Vision

Harford County Public Schools will be a community of learners in which our public schools, families, public officials, businesses, community organizations, and other citizens work collaboratively to prepare all of our students to succeed academically and socially in a diverse, democratic, change-oriented, and global society.

Mission

The mission of Harford County Public Schools is to promote excellence in instructional leadership and teaching and to provide facilities and instructional materials that support teaching and learning for the 21st century. The Harford County Board of Education will support this mission by fostering a climate for deliberate change and monitoring progress though measurable indicators.

Goals

- 1. To prepare every student for success in postsecondary education and a career.
- 2. To encourage and monitor engagement between the school system and the community to support student achievement.
- 3. To hire and support skilled staff who are committed to increasing student achievement.
- 4. To provide safe, secure, and healthy learning environments that are conducive to effective teaching and learning.

Hugh McFarland, Grade 11, Havre de Grace High School Teacher: Jenna Zimmerman

Board of Education of Harford County

The members of the Board as of June 30, 2014, their represented areas, and expiration of their terms are as follows:

<u>Title</u>	Name	Representation	Term
President	Nancy Reynolds	Appointed Member-at-Large	<u>Ends</u> 2015
Vice-President	Francis F. "Rick" Grambo, III	Councilmanic District D	2015
Other members	Robert L. Frisch	Councilmanic District A	2015
	James D. Thornton	Appointed Member-at-Large	2015
	Cassandra R. Beverley, Esq.	Councilmanic District B	2015
	Alysson L. Krchnavy	Appointed Member-at-Large	2015
	Joseph A. Hau	Appointed Member-at-Large	2015
	Thomas Fitzpatrick	Appointed Member-at-Large	2015
	Arthur F. Kaff, Esq.	Appointed Member-at-Large	2015
Student member	Benjamin C. Barsam	Student Member	2014

Effective July 1, 2009, legislation changed the Board of Education of Harford County from a fully appointed Board to an electedappointed Board consisting of six elected members and three members appointed by the Governor of the State of Maryland for four-year terms to be phased in over a period of time. For details on Senate Bill 629, visit mlis.state.md.us. In addition, there is a student representative to the Board who serves a one-year term while a high school senior. The student is elected by the Harford County Regional Association of Student Councils.

Administration as of July 1, 2014

Barbara P. Canavan Superintendent until June 30, 2018

> Joseph P. Licata Chief of Administration

Cornell S. Brown, Jr. Assistant Superintendent for Operations

James M. Jewell, CPA Assistant Superintendent for Business Services

September 30, 2014

Members of the Board of Education:

The Public School Laws of the State of Maryland require school districts to publish within three months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended June 30, 2014.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable rather than absolute assurance that the financial statements are free of any material misstatements.

SB & Company, LLC, a firm of licensed certified public accountants, have issued an unmodified ("clean") opinion on Harford County Public Schools (HCPS) financial statements for the fiscal year ended June 30, 2014. The independent public accountants' report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent public accountants' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

All funds and accounts of the HCPS are included in the comprehensive annual financial report. For financial reporting purposes, HCPS has been defined as a component unit of the Harford County Government. Therefore, HCPS is included in the comprehensive annual financial report of Harford County.

Profile of the Government

HCPS is a component unit of Harford County Government and financial statements and footnotes will be included in the Harford County Government Comprehensive Annual Financial Report. Harford County Public Schools (HCPS) is a fiscally dependent school system with an actual enrollment of 37,842 students in fiscal 2014. HCPS is the 149th largest school system of

the 13,588 regular school districts in the country when ranked by enrollment.¹ This places HCPS in the top one percent of school districts by size. There are 24 school districts in the State of Maryland and HCPS is ranked 8th in size. The student body will be served by a projected 5,261 FTE faculty and staff positions for fiscal 2015.

Harford County has 54 public schools and 45 non-public schools² located within the County. Citizens in the County have a choice of public or private schools. 37,842 students attend public schools. The number of students attending private schools is unknown. The 2012 estimated population of Harford County was 247,570³. According to the U.S. Census Bureau, the school-age population in 2011 was 44,614, of which 38,222 or 85.6% attended public schools. School enrollment was 35,963 in 1994 and reached a peak of 40,294 in 2006.

County Government perspective on local economy⁴

Local economy: The revenue outlook for fiscal year 2014 remained challenging while preparing the fiscal year 2014 budget. A lagging national economy, unfunded mandates from Annapolis and lower tax revenues have resulted in lean budgets for 2014.

The County's largest revenue source remains real property taxes even though there have been recent declines in the real estate market. The fiscal year 2014 taxable assessable base resulted in a decrease over the fiscal year 2013 assessable base of 1.2 percent. The assessable base growth rate is expected to increase by 0.9 percent in fiscal year 2015. General Fund property tax revenues net of interest, discounts and credits are estimated to increase by 0.4 percent from fiscal year 2014 to fiscal year 2015. The real estate market appears to have bottomed out but it is too early to predict if the market will rebound in the coming year. The County property tax rate has remained the same for four years. Income tax revenue, the second largest revenue source in the County, is directly affected by population growth, employment levels and personal income. Income tax revenue has shown increases beginning in 2010 through 2014 using the modified accrual basis of accounting. The year over year increase for 2011 to 2012, 2012 to 2013 and 2013 to 2014 has been 7.6%, 2.3% and 3.7%, respectively. Income tax is budgeted at \$198.7 million for fiscal year 2015.

Long-term financial planning for the school system

In 2002, the State legislature enacted the Bridge to Excellence in Public Schools Act. This law initiated major changes in the State financing of local schools in an effort to achieve both funding equity and adequacy between Maryland's 24 school districts. The law achieved its promise of an increase in State funding to public education of \$1.3 billion over six years. However, the governor of Maryland convened a special session of the Maryland General Assembly in October 2007 to reduce the projected \$1.5 billion state structural deficit. During the special session, increases in taxes were approved and planned funding increases for public

³ Harford County Department of Planning and Zoning.

⁴ Excerpts from the Harford County Government Comprehensive Annual Financial Report for the year ended June 30, 2014.

education were curtailed through FY 2012. As a result, increases in State Aid to the Unrestricted Budget will be at a maximum growth of 1% over next year. In 2009, the State legislature enacted changes to the Harford County Board of Education membership. Currently, the Board is comprised of five members appointed by the governor, three elected members, and one student member. The legislation expands the Board to nine members and one student member. Ultimately, six members will be elected and three appointed by the governor. The transition will not be complete until the Board is seated in 2015. In the General Assembly Session of 2012, the State changed the Maintenance of Effort Law clearly defining the minimum local government funding. This change could affect future County contributions to education. In 2014, the State of Maryland is studying the funding formulas and will once again consider changes in the State Aid formulas for public education.

Relevant financial policies

Primary funding is provided by the State of Maryland and Harford County Government. The budget is approved by the Board of Education and the Harford County Council in accordance with State laws. The Board has no authority to levy and collect taxes or increase the budget. Formal budgetary integration, including encumbrance accounting, is employed as a management control device during the year for the governmental fund types. Management is authorized to transfer funds within major categories of expenditure, as defined by statute. Transfers between categories of expenditures and supplemental appropriations during the fiscal year require approval of the Board of Education, Harford County Executive, and Harford County Council.

