1
Total Food and Nutrition Budgeted Positions	253.25	253.5	263.5	263.5	0	263.5

During FY 2014, the Food and Nutrition Program projects to sell 28,000 meals each school day or more than 5 million meals over the school year. The average number of students served breakfast and lunch daily is provided in the following charts:

Food and Nutrition

Federal guidelines allow school systems operating the Child Nutrition Programs to maintain a Food Service fund balance up to 3 months operating expenses. This would be equivalent to approximately \$4.5 million, or more than the FY 2012 fund balance. A plan designating these funds for specific reinvestment projects has been developed to ensure the long term success of the Food and Nutrition Program. Past use of this reinvestment strategy has been an important component of the positive fiscal performance of the program. The Food and Nutrition Department utilized fund balance for the on-going Plan for Asset Replacement (PAR) and system improvements. Major improvement projects include upgrading of technology equipment and ongoing PAR. Each year the PAR is reassessed as resources become available.

Projected Asset Improvement and Replacement Plan

Technology Upgrades	\$ 90,000
Planned Asset Replacement (3 years ongoing)	\$ 700,000

Project Improvements

Technology Upgrades – Computers are in need of a refresh every 4 – 5 years. As the current computers at the 110 points of service age, they are being upgraded to the new J2s. This is designed to keep the cost of upgrading computers lower over the long-term and make the system more reliable.

Planned Asset Replacement (PAR) – The planned asset replacement project will allow for the planned replacement of equipment that is no longer functional or has exhausted its useful life. The plan will also allow for improved storage, cooking, and holding of food, resulting in improved quality for students and improved work environment for employees. This replacement of equipment is ongoing and is to be considered part of the normal budget.

Debt Service

Debt Service is required to be reported in the budget certification statement to the Maryland State Department of Education under the Public School Laws of Maryland 1978, Chapter 22 of the Annotated Code of Maryland. Debt Service represents the periodic payments of principal and interest on bonded long and/or short-term indebtedness, and all costs associated with bond sales, issues, and cost to service debt.

Harford County Public Schools does not have the authority to issue such long term debt. The School system does have the authority to enter into alternative financing mechanisms such as leases and lease purchase transactions. The Harford County Government determines the long term debt financing levels to be used in conjunction with the Board of Education's Capital Improvements Program to be funded through the School Construction Fund. The County Treasurer's Office is responsible for administration of debt service, and the County Budget Office has graciously provided the following debt-related financial data. Before County General Funds are used to pay Board of Education Debt Service, the County utilizes Recordation taxes, Transfer taxes and school development impact fees. Both of these taxes were instituted to assist in debt payments and capital construction for the School's Capital Improvement Program.

The Recordation Tax was established by State law at the rate of \$4.40 per \$1,000 of actual consideration of debt secured as evidenced by documents recorded with the Clerk of the Circuit Court of Harford County. Receipts from this tax are dedicated to the repayment of debt service for school construction financing. In accordance with County Council Bill No. 93-3, the County established a one percent transfer tax. Fifty percent is dedicated to fund school site acquisition or school construction. The School Development Impact Fee was established by the County Government for all residential building permits applied for on or after July 1, 2005. The fees were established to assure that new development contributes its fair share towards the costs of public schools reasonably necessitated by such new development. The revised fees are imposed as of December 2009 and are \$6,000 for a single family detached home, \$4,200 for a townhouse/duplex and \$1,200 for all other residential dwellings including mobile homes.

Debt Service

COUNTY PRACTICE

It is Harford County's practice to conduct a bi-annual bond sale contingent on capital project needs and the economic conditions of the bond market. Prior to selling bonds, the County will issue Bond Anticipation Notes (short term financing) or use existing cash flows to start the construction of capital projects based on cash flow needs.

On February 19, 2013, the County sold general obligation bonds of \$40,000,000 at a true interest cost of 2.515 percent. Including in this bond sale were Taxable Build America Bonds and Refunding Bonds. Bond Ratings were increased by Fitch & Moody's:

- Fitch Ratings AAA
- Moody's Investors Aaa
- Standard & Poor's. AA+

Revenues from the county sources of pay go funds, recordation taxes, transfer taxes, impact fees, and County general funds support the FY 2014 County debt service payments as outlined in the following chart:

*County Government Debt Service for HCPS

While Debt Service Table 1 indicates the specific amounts of bonded indebtedness undertaken by Harford County Government for the Board of Education in FY 2004 through FY 2013, the following information is provided to clarify the fiscal policies of Harford County, which is responsible, for issuing, managing, and retiring debt obligations associated with Harford County Public Schools. The Board of Education has no authority to issue long term debt such as General Obligation Bonds.

Debt management is an important component of a county's financial management practices. Governments use the option of debt financing to pay for large projects, such as schools, when paying for governmental activities with roads, schools, libraries, and public buildings being the more common uses of bond proceeds.

² Data contained in Harford County Government Approved FY 2014 Capital Budget, page 89.

Debt Service

Debt management is important to ensure that:

- The amount of debt issued by the County is affordable given the County's anticipated revenue levels and operating needs;
- The County issues the kinds of debt appropriate to given projects at the lowest possible interest cost; and,
- The County issues debt in compliance with all relevant laws and regulations.

Section 524 of the Harford County Charter states that the County may incur debt. Furthermore, no indebtedness for a term of one year or greater shall be incurred by the County to meet current operating expenses. All County indebtedness for a term in excess of one year shall become due no later than 30 years after the date of issuance, except debt incurred to finance water, sewer and wastewater facilities, which shall become due no later than 40 years after the date of issuance.

LONG-TERM FINANCING TECHNIQUES

General Obligation Bonds – General Obligations Bonds are known as full faith and credit bonds since their payment is based on the general credit and taxing power of the County. The quality of the general obligation bonds is derived from the fiscal and economic strengths of the County and its ability to assure repayment of monies borrowed. General Obligation Bonds, being tax-supported, are typically used to finance the capital portion of tax supported general public purpose capital projects.

Lease Purchase/Certificates of Participation – Obligations of a public entity secured by an installment sale or leaseback arrangement with a public entity lease. The lessee generally pledges general operating revenues to pay the lease payments, which may or may not be reimbursed by revenues from the project. These obligations do not constitute indebtedness under state constitutional debt limitation. Payment to be made under valid leases are payable only in the year in which use and occupancy of the leased property is available, and lease payments may not be accelerated.

BOND RATINGS

The County's General Obligation Bond rating, Aa1/AA+/AA+, reflects the County's strong credit rating. Moody's Investors Service, Standard and Poor's, and Fitch Ratings awarded these ratings to the County, respectively, in June 2009. Credit ratings are designations by the investor's services to give a relative indication of credit quality, with Aaa/AAA/AAA being the highest achievable rating. Factors contributing to the County's relative high ratings include historically strong financial performance, along with tax raising flexibility, a low debt profile, and ongoing growth and diversification in the economic base.

DEBT MANAGEMENT

Traditionally, Harford County sold bonds only for construction of capital projects within the Capital Improvement Program during the period of 1948 through 1982. Projects must have legislative approval before engineering or construction contracts can be awarded. A pay-as-you-go (PAYGO) policy was implemented in July 1984 for funding capital projects for the general county, education, fire, library, college, highways, and certain water and sewer projects.

In order to provide an adequate physical infrastructure, improved services, and channel growth while maintaining the County's quality of life, a more balanced approach to capital funding has been adopted. Projects within the General Capital Program will be financed with PAYGO funding when feasible rather than long term debt. The County has established a policy where they will keep bonded debt and its resulting debt service to as small a portion of the General Fund Budget as is realistically possible, while not tied to a set ratio. The County will hold conservative, yet fluid and responsive, debt management to be fiscally prudent.

Debt Service

County Government Legal Debt Margin
Table 3³

Statement of Legal Debt Margin as of June 30, 2012

Debt Margin Calculation	Bonded Debt	Debt Limit
Legal Debt Limit		\$1,734,475,759
Amount of Debt applicable to Debt Limit	\$663,621,543	
Less:		
Self-sustaining Debt:	(207,675,340)	
Total Amount of Debt Applicable to Debt Limit		<u>455,946,203</u>
Legal Debt Margin		\$1,278,529,556

DEBT LIMITATIONS

According to state law⁴, the County, as a charter county, is limited in the amount of general obligation supported debt that it can issue to an amount equal to a total of 6 percent of the assessable value of real property of the County and 15 percent of the assessed value of the personal property and operating real property in the County. As of June 30, 2012, the estimated debt limit of the County is \$1,734,475,759.

The County's estimated outstanding general obligation supported debt as of June 30, 2012, exclusive of self-supporting/self-liquidating debt not applicable to the debt limit, is \$455,946,203. This allows for an excess of allowable debt over outstanding non-self-liquidating debt of \$1,278,529,556 as calculated in Debt Service Table 3.

Debt Service

DEBT BURDEN

Debt burden is a measurement of the relationship between the debt of the County supported as a percentage of personal income and population. The broadest and most generally available measure of wealth in the community is debt as a percentage of personal income. In addition, debt can be compared to population to determine a per capita burden level.

The County makes these comparisons each time it offers bonds for sale. They are included in the official statements that are distributed to prospective investors. Additional ratio comparisons are provided to help understand the debt load in Debt Service Tables 4 and 5.

County Government Debt Service Table 5⁶

Debt Ratios FY 2008 to 2012					
	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012
Ratio of Debt to Personal Income	3.46%	4.30%	5.53%	5.25%	5.04%
Ratio of Debt per Capita	\$1,550	\$1,964	\$2,590	\$2,621	\$2,690

BUSINESS PLAN

In order to help understand the framework used by the County government in establishing funding for Harford County Public Schools, it is useful to become familiar with the Harford County Government's Business Plan. Under the

Plan, the annual budget is to be adjusted as a result of economic conditions in the County, state, and nation. Capital projects may progress more rapidly or more slowly depending on population growth, economic, and funding sources.

The County has developed a business model for capital project funding for the current and the next succeeding five fiscal years. The model sets the following goals:

1. Expenditures will be reviewed and approved based on real versus perceived need;
2. Each function, service, project, and expenditure as to its affordability;
3. New sources of revenue will be identified and advanced;
4. Prepare, integrate through planning, and maintain conservative annual operating budgets and multi-year spending plans;
5. Plan for and preserve a prescribed year-end fund balance to maintain the credit rating and provide for emergency needs; and,
6. Develop and implement a new five year capital program based on affordability and sound debt management practices.

Pay-as-you-go (PAYGO) funding will continue to be used for minor renovation and repair projects which have an asset life of less than ten years. The PAYGO policy has allowed the County to plan more efficiently how annual budgets and capital improvements programs will be undertaken while maintaining the same property tax rate.

The General County Capital Program includes general government, education, police/sheriff/fire, community college, libraries, highway, landfill, and parks and recreation projects. Lease-purchase financing of capital assets will be analyzed and assessed as an alternative to long-term bond financing. Utility capital projects will be financed with long-term debt, only after funding sources have been established to pay the annual debt payments, such as PAYGO funding and/or assessments to property owners who will benefit from the improvements.

The County has issued a combination of debt⁷ (general obligation bonds, lease purchase agreements) in financing capital projects for the school system. The July 1, 2012 outstanding balance of debt issued for the school system projects was \$293,958,182; principal and interest payments during FY 2012 were \$30,155,642. Additional debt

⁶ Debt Service data is from Harford County Government Comprehensive Annual Financial Report for the year ended June 30, 2012, page 134.

⁷ Debt data is the most current information from Harford County Government, Treasury Department for the year ended June 30, 2012.

Debt Service

was issued on behalf of the school system in fiscal year 2012 of \$15,240,500. The outstanding balance of debt at June 30, 2011 was \$294,958,182.