By statute, in order to receive any increase in State basic school aid, each county must appropriate an amount equal to, or greater than, the prior year per pupil appropriation. Referred to as the 'maintenance of effort' calculation, it provides that if there is no enrollment growth, county funding will remain the same as that of the prior year in terms of total dollars. Counties often appropriate in excess of the minimum amount stipulated in the law.

Capital projects are funded by Harford County Government and the State of Maryland. The Board of Education has no authority to issue general obligation debt. Funds are budgeted and appropriated on both a project and annual basis. Capital project funds do not lapse at the end of each year and may be expended until completion of the project. Budget transfers between projects require the approval of the Board of Education, Harford County Executive, and the Harford County Council.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Harford County Public Schools for its comprehensive annual financial report for the fiscal year ended June 30, 2013. This was the ninth consecutive year that the school system has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a school system must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, HCPS also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the Year Beginning July 1, 2013. In order to qualify for the Distinguished Budget Presentation Award, the budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report would not have been possible without the services of the entire staff of the Finance Department under the direction of John G. Staab, CPA, Director of Finance, and the Office of Internal Audit under the direction of Jennifer A. Birkelien, CPA, Internal Auditor, and SB & Company, LLC. Many other offices in the system contributed to provide data for this report, including the students whose art work is published throughout the document. Our appreciation is extended to all who assisted in the timely closing of the school system's financial records and in the preparation of this report. Credit must also be given to the Superintendent and Board of Education for their unfailing support for maintaining the highest standards of professionalism in the management of HCPS' finances.

Sincerely,

Caranan

Report of Independent Public Accountants

Members of The Board of Education of Harford County Bel Air, Maryland

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Harford County Public Schools (HCPS), a component unit of Harford County, Maryland as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise HCPS' basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

HCPS' management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Harford County Public Schools, as of June 30, 2014, and the respective changes in financial position, where applicable, cash flows thereof, and statement of revenues, expenditures and changes in fund balances – budget (non-GAAP basis) and actual – general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

200 International Circle • Suite 5500 • Hunt Valley • Maryland 21030 • P 410.584.0060 • F 410.584.0061

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of funding progress, as listed in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise HCPS' basic financial statements. The accompanying food service fund schedule of revenues, expenditures and changes in fund balance compared to budget, school construction fund schedule of expenditures by project, school funds (agency funds) combining statement of increases, decreases, and fund balances, combining statement of fiduciary net position – agency funds and combining statement of changes in assets and liabilities – agency funds (collectively, the Supplemental Information) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying Supplemental Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections as listed in the accompanying table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2014 on our consideration of HCPS' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering HCPS' internal control over financial reporting and compliance.

Hunt Valley, Maryland September 10, 2014

SB + Company, SFC

Management's Discussion and Analysis (MD&A) June 30, 2014

As Management of the Harford County Public Schools (HCPS), we offer readers of the HCPS financial statements this narrative overview and analysis of the financial activities of HCPS for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 8-11 of this report.

Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments issued June 1999. Certain comparative information between the current and prior fiscal years is required to be presented in the MD&A.

The goal of MD&A is for the HCPS' financial managers to present an objective and easily readable analysis of its financial activities based on currently known facts, decisions, or conditions.

Financial Highlights

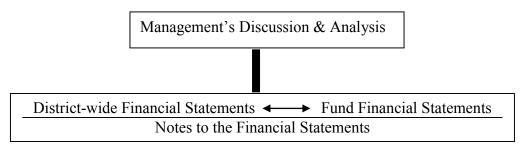

- The assets for Harford County Public Schools exceeded its liabilities at the close of the most recent fiscal year by \$385.7 million. Net Position as of June 30, 2013 was \$421.8 million and decreased by \$36.1 million for the year ended June 30, 2014.
- The HCPS total liabilities increased by \$39.3 million during the current fiscal year. The key factor in this change was the increase of \$37.2 million in the noncurrent liabilities for Other Post-Employment Benefits (OPEB) Obligation
- The final Unrestricted General Fund budget increased by \$2,718,482 (or 0.6%) during the year from the originally adopted budget.
- The General Fund unrestricted, unassigned fund balance on a budgetary basis decreased from \$5,374,477 to \$3,281,858, a decrease of \$2,092,619 (or 38.9%). Maintaining an unassigned fund balance was also a strategic decision to prepare for additional funding reductions or unexpected expenditures.
- The unrestricted General Fund actual revenues were less than the final budget by \$1,488,928 (or 0.35%), and expenditures were \$5,136,684, (or 1.20%), under the final budget.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Harford County Public Schools basic financial statements.

Management's Discussion and Analysis (MD&A) June 30, 2014

Basic Financial Statements

The illustration above represents the minimum requirements for the basic external financial statements. This report also contains other supplementary information in addition to the basic financial statements.

District-wide financial statements. In addition to the MD&A, the district-wide financial statements are the other primary addition to financial reporting under GASB Statement No. 34. The District-wide perspective is designed to provide readers with a complete financial view of the entity known as Harford County Public Schools. The financial presentation of this perspective is similar to a private sector business.

The *statement of net position* presents information on all of the assets and liabilities of HCPS with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of HCPS is improving or deteriorating. The *statement of activities* presents information showing how HCPS' net position changed during the most recent fiscal year.

These statements measure the change in total economic resources during the period utilizing the accrual basis of accounting. This means that any change in net assets is reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenditures are reported in this statement for some items that will only result in cash flows in future fiscal periods (like earned but unused employees leave), or for which cash has already been expended (depreciation of buildings and equipment already purchased).

The district-wide perspective is unrelated to budget and accordingly, budget comparisons are not provided.

Fund financial statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Harford County Public Schools uses fund accounting to ensure and demonstrate compliance with finance-related requirements. HCPS' funds are in two categories, governmental funds and fiduciary funds. Harford County Public Schools does not operate any enterprise activities that are reported as proprietary funds.

Management's Discussion and Analysis (MD&A) June 30, 2014

The measurement focus of these statements is current financial resources; therefore, the emphasis is placed on the cash flows of the organization within the reporting period or near future.

Accordingly, the modified accrual basis of accounting that measures these cash flows is used. In the case of Harford County Public Schools, open encumbrances are excluded from expenditures and the State of Maryland's contribution to the teachers' retirement system is added to revenue and expenditures.

Fund financial statements are also unrelated to budget and accordingly, budget comparisons are not provided in the presentation.

Budgetary presentation of individual fund financial information utilizing the current financial resources measurement focus and the budgetary basis of accounting are presented as part of the fund financial statements as well. In these statements, available cash flows of HCPS itself are measured as well as the commitment to acquire goods or services with that cash. Open encumbrances at year-end are included in the expenditures.

This is the legal basis upon which the budget is adopted so budget comparisons are provided. GASB Statement Number 34 requires that we present the original adopted budget as well as the final budget and discuss the changes between them.

	District-wide Statements	Fund Statements	Budgetary Fund Statements
		Current Financial	Current Financial
Measurement Focus	Economic Resources	Resources	Resources
Basis of Accounting	Accrual	Modified Accrual	Cash and
Dasis of Accounting	Tiotitui	Widdiffed / Recitual	Commitments
Budget	No	No	Yes

The table above presents the differences in the presentation of the basic financial statements.

Fiduciary responsibility – Retiree Health Plan Trust, Scholarship, and School Activity Funds (Exhibit 8). HCPS is the trustee, or fiduciary, for its retiree health plan trust, scholarship, and school activity funds. These funds are reported as separate agency and trust funds. We exclude these activities from Harford County Public Schools' other financial statements because the assets cannot be used to finance HCPS' activities. We are responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information immediately following the notes to the financial statements.

Management's Discussion and Analysis (MD&A) June 30, 2014

District-wide Financial Analysis

Net position over time may serve as a useful indicator of a district's financial position. In the case of HCPS, assets exceeded liabilities by \$385.7 million at the close of the fiscal year, which represents a decrease from the prior year of \$36.1 million. Although capital assets increased by \$6.4 million, the results of operations for the year were diminished by increasing liabilities associated with other post-employment benefits (OPEB).

By far, the largest portion of HCPS' net assets reflects the investment in capital assets (i.e., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. These capital assets are used to provide services to the students and citizens of Harford County and are not available for future spending. Although HCPS' investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these related liabilities. Minimal debt for assets is carried by HCPS. As previously explained, HCPS is fiscally dependent on and nearly all capital debt is carried by the County and State governments.

HCPS' net position as of June 30, 2014 and 2013, is illustrated in the below table and Exhibit 1.

Governmental Funds Net Position							
	June 20, 2014	June 20, 2013	\$ Change	% Change

Harford County Public Schools Governmental Funds Net Position

Management's Discussion and Analysis (MD&A) June 30, 2014

The unrestricted deficit as of June 30, 2014 of \$205.0 million is the result of reducing the fund balance from the General Fund (Exhibit 3) of \$21.4 million by the compensated absences long-term liabilities of \$26.4 million and other post-employment benefits annual required contribution shortfall of \$200.0 million. We are committed by employee agreements to pay employees at retirement twenty-five percent (25%) of their earned but unused sick leave. For administrators, the limit is 250 days, all others are up to 200 days, plus any earned and unused vacation. The long-term portion is the amount we expect to pay beyond June 30, 2015. A total of \$27.9 million exists as of June 30, 2014 with \$4.9 million due within one year. The amount attributable to vacation leave is \$4.5 million and \$23.4 million for sick leave. Historically, this liability was funded on a "pay-as-you-go" basis from available current financial resources. This method is expected to continue. The remaining \$10.0 million long-term liability balance represents our obligations under the capital lease for the construction of the administration building.

Results of operations for HCPS as a whole are presented in Exhibit 2, the Statement of Activities. Approximately \$559.0 million in expenditures are reported. To the extent possible, revenue directly attributed to the function or program is reported against the appropriate expense. Included in such revenues are charges for services and grants. \$365.1 million in expenditures were supported using other general revenue sources not specifically attributed to a function or program.

The Food Services program is designed to be self-funded. Allocation of program revenues to expenditures produced a net loss for this program.

The following table summarizes the district-wide cost of services for each program or function. About 90.3% of the total costs of services are directly related to students' instruction and welfare. Of the remaining 9.7%, all but about 2.97% is used for the direct administration of schools and instructional support. It is important to note that in this report format, costs for employee benefits and depreciation on fixed assets are allocated to the appropriate program or function.

		Total Cost of Services		Net Cost of Services	% Net Cost to Total

Harford County Public Schools Statement of Activities

Management's Discussion and Analysis (MD&A) June 30, 2014

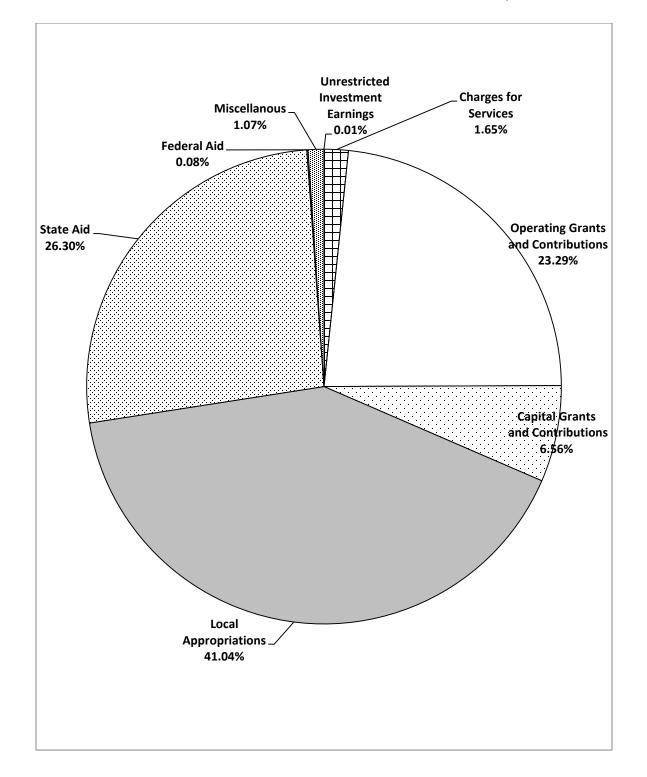

Total revenues decreased by 2.38% from the prior year, as shown in the table below. This decrease is attributable to decreases in unrestricted federal aid, capital grants and contributions and investment earnings as well as decreases in state aid. HCPS is fiscally dependent on local and state aid to fund its daily operations. State aid is largely formula driven based on student population and wealth. Local revenue, provided by the Harford County Government, is dependent upon the economic condition of the County. However, the education statute requires a minimum level of funding equal to the prior year's per pupil contribution times the current year projected enrollment. Most of the operating grant funding is from the State and Federal governments as well.

Expenditures decreased by \$7.49 million (or 1.32%) with decreases in Administration, Mid-Level Administration, Instruction and Transportation programs.

Management's Discussion and Analysis (MD&A) June 30, 2014

Sources of Revenues for Fiscal Year Ended June 30, 2014

Management's Discussion and Analysis (MD&A) June 30, 2014

Expenditures for the Fiscal Year Ended June 30, 2014

Fund Performance

Funds are self-balancing sets of accounts used to control and manage money for particular purposes. As pointed out earlier, fund information is presented in two ways to satisfy two specific purposes.

Management's Discussion and Analysis (MD&A) June 30, 2014

Exhibit 3 is the Balance Sheet for the HCPS' governmental funds and Exhibit 5 presents those same funds' results of operations.

In the General Fund, local revenue increased by \$1.5 million (or 0.67%); Unrestricted State revenues decreased \$5.1 million (or 2.26%); Special State and Federal program revenues increased by \$.6 million (or 2%); earnings on investments decreased by \$23,000 (or 42.46%). Expenditures decreased by \$3.785 million (or 0.78%). In the Food Service Fund, revenues from State Sources and Federal Sources increased \$45,000 (or 13.25%) and \$474,000 (or 6.27%) respectively. Charges for services decreased by \$325,000 (or 4.49%). Expenditures were decreased by \$8,200 (or 0.05%). In the Capital Projects Fund, revenues from local and state sources decreased by \$3.6 million (or 30%) and \$3.473 million (or 25%) respectively.

Management's Discussion and Analysis (MD&A) June 30, 2014

General Fund - Unrestricted (Exhibit 7)

Changes made to the original budget during the fiscal year were supplemental appropriations for funding the OPEB Trust Fund as well as electrical expenditures due to the unusually cold winter. Inter-categorical transfers were made from various categories to cover additional expenditures of materials of instruction, instructional equipment, and student health pupil expenditures.