HARFORD COUNTY PUBLIC SCHOOLS DEBT SERVICE

Harford County Public Schools does not have the authority to issue long term debt. The School System does have the authority to enter into alternative financing mechanisms such as leases and lease purchase transactions. The School System entered into energy performance construction contracts in 2001 and 2002, which were financed with equipment lease purchase transactions. Both transactions had a fifteen year term. The School System entered into a lease purchase for the construction of a new administration building in September 2004 for a 25 year term.

Due to favorable interest rates, in early 2012 the energy performance and administrative building leases were refinanced over the remaining life of the original leases. The original interest rates for the administration building (5.0%), energy performance phase I (5.0%) and energy performance phase II (4.3%) were refinanced at lower interest rates of 3.3%, 1.9% and 2.0% respectively.

In addition, the school system has completed negotiations for an additional energy performance lease in the amount of \$14,248,426 with an annual interest rate of 2.1%. The energy lease phase three will be funded beginning in fiscal year 2014 and ending in fiscal year 2030. These Transactions were approved by the County Executive and County Council. Payments are included in the Unrestricted Funds Budget and are identified in Table 6.

Capital Budget

Program Overview

The Department of Planning and Construction develops school facilities that meet student population and educational program requirements. The department is responsible for managing planning and construction activities that are coordinated for the purposes of modernizing, renovating and improving educational facilities for the students and staff of HCPS. The department utilizes demographic information, educational specifications, procurement practices, architectural and engineering parameters, and budget data to deliver planning and construction related services in support of High Student Achievement.

Each year the Board of Education, school staff, and community, review and analyze the Capital Improvement Program (CIP) for the Board to establish priorities as it secures future funding. This review includes the status of county and state funding levels from the previous fiscal year, the volume and status of current approved capital projects, an analysis of enrollments and capacities, and a study of population growth within Harford County. In addition, information obtained from system wide building evaluations, a review of project categories, and the infusion of technology into our facilities are considered.

All construction projects are budgeted in the School Construction Fund, which is often referred to as the Capital Budget. School construction is budgeted on a project basis. Projects may be funded over several years and allocations may be carried forward over multiple years until completion. The FY 2014 represents the funding approved by Harford County Government after a review of the Board of Education's funding proposal.

The Harford County Board of Education lacks taxing authority and remains revenue dependent upon Harford County Government and the State of Maryland to fund the Capital Budget. State funds are approved based on the recommendations of the Interagency Committee on School Construction (IAC).

The Approved Capital Budget for FY 2014 funds twenty projects totaling \$32,471,846. Approved funding consists of state revenue of \$15,275,090, local revenue of \$15,711,981 and other sources of \$1,484,775. It should be noted that the Aging Schools Program, funded by the state in the estimated amount of \$117,179, is included in Restricted Funds.

The Capital Improvement Plan is managed by the Department of Planning and Construction and the Office of Operations. Harford County Public Schools has developed a multi-year capital improvement plan and updates the plan annually based on changing enrollments and conditions of schools. The School Construction Fund accounting is handled by the Finance Department in Business Services.

Capital Projects Ending Fund Balance	\$7,551,350	\$7,454,370	\$9,079,270	\$7,674,760	\$0

Capital Budget

School construction is accounted for by project where revenues are recognized at the same time as related expenditures. Under the budgetary basis of accounting, this normally results in a fund balance of zero at the end of each period.

Capital projects funds are used to account for financial resources to be used for the acquisition, construction, or improvements to major capital facilities. A capital expenditure is the amount used during a particular period to acquire or improve long-term assets such as property, plant, or equipment. However, some of the capital expenditures designations have been determined by the way the county government funds the expenditure (i.e. Textbook/ Supplemental Materials Refresh is funded in capital projects budget instead of the unrestricted operating budget).

Capital Improvement Impact on the Operating Budget

When the School Construction Fund pays for a new building or the expansion of a school, there is an impact on the Operating Budget. The staff expansion needs are determined by the executive directors of elementary, middle and high school, while the building maintenance needs are determined by the Director of Facilities and the Assistant Superintendent of Operations.

As the CIP is implemented and facilities are expanded, the Board of Education will determine staffing additions based on:

- Enrollment projections,
- State rated capacities and percentages of utilization, and,
- Availability of operating funds.

While some of the capital improvements involve maintenance of facilities, which should help keep operational costs down, building expansions often involve shifting students from portable classrooms to permanent instructional facilities. This often minimizes the effect on the operating budget since the instructional support is already in place. Traditionally, when a new school opens, the Board of Education has provided supplemental budget allocations for the purchase of textbooks, library materials, and other related instructional items. The custodial staffing allocations are generally determined by square footage and special needs.

Each year, a review of the operating impact of new construction or renovations is undertaken and funds are requested during the budget development process. The county government determines the projects to be included in the capital program by their funding of the projects. Projects include new building construction, renovations, moderations, additions, roof repairs, HVAC repairs, textbooks, technology, and various other equipment or improvements.

The following chart provides insight into how the FY 2014 projects will affect operating impacts in future years:

HARFORD COUNTY PUBLIC SCHOOLS ESTIMATED OPERATING BUDGET IMPACT - FUTURE YEARS	
Project:	Impact on operating budget in future years:
All school replacement projects	Could result in a wide range of increased costs from personnel to utilities.
All HVAC projects	New equipment will help reduce future maintenance costs.
Athletic Fields Repair & Restoration	Reduces maintenance costs for athletic fields.
Energy Efficiency Initiative	Energy initiatives will help reduce annual utility expenses.
Music Equipment Refresh	New equipment will help reduce future maintenance costs.
Music Technology Labs	New equipment will help reduce future maintenance costs.
Playground Equipment	New equipment will help reduce future maintenance costs.
Replacement Buses	Reduces maintenance costs as older buses are replaced.
Security Initiative Program	New surveillance systems increases the annual contracted service costs

Capital Budget

BOARD OF EDUCATION OF HARFORD COUNTY CAPITAL IMPROVEMENT PROCESS

DEVELOPMENT OF THE FY 2014 CAPITAL IMPROVEMENT PROGRAM

Each year, the Board of Education reviews and analyzes the capital needs of the school system. Factors such as the age of existing facilities, student enrollments, school capacity, population trends, residential development, and existing building systems are all studies to develop a list of capital priorities.

THE CAPITAL IMPROVEMENT SCHEDULE

October 2011 to April 2012	Superintendent's Technical Advisory Committee
January to May 2012	CIP Priorities List Developed
June 2012	Facilities Master Plan Approved
July 2012	First Reading of CIP to Board of Education
September 2012	Board of Education Adoption of CIP Priorities
September 2012	Presentation to Planning Advisory Board
October 2012	Presentation to Harford County Government
October 2012	Submission to Interagency Committee (IAC)
January 2013	Submission to Harford County Government
May 2013	Approved by Board of Public Works
June 2013	Approved by Harford County Council
July 2013	Funds Available

NOTES:

- 1 - HVAC Systemic Project (2nd half of funding request)
- 2 - Harford County Government appropriated \$6.8M; authorized \$1M for spending in FY14
- 3 - Harford County Government appropriated \$3.7M; \$0 funds were authorized for spending in FY14
- 4 - Systemic & Limited Renovation Projects (1st half of funding request)
- 5 - Harford County Government appropriated \$7.4M; \$0 funds were authorized for spending in FY14

- 6 - Lighting renovation projects in twenty-seven schools
- 7 - Funds designated for Aberdeen MS
- 8 - Funds designated for C. Milton Wright & North Harford HS
- 9 - Nine replacement (4 long and 5 special education)

*LP = State Local Planning Approval

Revised 6/12/13

PROJECT: **MAGNOLIA MIDDLE SCHOOL COMPREHENSIVE HVAC SYSTEMIC PROJECT** **TYPE OF PROJECT**

DISTRICT: Joppa, MD **PRIORITY:** 1 of 37 **PROJECT NUMBER:** B124132

Project Description / Justification: The age of the HVAC equipment and systems in this facility is 32 years old with the exception of the cooling tower and HVAC controller. There are numerous equipment inefficiencies, indoor air quality concerns and equipment noise issues that can be proactively addressed with a major comprehensive HVAC systemic project. The proposed project replacement/upgrade includes new boilers, chiller, related pumps and associated equipment and DDC controls in the central plant and the rest of the building. In addition to new energy recovery type air handling units and the replacement of classroom unit ventilators with a ducted air system with VAV units. Although the cooling tower was replaced 10 years ago, we are expanding cooling in the school to the gymnasium, locker rooms, multi-activity room, adjoining spaces and swimming pool for dehumidification, approximately 35,000 square feet. Therefore, it may be more cost effective to replace the unit rather than modify it. We have included the cost to replace the cooling tower with a larger unit. The project will need to be phased over two summers and part of the school year, and will require 4 portable classrooms for phasing purposes. This school is not designated as an emergency shelter, therefore a generator service connection is not included in the electrical service upgrade. This school was originally designed as an open classroom building with sprinkler coverage. Walls have been erected over the years to isolate the spaces without the required sprinkler modifications to provide adequate coverage. Modifications are required to the sprinkler system and the fire alarm to meet current codes. The electrical system is very old and parts are impossible to locate. This project will include electrical service upgrades to allow for better electrical data as well as better sub metering capabilities.

Project Schedule: Start design - October 2012; Complete design - March 2013; Bid contract - April 2013; Award contract - May 2013. Based on this tentative schedule the anticipated completion and occupancy is August 2014.

PROJECT MANAGER: Harry Miller

PROJECT: NORTH HARFORD ELEMENTARY SCHOOL COMPREHENSIVE HVAC SYSTEMIC PROJECT

COUNCIL: Pylesville, MD

DISTRICT: Pylesville, MD

LOCATION: Pylesville, MD

PRIORITY: 2

PROJECT NUMBER: 37

TYPE OF PROJECT: NEW

Project Description / Justification: This single story building originally constructed in 1984 consisted of 48,275 SF. In 1999, an addition that consisted of 1,428 square feet was added, which is not included in this project. The HVAC system is original to the building and is at the end of its anticipated life. The building is served primarily by unit ventilators in the classrooms and media center, the gymnasium and cafeteria are served by air handling units. The building experiences high humidity levels in the cooling season requiring the use of portable dehumidification units in most, if not all classrooms. Building pressurization problems exist since there is no functional interlock between the building exhaust system and the unit ventilators that are introducing outside air into the building. The school also has antiquated pneumatic temperature controls with limited control and require constant repair and maintenance.

It is recommended that a comprehensive HVAC systemic renovation be performed, consisting of a four- pipe HVAC system with VAVs or ducted fan coil system for the classrooms as well as new air handling units serving the bigger spaces such as the cafeteria, gymnasium and media center, with an energy recovery type dedicated outside air system for improved indoor air quality and humidity control. Building temperature controls should be upgraded with DDC type, alongside more efficient boilers and pumps in the mechanical room. The existing chiller is approximately 10 years old and will be reused as part of this project.

The project will need to be phased over two summers and part of the school year and will require 4 portable classrooms during that period.

Project Schedule: Start design - July 2012; Complete design - February 2013; Bid contract - March 2013; Award contract - May 2013. Based on this tentative schedule the anticipated completion and occupancy is August 2014.

NORRISVILLE ELEMENTARY SCHOOL COMPREHENSIVE HVAC SYSTEMIC PROJECT TYPE OF PROJECT

PROJECT: COUNCIL

DISTRICT: LOCATION: White Hall, MD PRIORITY: 5 of 37 PROJECT NUMBER NEW

Project Description / Justification:

This single story building, originally constructed in 1967, consisting of 25,950SF. An 11,467 SF addition/partial modernization was completed in 1996. During the 1996 project, some of the existing HVAC equipment and systems were left in place and are now well beyond their useful life. The building continues to experience high humidity levels in the cooling season, building pressurization problems, equipment noise in the classrooms due to the unit ventilators and has antiquated pneumatic temperature controls which can only be controlled locally and require constant repair and maintenance.