Harford County Public Schools Unrestricted Fund Changes Made to the Original Budget

Management's Discussion and Analysis (MD&A) June 30, 2014

It is critical for the reader to understand that local and state revenues account for 92.04% of the total General Fund unrestricted revenue. In the past, both had been stable and highly predictable; however, in the most recent few years, state and local revenues have declined with the general condition of the economy. Enrollment reductions and mid-year legislative and executive initiatives have resulted in the reduction of revenues

Interest earnings continue to fall well below budget as a result of historic low rates and aggressive cash management by the County in matching our cash demands with their payment schedule to us.

Other revenue exceeded projections. Included are tuition, facility rental, e-rate rebates, Medicare Part D receipts, dividends from MABE's insurance programs, and payments from health and dental insurance carriers. Major receipt amounts in the other revenue account are from the following:

Health/Dental Insurance rebates & settlements*	\$3,121,478
Medicare Part D*	1,247,231

*Part of the Contribution to the OPEB Investment Trust Fund appropriated for FY14

Over the past two years, restrictions over hiring, conference, and other expenditures were implemented early in the fiscal year and helped achieve spending 0.78% below budget in FY14.

Capital Asset and Debt Administration (See Notes 4 and 5)

As of June 30, 2014, HCPS had over \$773.3 million invested in a broad range of capital assets including land (over 1,891 acres), buildings (over 6.175 million square feet) and improvements, furniture, vehicles and other equipment. Capital assets increased by just over \$22.6 million from the same time last year, excluding the effect of depreciation as shown in the table below.

Changes to Capital Assets								
	June 30, 2014	June 30, 2013	\$ Change	% Change				
Land	\$ 9,672,942	\$ 9,672,942	\$ -	0.0%				
Construction in Progress	22,379,098	16,526,507	5,852,591	35.4%				
School Properties	700,221,331	686,681,796	13,539,535	2.0%				
Furniture, Fixtures and Equipment	40,988,038	37,764,192	3,223,846	8.5%				
Total Capital Assets	\$ 773,261,409	\$ 750,645,437	\$ 22,615,972	3.0%				

Harford County Public Schools

Management's Discussion and Analysis (MD&A) June 30, 2014

School districts in Maryland are in the uncommon position of owning assets but not the debt associated with those facilities as they are fully fiscally dependent on the State and County governments. Accordingly, HCPS carries no bond rating, but has an approved debt policy for lease transactions. HCPS refinanced the capital lease in FY 2012 for the Administration Building from an interest rate of 4.974% to a lower rate of 3.27%, resulting in a savings of \$1,146,908 in the remaining term of the debt, without extending the term of the debt.

Current Issues

Significant legislation by the federal and state governments has impacted public education in Maryland. The federal "No Child Left Behind" act requires that the all students meet standards and that each school and sub-group of students show adequate yearly progress. In addition, the act requires that teachers be highly qualified in their content areas.

Maryland enacted the "Bridge to Excellence" statute which requires that each school district adopt a master plan. This plan is to be reviewed by the County governments, and then submitted to the Maryland State Department of Education for approval. A component of the plan is the fiscal impact of each new initiative contained in the plan.

Future Issues

The Governmental Accounting Standards Board (GASB) has issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, which addresses how state and local governments should account for and report their costs and obligations related to postemployment healthcare and other non-pension benefits. Collectively, these benefits are commonly referred to as *other postemployment benefits*, or *OPEB*.

HCPS made several policy changes with respect to benefits provided to retirees and committed to using excess monies in the health insurance rate stabilization account and federal Medicare Part D reimbursement to at least partially fund the OPEB liability. Currently, HCPS is participating in a multi-employer OPEB Investment Trust administered by the Maryland Association of Boards of Education (MABE). We believe this structure is unique in the country. While we have the vehicle to invest OPEB funds, the issue will be whether or not the County will fund OPEB contributions to meet our proposed 30 year timeframe to achieve full funding. The current economic climate has been, and is forecast to continue to be, prohibitive to this objective. Meanwhile the unfunded liability continues to grow.

Federal grant programs are further clouding the fiscal picture. While the additional federal funds were welcome, restrictions on their use and the intended purpose of preserving classroom teaching positions are less applicable at HCPS than in other parts of the nation. We have reduced the workforce for the last five fiscal years including FY 2015.

Management's Discussion and Analysis (MD&A) June 30, 2014

The continuing escalation and unpredictability of energy costs remains a vexing problem for this and all other districts. By action of the Board, a \$415,000 assignment of fund balance was set aside for future energy costs to offset whatever future unanticipated costs may arise.

HCPS has not escaped the souring economy. As the State continues to experience reductions in revenues, a source of relief for the State is passing costs off to local government and Boards of Education. Of greatest concern are State actions to modify the maintenance of effort calculation statutorily required by County governments to fund their local school systems, and the transfer of some part of teacher pension costs previously paid directly by the State. Starting in July 2012, the State transferred a percentage of the teacher pension cost to the local Boards of Education and mandated that county governments fund that cost. The specified percentage increases each fiscal year, until 2017, when the local government will be paying 100% of the normal cost for the county's teachers.

Contacting Harford County Public Schools' Financial Management

Our financial report is designed to provide our citizens, taxpayers, parents, and students with a general overview of the HCPS' finances and to demonstrate its accountability for the money it receives.

If you have questions about this report or wish to request additional financial information, contact James M. Jewell, Assistant Superintendent of Business Services at (410) 588-5321 or John G. Staab, Director of Finance at (410) 588-5237; or by mail at Harford County Public Schools, Business Services, 102 South Hickory Avenue, Bel Air, Maryland 21014.

Trent Douglass, Grade 10, C. Milton Wright High School Teacher: Carol Dunaway

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2014

Total net change in fund balances - governmental funds (Exhibit 5)	\$ (5,262,596)
Amounts reported for governmental activities in the statement of activities are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay (\$23,161,348) exceeds depreciation expense (\$ 16,790,632).	6,370,716
In the statement of activities, compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for compensated absences are measured by the amount of financial resources used (essentially, the amounts actually paid or expected to be paid within one year) This year, vacation and sick leave used exceeded the amounts earned by \$25,888.	25,888
OPEB costs reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(37,180,000)
In the statement of activities, all inventories are charged to expense as goods are used in operations (the consumption method). However, in the government funds, the value of U.S.D.A. commodities is recorded as an expenditure at the time the inventory is acquired (the purchase method) and reflected as a reservation of fund balance. The decrease in the amount of fund balance reserved for inventory during the year was \$44,825.	(44,825)
Change in net position of governmental activities (Exhibit 2)	\$ (36,090,817)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Board of Education of Harford County (the Board) is a body politic and corporate established by the Public School Laws of Maryland. For financial reporting purposes, the Board (alternatively referred to herein as Harford County Public Schools) is a component unit of Harford County, Maryland (the County) by virtue of the County's responsibility for levying taxes and incurring debt for the benefit of the Board, as well as its budgetary control over the Board. Accordingly, the financial statements of the Board are included in the financial statements of the County. The Board itself has no component units.

The accounting policies of Harford County Public Schools conform to accounting principles generally accepted in the United States of America. Accordingly, the Board applies all applicable Governmental Accounting Standards Board (GASB) pronouncements. The following is a summary of significant accounting policies employed by the Board.