It is recommended that a comprehensive HVAC systemic renovation be performed, consisting of a four- pipe HVAC system with VAVs or ducted fan coil system for the classrooms. In addition, an energy recovery dedicated outside air system for the classrooms as well as for the new air handling units serving the bigger spaces, such as the cafeteria and media center, will provide improved indoor air quality and humidity control. Building temperature controls should be upgraded with DDC type alongside more efficient boilers, chiller and pumps in the mechanical room.

Project Schedule: Design - October 2013 to April 2014; Award contract - May 2014; Complete construction - August 2015.
Based on this tentative schedule the anticipated completion and occupancy is August 2015.

PROJECT: JOPPATOWNE HIGH SCHOOL SYSTEMIC PROJECT

COUNCIL: Fallston, MD

DISTRICT: 7 of 37

Project Description / Justification: This project consists of a number of systemic projects, including but not limited to: concrete slab, brick veneer, roof replacement, window replacement, ADA door hardware replacement, exterior door replacement, metal pan ceiling replacement, VCT replacement, toilet partition replacement, student locker replacement, toilet room fixture replacement, HVAC systemic replacement, lighting replacement, stadium replacement and turf replacement. This project will be structured in a way to meet the State Public School Construction "Limited Renovation" category of funding, which must include five major systemic projects with one required to be an educational program upgrade. It was decided that the most appropriate programmatic need is the Homeland Security signature program. There were several conceptual design solution options developed in the Joppatowne High School scope study dated November 30, 2009. The most basic conceptual plan option "A" provides the most feasible solution in achieving the spatial program requirements. This was used as a baseline to develop this budget and for the purposes of requesting State funding for this entire project.

Project Schedule: Design - October 2013 to April 2014; Award contracts - May 2014; Complete construction & occupancy - August 2015.

ENERGY EFFICIENCY INITIATIVE PROJECTS

PROJECT: COUNCIL DISTRICT: LOCATION: VARIOUS PRIORITY: 11 - 37 OF 37 PROJECT NUMBER: New

Project Description / Justification:

This project provides funding from the State FY13 Energy Efficiency Initiative disbursed through the Maryland Energy Administration for energy related projects that enhance energy efficiency based on the standards set forth by the IAC dated July 19, 2012. The standards are designated to supplement the normal State Capital Improvement School Construction funding stream. Therefore, all of the normal State CIP procedures apply to these project funding requests with the difference being that the State will support up 98% of the total project costs for energy enhancements such as lighting, HVAC, custom building specialty and solar panel installations after utility company rebates. We have identified 27 lighting renovation projects, that already have been included in the Performance Contracting Service, where the improvements pay for themselves with the energy savings (utilizing an amortized loan for a duration of 15 years). The additional Energy Initiative funds will pay for at least 60% of the total cost of these projects. This reduces the total loan amount and allows us to add additional scope without increasing the loan obligation. There is no County funding commitment required because the projects are paid by the energy savings, which is guaranteed by the contractor.

The following projects are included in this funding request is C. Milton Wright HS, Fallston HS, Harford Technical HS, Joppatowne HS, Aberdeen MS, Bel Air MS, Edgewood MS, Fallston MS, Havre de Grace MS, North Harford MS, Southampton MS, Abingdon ES, Bel Air ES, Churchville ES, Darlington ES, Dublin ES, Edgewood ES, Fountain Green ES, George D. Lisby ES, Magnolia ES, Meadowvale ES, North Bend ES, Prospect Mill ES, Ring Factory ES, Riverside ES, Roye-Williams ES and William S. James ES.

PROJECT: **SECURITY INITIATIVE PROGRAM** TYPE OF PROJECT
 COUNCIL _____ PROJECT NUMBER NEW
 DISTRICT: _____ of _____ PRIORITY: _____

LOCATION: VARIOUS PROJECT NUMBER NEW
 Project Description
 / Justification:

This project provides funding to support the Governor's Security Initiative Program for schools. This program will allow for the purchase and installation of surveillance systems utilizing Internet Protocol (IP) cameras that allow the transmission of camera images over the internet internet to give remote access to administrators and emergency response personnel. This project will also provide for proximity cards that enhance access control. A plastic card is encoded and records who can access a specific door, including the date and time of access. Remote access control will also be included, this will provide remote door control from the main office of a building. Visitors can ring a buzzer and the receptionist will have the ability to access or deny entrance via the remote door control.

PROJECT: **ATHLETIC FIELDS REPAIR AND RESTORATION** TYPE OF PROJECT

COUNCIL: _____

DISTRICT: _____ LOCATION: Various PRIORITY: _____ of _____ PROJECT NUMBER B034113

Project Description This project provides funds of \$50,000 to maintain athletic fields at ten (10) high schools. This includes the stadium and practice fields based on current need. In addition, this account also provides funds of \$20,000 to replace one (1) stadium field in its entirety with sod and provide sod repair patches as required at other stadium and practice fields. These funds are very important for routine maintenance, which has a five year life cycle.

The schedule for stadium field sod replacement is as follows:

FY2014 - Joppatowne High School FY2016 - Fallston High School FY2018 - TBD

CAREER AND TECHNOLOGY EDUCATION EQUIPMENT REFRESH

TYPE OF PROJECT

PROJECT: COUNCIL

DISTRICT:

LOCATION: Various

PRIORITY:

of _____

PROJECT NUMBER

B064130

Project Description

/ Justification:

This project provides funds to upgrade equipment in 32 MSDE-approved high school Career and Technology Education (CTE) programs to meet industry standards. Funds were approved by the Board of Education in 2004 to be renewed annually in the Capital Budget to replace the former State-Categorical Grant set-aside money for CTE. Equipment upgrades include: computers, printers and scanners for Business Education programs; ovens, washer/dryers, refrigerators, freezers and computers for Family and Consumer Sciences programs; and machinery, such as headlamp aligning system, vet imaging system, digital printing press, or skid tractor used in CTE programs at Harford Technical High School. As CTE programs, such as the Biomedical Sciences, Pre-Engineering and CISCO programs, are added or expanded at the eleven county high schools, more equipment will be needed to maintain industry standards and postsecondary articulation agreements.

PROJECT: MUSIC EQUIPMENT REFRESH PROGRAM
 COUNCIL: TYPE OF PROJECT
 DISTRICT: LOCATION: Various PRIORITY: of PROJECT NUMBER B054112

Project Description / Justification: This program was established in 2003 and provides funds for the replacement of musical instruments throughout the school system. Musical instruments in the school setting have varying life expectancies which range from 6 years to 20 years depending on the type, amount of use and materials from which the instrument is constructed. These instruments represent those which parents are not expected to purchase due to the extreme cost or specialty use. Instruments such as basic trumpets, trombones, clarinets, alto saxophones and flutes as well as other basic instruments are not meant to be part of this program and are the parents' responsibility to secure from various sources in the area. In 2002, the Music Department established a Basic Essential Music Instrument Inventory which each school must have to perform a wide range of musical literature. This basic inventory is required regardless of the size of the program, but in some instances schools may require duplicate sets of some instruments to meet the needs of musical ensembles.

MUSIC TECHNOLOGY LABS PROGRAM TYPE OF PROJECT
MUSIC TECHNOLOGY LABS PROGRAM
 LOCATION: Various of PROJECT NUMBER
 PRIORITY:

Project Description
 / Justification: The Music Technology Labs Program was established by the Board of Education in 2010 to support a comprehensive program which teaches technical and scientific aspects of music to high school students through a variety of technology arts classes. The program utilizes a music technology and multimedia lab which blends the use of electronic devices, computer components, data storage, industry standard software and musical instruments to facilitate composition, recording, playback, storage and performance. Competences include digital audio production, songwriting with musical composition and digital video integration. This program provides students the core skills needed to enter a higher education institution for the entertainment industry. It also addresses funding for such program components as keyboards, software, computer hardware and related textbooks. These labs are also used for teaching AP Music Theory and Piano Lab.

Future year budget requests will be to install new music technology labs as well to refresh hardware and software as follows:
 FY 2014 - New Labs at C. Milton Wright & refresh at North Harford High Schools FY 2018 - Fallston & Havre de Grace High Schools will be refreshed
 FY 2015 - New Labs at Harford Technical & refresh at Patterson Mill High School FY 2019 - Aberdeen & C. Milton Wright High Schools will be refreshed
 FY 2016 - New Labs at Joppatowne & refresh at Bel Air High Schools FY 2020 - Harford Technical and North Harford High Schools will be refreshed
 FY 2017 - Edgewood High School will be refreshed FY 2021 - Joppatowne High School will be refreshed

PRIORITY:

TYPE OF PROJECT
PROJECT NUMBER B024118

Project Description / Justification: Replacement buses are needed to service the students, programs and schools. These buses will comply with Federal regulations and will meet the IEP requirements of special needs transportation. The State Department of Education requires that school systems replace buses after 12 years of use.

The replacement bus quantity, type and budget amount are scheduled as follows:

- FY2014 - 9 Replacement (4 long and 5 special ed.)
- FY2015 - 9 Replacement (special ed.), 3 new special ed. buses
- FY2016 - 14 replacement buses (14 special ed.), 3 new special ed. buses
- FY2017 - 13 replacement buses (11 special ed. and 2 transits), 3 new special ed. buses
- FY2018 - 16 replacement buses (13 special ed. and 3 long), 3 new special ed. buses
- FY2019 - 10 Replacement buses

PROJECT: **REPLACEMENT VEHICLES** **TYPE OF PROJECT**
COUNCIL
DISTRICT: Various **LOCATION:** _____ **PRIORITY:** _____ **PROJECT NUMBER** B034115

Project Description / Justification: Funds are provided to replace facilities maintenance, transportation, food service and warehouse vehicles, staff cars, school based tractors (including smaller equipment), and facilities grounds equipment in accordance with a 5 year replacement plan which is prepared using fleet standards utilized by Harford County Government. These standards were derived from APWA (American Public Works Association) standards and are based on age, mileage and vehicle type. The plan reflects the average annual funding needs to maintain these standards. The exact vehicles to be replaced are determined each year to ensure maximum efficiency. The non-bus fleet consists of approximately 320 pieces of equipment, not including small equipment such as push mowers, weed eaters, snow blowers etc.

PROJECT: **SPECIAL EDUCATION FACILITIES IMPROVEMENTS** TYPE OF PROJECT
 COUNCIL _____ PROJECT NUMBER
 DISTRICT: _____ of _____ PRIORITY: _____

Project Description / Justification: This capital project funds the necessary renovation and upgrades for our facilities to comply with special education laws and mandates. The State and Local code mandates are unknown at this time, but can be issued without notice. The following are examples of general projects that may be required in the future:
 - Restraint and seclusion updates as mandated by IDEA.
 - Autism Spectrum Disorder (ASD) program refinements.
 - Moving of centers and programs as required.
 - Securing space for a post- secondary program in the Joppatowne or Edgewood area that would provide work/enclave opportunities for students.

Capital plans/funding are based on the implementation of IDEA and the compliance of laws and mandates associated with supporting students with disabilities in HCPS.

SWIMMING POOL RENOVATIONS

TYPE OF PROJECT

PROJECT: COUNCIL DISTRICT:

PROJECT NUMBER

LOCATION: Various of PRIORITY:

Project Description / Justification:

This budget category is used for renovation and replacement of the infrastructure for three (3) swimming pools that are located at Edgewood, Magnolia and North Harford Middle Schools. It will also be used to provide routine maintenance based on a professional plan. It addresses current, medium and long range maintenance needs to preserve the infrastructure and the filtration system, so that it can remain viable for many years to come.