Government-Wide and Fund Financial Statements

The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of Harford County Public Schools as a whole. The activities of the General Fund (Current Expense Fund), Special Revenue Fund (Food Service Fund) and Capital Projects Fund (School Construction Fund) have been presented as governmental activities in the government-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational requirements of a particular program. Local appropriations, state and federal aid and other items which are not classified as program revenues are presented as general revenues of the Board. The Board has no internal service funds and interfund services provided and used are negligible and are not eliminated in the process of consolidation.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. All individual governmental funds are considered to be major funds and are reported as separate columns in the governmental fund financial statements. The Board has no proprietary funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Local appropriations and state and federal aid are recognized as revenues in the year for which they were approved by the provider. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to certain compensated absences are recognized when the obligations are expected to be liquidated with expendable available resources.

Local appropriations and state and federal aid associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria have been met. Expenditure driven grants are recognized as revenues when the qualifying expenditures have been incurred and all other grant requirements have been met.

Interfund balances account for expenditures paid in the general fund for other funds through a common system. Reimbursements are made periodically as revenues are received.

Agency funds are custodial in nature and do not measure results of operations or have a measurement focus. Agency funds do, however, use the accrual basis of accounting.

The Retiree Health Plan Trust Fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

The Board reports the following funds in the fund financial statements:

Governmental Funds

Current Expense Fund (General Fund) - The general fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund. Special state and federal programs are included in the restricted portion of this fund.

Food Service Fund (Special Revenue Fund) – The food service fund is used to account for the operations of the cafeterias and production facilities which provide for the preparation and sale of meals primarily to students. As a special revenue fund, the proceeds of specific revenue sources (other than major capital projects) are legally restricted to expenditures for specified purposes.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

A substantial portion of its revenues are derived from other governments and it is not intended to be self-sustaining from food sales. The Board exercises the appropriate budgetary and accounting control through use of an annual budget prepared by the Department of Food and Nutrition and the Budget Office, which is reviewed and monitored by management during the fiscal year. There is no legal requirement for an approved budget.

School Construction Fund (Capital Projects Fund) – The school construction fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Fiduciary Funds

Scholarship and School Funds (Agency Funds) - Agency funds are used to account for assets held by the Board in a trustee capacity. Scholarship funds account for monies that have been donated for scholarships but have not yet been awarded. The school funds account for student activities such as student organizations, yearbooks and field trips. School funds are the direct responsibility of the principals of the respective schools.

Retiree Health Plan Trust Fund – This fund was established to prefund other postemployment benefits (OPEB) that the Board provides to retirees of the Board and their dependents.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Board considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Board considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

Assets, Liabilities and Net Position or Equity

Due From Other Units of Government and Other Receivables

Due from other units of government consists primarily of amounts due for local and state appropriations under the operating budget and capital projects, and expenditures in excess of amounts received under grant agreements. Other receivables include amounts due from other local education agencies for out of county tuition and the deposit with the Harford County Consortium for stabilization of health insurance costs.

Accounts receivable are not collateralized, but are primarily with other governmental units and related agencies. These entities rarely default on their obligations and management of the Board considers all amounts collectible as of June 30, 2014. Therefore, no valuation allowance is provided against the amounts due.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities and Net Position or Equity (continued)

Inventory

Inventory is valued at the lower of cost (first-in, first-out) or market. Inventory in the general fund consists of supplies maintained in the distribution center. Inventory in the food service fund consists of expendable food and supplies held for consumption. The cost is recorded as an asset at the time individual inventory items are purchased. As inventory is consumed, the cost is charged to expenditures.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported as governmental activities in the government-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of more than \$5,000 and a useful life of at least two years. Capital assets are recorded at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment are depreciated using the straight-line method over estimated useful lives of 20-50 years for buildings, improvements and infrastructure, and 5-20 years for furniture and equipment.

Assets which have been acquired with funds received through federal grants must be used in accordance with the terms of the grant. Federal regulations require, in some cases, that the Board must reimburse the federal government for any assets which the Board retains for its own use after the termination of the grant unless otherwise provided by the grantor.

Compensated Absences

As of June 30, 2014, annual and sick leave earned, applicable to governmental fund types, but not taken by Board employees, was \$27,943,444. This amount is based on vested accumulated leave as of June 30, 2014, for employees eligible to receive annual leave benefits at retirement. Sick leave is accrued for employees with at least ten years of service and calculated at 25% of their annual daily rate up to a maximum ranging from 200 to 250 days. An accrual in the amount of \$1,485,765 was made in the General Fund for the year ended June 30, 2014. This amount was an estimate of the accumulated annual and sick leave which will be paid to retirees during the first month of the fiscal year ending June 30, 2015. The remaining liability for accumulated annual and sick leave earned in the amount of \$26,457,679 is reported as a noncurrent liability in the government-wide financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, Liabilities and Net Position or Equity (continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue Fund, and Capital Projects Fund. Encumbrances outstanding at year-end are reported as assignments of fund balances since they do not constitute expenditures or liabilities.

Net Position and Fund Balance

The difference between fund assets and liabilities is "Net Position" on the government-wide and fiduciary fund statements and "Fund Balance" on governmental fund statements. Net Position are classified as "Invested in Capital Assets, Net of Related Debt," legally "Restricted" for a specific purpose or "Unrestricted" and available for appropriation for general purposes.

In the governmental fund financial statements, non-spendable and restricted fund balance represent amounts that are legally restricted by outside parties for use for a specific purpose or are otherwise not available for appropriation. Committed fund balance represents amounts that are reserved for a particular purpose by the Board and would require action by the Board to release the fund balance from its commitment. Assigned fund balance represents tentative management plans that are subject to change.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING

Budgetary compliance is measured using the budgetary basis of accounting, the purpose of which is to demonstrate compliance with the legal requirements of Harford County, the State of Maryland, and special federal and state programs.

The budgetary basis differs from GAAP, which is used for the fund financial statements, in that encumbrances, which represent commitments to purchase goods and services, are treated as expenditures of the current period rather than as reservations of the fund balance. The other principal difference is that under the budgetary basis, designations of the prior year's fund balance are treated as revenue of the current period. The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (non-GAAP basis) and Actual-General Fund is presented using the budgetary basis of accounting. By state law, major categories of expenditures may not exceed budgeted amounts.

The Board follows these procedures in establishing the budgetary data reflected in the financial statements:

Operating Budget (General Fund)

- 1) In early June, budget questionnaires are distributed to principals and staff members. These questionnaires and supporting documents are due in the office of the Director of Budget at the beginning of October.
- 2) At the regular monthly meetings in October and November, the Board will establish its priorities for the operating budget.
- 3) At the regular monthly meeting in December, the Superintendent of Schools will present the recommended operating budget to the Board and the general public.
- 4) In January, the Board will hold a special meeting for the purpose of providing for a public hearing on the Superintendent's recommended operating budget.
- 5) At the regular monthly meeting in January, the Board will adopt an operating budget and submit the adopted operating budget to the County Executive.
- 6) After approval or adjustment by the County Council, the final operating budget is approved by the Board in June.
- 7) Budgets are normally adopted on a basis consistent with GAAP except for the inclusion of portions of the prior year's fund balance as revenues, the inclusion of encumbrances as expenditures and the exclusion of retirement payments made on the Board's behalf by the State of Maryland as revenues and expenditures. Budget comparisons presented are on a non-GAAP budgetary basis.
- 8) Transfers may be made within the major categories by the Board of Education without the approval of the County Council as budgetary control is at the category level.

NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING (continued)

9) Requests for transfers between major categories must be submitted to the County Council for approval or denial. No action within thirty (30) days of submission constitutes approval.

The expenditures under special state and federal programs may exceed budgeted amounts. The grants included in this category are not part of budget categories subject to the spending limitations of the operating budget. Expenditures under these programs are limited to the amounts of the respective grants.

Food Service Fund Budget (Special Revenue Fund)

The Food Service Fund Budget is not a legally adopted budget and, therefore, a budget to actual presentation is not included in the basic financial statements. The comparison of the Food Services Fund Budget to actual revenues and expenditures is presented as a supplementary schedule to these financial statements. Revenue from Federal sources in the Food Service Fund includes \$883,174 of donated commodities from the United States Department of Agriculture.

Capital Budget - School Construction Fund (Capital Projects Fund)

Annual budgetary comparisons to actual expenditures are not presented in the financial statements for the Capital Projects Fund.

School construction is budgeted on a project basis with funds primarily provided by Harford County and the State of Maryland. State funds are approved by the State's interagency committee.

Reconciliation of Budgetary Data

The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual - General Fund is prepared on a legally prescribed budgetary basis of accounting which differs from GAAP. The purpose of the budgetary basis of accounting is to demonstrate compliance with the legal requirements of Harford County, the State of Maryland and special federal and state programs.

NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING (continued)

The differences between the two methods are set forth below:

Revenues (non-GAAP budgetary basis - unrestricted and restricted)	\$	455,694,638
Fund balance at June 30, 2013 assigned to current year expenditures		(6,100,000)
Revenues adjusted by restricted encumbrances of expenditure driven grants		834,406
Pension contributions made directly by the State of Maryland		29,187,145
Interest earned on rate stabilization deposit		8,637
Changes in value of rate stabilization fund		2,497,120
Revenues (GAAP basis)	\$	482,121,946
Expenditures (non-GAAP budgetary basis - unrestricted and restricted)	\$	452,046,882
Net effect of encumbrances		311,294
Pension contributions made directly by the State of Maryland		29,187,145
Contribution for OPEB		1,958,619
Expenditures (GAAP basis)	\$	483,503,940
	Ψ	
The unassigned fund balances in the current expense fund (general fund) are re	concil	ed as follows:
Unassigned Fund Balance (non-GAAP hudgetary basis)	\$	3 281 858

Unassigned Fund Balance (non-GAAP budgetary basis)	\$ 3,281,858
Cumulative effect of:	
Revenues adjusted by encumbrances of expenditure driven grants	(209,756)
Unassigned fund balance (GAAP basis)	\$ 3,072,102
Unassigned fund balance (GAAP basis)	\$ 3,072,102

The assigned fund balances in the current expense fund (general fund) are reconciled as follows:

Assigned Fund Balance (non-GAAP budgetary basis)	\$ 7,174,041
Encumbrances	3,145,235
Rate stabilization fund balance	8,000,505
Assigned Fund Balance (GAAP basis)	\$ 18,319,781

NOTE 3 – CASH AND INVESTMENTS

Cash on Hand

At year end, cash on hand for petty cash and change funds was \$1,080.

Deposits

As of June 30, 2014, the carrying amount of the Board's deposits was \$9,903,554 and the bank balance was \$11,117,610. The Board's deposits were not exposed to custodial credit risk as of June 30, 2014, as the deposits are covered by FDIC insurance or collateral held by the financial institution in the Board's name.

Investments

Statutes authorize the Board to invest in obligations of the United States Government, federal government agency obligations, secured time deposits in Maryland banks, bankers' acceptances, the Maryland Local Government Investment Pool (MLGIP), money market mutual funds, commercial paper and repurchase agreements secured by direct government or agency obligations.

The Board is a participant in the Maryland Local Government Investment Pool, which is under the administration of the State Treasurer. The MLGIP was established in 1982 under Article 95 Section 22G of the Annotated Code of Maryland and is rated AAAm by Standard and Poors, their highest rating for money market funds. Unit value is computed using the amortized cost method. In addition, the net asset value of the pool, marked-to-market, is calculated and maintained on a weekly basis to ensure a \$1.00 per unit constant value. The investment objectives of the Pool are: to preserve the capital value of the dollars invested; to provide a competitive rate of return; and to provide a readily available source of daily liquidity.

As of June 30, 2014, the Board's investment balances were as follows:

Maryland Local Government Investment Pool

Fair Value	
\$15,160,016	

NOTE 3 - CASH AND INVESTMENTS (continued)

Interest Rate Risk

Fair value fluctuates with interest rates, and increasing interest rates could cause fair value to decline below original cost. To limit the Board's exposure to interest rate risk arising from increasing interest rates, the Board's investment policy limits the term of investment maturities, except in the fiduciary funds, for which longer term maturities are allowed to match the cash flow of liabilities. The Board's management believes the liquidity in the portfolio is adequate to meet cash flow requirements and to preclude the Board from having to sell investments below original cost for that purpose. The investments as of June 30, 2014, complied with the Board's investment policy as of that date.

Investment income includes the following for the year ended June 30, 2014:

Net interest and dividends	\$ 18,311
Less: Restricted net investment income	 502
Total Net Investment Income Per Statement of Activities	\$ 17,809

Credit Risk

In order to control credit risk, State statutes authorize the Board to invest in obligations of the United States Government, federal government agency obligations, secured time deposits in Maryland banks, bankers' acceptances, the Maryland Local Government Investment Pool, money market mutual funds, commercial paper and repurchase agreements secured by direct government or agency obligations.

Concentration of Credit Risk

In accordance with its investment policy, with the exception of US Treasury securities, repurchase agreements, US government agencies and MLGIP, no more than 50% of the Board's total investment portfolio is to be invested in a single security type. With the exception of overnight repurchase agreements with the Board's lead bank and the MLGIP, no more than 50% of the Board's portfolio may be invested in a single institution.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of failure of the counter party, the Board will not be able to recover all or a portion of the value of its investments or collateral securities that are in the possession of an outside party. The Board's investment policy states that all investments must be fully collateralized. As of June 30, 2014, all of the Board's investments were insured or registered, were held by the custodian in the Board's name or were invested in MLGIP. As of June 30, 2014, the Board's investments were not exposed to custodial credit risk.

NOTE 3 - CASH AND INVESTMENTS (continued)

Reconciliation of cash and investments as shown on the Statement of Net Position:

Cash on hand	\$ 1,080
Carrying amount of deposits	45,171,173
Carrying amount of investments	15,160,016
Total cash and investments	60,332,269
Less: Amounts in fiduciary funds	37,993,902
Total Cash and Investments per Statement of Net Position	\$22,338,367
Cash and cash equivalents	\$ 7,178,351
Investments	15,160,016
Total Cash and Investments per Statement of Net Position	\$22,338,367

Investment in External Investment Pool

The Board has funds designated for Other Postemployment Benefits (OPEB) that are held by Maryland Association of Boards of Education (MABE). As of June 30, 2014, MABE held \$35,267,619 in cash and cash equivalents in the MABE OPEB Trust for the Board. The investment policy of MABE is set and monitored by MABE's Board of Trustees. MABE primarily invests in registered securities and mutual funds.