Future projects for consideration:

- FY2014 - Replace key equipment and infrastructure at North Harford Middle School
- FY2015 - Replace key equipment and infrastructure at Magnolia Middle School
- FY2016 - Replace dehumidification units at Edgewood Middle School
- FY2017 - Replace infrastructure at Edgewood, Magnolia and North Harford Middle Schools
- FY2018 - Replace dehumidification units at North Harford Middle School
- FY2019 - Additional maintenance and code compliance

TECHNOLOGY EDUCATION LAB REFRESH

TYPE OF PROJECT

PROJECT: COUNCIL DISTRICT:

PROJECT NUMBER B994124

LOCATION: Various of PRIORITY:

Project Description / Justification: This project provides funds to update middle and high school Technology Education (old Industrial Arts shops) classrooms with current computer equipment and technology to reflect program changes defined by MSDE. The "Foundations of Technology" (FOT) course is required for all students in Harford County Public Schools as part of the state's graduation requirement.

This project also funds the purchase of furniture, computers, and engineering software for the Project Lead the Way Pre-Engineering Program to be phased in at all middle schools and selected high schools. The implementation of these programs is an essential component of the K-12 STEM Education Strategic Plan for Harford County Public Schools.

1. Purchase classroom sets (24-30 computers) of middle and high school Technology/Engineering laptop computers and two mobile laptop carts (current price is \$50,673 per classroom set).
2. Refresh middle and high school Technology/Engineering laptop computers on a four-five year cycle and printers, scanners, and LCD projectors as needed.
3. Purchase the required equipment, instructional materials, and engineering computer software for Project Lead the Way courses.
4. Replace secondary Technology/Engineering furniture, tools, and equipment, as needed.

TECHNOLOGY INFRASTRUCTURE

LOCATION: Various PRIORITY: _____ TYPE OF PROJECT: _____
 PROJECT NUMBER: B044118

Project Description
 / Justification:

This project addresses critical annual investments required for a rapidly growing, technology rich environment. These investments are essential to maintain a high level of operational efficiency, avoid obsolescence, address increase bandwidth demands and preserve compatibility to industry standards for technology infrastructure components. This overarching project includes refresh programs for instructional and administrative computers; network, information security, data storage and communications equipment; servers; instructional and administrative software; antiquated auditorium/gymnasium lighting and sound systems; and corporate business systems (e-mail, ERP, & student information system). The project also encompasses the integration of multi-media interactive technologies into classrooms to promote stronger student engagement. Additionally, the project is a strategic information technology collaboration involving all the government agencies to address current and future technology initiatives of Harford County. Funding for HCPS' part of the design, implementation and maintenance of a county-wide private fiber network is coordinated under this project. The future year projections represent a place holder and the Technology Department will provide a detailed budget estimate of their actual needs.

Pension

This section is provided to supplement the budget document. The Pension Plan represents a significant expense for Harford County Public Schools. The employees of the school system are covered by one of the following cost-sharing multiple-employer retirement/pension systems:

- Teachers' Retirement System of the State of Maryland;
- Teachers Pension System for Teachers of the State of Maryland;
- Employees' Retirement System of the State of Maryland; or,
- Employees Pension System of the State of Maryland.

Each plan provides pension, death, and disability benefits to plan members and beneficiaries. The Plans are administered by the State Retirement Agency. Responsibility for the administration and operation of the Retirement/Pension System is vested in the Board of Trustees. The State Personnel and Pensions Article of the Annotated Code of Maryland established the Pension System. The Pension System issues a publicly available financial report at www.sra.state.md.us.

FUNDING POLICY

The State Personnel and Pension Article require active members to contribute to the Retirement or Pension System at the rate of 5 percent or 7 percent of their covered salary depending upon the retirement option selected. This is administered through an employee payroll deduction that HCPS forwards to the State Retirement Agency.

The combined State contribution rate for 2014 of covered payroll is established by annual actuarial valuations. The rate is sufficient to fund normal costs and amortize the unfunded actuarial accrued liability over a 40-year period, as provided by law, from July 1, 1980.

The State pays a substantial portion of the school system's annual required contributions to the Teachers' Retirement System on behalf of the school system. The actual pension contribution by the State on behalf of our employees in the Teachers Retirement and Pension Systems is based on the approved budget of the State. The State of Maryland contribution and the HCPS school system contribution is related to the number of current employees, new employees and the contribution to the Alternate Contributory Pension Plan. The State contribution decreased in FY 2013 and 2014 due to a legislative funding mandate approved in the FY 2013 legislative session which shared pension costs with the 24 counties.

Prior to FY 2013 the State of Maryland funded all teacher pension contributions for the 24 school districts. The State of Maryland addressed their ongoing structural deficit by sharing teacher pension costs with the counties. The cost sharing was structured over a four year implementation period beginning in FY 2013. Harford County's share cost of the teacher's pension cost for the four year period starting in FY 2013 will be: \$5,529,741, \$7,009,102, \$8,966,815 and \$10,309,396 respectively. Harford County is in the second year of the 4 year funding cycle for the pension and fully funded the FY 2014 pension cost of \$7.0 million an increase of \$1.5 million in FY 2014.

For FY 2014 the HCPS school system contribution for the Employees Retirement & Pension system is expected to increase by \$1,288,329 or 14.0%. The increase in these costs was due primarily to the additional costs of \$1,479,361, related to the sharing of teacher's pension costs from the State of Maryland and a decrease of \$191,032 for non-teaching positions.

Pension

ANNUAL PENSION COST

The school system will make the employer required annual contributions to the Employee's Pension Systems as well as those related to positions in the Teacher's Pension Systems funded through federal and state restricted programs. For FY 2014, the Board's annual pension cost of \$3,486,942 is equal to its required and actual contribution. This required contribution was determined as part of the June 30, 2012 actuarial valuation using the entry age actuarial cost method.

The actuarial assumptions included¹:

- 7.75 percent investment rate of return, compounded annually;
- The member contribution rate was increased for members of the Teacher's Pension System and Employee's Pension System from 5% to 7%, and from 4% to 6% in fiscal year 2012 and 7% in fiscal year 2013
- In addition, the benefit attributable to service on or after July 1, 2011, will be subject to different cost-of-living adjustments (COLA) that is based on the increase in the Consumer Price Index and capped at 2.5% or 1.0% based on whether the market value investment return for the preceding calendar year was higher or lower than the investment return assumption used in the valuation (currently 7.75%)

In the 2001 legislative session, the Legislature changed the method used to fund the two largest Systems of the MSRPS, the Teachers Combined System and the State portion of the Employees Combined System, to a corridor method. Under this funding approach, the State appropriation is fixed at the prior fiscal year's rate, but adjusted to reflect the cost of any legislative changes, as long as the actuarial funded status of these Systems remains in a corridor of 90% funded to 110% funded. Once the ratio falls outside this corridor, the appropriated or budgeted rate will be adjusted one-fifth of the way toward the underlying actuarially calculated rate, with the exception of the cost of/or the savings from legislative changes, which are fully recognized regardless of whether the Systems are within or outside of the corridor.

The employer contribution rate for FY 2014, based on an actuarial valuation for June 30, 2012, is 11.47% for the Employees Retirement System and 6.47% for the Employees' Pension System.

The State of Maryland contributes 14.71% for employees within the Teachers Retirement and Pension Systems per rates published in December 2012. These rates are subject to change annually as a result of the General Assembly session.

Charts on the following page represent a trend line increase in the retirement and pension payments made by Harford County Public Schools as well as payments made by the State of Maryland on behalf of our employees who are members of the Teachers Retirement & Pension System.

Other Post Employment Benefits

INTRODUCTION

The Governmental Accounting Standards Board (GASB) establishes generally accepted accounting principles (GAAP) for public institutions, including school systems. These are the rules used by independent auditors as they attest to the fair presentation of our annual financial statements. Statements 43 and 45 relate to the financial presentation of other post employment benefits (OPEB). The main thrust of GASB Statement No. 45 is to require for the first time that public sector employers recognize the cost of other post employment benefits (OPEB) over the active service life of their employees rather than on a pay-as-you-go basis. In simple terms:

An employee earns retiree health care and other benefits while working and the employer should accrue that cost while the employee is working (similar to pension). If the employer has not established a fund for the future benefits, the employer has a liability. An actuarial valuation is required to determine the future liability. The future liability or plan includes the cost of benefits (health, dental and life premiums) plus expenses less a projected return on investment. An actuarial valuation is an estimate of the cost of the plan. Information needed to complete the actuarial valuation is current demographics and benefit costs, an estimate of future retirees (and dependents), demographic assumptions, an estimate of future benefit costs, and trends of current costs and claims. The end result would be to discount the future costs to the valuation date using a discount rate determined by whether the Plan is funded or not funded.

OTHER POST EMPLOYMENT BENEFITS – HARFORD COUNTY PUBLIC SCHOOLS

Other post employment benefits are health, dental, and life insurance benefits paid by HCPS on behalf of retirees. In general 90% of the cost is paid by HCPS when an employee retires with ten years of continuous service. An exception applies to active employees and retirees enrolled in the traditional health plan in which case HCPS pays 80% of the cost. The benefits may be different for other organizations. GASB requires that the cost of OPEB be matched to the period in which the benefits are earned, just as we are required to do for pension costs. This means that future benefits costs for active employees upon retirement must be accrued and reported along with those costs for retirees.

To determine the amount that must be reported, we are required to employ actuarial services. In 2005 we retained the services of a benefits consulting company to perform actuarial services for HCPS in order to determine the size of the financial issue we would face.

A report was issued in September 2005 and updated in June 2007. Prior to completion of the 2007 Actuarial Report, the Board completed some changes to the enrollment for health and dental insurance plans.

The first change established a tiered eligibility system for enrollment.

1. Effective for employees hired after July 1, 2006, a tiered eligibility for retiree OPEB was established as follows:

Years of continuous service upon retirement	Benefit paid compared to active employees
Ten	One-third
Twenty	Two-thirds
Thirty or more	Full benefit

2. Until such time as legislative authority to invest OPEB trust funds in a manner consistent with pension trust funds and/or an ability to pool trust funds is granted, HCPS will hold, as designated for OPEB, monies from Medicaid Part D reimbursements and excess rate stabilization amounts in the Harford County Health Care Consortium.

Other Post Employment Benefits

On October 23, 2006 the Board approved additional changes for enrollment.

1. Eliminate open enrollment for retirees and require they make a one-time health plan selection upon retirement and only permit "life style changes" subsequent to this selection for retirees enrolled in a HCPS health plan. Current retirees were identified and a special open enrollment was held for them in April, 2007 so that they could make a one-time decision as well.
2. Implement a tiered rate structure to eliminate the "hidden subsidy" effective July 1, 2007. Revised rate charts were issued prior to July 1, 2007.

The published insurance rates (for persons prior to Medicare eligibility) have historically been based primarily on the healthcare usage of active employees. Since retirees use health care at a rate much higher than the active employees, using blended rates created a hidden subsidy for the retiree group. Beginning with FY 2008, the published rates for retirees were based solely on retiree healthcare usage, effectively eliminating the hidden subsidy.

In addition, on December 17, 2007 the board approved the following:

1. The Superintendent is authorized to create the Harford County Public Schools OPEB Trust Fund and to participate in the MABE¹ OPEB Investment Trust upon its creation.
2. The Superintendent is authorized to execute any legal documents pertaining to the establishment and participation of the aforementioned Trusts.
3. Monies in excess of funding requirements in the Harford County Health Care Consortium Rate Stabilization accounts, Medicare Part D reimbursements, and unspent funds from the Harford County Public Schools flexible spending plan are to be transferred to the MABE OPEB Investment Trust as they become available and will be designated for this purpose in the future.