June 30, 2014

NOTE 4 - CAPITAL ASSETS

Capital asset balances and activity for the year ended June 30, 2014, were as follows:

			Retirements /	
	July 1, 2013	Additions	Reclassifications	June 30, 2014
Governmental activities:				
Nondepreciable capital assets:				
Land	\$ 9,672,942	\$ -	\$ -	\$ 9,672,942
Construction in progress	16,526,507	16,861,809	(11,009,218)	22,379,098
Total nondepreciable capital assets	26,199,449	16,861,809	(11,009,218)	32,052,040
Depreciable capital assets:				
Land improvements	15,181,925	1,011,686	1,145,047	17,338,658
Buildings	671,499,871	1,518,631	9,864,171	682,882,673
Furniture and equipment	37,764,192	3,769,222	(545,376)	40,988,038
Total depreciable capital assets	724,445,988	6,299,539	10,463,842	741,209,369
Less accumulated depreciation for:				
Land improvements	4,834,024	731,420	-	5,565,444
Buildings	134,652,653	12,968,970	-	147,621,623
Furniture and equipment	23,393,499	3,090,242	(545,376)	25,938,365
Total accumulated depreciation	162,880,176	16,790,632	(545,376)	179,125,432
Total depreciable capital assets, net	561,565,812	(10,491,093)	11,009,218	562,083,937
Governmental activities capital assets, net	\$587,765,261	\$ 6,370,716	\$ -	\$ 594,135,977

Depreciation expense for the year ended June 30, 2014, was charged to governmental functions on the Statement of Activities as follows:

Depreciation not allocated to specific functions	\$ 81,084
Administration	295,426
Mid-level administration	4,035
Instruction	9,941,723
Special Education	5,607
Transportation	721,115
Operations	3,499,428
Maintenance	2,021,128
Food Service	221,086
Total	\$ 16,790,632

HARFORD COUNTY PUBLIC SCHOOLS NOTES TO FINANCIAL STATEMENTS June 30, 2014

June 30, 2014

NOTE 4 - CAPITAL ASSETS (continued)

The Board has active school construction projects as of June 30, 2014, as follows:

				Remaining		
Project:	Spent to Date		Commitment			
Aberdeen High Stadium/Weight Room	\$	265,091	\$	1,309,558		
C. Milton Wright Burner Replacement		150,500		17,859		
Campus Hills Elementary		1,187,718		79,696		
Fallston High HVAC		2,446,632		3,829,302		
George D. Lisby @ Hillsdale Elementary Roof		343,084		344,416		
Havre de Grace High School		223,093		955		
John Archer		83,045		-		
Joppatowne High		169,450		-		
Joppatowne High Weight Room		18,340		960		
Magnolia Middle HVAC		7,331,468		1,579,266		
Norrisville Elementary HVAC		718,705		2,209,210		
North Harford Elementary HVAC		4,464,740		189,805		
William S. James Elementary HVAC		2,752,598		496,549		
Youth's Benefit Elementary Modernization		2,224,634		26,466		
Total	\$	22,379,098	\$	10,084,042		

These projects are primarily funded through capital grants from Harford County and the State of Maryland. Contracts are not entered into with contractors until such funding is obtained.

NOTE 5 - LONG-TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2014, was as follows:

						Due
	Balance as of				Balance as of	Within
	July 1, 2013	Increases	I	Reductions	July 1, 2014	One Year
Capital lease	\$ 10,016,647	\$ -	\$	-	\$ 10,016,647	\$ 371,258
Compensated absences	27,626,056	5,386,380		5,068,992	27,943,444	4,948,998
OPEB obligation	162,782,929	59,125,000		21,945,000	199,962,929	-
Total Governmental Activities	\$ 200,425,632	\$ 64,511,380	\$	27,013,992	\$ 237,923,020	\$5,320,256

Compensated absences and net OPEB obligation have typically been liquidated by the General Fund in prior years.

The Board entered into lease agreements as lessee in the amount of \$11,400,223 to construct the administration building, which was completed in January 2006. The lease agreement is for a period of twenty-five years. The debt was refinanced in June of 2012 at a rate of 3.25%. The term of the debt was not extended. The asset acquired and capitalized under the capital lease is as follows:

Building cost	\$ 10,852,395
Less: accumulated depreciation	1,844,907
Net Book Value	\$ 9,007,488

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2014, were as follows:

Years Ending June 30,	_	Amount
2015	\$	698,803
2016		823,822
2017		823,822
2018		823,822
2019		823,822
2020 - 2024		4,119,110
2025 - 2029		4,119,110
2030		823,822
Total minimum lease payments	1	3,056,133
Less: Amount representing interest		3,039,486
Present value of minimum lease payments	\$1	0,016,647

NOTE 6 - FUND BALANCE

Fund balance as of June 30, 2014, consisted of the following:

	~	Food Services	Capital Projects
	General Fund	Fund	Fund
Non-spendable for:			
Inventory - U.S.D.A.	\$ -	\$ 142,208	\$ -
Total non-spendable	-	142,208	-
Assigned to:			
Encumbrances	3,145,235	16,728	11,577,147
Fiscal year 2015 expenditures	5,533,875	-	-
Rate stabilization receivable	8,000,505	-	-
Future health insurance call	1,225,166	-	-
Emergency fuel reserve	415,000	-	-
Cost of Operation - Food Services		2,642,833	
Total assigned	18,319,781	2,659,561	11,577,147
Unassigned	3,072,102	-	(7,799,134)
Total fund balances	\$ 21,391,883	\$ 2,801,769	\$ 3,778,013

Non-spendable fund balance reports resources that cannot be spent because of their form, or due to legal or contractual requirements. Committed fund balance reports resources with self-imposed limitation approved by the Board to the end of the period. Formal action is required to remove or modify a constraint reflected in the committed fund balance. There were no committed fund balances as of June 30, 2014. Assigned fund balance records the portion of fund balance that reflects the Board's intended use of resources. For assigned fund balance, the Board's upper-level management is authorized to assign amounts to a specific purpose and is the highest level of decision-making for assigned fund balance. Unlike committed fund balance, formal action is not required to impose, remove, or modify assigned fund balance. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue Fund, and Capital Projects Fund. Encumbrances outstanding at year-end are reported as assignments of fund balances since they do not constitute expenditures or liabilities.

NOTE 7 - PENSION PLANS

The Board's employees are covered by the Teachers Retirement System of the State of Maryland, the Teachers Pension System of the State of Maryland or The Employees Retirement System of the State of Maryland. These systems are part of the Maryland State Retirement and Pension System (the State System), and are cost-sharing multiple-employer public employee retirement systems. The State System provides pension, death and disability benefits to plan members and beneficiaries. The State of Maryland pays a substantial portion of employer contributions on behalf of the Board. On behalf payments of fringe benefits were recognized as revenues and expenditures during the period. The plan is administered by the State Retirement Agency (the Agency).

Responsibility for the administration and operation of the State System is vested in a 12-member Board of Trustees. The State System was established by the State Personnel and Pensions Article of the Annotated Code of Maryland. The Agency issues a publicly available financial report that includes basic financial statements and required supplementary information for the State System. The report may be obtained by writing to the State Retirement and Pension System of Maryland, 120 East Baltimore Street, Baltimore, MD 21202, or by calling 410-625-5555.