The Actuarial Report

The actuarial report was updated for FY 2011 and is reflected in the following pages.

Actuarial Certification

The following sets forth GASB 45 Annual Expense for Harford County Public Schools for the fiscal years ending June 30, 2013 and June 30, 2014. The appendices of the report provide fiscal year ending June 30, 2010 results, based on the prior valuation, and information for the School's CAFR disclosure.

The report is based on December 1, 2011 census data, which is less than 24 months before the first day of fiscal year 2011. Accordingly, provided that there are no significant changes in plan design or employee demographics, these results could be relied upon to comply with GASB 45 in FYE 2011 and FYE 2012.

The report set forth information that will be required in accordance with the Governmental Accounting Standards Board No. 45.

¹ MABE is the Maryland Association of Boards of Education

Other Post Employment Benefits

These values have been computed in accordance with generally accepted actuarial principles and practices. The various actuarial assumptions and methods are, in our opinion, appropriate for the purposes of this report.

Prepared by:

Bolton Partners, Inc.

575 South Charles Street

Suite 500

Baltimore, MD 21201

In preparing the valuation we relied on demographic and claims data provided by Harford County Public Schools. We reviewed the data for reasonableness, but did not audit the data. The actuarial methods and assumptions used in this report comply with GASB 45 and the actuarial standards of practice promulgated by the American Academy of Actuaries.

The healthcare cost trend rate selected is consistent with prevalent practices. As discussed above, increases of this magnitude cannot be sustained indefinitely. Accordingly, standard actuarial practice (and GASB 43 Paragraph 34.g.) is to assume an "ultimate trend" which is consistent with the best estimate of GNP growth. However, the number of years until the ultimate trend is attained and the rate of decrease are not known. There is a significant probability that between now and the next actuarial valuation we will not observe the anticipated amelioration of medical trend. If this is the case, the typical practice is to reset the initial trend and to defer the year that the ultimate trend rate is attained. If this occurs annual actuarial losses of 5% to 15% of liabilities due to the revised trend rate can be expected.

Other Post Employment Benefits

1. Executive Summary

Background

In June 2004 the Government Accounting Standards Board (GASB) released Statement 45 which revised the GAAP accounting standards for post employment benefits other than pensions (OPEB). This standard will be applied to post employment medical benefits that are provided to Harford County Public School retirees. Prior to the new standard these benefits were accounted for on a pay as you go basis. The new standard requires that these benefits be accounted for on an accrual basis.

The previous report prepared for FYE 2011 and FYE 2012 was completed on October 29, 2010. The expense for FYE 2012 has been recalculated with the new trust assets at July 1, 2011 and the expected FYE 2012 contribution of \$7,064,886 and is provided in the Appendix.

OPEB Trust Arrangement

The Schools have established an OPEB trust through the Maryland Association of Board's of Education (MABE). The trust value at July 1, 2011 is \$15,255,626.

Discount Rate Assumption

The discount rate used to determine the liabilities under GASB 45 depends upon the Schools' funding policy. Government entities that contribute an amount at least equal to the GASB 45 annual required contribution (ARC) to a trust that can only be used to pay other post-retirement benefits, discount liabilities based on the expected long-term rate of return of the Trust.

The discount rate assumption for disclosure purposes only is determined in Section 2 of the report and is 4.25% for FYE 2013 and FYE 2014. This rate is a partially funded discount rate. The funding level was determined based on expected plan contributions of \$2,000,000 for FYE 2013 and FYE 2014. If Harford County Public Schools decides to fund the plan differently, the expense will need to be restated.

The Net OPEB Obligation (NOO)

The NOO is the cumulative difference between the School's OPEB expense and cash payments made for OPEB expenditures and is a liability in the School's Statement of Net Financial Position. As of June 30, 2011 the NOO was \$109,940,815. We estimate that this amount will increase to over \$200 million by June 30, 2014. This amount is a debit on the Schools' statement of Net Financial Position in the CAFR.

The Annual OPEB Cost (AOC)

The annual cost of OPEB benefits under GASB 45 is called the annual OPEB cost or AOC. These amounts are for disclosure purposes only. The AOC is equal to the Annual Required Contribution (ARC) plus interest on the NOO minus the NOO divided by the amortization factor. Harford County Public School's AOC for FYE 2013 and FYE 2014 is shown in Section 3. The AOC is \$55,980,000 for FYE 2013 and \$59,165,000 for FYE 2014.

Comparison With Previous Valuation

The prior valuation was based on July 1, 2010 data and completed October 29, 2010. The expense has increased from \$46,036,000 to \$55,980,000. Increases due to the passage of time, updated State of Maryland Assumptions, and updated claims were offset by favorable plan experience and updating the plan's trend. There was also an increase due to updating the plan's mortality table to include future mortality improvement as required by ASOP 35 and lowering the discount rate to 4.25%.

Other Post Employment Benefits

2. Executive Summary (cont.)

The following table compares the data and reconciles the expense.

Comparison of Current and Previous Valuations		
	July 1, 2010	December 1, 2011
Demographic Data		
Employees With Medical Coverage	4,693	4,559
Retirees Less Than Age 65	602	605
Retirees Age 65 or Greater	1,222	1,402
Reconciliation of Expense (AOC)		
FYE 2011 Expense		\$46,036,000
Increase (Decrease) due to other Demographic Data		(\$1,961,000)
Expected Increase (due to passage of time)		\$5,335,000
Increase (Decrease) due to Baseline Claims		\$328,000
Increase (Decrease) due to Assumption Changes		\$1,144,000
Increase (Decrease) due to Changes in Trend		(\$2,106,000)
Increase (Decrease) due to Changes in Mortality Table		\$5,218,000
Increase (Decrease) due to Lowering the Discount Rate		\$1,986,000
FYE 2013 Expense		\$55,980,000

Plan Provisions

Retirees can continue the same medical and dental coverage they had (including family coverage) as active employees. For employees hired prior to July 1, 2006, a subsidy of 85% or 90% for Pre-Medicare retirees is provided based on the plan chosen. A 90% subsidy is provided to Medicare eligible retirees and for dental coverage. The subsidy is also provided for dependent coverage. However, no subsidy is provided to surviving spouses. Life Insurance is also provided and partially paid for by the retiree.

For employees hired after July 1, 2006 the subsidy level depends upon service at retirement. See section 4 for details.

Demographic Data

Demographic data as of December 1, 2011 was provided to us by Harford County Public Schools. This data included current medical coverage for current employees and retirees.

Because the census data is less than 24 months before the first day of fiscal year 2013, it can be relied on to comply with GASB 45 for FYE 2013 and FYE 2014.

Although we have not audited this data we have no reason to believe that it is inaccurate.

Claims Data

Monthly paid claims, administrative expense and enrollment reports for retirees (only) for the year ending June 30, 2011 were supplied by the providers. Claims were divided into pre and post 65 age retirees.

Although we have not audited the claims data we have no reason to believe that it is inaccurate.

Other Post Employment Benefits

3. Executive Summary (cont.)

Demographic Assumptions

Demographic assumptions mirror those used for the pension plan, with adjustments made for actual experience of County employees. All employees are assumed to participate in the Maryland State Retirement System.

Section 6 details the assumptions for electing coverage. These assumptions have been changed since the last valuation.

Economic Assumptions

The discount rate assumption is tied to the return expected on the funds used to pay these OPEB benefits. The discount assumption will be materially tied to the decision of whether or not to pre-fund these benefits. The AOC for FYE 2013 and FYE 2014 is determined using a partially funded discount rate of 4.25%. This rate is a weighted average of a 4.0% unfunded rate, which is a long term estimate of general funds investment return, and a funded investment rate of 7.0%.

The medical trend assumption was developed using the Society of Actuaries (SOA) Long-Run Medical Cost Trend Model baseline assumptions. The SOA Model was released in April 2010. The following assumptions were used as input variables into this model:

Rate of Inflation	2.9%
Rate of Growth in Real Income / GDP per capita	0.9%
Income Multiplier for Health Spending	1.4
Extra Trend due to Technology and other factors	1.2%
Health Share of GDP Resistance Point	25.0%
Year for Limiting Cost Growth to GDP Growth	2075

The SOA baseline assumption of real income growth of 1.9% was reduced to .9% to be consistent with the payroll growth assumption.

The SOA Long-Run Medical Cost Trend Model and its baseline projection are based on an econometric analysis of historical U.S. medical expenditures and the judgments of experts in the field. The long-run baseline projection and input variables have been developed under the guidance of an SOA Project Oversight Group.

Payroll is assumed to increase at 3.0% per annum. This assumption is used to determine the level percentage of payroll amortization factor.

Actuarial Certification

In preparing the valuation we relied on demographic and claims data provided by Harford County Public Schools. We reviewed the data for reasonableness, but did not audit the data. The actuarial methods and assumptions used in this report comply with GASB 45 and the actuarial standards of practice promulgated by the American Academy of Actuaries.

The healthcare cost trend rate selected is consistent with prevalent practices. As discussed above, increases of this magnitude cannot be sustained indefinitely. Accordingly, standard actuarial practice (and GASB 43 Paragraph 34.g.) is to assume an "ultimate trend" which is consistent with the best estimate of GNP growth. However, the number of years until the ultimate trend is attained and the rate of decrease are not known. There is a significant probability that between now and the next actuarial valuation we will not observe the anticipated amelioration of medical trend. If this is the case, the typical practice is to reset the initial trend and to defer the year that the ultimate trend rate is attained.

Other Post Employment Benefits

4. Executive Summary (cont.)

If this occurs annual actuarial losses of 5% to 15% of liabilities due to the revised trend rate can be expected.

Kevin Binder is a Member of the American Academy of Actuaries and meets the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained in this report.

2. Funding Target and Cash Contribution for FYE 2013 and FYE 2014

Below is a summary of the calculation of the Funding Target and the School's Cash Contribution under the funding policy. The funding policy is determined using the fully funded discount rate of 7.00%.

	FYE 2013 07/01/2012	FYE 2014 07/01/2013
1) Actuarial Accrued Liability		
a. Actives	201,226,000	212,883,000
b. Retirees in Pay Status	226,588,000	239,714,000
c. Total	427,814,000	452,597,000
2) Assets	23,541,000	27,189,000
3) Amortization of Unfunded Accrued Liability		
a. Unfunded Accrued Liability	404,273,000	425,408,000
b. Amortization Period	26	25
c. Amortization Factor (Rounded)	15.72	15.36
d. Amortization Amount	25,723,000	27,704,000
4) Gross Funding Target		
a. Normal Cost	14,095,000	14,631,000
b. Amortization of Unfunded Accrued Liability	25,723,000	27,704,000
c. Total Funding Target	39,818,000	42,335,000
5) Trust Contribution		
a. Funding Target	39,818,000	42,335,000
b. Less Expected Pay-Go Benefits	18,608,000	19,945,000
c. Net Funding Target [a – b]	21,210,000	22,390,000
d. Expected Contribution (As provided by HCPS)	2,000,000	2,000,000
e. Percent Funded [c / d]	9.43%	8.93%
f. Discount Rate* [(1 – (e)) x 4.00%] + [(e) x 7.00%]	4.25%	4.25%

* Rounded to nearest quarter percent

Other Post Employment Benefits

3. Plan Expense

Expense

Below is a summary of the calculation of the Plan's Expense under the current provisions for the year ending June 30, 2013 and June 30, 2014. The amount's are calculated as of the end of the year and assume the plan deposits \$2,000,000 to the trust in both FYE 2013 and FYE 2014.