The State Personnel and Pensions Article requires active members to contribute to the State System at the rate of 5% or 7% of their covered salary depending upon the retirement option selected. Harford County Public Schools is required to contribute at an actuarially determined rate. The State's contributions on behalf of the Board for the years ended June 30, 2014, 2013, and 2012 were \$29,187,145, \$30,575,369 and \$33,360,568 respectively, which were equal to the required contributions for each year. The Board's contribution for the years ended June 30, 2014, 2013 and 2012 were \$9,735,249, \$7,967,776 and \$2,946,759 respectively, which were equal to the required contributions for each year.

NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

The Board provides medical, dental and life insurance benefits to eligible employees upon retirement. The employer's contributions are financed on a pay-as-you-go basis, and the future payment of these benefits is contingent upon the annual approval of the operating budget. Details of the postemployment benefits provided are as follows:

Medical Benefits - Retirees are eligible for continued membership in one of the school system's group medical plans provided that they have at least 10 years of service with the Board and are under 65 years of age. The Board pays either 85% or 90% of these medical insurance premiums, based on the plan chosen by the retiree. The Board pays 90% of the insurance premiums for Medicare supplemental insurance for retirees age 65 and older. The medical benefits paid by the Board for the year ended June 30, 2014 was \$19,791,029. As of June 30, 2014, 2,217 of approximately 2,411 eligible retirees were receiving benefits.

NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

Dental Benefits - The Board pays 90% of dental insurance premiums for retirees with at least 10 years service. The dental benefits paid by the Board for the year ended June 30, 2014 was \$1,011,166. As of June 30, 2014, 2,256 of approximately 2,411 eligible retirees were receiving benefits.

Life Insurance Benefits - The Board pays 90% of the life insurance premiums for retirees with at least 10 years of service. The amount of insurance coverage is reduced to \$20,000 upon retirement and \$10,000 five years after retirement. The life insurance benefits paid by the Board for the year ended June 30, 2014 was \$52,015. As of June 30, 2014, 2,101 of approximately 2,411 eligible retirees were receiving benefits.

The Board participates in the Maryland Association of Boards of Education (MABE) pooled OPEB investment trust. It is a member owned trust that provides the Board and the other nine member boards a structure to pool assets to reduce investment costs and share administrative expenses.

Annual OPEB Cost and Net OPEB Obligation

The Board's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the Board's annual OPEB cost for the year ended June 30, 2014, the amount actually contributed to the plan, and changes in the Board's net OPEB obligation:

Annual required contribution	\$ 60,023,000
Interest on net OPEB Obligation	6,918,000
Amortization of net OPEB obligation	 (7,816,000)
Annual OPEB cost (expense)	59,125,000
Contributions made	 21,945,000
Increase in net OPEB obligation	37,180,000
Net OPEB obligation - beginning of year	 162,782,929
Net OPEB obligation - end of year	\$ 199,962,929

The Board's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the last three years was as follows:

Fiscal Year	Annual	Percentage of Annual	Net OPEB
Ended	OPEB Cost	OPEB Cost Contributed	Obligation
6/30/2014	\$ 59,125,000	37.12%	\$ 199,962,929
6/30/2013	55,980,000	36.81%	162,782,929
6/30/2012	42,027,000	58.40%	127,410,929

NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

Funded Status and Funding Progress

As of July 1, 2013, the plan was 4.02% funded. The actuarial accrued liability for benefits was \$696,905,000, and the actuarial value of assets was \$28,024,880, resulting in an unfunded actuarial accrued liability (UAAL) of \$668,880,120. The covered payroll (annual payroll of active employees covered by the plan) was \$265,952,457, and the ratio of the UAAL to the covered payroll was 251.50%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

Significant valuation methods and assumptions are as follows:

Valuation Date Actuarial Cost Method	July 1, 2013 Projected Unit Credit method
Amortization Method	Closed, level percent of payroll over 25 years (as of $7/1/13$)
Asset Valuation Method	Market value
Actuarial Assumptions:	
Discount Rate	4.25%
Investment Rate of Return	7.00% per year compounded annually
Payroll Growth Rate	3.00%
Inflation Rate	2.90%
Healthcare Cost Trend Rates:	
Medical and prescription	7.00% initial year of valuation (not applicable to Life)
	3.80% final year of valuation (not applicable to Life)
Dental	5.00%

The actuarial value of assets was determined using market value of assets. The trust is assumed to earn 7% interest and contributions are assumed to be made in the middle of the year.

NOTE 8 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

Actuarial Methods and Assumptions (continued)

The unfunded liability was amortized over a closed period of 25 years using level percentage of pay for the fiscal year ended June 30, 2014.

	Value of Assets	Accrued Liability (AAL)	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a % of Covered Payroll

Schedule of Funding Progress

Valuations prior to June 30, 2008, were not valued in accordance with GASB Statement No. 43.

NOTE 9 - RISK MANAGEMENT

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Board participates in the Maryland Association of Boards of Education (MABE) Group Insurance Pool and the Worker's Compensation Self Insurance Fund.

These public entity risk pools are self-insurance funds for the various member Maryland Boards of Education to minimize the cost of insurance and related administrative expenses.

Coverage is provided up to specified limits and the Board pays an annual premium for the coverage provided. In addition to general liability insurance, the Group Insurance Pool also provides coverage for property liability and automobile liability. Coverage above these limits is provided by third party insurance carriers. Settled claims have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 10 - CONTINGENCIES AND COMMITMENTS

The Board has been named as defendant in several lawsuits in the normal course of business, the outcomes of which are uncertain. It is anticipated by the Board that an adverse decision on any or all of these suits would not have a material adverse effect on these financial statements.

The Board leases certain equipment and properties for storage and other uses under long-term operating leases. Expenditures under operating leases amounted to approximately \$1,299,362 for the year ended June 30, 2014.

NOTE 11- IMPLEMENTATION OF NEW ACCOUNTING PRINCIPLES

The Board has adopted the provision of Governmental Accounting Standard Board (GASB) issued Statement No. 65, entitled Items Previously Reported as Assets and Liabilities; Statement No. 66, entitled Technical Corrections—2012—an amendment of GASB Statements No. 10 and No. 62; Statement No. 67, entitled Financial Reporting for Pension Plans—an amendment of GASB Statement No. 25 and Statement No. 70 Accounting and Financial Reporting for Nonexchange Financial Guarantees.

GASB also issued Statement No. 68, entitled Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27, Statement No. 69, entitled Government Combinations and Disposals of Government Operations, and Statement No. 71, entitled Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68. The Board is analyzing the effects of these pronouncements, which it expects to be material, and plans to adopt them as applicable by their effective dates. As part of GASB 68, the Board will be required to record its share of the State's net unfunded pension liability. The Board's share of the unfunded liability will be calculated by dividing the Board's contribution to the Maryland State Retirement System (the System) by the total contributions to the System multiplied by the System's unfunded liability. Currently, the System's total unfunded liability and contributions are not known.

Statistical Section

This part of HCPS' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the district's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the district's financial performance and well-being have changed over time.	70 - 73
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the district's financial activities take place	74 - 75
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the district's financial report relates to the services it provides and activities it performs.	76 - 85

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year after June 30, 2005 and from the Independent Auditors' Report, Financial Statements and Supplemental Information for the relevant year prior to that.

Independent Public Accountants' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the Board of Education of Harford County Bel Air, Maryland

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Harford County Public Schools (HCPS) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise HCPS' basic financial statements, and have issued our report thereon dated September 10, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered HCPS' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of HCPS' internal control. Accordingly, we do not express an opinion on the effectiveness of HCPS' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether HCPS' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