	07/0/2012 Partially Funded	07/01/2013 Partially Funded
(1) Interest Rate	4.25%	4.25%
(2) Actuarial Accrued Liability		
(a) Actives	359,121,000	378,667,000
(b) Retirees in Pay Status	<u>301,812,000</u>	<u>318,238,000</u>
(c) Total	660,933,000	696,905,000
(3) Assets	23,541,000	27,189,000
(4) Amortization of Unfunded Accrued Liability		
(a) Unfunded Accrued Liability	637,392,000	669,716,000
(b) Amortization Period	26	25
(c) Amortization Factor (Rounded)	21.54	20.83
(d) Amortization Amount	29,595,000	32,155,000
(5) Annual Required Contribution of Employer (ARC)		
(a) Normal Cost	26,886,000	27,908,000
(b) Amortization of Unfunded Accrued Liability	29,595,000	32,155,000
(c) Total ARC	<u>56,481,000</u>	<u>60,063,000</u>
(6) Annual OPEB Cost (AOC)		
(a) ARC	56,481,000	60,063,000
(b) Less Amortization of NOO	5,916,000	7,816,000
(c) Plus Interest on NOO	5,415,000	6,918,000
(d) Total Cost	<u>55,980,000</u>	<u>59,165,000</u>
(7) 1% Sensitivity (ARC)	70,893,000	76,018,000
(8) Net OPEB Obligation (NOO)		
(a) Beginning of Year NOO	127,410,929	162,782,929
(b) Current AOC	55,980,000	59,165,000
(c) Expected Cash Payment to Retirees	18,608,000	19,945,000
(d) Trust Contribution	2,000,000	2,000,000
(e) Projected End of Year NOO (a + b- c- d)	<u>162,782,929</u>	<u>200,002,929</u>

Other Post Employment Benefits

4. Summary of Principal Plan Provisions

The following summary describes principal plan provisions assumed in calculating the cost of your plan.

General Eligibility Rules

Eligible participants are assumed to be employees, former employees, and beneficiaries of Harford County Public Schools who had health coverage as an active employee.

Maryland State Teachers' Pension System retirement eligibility is as follows:

- age 62 with 5 years of service
- age 63 with 4 years of service
- age 64 with 3 years of service
- age 65 with 2 years of service
- 30 years of service regardless of age
- age 55 with 15 years of service

Disabled participants must meet the eligibility requirements stated above.

Surviving Spouses can stay in the plan, but must pay the full cost to participate.

Underlying Plan Description

Pre-Medicare Retirees have the option of choosing between three medical plans (PPO Plus, PPO Core or Blue Choice) all of which are packaged with a prescription drug program. Post-Medicare Retirees have two plan options both of which are packaged with a prescription drug program.

Retiree Contribution

Participants with less than 10 years of service receive no subsidy from Harford County Public Schools. Participants with 10 or more years of service receive an employer subsidy detailed below:

	PPO Plus	PPO Core	Blue Choice	Dental
Under Medicare Age	85%	90%	90%	90%
Over Medicare Age	90%	90%	90%	90%

The subsidy also applies to dependent coverage.

Harford County Public Schools also subsidizes the cost of Life Insurance Coverage. Retirees pay \$0.024 per month per \$1,000 of coverage per month.

Other Post Employment Benefits

4. Summary of Principal Plan Provisions (cont.)

Retiree Contribution (cont.)

Life Insurance

At retirement, retirees receive \$20,000 of Life Insurance coverage. This amount decreases by \$2,000 each July 1 to a floor of \$10,000. Retirees pay \$0.024 per month per \$1,000 of coverage per month.

For employees hired after July 1, 2006 the medical and dental subsidy will depend upon years of service at retirement as summarized in the following table. In addition, the cost for life insurance will vary by years of service at retirement.

Years of Service At Retirement	Subsidy	Cost per \$1,000 of Life Insurance
0 – 10	0%	--
10 – 19	30%	16.8¢
20 – 29	60%	9.6¢
30 +	90%	2.4¢

5. Valuation Data

Counts

The following table summarizes the counts, ages and, coverage as of 12/1/2011, for those currently enrolled in Medical/Drug coverage.

(1) Number of Participants	
(a) Active Employees	4,559
(b) Retirees (Pre-Medicare)	605
(c) Retirees (Post-Medicare)	1,402
(2) Active Statistics	
(a) Average Age	44.47
(b) Average Service	11.33
(3) Inactive Statistics (In Pay Status)	
(a) Average Age – Pre-Medicare	60.81
(b) Average Age – Medicare	72.95

Other Post Employment Benefits

5. Valuation Data (cont.)

Active Age - Service Distribution

Shown below is the distribution of active participants with medical coverage based on age and service as of the valuation date.

Age	Years of Service as of 12/01/2011								Total
	Under 1	01-04	05-09	10-14	15-19	20-24	25-29	30+	
Under 25	45	77	1	0	0	0	0	0	123
25 - 29	44	338	148	1	0	0	0	0	531
30 - 34	18	135	317	86	0	0	0	0	556
35 - 39	10	84	131	206	55	0	0	0	486
40 - 44	18	110	128	106	154	37	0	0	553
45 - 49	14	88	128	99	89	84	31	1	534
50 - 54	9	80	135	151	110	65	62	31	643
55 - 59	8	53	82	116	127	73	39	96	594
60 - 64	1	18	66	55	58	67	40	88	393
65 +	2	19	30	25	14	16	9	31	146
Totals	169	1,002	1,166	845	607	342	181	247	4,559

The following table shows averages in total for Active participants in this valuation.

Averages	Amount
Age:	44.47
Service:	11.33

Other Post Employment Benefits

6. Valuation Methods and Assumptions

Cost Method

This valuation uses the Projected Unit Credit method with linear pro-ratio to assumed benefit commencement.

Amortization

The unfunded liability was amortized over a closed period of 27 years using level percentage of pay for FYE 2012.

The unfunded liability was amortized over a closed period of 26 years using level percentage of pay for FYE 2013.

The unfunded liability was amortized over a closed period of 25 years using level percentage of pay for FYE 2014.

Coverage Status and Age of Spouse

Actual coverage status is used; females assumed 3 years younger than male spouse.

Employees with family coverage are assumed to continue family coverage in retirement.

Employees with individual coverage are assumed to elect individual coverage in retirement.

Employees currently waiving coverage are assumed to continue to waive coverage in retirement.

Assets

Assets are valued using market value of assets. The trust is assumed to earn 7.00% interest and contributions are assumed to be made in the middle of the year.

Election Percentage

Participants are assumed to elect coverage based on service as described below:

<u>Service</u>	<u>Election Rate</u>
4 or less	N/A
5 - 9	5%
10 or more	95%

Other Post Employment Benefits

6. Valuation Methods and Assumptions (cont.)

Interest Assumptions

Funded Discount Rate		7.00%
Partially Funded Discount Rate	4.25%	
Unfunded Discount Rate	4.00%	
Payroll Growth		3.00%

Trend Assumptions

Medical and Prescription Drug	Base	Sensitivity
2011	7.00%	8.00%
2012	6.50%	7.50%
2013	6.00%	7.00%
2014	5.70%	6.70%
2015 – 2019	5.40%	6.40%
2020 – 2023	5.30%	6.30%
2024 – 2029	5.20%	6.20%
2030 – 2039	5.10%	6.10%
2040 – 2049	5.00%	6.00%
2050 – 2074	4.60%	5.60%
2075 – 2098	4.30%	5.30%
Ultimate	3.80%	4.80%

Dental costs were assumed to increase 5 percent per annum.

Decrement Assumptions

Below is a summary of decrements used in this valuation. Sample Retirement, Disability, and Termination rates are illustrated in the tables below.

Mortality Decrements	Description
(1) Healthy	RP-2000 Fully Generational with Scale AA Combined Healthy Table
(2) Disabled	RP-2000 Fully Generational Combined with Scale AA Disabled Table

6. Valuation Methods and Assumptions (cont.)

Decrement Assumptions (cont.)

	Annual Rates of Withdrawal at Selected Ages(after 10 YOS) (number of withdrawals per 1,000 members)						
	25	30	35	40	45	50	55
Teachers' Pension							
Male	40	40	40	20	10	10	10
Female	50	50	50	30	25	10	10

Claims Assumption

Gross claims for retirees are based on enrollment and paid medical claims and prescription for retirees paid from July 1, 2010 to June 30, 2011. The claims were projected to Fiscal Year 2012. Claims were projected assuming annual increases of 9% for all claims.

Medical claims were increased by 0.5 percent to adjust for a IBNR. The prescription drug claims were reduced by 6 percent to account for prescription drug rebates.

Administrative costs are assumed to be \$703 per year for pre-age 65 retirees and \$301 per year for post age 65 retirees.

The Chart below shows the current cost broken down between the published per capita cost (i.e. the blended rates) and the hidden subsidy.

Total Costs	Single	Family
1. Explicit Costs		
a. Pre-Medicare	8,770	18,154
b. Post-Medicare	5,789	11,578
2. Total Medical and Drug Costs		
a. Under 50	5,919	12,252
b. Age 50-54	7,165	14,832
c. Age 55-59	8,308	17,198

e. Age 65-69	4,766	9,532
f. Age 70-74	5,541	11,082
g. Age 75-79	5,642	11,284
h. Age 80-84	5,888	11,776
i. Age 85 and over	5,728	11,456
3. Dental Costs	311	622

Other Post Employment Benefits

7. Glossary

Annual OPEB Cost (AOC):	An accrual-basis measure of the periodic cost of an employer's participation in a defined benefit OPEB plan.
Annual Required Contributions of the Employer(s) (ARC):	The employer's periodic required contributions to a defined benefit OPEB plan, calculated in accordance with the parameters.
Covered Group:	Plan members included in an actuarial valuation.
Defined Benefit OPEB Plan:	An OPEB plan having terms that specify the amount of benefits to be provided at or after separation from employment. The benefits may be specified in dollars (for example, a flat dollar payment or an amount based on one or more factors such as age, years of service, and compensation), or as a type or level of coverage (for example, prescription drugs or a percentage of healthcare insurance premiums).
Employer's Contributions:	Contributions made in relation to the annual required contributions of the employer (ARC). An employer has made a contribution in relation to the ARC if the employer has (a) made payments of benefits directly to or on behalf of a retiree or beneficiary, (b) made premium payments to an insurer, or (c) irrevocably transferred assets to a trust, or an equivalent arrangement, in which plan assets are dedicated to providing benefits to retirees and their beneficiaries in accordance with the terms of the plan and are legally protected from creditors of the employer(s) or plan administrator.
Funded Ratio:	The actuarial value of assets expressed as a percentage of the actuarial accrued liability.
Healthcare Cost Trend Rate:	The rate of change in per capita health claim costs over time as a result of factors such as medical inflation, utilization of healthcare services, plan design, and technological developments.
Investment Return Assumption (Discount Rate):	The rate used to adjust a series of future payments to reflect the time value of money
Level Percentage of Projected Payroll Amortization Method:	Amortization payments are calculated so that they are a constant percentage of the projected payroll of active plan members over a given number of years. The dollar amount of the payments generally will increase over time as payroll increases due to inflation; in dollars adjusted for inflation, the payments can be expected to remain level. This method can not be used if the plan is closed to new entrants.

Other Post Employment Benefits

7. Glossary (cont.)

Net OPEB Obligation:	The cumulative difference since the effective date of this Statement between annual OPEB cost and the employer's contributions to the plan, including the OPEB liability (asset) at transition, if any, and excluding (a) short-term differences and (b) unpaid contributions that have been converted to OPEB-related debt.
Normal Cost or Normal Actuarial Cost:	That portion of the Actuarial Present Value of benefit plan benefits and expenses which is allocated to a valuation year by the Actuarial Cost Method.
Other Post-employment Benefits:	Post-employment benefits other than pension benefits. Other post-employment benefits (OPEB) include post-employment healthcare benefits, regardless of the type of plan that provides them, and all post-employment benefits provided separately from a pension plan, excluding benefits defined as termination offers and benefits.
Pay-as-you-go (PAYG):	A method of financing a benefit plan under which the contributions to the plan are generally made at about the same time and in about the same amount as benefit payments and expenses becoming due.
Payroll Growth Rate:	An actuarial assumption with respect to future increases in total covered payroll attributable to inflation; used in applying the level percentage of projected payroll amortization method.
Plan Liabilities:	Obligations payable by the plan at the reporting date, including, primarily, benefits and refunds due and payable to plan members and beneficiaries, and accrued investment and administrative expenses. Plan liabilities do not include actuarial accrued liabilities for benefits that are not due and payable at the reporting date.
Plan Members:	The individuals covered by the terms of an OPEB plan. The plan membership generally includes employees in active service, terminated employees who have accumulated benefits but are not yet receiving them, and retired employees and beneficiaries currently receiving benefits.
Post-employment:	The period between termination of employment and retirement as well as the period after retirement.
Post-employment Healthcare Benefits:	Medical, dental, vision, and other health-related benefits provided to terminated or retired employees and their dependents and beneficiaries.

Other Post Employment Benefits

7. Glossary (cont.)

Select and Ultimate Rates:

Actuarial assumptions that contemplate different rates for successive years. Instead of a single assumed rate with respect to, for example, the investment return assumption, the actuary may apply different rates for the early years of a projection and a single rate for all subsequent years. For example, if an actuary applies an assumed investment return of 8 percent for year 2000, 7.5 percent for 2001, and 7 percent for 2002 and thereafter, then 8 percent and 7.5 percent are select rates, and 7 percent is the ultimate rate.

7/1/2010	10,962,506	534,277,000	523,314,494	2.05%		
7/1/2011	15,255,626	462,698,000	447,442,374	3.30%		
7/1/2012	23,541,000	660,933,000	637,392,000	3.56%		
7/1/2013	27,189,000	696,905,000	669,716,000	3.90%		

The schedule of funding progress presented as required supplementary information (RSI) following the notes to financial statements, present multiyear trend information about whether the actuarial values of the plan assets are increasing or decreasing over time relative to the AALs for benefits.

The School's annual contribution is based on annual actuarial valuations.

Actuarial Cost Method: Projected Unit Credit
 Amortization Method: Closed
 Amortization Period: 30 (as of July 1, 2008)
 Asset Valuation Method: Market Value of Assets
 Actuarial Assumptions
 Discount Rate: 4.25% (FYE 2013 and FYE 2014) 5.75% for FYE 2012
 Payroll Increase: 3.00%
 Medical Trend: Based on Society of Actuaries Long Term Medical Trend Model,
 the initial rate is 7.00% decreasing gradually. The rate in 2050 is
 4.60%.

Other Post Employment Benefits

Appendix 3

The Actuarial Valuation Process

Step 1 – Determining the Present Value of Benefits

The first step of the actuarial valuation process is to determine the Present Value of Benefits (PVB). The PVB represents the estimated amount needed to provide all future OPEB benefits.

For a retiree it is based on the following assumptions:

- The current cost of medical benefits
- How fast medical costs will increase (medical trend)
- Mortality

For an employee it *also* considers the following assumptions:

- How many employees will leave before becoming eligible for the benefit
- At what age will employees retire
- What percentage of eligible retirees will elect coverage
- What percent of eligible retirees will have spouse coverage

Based on these assumptions, the actuary estimates a payment stream for each year in the future.

The streams of payments are discounted to the valuation date using a discount rate. The discount rate is similar to the rate of return you would expect to earn on funds in a bank or other investment vehicle. The sum of the discounted payment stream is the PVB.

Step 2 – The Actuarial Funding Method

If the entire present value of benefits was deposited into a trust when every new employee was hired, there would be (in the absence of actuarial losses caused by experience different than that assumed) no cost after the first year. The goal of an actuarial funding method is to spread the present value of benefits throughout the employee's career.

Accordingly, the second step of an actuarial valuation is to divide the Present Value of Benefits into three components:

- The normal cost (the liability accrual for the year)
- The accrued liability (the liability amount allocated for past service)
- The present value of future normal costs (the liability amount allocated to the future)

Other Post Employment Benefits

Appendix 3

The Actuarial Valuation Process (cont.)

The following chart illustrates the 3 components of the Present Value of Benefits:

For a retired employee, the present value of benefits equals the accrued liability.

Step 3 – Determining the Annual Required Contribution (ARC)

Under the GASB standard, the Annual required contribution is equal to the sum of the:

- Normal Cost and
- An Amortization Payment of the Unfunded Accrued Liability

The unfunded accrued liability is equal to the accrued liability minus the assets (if any).

The amortization payment is not a straight line amortization payment. It is more like a mortgage payment on a house. It includes interest on the unfunded liability and a principal payment, and is designed to be a level payment. This could mean level as in a dollar payment, or as a level percentage of payroll. If it is a level percentage of payroll, the payment amount will increase as payroll increases.

Under the GASB standard, this payment period could be up to 30 years.

Also under the GASB standard, the payment period could be “closed” or “open”. A “Closed” payment period decreases each year. The unfunded amount will be zero at the end of the payment period. An “Open” payment period is reset each year to 30 years. The effect of resetting the payment period each year is similar to refinancing a loan every year. The loan will never be repaid.

Employees on this salary schedule receive a \$750 longevity increment after 14, 19, and 24 years of continuous service with the Harford County Public Schools. The longevity increment becomes effective July 1st or February 1st after the employee completes 14, 19, and 24 years of continuous service with HCPS. **Effective July 1, 2007, all Harford County Public Schools experience will count towards longevity increments.**

Shift Differential: Employees who work second shift will receive a forty-cents per hour differential.

Effective July 1, 2007, all years of service with Harford County Public Schools will count toward longevity increments.

Nurses who have earned a bachelor's degree in nursing or a related field as determined by the Assistant Superintendent for Human Resources will receive a \$1,000 differential. Team Nurses who have earned a bachelor's degree in a related field will receive a \$1,000 differential. Team Nurses with LPN certification will receive a salary increase of \$1,000. Team Nurses with RN certification will receive a salary increase of \$1,500.

Years of service/experience may not equate to step placement.

**Harford County Public Schools
Salary Schedule for Technicians
Fiscal Year 2013-2014**

STEP	Technicians
1	\$20,858
2	\$21,484
3	\$22,128
4	\$22,792
5	\$23,475
6	\$24,179
7	\$24,905
8	\$25,652
9	\$26,422
10	\$27,214
11	\$28,031
12	\$28,872
13	\$29,737
14	\$30,630
15	\$31,548

Technicians shall receive a \$750 longevity increment after 19, 24, and 29 years of continuous service with Harford County Public Schools. The longevity increment becomes effective on the July 1st or February 1st after the employee completes 19, 24, and 29 years of continuous service with HCPS, based on a 10 month duty year. Effective July 1, 2007, all Harford County Public Schools experience will count towards longevity increments.

Technicians who have earned a bachelor's degree in a related area as determined by the Assistant Superintendent for Human Resources will receive a \$1,000 differential.

Years of service/experience may not equate to step placement.

**Harford County Public Schools
Salary Schedule for Interpreters,
Transliterator, and Braille Technicians
Fiscal Year 2013-2014**

STEP	Interpreters, Transliterator, and Braille Technicians
1	\$30,388
2	\$31,300

Glossary

ACCOUNTING UNIT

A twelve-digit record indicating the category, location, program and sub-program for expenditure.

ACTIVITY

A major component of work performed by a department, division or agency that measures performance.

ACCRUAL BASIS

A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

ADEQUATE YEARLY PROGRESS

The federal requirements of adequate yearly progress are designed to ensure continuous improvement each year toward the goal of 100% proficiency in 2014. Improvement targets are particularly focused on subgroups of students who, historically, have the furthest to go. The intent, therefore, is to ensure that schools, school systems, and the states direct their instructional improvement efforts toward historically low performing subgroups and, by extension, all low performing students. The goal of 100% proficiency ensures that all students not just low performing students are expected to continuously progress.

AGENCY

A principal County department or office, or other governmental unit outside County organizational structure, receiving County funds (Note: For descriptive purposes only, this term is used interchangeably with department, office, division, and bureau).

ALERTNOW

The Alert Now/Saf-T-Net rapid telephone notification system permits the school system or individual schools to call parents of all students or parents of groups of students with a common message that is delivered at pre-determined dates and times or immediately to the identified parents. The system permits notification for school schedule changes; emergency situations in the school system, at the school level, or the classroom bus level; or the conveyance of important information about back-to-school nights, special meetings, or other events.

ALLOT

To divide an appropriation into amounts which may be encumbered or expended during an allotment period?

ALTERNATIVE PROGRAMS

A variety of intervention and support programs for students at risk for expulsion for inappropriate

behavior, students conditionally expelled, and students whose adjustment to traditional education interferes with successful participation in general education.

ANNUAL MEASURABLE OBJECTIVE (AMO)

An annual measurable objective established by each state to ensure that all students are 100% proficient in reading/language arts and mathematics by 2013-2014.

ANNUALIZE

Taking changes that occurred mid-year and calculating their cost or savings for a full year, for the purpose of preparing an annual budget.

APPROPRIATION

The legal authorization to spend a specific amount of money for a particular purpose.

ASSESSABLE BASE

The total value of all real and personal property in the County used as a basis for levying taxes. Tax-exempt property is excluded from the assessable base.

ASSESSED VALUATION

A valuation set upon real estate or other property by the State as a basis for levying taxes. Assessed value is less than market value.

ASSESSMENT RATIO

The ratio at which the tax rate is applied to the tax base.

ATTRITION

A method of achieving a reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

AUDIT

An annual examination of all school financial documents, records, and reports along with a review of all accounting practices and procedures.

AUDITOR

An independently appointed certified public accountant, directly serving the Board of Education.

AUTHORIZED POSITIONS

Employee positions, which are approved in the adopted budget, to be filled during the year.

AVERAGE DAILY MEMBERSHIP (ADM)

The aggregate membership of a school system divided by the number of day's school is in session.

Glossary

BALANCED BUDGET

Current appropriations in all funds are limited to the sum of available, unencumbered cash balances and revenues estimated to be received in the current budget period. The budget when adopted will be balanced in all funds and throughout the year.

BONDS

Long-term, interest-bearing certificates of public indebtedness used to finance the County's capital projects.

BOND RATING

Bond ratings are based upon the County's financial condition and its ability to meet all future interest and principal payments promptly.

BRIDGE TO EXCELLENCE

Maryland General Assembly enacted Senate Bill 856, *Bridge to Excellence in Public Schools Act*, on April 4, 2002 to restructure public school finance system and increase State Aid to public schools by \$2.2 billion over six years. Under this legislation, MSDE must set academic performance standards, ensure that schools and students have sufficient resources to meet those standards, and hold schools and school systems accountable for student performance.

BUDGET

A comprehensive financial plan describing proposed expenditures and the means of financing those expenditures.

BUDGET CATEGORY

Represents 15 state defined expenditure categories within the Current Expense Fund, e.g. Administrative Services, Instructional Salaries, Transportation.

BUDGET REVIEWS

On-going review and re-evaluation of the budget based on actual expenditures and current projections.

BUDGETARY BASIS

This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

CAPITAL ASSETS

Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

CAPITAL BUDGET

A financial plan for appropriating monies necessary to fund the construction of permanent public

improvements. Capital projects may extend beyond one fiscal year, and are financed by bonds, grants, contributions, Paygo funds or other approved long-term indebtedness.

CAPITAL EQUIPMENT

Fixed assets valued above \$5,000 and/or with an economic lifetime of five years or longer.

CAPITAL IMPROVEMENTS

Projects that are long-term assets such as school buildings and facilities.

CAPITAL IMPROVEMENTS PROGRAM

A five-year projection of capital improvements that includes funding sources of the project. The first year of the program represents the current fiscal year capital budget.

CAPITAL PROJECT

Any acquisition of property of a permanent nature for public use and/or any physical improvement including any preliminary studies, surveys and initial equipment purchases.

CARRYOVER

The process by which funds for previously approved School Board commitments to pay for goods and services at the end of one fiscal year are re-appropriated in the next fiscal year.

CASH BASIS

A basis of accounting in which transactions are recognized only when cash is increased or decreased.

CONFIDENCE INTERVAL

Statistical procedures will be used in all tests of Adequate Yearly Progress determinations to ensure that decisions take into account inherent measurement error presenting all accountability systems. The confidence interval is a statistical tool used in Maryland AYP determinations to ensure accurate and reliable accountability decisions. Because the accuracy of scores depends on the number of students in each group, the state uses a statistical test to help ensure that they make fair and valid AYP decisions for groups with different numbers of students.

CONSTRUCTION FUND

The fund used to account for new schools, school additions, and other major capital improvements to school buildings.

CONSUMER PRICE INDEX (CPI)

Measure of the average change over time in the prices paid by urban consumers for a fixed market basket of consumer goods and services. The CPI provides a

Glossary

way for consumers to compare what the market basket of goods and services costs this month with what the same market basket cost a month or a year ago.

COST-OF-LIVING ADJUSTMENT (COLA)

An increase in salaries to offset the adverse effect of inflation on compensation.

CURRENT OPERATING BUDGET

The Board's comprehensive financial plan for a single fiscal year including expenditure requirements for all services and planned programs along with revenue estimates needed to support these stated levels of activity.

CURRENT EXPENSE FUND

Accounts for the basic education programs and includes all financial resources used for the operations of the school system. This fund is subdivided into Unrestricted and Restricted programs.

DEBT SERVICE

The payment of principal and interest on bonded or long-term indebtedness required during a fiscal year.

DEDICATED TAX

A tax levied to support a specific government program or purpose.

DEFICIT

The excess of an entity's liabilities over its assets or the excess of expenses over revenues during a single accounting period.

EDLINE

A site for teachers to create class websites for uploading and archiving schedules, lessons, etc. Teachers can also publish grades, attendance, class info, and homework online for parent and student access.

DISBURSEMENT

The expenditure of monies from an account.

EMPLOYEE (OR FRINGE) BENEFITS

Contributions made by a government to meet commitments or obligations for employee fringe benefits. Included is the government's share of costs for Social Security and the various pensions, medical, and life insurance plans.

ENCUMBRANCE

A formal obligation to pay for goods or services of that fiscal year.

ENTITLEMENTS

Payments to which local governmental units are entitled, pursuant to an allocation formula determined by the agency providing the monies, usually the state or the federal government.

EXPENDITURES

The cost of goods delivered or services rendered.

EXPENSE

Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

FREE AND REDUCED MEALS (FaRMS)

Free and Reduced Meals (Breakfast and Lunch) are available to students based on income levels.

FISCAL IMPACT STATEMENT

The net financial effect of a change to a capital project or an agency's operating budget for the current fiscal year.

FISCAL POLICY

A board policy with respect to revenues and expenditures as it pertains to programs and services in the Operating Budget and Capital Budget.

FIDUCIARY FUNDS

Agency Fund (School Funds) are used to account for the assets held by the school system in a trustee capacity. School fund accounts are the direct responsibility of the principals of their respective school.

FISCAL YEAR

A 12-month time period to which the annual Operating and Capital Budgets apply. The Harford County Public Schools fiscal year begins July 1 and ends June 30.

FOOD & NUTRITION FUND

The self-supporting fund used to account for all activities of the school food services program.

FULL-TIME EQUIVALENT POSITION (FTE)

A part-time position converted to the decimal equivalent of a full-time position based on 2,080 hours per year for 12-month employees or 1,650 hours per year for 10-month employees.

FUND

A separate budget/accounting entity designated for specific revenues in accordance with special regulations, restrictions, or limitations.

FUND BALANCE

The remainder of fund assets and resources over fund liabilities available for appropriation.

Glossary

GAAP

Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

GENERAL FUND

A fund established for conducting normal operations, not accounted for in any other fund.

GENERAL OBLIGATION BONDS

Bonds backed by the full faith and credit of the issuing government that finance a variety of public improvement projects.

GOAL

A long-range desirable aim attained by completion of defined objectives.

GOVERNMENTAL FUNDS

These funds include the Current Expense Fund, which is a combination of the school system's Unrestricted and Restricted Funds, Food Service Fund, Special Revenue Fund, School Construction Fund, and Capital Projects Fund.

GRANT

A contribution from one governmental unit to another or from a government to a private organization to aid in the support of a specific purpose, activity or facility.

INDIRECT COST

A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

INTER-GOVERNMENTAL REVENUE

Funds received from other governmental units in the form of grants or shared revenues.

INTERNATIONAL BACCALAUREATE

The IB program is an internationally recognized advanced academic program for 11th and 12th graders. This program provides college level course work in several academic areas and provides high school students with an opportunity to earn advanced placement, college credit, or both, at participating universities and colleges across the country.

INTERNATIONAL GENERAL CERTIFICATE OF SECONDARY EDUCATION

An international advanced academic program for 9th and 10th graders originating through Cambridge University, England.

"HELP" CONFERENCE

The *Harford Equity Leadership Program Conference* is designed to guide students to a better understanding of the value of diversity and the contributions of all members of society.

LAWSON

The integrated financial accounting and human resources information system.

LEASE PURCHASE AGREEMENT

A contractual agreement termed "lease" but is actually a purchase contract.

LONG-TERM DEBT

Debt with a maturity of more than one year after the date of issuance.

MODIFIED ACCRUAL BASIS

The basis of accounting under which expenditures are recorded when the services or goods are received and the liabilities are incurred, and revenues are recorded when available. Accounting records for the County's general funds and expendable trust and agency funds are maintained on a modified accrual basis.

OBJECT

A classification of expenditures indicating goods and services. Examples include personal services or supplies and materials.

OBJECTIVE

A well-defined measurable task or function to be accomplished in a specific time frame.

OBLIGATIONS

Amounts that a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

OFFICE

An organizational unit within a department responsible for accomplishing major programs and activities of the department.

MAINTENANCE OF EFFORT

The county governing body shall appropriate local funds to the school operating budget in an amount no less than the product of the county's full-time equivalent enrollment for the current fiscal year and the local appropriation on a per pupil basis for the prior fiscal year.

MASTER PLAN

A five-year comprehensive master plan that describes the goals, objectives, and strategies that will be used to improve student achievement for every segment of the

Glossary

student population. HCPS will integrate Board Goals with the parameters of the *Bridge to Excellence* legislation and *No Child Left Behind* legislation.

NEW RESOURCES

A term used to identify budget requests requiring additional resources above the baseline budget funding designed to meet identified School Board goals.

NON-CAPITAL EQUIPMENT

Equipment with a useful life greater than one year and an acquisition value equal to or greater than \$500.

OPERATING BUDGET

A comprehensive financial plan outlining expenditure requirements necessary to support Harford County Public Schools' services and activities in the coming fiscal year and the available resources needed to fund these requirements.

OPERATING EXPENSE

Those costs necessary to maintain and support the operation of an organization, excluding salaries, wages, benefits, and capital outlay. Examples: office supplies and utilities.

OPERATING REVENUES

Funds that the Board receives as income to pay for ongoing operations. It includes such items as tuition, fees from specific services, and interest earnings.

ORGANIZATION

A general term applied to any governmental unit receiving funds.

PARAEDUCATOR

Formerly a teacher's assistant.

PAYGO

A fiscal policy by which capital projects are funded with operating budget revenues rather than long-term or bonded indebtedness.

PER PUPIL ALLOCATION

Per pupil ratios used to allocate textbooks, supplies, and other materials funds to schools.

PERFORMANCE INDICATOR

A unit measurement of work to be accomplished, which alone or in combination with other data, permits assessment of efficiency and effectiveness.

PERFORMANCE MEASURES

Data collected to determine how effective or efficient a program is in achieving its objectives.

POSITION CONTROL MANAGEMENT

The budgetary process where all changes in budgeted FTE positions and the position's link to an accounting unit and account are monitored.

PRIOR-YEAR ENCUMBRANCES

Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.

PROGRAM

A primary function of an organization, encompassing all related activities aimed at achieving an established objective, whether long or short term.

PROPERTY TAX

An assessment placed on real estate including land and permanent improvements and personal property.

PURPOSE

A broad statement of the goals, in terms of meeting public service needs, that a department is organized to meet.

RESTRICTED FUND

A fund established to receive and disburse funds for programs provided by Federal and/or State governments. These programs may or may not require Board matches, and may or may not coincide with Harford County Public Schools' fiscal year.

RESERVE

Any account established for a particular exclusive purpose, and therefore not available for further appropriation or expenditure.

REVENUE

All funds collected to support Harford County Public Schools' programs and services.

RISK MANAGEMENT

A process used by an organization to identify and measure the risks of accidental loss; to develop and implement techniques for handling risk; and to monitor results. Techniques may include self-insurance, commercial insurance and loss control activities.

SAFE HARBOR PROVISION

If a school does not meet the annual performance targets for each subgroup, a provision called Safe Harbor still allows a school to make AYP if the school meets all performance targets in the aggregate, and the subgroup meets the other academic indicators; and the percentage of students achieving below the

Glossary

proficient level in that subgroup decreases by ten percent. Safe Harbor is calculated using the last two years of test administration data.

SCHOOL IMPROVEMENT LEADERSHIP TEAMS

A leadership team at the individual school level that will plan and monitor the school improvements necessary for the students.

SCHOOL IMPROVEMENT PLAN

An individual school plan reflecting the educational improvement needs of students and goals for the coming school year.

SELF-INSURANCE

A planned approach for funding liability, property, worker's compensation, unemployment, and life and health insurance needs through financial resources other than commercial insurance plans.

SPECIAL REVENUE FUNDS

Special Revenue Funds (Food Service Fund) are used to account for the proceeds of specific revenue sources (other than capital projects funds) that are legally restricted to expenditures for specified purposes.

STAFFING STANDARDS

Per student ratios used to allocate teachers, administrators, and other instructional staff to schools and centers.

TAX

A compulsory charge levied by the County government to finance services to benefit the community.

TITLE I

Provides assistance in language arts and math for low-achieving students in eligible elementary schools.

TITLE IX

Part of federal law that prohibits sex discrimination in any aspect of the educational program.

TRANSFERS IN/OUT

Amounts transferred from one fund to another assist in financing the services for the recipient fund.

TURNOVER SAVINGS

Savings generated in the employee compensation accounts due to long tenured employees leaving the system and being replaced by entry level employees.

UNAPPROPRIATED FUND BALANCE

Cumulative result of actual revenues exceeding expenditures for the current and prior fiscal years. This represents the available balance that is unappropriated or not designated for future year's expenditures.

UNRESERVED FUND BALANCE

The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

VACANCY SAVINGS

Savings generated in the employee compensation accounts due to positions being unfilled for some period of time.
